LONE STAR FURNISHINGS LLC

"In all aspects of their business, they are honest, deliver outstanding products, and do so in the allotted time. What separates them from other companies is their word. What they say, they will do."

Mr. Doug Harriman, Superintendent
Seminole ISD, Seminole, TX

Introduction

About Lone Star Furnishings

Corporate Office
Lone Star Furnishings owns a 22,000 sq. ft. building on the Carrollton/ Plano border at 4301 Reeder Drive, Carrollton, TX 75010. Our facility includes office space, a furniture showroom, warehouse space and outside storage.

Houston Showroom
Lone Star Furnishings offers over 2300 sq. ft. of showroom and storage space to serve our Greater Houston Area customers. Please visit us at Sabine Street Studios: 1907 Sabine St., Suite 109, Houston, TX 77007.

Markets Served
Lone Star Furnishings specializes in serving Texas. We have customers throughout the state.

Turnkey Projects
Lone Star Furnishings routinely successfully completes many individual turnkey projects for school districts each ranging in value from $200,000 to $4,000,000 annually.

Contract Furnishings
Lone Star Furnishings specifies and processes a wide range of contract furniture, fixed seating, and Library/Media Center projects for public and private entities throughout the year.

A&D Partnerships
Lone Star Furnishings supports A&D firms by providing product specifications, offering design assistance, ensuring that the furnishings support the intended building design and function, and by delivering projects on time and in budget.

Excellence is never an accident. it is always the result of high intention, sincere effort, and intelligent execution.

- Aristotle

Great things in business are never done by one person.

- Steve Jobs

Who We Are

Sales, Sales Support & Project Management
Lone Star Furnishings was created to specialize in the turnkey furniture business and the staff was specifically hired to fulfill that requirement.

Sales
The Lone Star Furnishings sales team is a mix of professional salespeople trained to understand the education market, interior designers, and former educators who bring their direct industry experience to every customer relationship and project.

Sales Support & Project Management
Lone Star Furnishings employs nine full-time sales support associates (sales coordinators) to manage products. Each sales coordinator supports specific sales territories, which allows the customer to work with a coordinator who has specific knowledge of district policies and projects.

Accredited Learning Environment Planner (ALEP)
Our VP of Sales, Rhonda Ellington, holds the ALEP accreditation, signifying her ability to demonstrate the core competencies essential to the practice of planning, designing, equipping and maintaining educational environments. She works closely with each project team to ensure the furnishings selected support the District's educational vision and pedagogy.

Designer
Lone Star Furnishings employs one full-time CAD designer with over 18 years of experience in the school furniture industry, overseeing all phases of the project, including planning, estimating, design, and installation. Additional design support is provided through third-party partners.

Contract Estimator
Lone Star Furnishings employs one full time estimator with over 25 years' experience in the educational furniture, fixtures and equipment industry.

Business Operations
The Lone Star Furnishings Business Manager is responsible for day-to-day operations of the company. She is supported by an Administrative Assistant with 30 years business office experience in contract management.

Introduction

The Lone Star Furnishings Advantage

Invested
Being a small company allows us to provide service with a more personal touch to our customers. We know our customers well. We have established relationships with our customers that span decades and we enter into new business relationships with the expectation that those will last well into the future.

Focused
The local salespeople are focused on the needs of Texas educators and are each supported by a dedicated sales support person responsible for all aspects of an order, from the planning process through punch-list completion. This process ensures cohesion and accountability while streamlining the process for each project.

Budget Sensitive
As a small, privately owned company, we can successfully operate with lower margins than large corporations burdened by high overhead. We understand funding challenges and respect the need to deliver projects on budget.

Source for Quality Products
We offer a larger variety of product lines than many school & commercial furniture companies. We actively seek to partner with manufacturers who build a quality product, offer robust warranties, and provide stellar customer service. A sample listing is available for review.

We are proud of the service we provide and the reputation we've earned in Texas. We have an excellent team in place, a showroom central to North Texas and another in the heart of Houston, the right relationships with manufacturers, and the right support personnel to deliver student-centered 21st century learning environments on time and in budget.

- Brad Jones
President

Spend a lot of time talking to customers face to face. You'd be amazed how many companies don't listen to their customers.

- Ross Perot

Project Service Methodology

Needs Assessment, Product Selection, and Pricing
Upon receipt of an award, Lone Star Furnishings schedules an initial needs assessment session and begins the process of identifying appropriate products with the district designated personnel. Depending upon the scope of the project, the needs assessment may take multiple sessions and include a showroom visit(s). The needs assessment is led by our territory sales representative and may include additional members of the Lone Star Furnishings team. Our VP of Sales, an Accredited Learning Environment Planner, assists the territory sales representative in providing the appropriate needs assessment for each project. Additional team members or outside experts may be invited to participate and assist.

Products are selected for the project in collaboration with the district team. Architectural plans or CAD files are used to produce drawings showing furniture arrangements using the preliminary product selections. Typically, the areas drawn during this phase of the project include administrative areas, specialty areas, cafeteria, typical classroom configurations, storage rooms, etc.

Once product selections are finalized, the data is entered into the Lone Star Furnishings project management system. Final pricing is offered in the form of a line item quotation.

Districts may elect to monitor the process of entering product and room data to verify accuracy. The following reports can be made available for the district to review.

Room by Room Report
Shows each item in every single room

Drawings
2D or 3D as mutually agreed

Quotation
Final pricing submitted in a line item format

Product Totals
Shows each item for the entire project

Product by Room
Shows each item by its room location

Finish Schedule
Shows the finishes on all products that require a fabric or finish selection

Introduction

Project Service Methodology (cont.)

Order Management
Upon receipt of a Purchase Order, Lone Star Furnishings confirms receipt of the order with the district. We will confirm desired delivery and installation dates, delivery address and special delivery requirements. Please note that delivery dates are coordinated to allow for product staging at the campus. For example, office furniture can be delivered first to set up administrative areas or computer tables can arrive first to be set up for the IT department.

It is important to understand the campus needs and the GC completion schedule so that deliveries are properly scheduled to meet needs. Once these details are confirmed, we submit orders to each manufacturer/vendor involved in the project. As we receive order acknowledgements back from vendors, those acknowledgements are cross-checked against the purchase order for quantity, finish selection accuracy and estimated delivery date. During the manufacturing timeframe, we contact each vendor to verify the order will ship for an on-time delivery.

Prior to the pre-delivery walk-through, our team supplies project binders (also available in electronic rather than physical format) to the district for each project. The following information is provided for each project:

Contact Personnel
Project coordinator and corporate office contact information

Project Delivery Schedule
Detailed report showing each manufacturer, freight carrier used and phone number of the carrier, ship and anticipated arrival date of each manufacturer

Product Totals
Shows each item for the entire project by the total quantity of that item

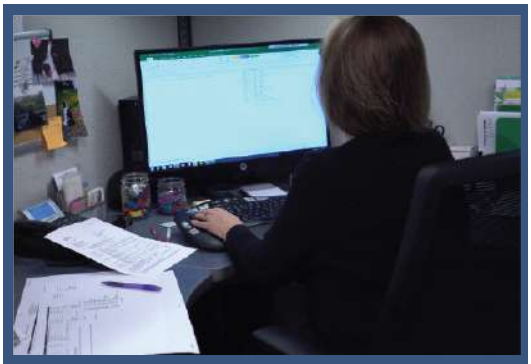
Product by Room
Shows each item by its room location

Room by Room
Shows each item in every single room

Finish Schedule
Shows finish selections for all items on order

Punchlist Form
Filled out by the installer

Drawings
Any room layouts pertinent to the order or architectural plans



Lone Star Furnishings is a first-class company with excellent customer service and quality of products. They have exceeded our expectations each time, and we will continue to call upon them in the future.

- Ms. Krista Tipton
Heritage HS
Midlothian ISD, Midlothian TX

Project Service Methodology (cont.)

Their team came in, it was effortless on our part, and very quick and easy for us!

- Karena Blackwell
Principal
Longbranch ES
Midlothian ISD, Midlothian, TX

Delivery, Installation, and Punchlist Process
A pre-delivery site walkthrough with designated district personnel and the contractor will identify staging and delivery areas. The planned delivery schedule is reviewed and any previously unforeseen circumstances related to delays in construction timeline, etc. are addressed at this time.

Large truckload deliveries will be scheduled to ship directly to the project site while smaller shipments may be sent to the Lone Star Furnishings warehouse or one of our installation teams' warehouses for staging. Shipments sent to an off-site warehouse location are consolidated to be taken to the site directly by the installer at the proper time during installation.

The project delivery schedule is initially created to provide scheduled delivery dates per vendor. As the delivery date approaches and we receive PRO numbers and final shipping information, the report is updated to reflect actual delivery times by day for the week. This report can be made available via email and will be inserted in the project binder for use by the installer and district.

Lone Star Furnishings may utilize multiple installation teams to meet a district's needs. When possible we seek to utilize MWBE/HUB certified installation teams. Installation team assignments are subject to district approval. Install teams assigned to district projects are required to complete all district security clearance and badging requirements. The assigned installation teams will comply with all bid requirements pertaining to work hours, building protection, product assembly and placement, dunnage removal, etc.

Lone Star Furnishings will provide a mutually agreed amount of on-site support to monitor the installation process. School districts can expect to see the Lone Star Furnishings territory sales representative visit the site regularly during the installation process.

The exterior door to each room receiving product may have multiple documents taped to it. Each room will have the itemized product list from the Room by Room report for inventory purposes. Layouts for any rooms such as administrative offices, classrooms, storage shelving rooms, etc. may be taped to the door as well for product location inside the room.

The install team is responsible for completing the punchlist process to include freight damage, shortages and other discrepancies. The punchlist report can be made available for district review. Upon substantial completion, the territory sales representative, a representative from the install team, and the district designated contact will perform a final walk through to ensure that all products are in place. As punchlist products arrive, they will be placed in the appropriate locations for final approval by the ISD.

Classroom Seating

Flavors Seating

Flavors® four-position classroom chairs and stools offer maximum flexibility in seating options and movement. Students can face front, back, or either side. Torsional flex in the seatback and a flat seat pan lets learners freely adjust their posture – and attention.

Groove Seating

Streamlined aesthetic. High-tech injection molding not only keeps the seatback strong and flexible, but it eliminates the exposed structural "ribs" on the back of the chair's shell. It's sleek and calm, yet familiar. It's a crossover chair that quietly blends in anywhere: classrooms, cafeterias, flex studios, maker spaces and more.

Ruckus innovative seating promotes student movement and lets users choose how they relate to their learning spaces. The Ruckus collection fosters student engagement, enables a wide range of teaching styles and adapts to a variety of users and uses. With Ruckus chairs, users can quickly and easily change from focused to collaborative work on the fly without the disruption of rearranging furniture. Seating is non-directional to improve sight lines, and the chair back is perch-able to facilitate tiered classrooms without the need for stools. Integrated arms can serve as a work ledge to promote unlimited room layouts.

Strive Seating

Strive® offers low-cost comfort in a versatile stack chair. Strive's simple, yet elegant style is an able stack chair solution for corporate interiors, education and healthcare markets. Available with poly or upholstered seats. In addition to stack chairs, Strive offers a consistent design language in an extended seating line. Strive's flex back encourages movement, relaxation and enhanced circulation. The radiused back conforms to the user's back for exceptional support. The contoured seat dissipates pressure points for greater comfort.

Motum Series

Flexible classrooms require teachers – and their tools – to be on the move. Motum Teacher Workstation offers mobility in a contemporary design that preserves practical storage features. The result is a nimble necessity with aesthetic appeal across the education continuum. Motum makes a sleek office desk, too.

Dining Commons

School cafeterias, employee lunchrooms at manufacturing plants, fire stations and ski chalets, these are just a few of the places that use attached seating tables from SICO in their dining areas. These mobile, folding tables allow for easy configuration for any space with maximum seating. Since they are all one piece, it's easy to move them to clean under them or fold them for storage when not in use.

Daisy Set

Our Daisy set is a simple way to add a fun and creative group learning area to any room. The all vinyl upholstery is durable and easy to clean, and our choice for colors allows for creativity. Place our Daisy set in a room and watch the students naturally migrate towards the comfortable and inviting seating. You'll find this makes for a perfect breakout arrangement and a better learning environment than boring less comfortable plastic and wooden chairs or the floor.

Midtown Classroom Chair

The Jaxx Midtown Classroom Chair with Vinyl Cover is perfectly at home in any educational environment. Each ergonomically designed chair is made from sturdy furniture-grade polyurethane foam that provides the perfect combination of comfort and support. The chairs are also wide and sturdy enough to accommodate a wide range of ages, making them suitable for both middle and high school classrooms, libraries, and collaborative learning environments. The chair's removable vinyl covers are extremely durable, wipe clean easily, and feature a pro-tuff bottom to withstand abrasive surfaces.

Category	SKU	Description

1	17200	Kids Midtown Lounge Chair
1	16368	Adult Midtown Foam Lounge - Poly

Juniper Bean Bag Chair - Vinyl

As with all of Jaxx's outdoor line, the Juniper Outdoor Bean Bag Chair gets its name from one of a favorite midtown Atlanta thoroughfares. Its tapered form creates a unique sculptural effect, much like the city's welcoming architecture. The design keeps your back comfortably supported and stable. The EPS filling inside the Juniper arranges itself to conform to you, while the seat is large enough to stay comfortable while enjoying the summer sun and keeping you perfectly snug for patio or poolside lounging. Bring it inside during the winter for a inviting accent chair.

Category	SKU	Description
1	17016	Juniper Bean Bag Chair
1	16744	Juniper Jr. Kids Bean Bag Chair

Collaborative / Lounge

Apply Seating

Ideal for cafés, dining halls, waiting and reception areas, Apply seating can be used anywhere elegant, durable seating is needed. Apply's tapered contours and curved design deliver a refined aesthetic that is built for long-lasting function.

1	MYNW4L/FC	Left No Arm / Right Work Arm
1	MYWN4L/FC	Left Work Arm / Right No Arm

MyWay adaptive lounge seating anticipates your every move. With MyWay, you can comfortably connect, collaborate and socialize on your terms, in postures that adapt to your every need. It's the most accommodating way to work, learn and relax your way. MyWay's unique asymmetrical design is available in four arm styles and occasional tables, making it ideal for a variety of education, business and third-space environments.

Sway

The first of its kind, Sway lounge seating breaks free from conventional movement and enables dynamic orbital motion. Move front to back, side to side and everywhere in between with a smooth 360-degree swivel. Instead of a lounge chair that forces you to adapt, Sway adapts to you, responding to your natural body movements to provide superior comfort. The Sway occasional table offers a visual complement to the Sway lounge collection, yet its universal appearance makes it perfectly adaptable to a range of other applications and furniture settings.

Session Series

All products in this series are suitable for indoor and outdoor use and super easy to wash and sanitize. Bring on the saltwater, sand, sun, rain, and snow—these products can take it. Products have a hard plastic outer shell with supreme durability and stain resistance. Metal components are stainless steel and/or powder coated for saltwater spray corrosion resistance. You can be confident that these products will hold up and look great for many years in high traffic spaces.

Category	SKU	Description
1	11201AX	Session Cube Small, 14" Height

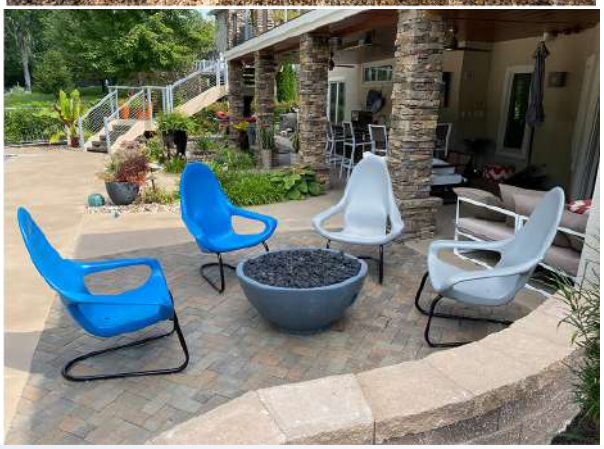
Outdoor Seating

Woosah Stacking Lounge Chair

Category	SKU	Description
1	WOOCBASE	Woosah Stacking Lounge Chair

The combination of the ergonomic contouring of the seat and the slight bounce designed into the frame make for a very comfortable chair. The seat is made with rotationally molded hard polyethylene material for supreme impact strength and low maintenance. The frame is made with heavy gauge stainless steel with an outdoor rated powder coat finish. Bring on the sun, sand, snow, salt, and rain this chair can take it.



Outdoor Seating

Amped Chair & Side Table

Category	SKU	Description
1	22101BX	Amped Chair
1	2101T1	Amped Stool/Table 16.75”

Based on an original idea from 2010, the Amped collection has been re-designed to be set within any welcoming indoor or outdoor spaces. They are inspired by ocean waves and landscapes that absorb you within their curves. The streamlined design offers a poetic and contemporary look at modern furniture. Through the rotational-molding process and industrial design, these durable eco-friendly products are made available in large quantities, without sacrificing quality or comfort, in a wide range of colors.

Drift Stool

The design is called “Drift” and it can set the mood of your space. Drift can be calm and quiet or it can be energetic and fun. The fluid design has no sharp corners or edges. The design looks light and airy, with construction that is very stable and robust. This product can take on the toughest indoor and outdoor environments.

Category	SKU	Description
1	11501BX	Drift Stool

Outdoor Seating

Twisted Hex Stools

Category	SKU	Description
1	41007AX	Twisted Hex, 13" Height
1	41007MX	Twisted Hex, 15.5" Height
1	41007BX	Twisted Hex, 18" Height
1	90901XXDW-1	Outdoor Table 36x36x22"H

Tenjam set out to create a stackable seat that had a waterproof cushion and could be used in indoor and outdoor spaces. We didn't want a material that could absorb water or chemicals. We started with a flexible foam used to make shoe soles and tweaked it to provide a touch more seating comfort while maintaining its durability and resistance to liquid, chemicals, and stains. You can leave the Twisted Hex outdoor year round and in any environment as it withstands sun, sand, rain, snow, and salt. Carry these between indoor and outdoor spaces. When the cushion wears it can be easily replaced.

Memento Executive Seating

Category	SKU	Description

Welcome to Smith System

We design and build furniture exclusively for learning environments. Every piece is optimized to account for how students work, learn, think and fidget across every age and stage. From the beginning, we work alongside you to create the best spaces imaginable for teaching and learning — school by school, classroom by classroom.

GENERATION
I AM NUMBER FOUR THE LOST

Design + Innovation

We're at our best when we're collaborating with schools, design firms, architects and furniture dealers across the country. Doing that work every day — talking curriculum and taking notes on how students learn — is the only way we know. We have a history of working with external product design teams who are experts in their fields to bring our concepts and insights to life.

Performance

We often describe the way we work as 'on-time' because there's no other way to describe how we work. Frankly, we believe there is no other way to work. Our business is highly seasonal, and when classes start up, we make sure our furniture is ready to go. It's taken a lot of learning and diligence to get to where we are today. Our customers keep returning, happily, to remind us that 'on-time' is the only way to be.

Quality + Value

The demand on schools to provide creative and inspiring learning environments for today's students is high. We help schools and districts meet that demand with furniture that is built for making, exploring, studying and collaborating. We make furniture that is built for learning. This simple credo drives the way we design, manufacture, assemble and deliver our products, so that our customers can get high-quality furniture at a price every district can afford.

Manufacturer List Pricing Applies.

Built for Learning

Learning is not a one-size-fits-all thing. The same goes for the furniture that supports it. We've seen how the right tools can help spark inspiration for teachers and students. Because of this, we've never strayed from our focus.

We don't make educational furniture as part of what we do. It's the only thing we do.

Find insights and inspiration

We've carefully assembled an online library of information to help you hone your knowledge and stimulate your imagination. It's the natural result when we have really passionate people with over a century of experience to share

BIM Files Revit, 2D/3D DWGs; we're also up on 20/20 and Project Matrix

What we offer educators.

Innovative Design
Beautiful furniture designed to create comfortable, healthy and engaging learning environments.

Exceptional Customer Care
An attentive sales force, available Monday - Friday 7:30 am - 5:00 pm CST, for support and the best customer service in the industry.

Durable
Seating, desks, tables and storage units that stand up to decades of wear and tear from students (and their backpacks).

On-Time Shipping
Orders made fresh to your specs and shipped without delay — even during peak season.

Customization
An impressive palette of color options for laminate tops, edges, paint and chair shells. Boost school spirit, stay subdued or go bold.

Modern Thinking
Product lines that connect students to modern curricula and current research on how kids learn best.

Value
A wise investment in quality furniture that has become the brand of choice for many of the largest school districts in the U.S. and abroad.

Environmental Health
Our entire indoor product portfolio is 100% certified to meet indoor air-quality standards for children and schools through UL GREENGUARD with the exception of butcher block.

Great Warranty
We offer a limited lifetime warranty. Find out more at www.smithsystem.com/about-us/warranty.

That's what our customers love most.

What's New in 2024?

A lot, because we believe students, educators and schools deserve our very best thinking. Our new product designs are informed by listening to customers like you and tracking the latest education research and trends. Here's what's headed your way.

New for 2024

80

Flowform® Learn Lounge Trees

Usher inside the restorative power of biophilic design with PET felt trees in an airy elm, palm or pecan shape. Add several to create a playful mini forest.

SEE PAGE 250

Constellate™ Laminated Storage

Constellate provides a scalable way to manage materials across grade levels, with stackable units and expandable shelving that can grow – or shrink.

SEE PAGE 220

Foresight™ Activity Table

The Foresight line features a variety of fun shapes. Mix up collaborative spaces with stars, trapezoids, squares, moons, sprockets and interlocking Yin-Yang designs.

SEE PAGE 112

Potential™ Stool

Cool, new stool alert. We've added a full line of cost-effective fixed- and adjustable-height backless stool options, with glides or casters.

SEE PAGE 78

Maple Flavors® Chairs & Maple Elemental® Activity Tables

Curate a calm environment for little learners with the neutral pallet of these adjustable PreK tables and stack chairs in three sizes.

SEE PAGE 50 & 98

New for 2024

Numbers™ Adjustable Stool & Chair

Our popular 360-degree chair is now available as an adjustable chair and stool on a sturdy five-star base. Achieve a smooth 14- to 32-inch height range.

SEE PAGE 70

Oodle® Floor & Oodle® Soft

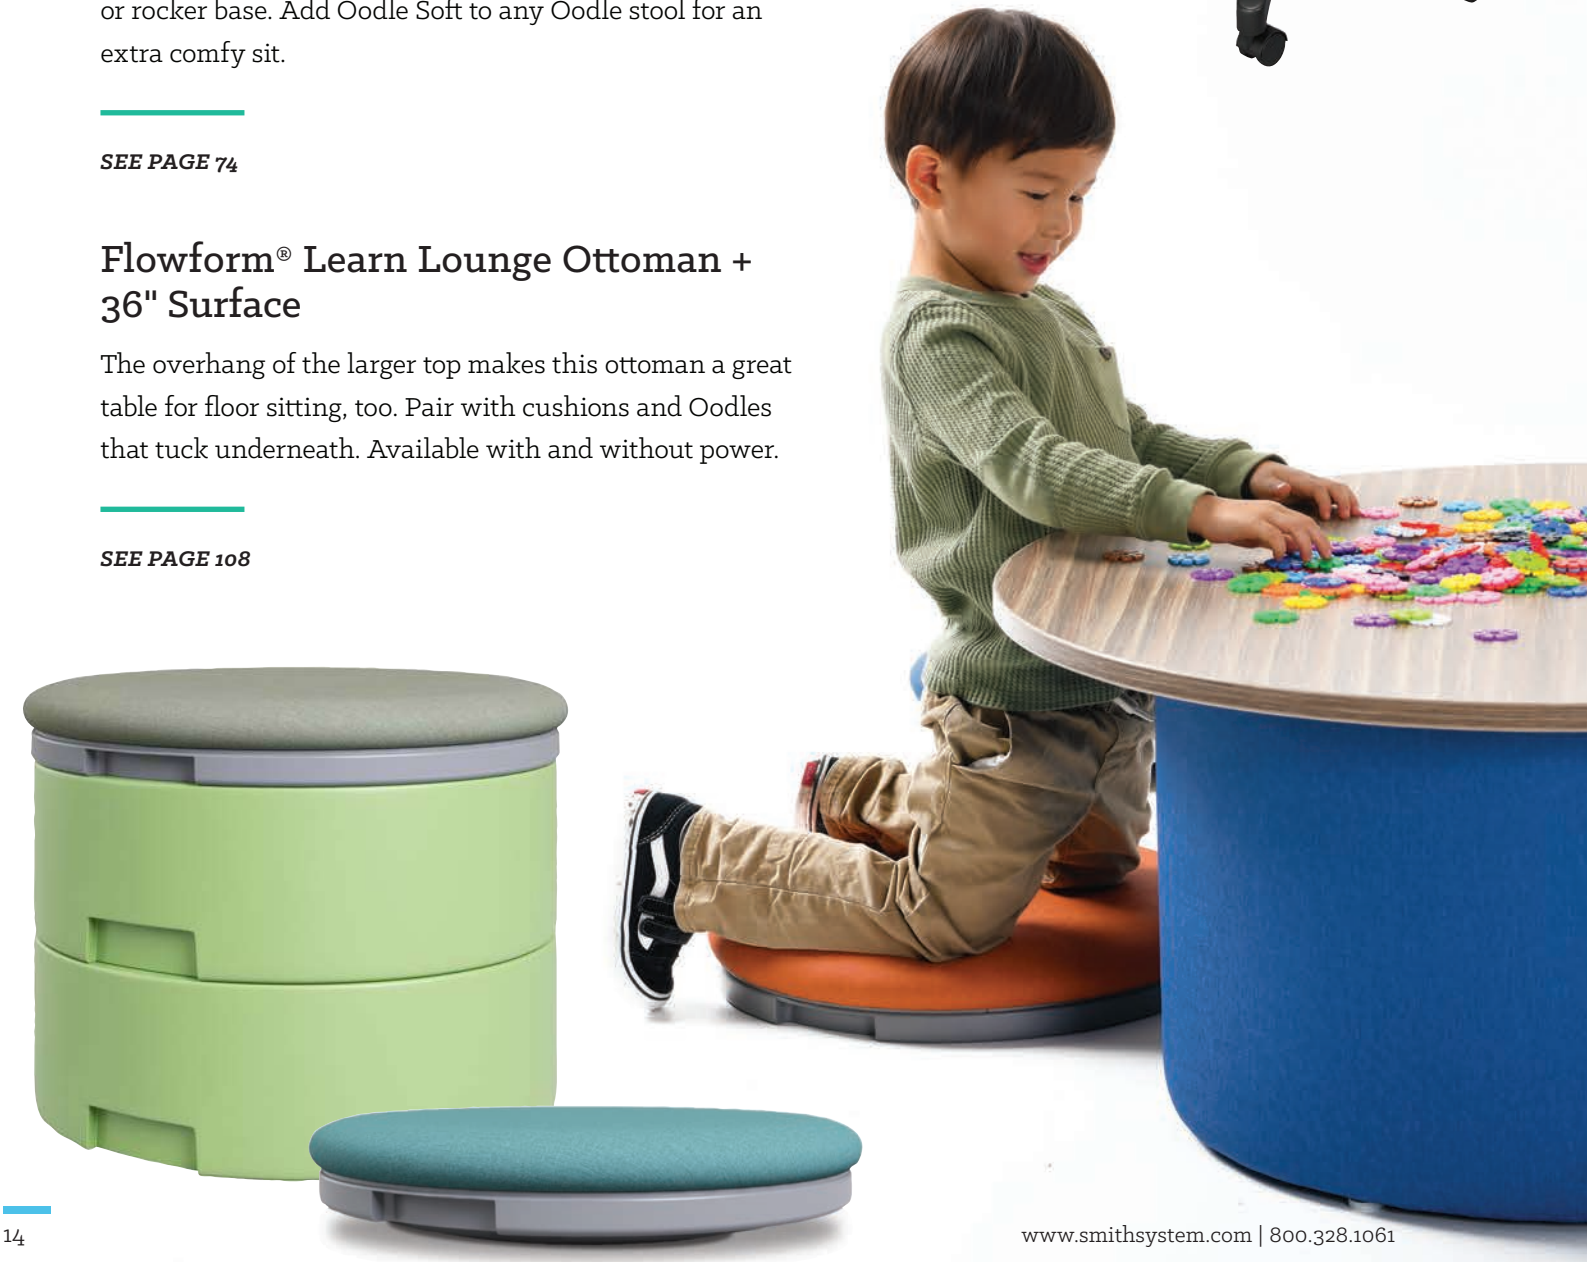
Bring the comforts of home to education spaces. The vinyl Oodle Floor cushion has a durable plastic bottom in a flat or rocker base. Add Oodle Soft to any Oodle stool for an extra comfy sit.

SEE PAGE 74

Flowform® Learn Lounge Ottoman + 36" Surface

The overhang of the larger top makes this ottoman a great table for floor sitting, too. Pair with cushions and Oodles that tuck underneath. Available with and without power.

SEE PAGE 108



Flowform®
Upholstered Bench - 15"

You asked. We answered, with the 15-inch Flowform Bench. The lower height makes soft seating more accessible for younger learners and expands tiered seating for older grades.

SEE PAGE 54

Isle Floor Cushions & Cart

Add a round or square cushion anywhere. The Isle Floor Cushion provides a soft, yet durable, landing spot for students to sit, read, relax and learn.

SEE PAGE 66

Learning Spaces:

Trends we see in education.

Our singular focus on furniture allows us to stay on top of emerging trends for new and unique spaces. As curriculum and technology evolve, we quickly adapt with furniture that fills real needs and meets the demands of modern learning. From esports studios to outdoor environments, one thing remains true: creativity and flexibility are at the forefront of design.

Esports

Video games have grown up out of the basement. Today, the esports industry is pacing a new generation of inspired students and is creating more opportunities to students at all levels.

Makerspaces

Some call it this. Some call it STEM or STEAM. Either way, it's an incubator for problem solving, creativity and collaboration. It must remain a highly versatile hotbed of engaging zoned spaces, materials and tools.

Outdoor Learning

Natural learning environments have proven to engage kids and spur creativity unlike any other. Connecting learning to the landscapes around us can be beneficial to everyone.

Tech Spaces

In today's computer labs, students need spaces to work both individually and collaboratively. The furniture selected needs to adapt to both situations.

VR Labs

Virtual reality remains at the cutting edge of learning and educational opportunities. A dedicated VR space can quickly transport students to far away worlds and unique learning experiences.

Learning Commons

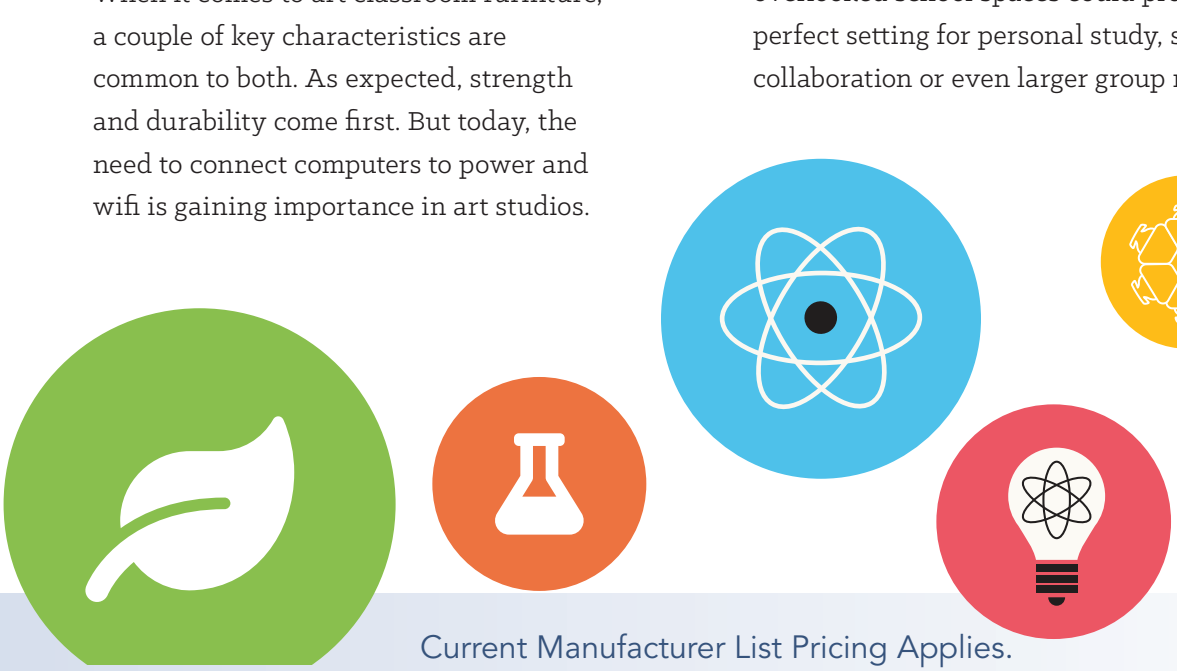
A successful learning commons is a subtly energizing environment where students can engage in a diverse array of learning activities. It's a place where kids migrate to between class and after school – it's a place where kids want to be.

Art Classrooms

The design and science of art furniture. When it comes to art classroom furniture, a couple of key characteristics are common to both. As expected, strength and durability come first. But today, the need to connect computers to power and wifi is gaining importance in art studios.

Informal Spaces

Hallways are no longer just for walking. Those overlooked school spaces could provide the perfect setting for personal study, small group collaboration or even larger group meetings.



Esports:
Merging Passion with Learning

The meteoric rise in high school esports shows it's much more than child's play. Esports has blossomed into a hot topic of conversation for its legitimate learning, spanning from K–12 to higher ed.

Outdoor Learning:
The Counter to Nature-Deficit Disorder

Miles of blue sky and green trees? Not necessarily. Studies show it doesn't take much nature to combat nature-deficit disorder in students. Teachers can now transport the sphere of rigorous learning from the confines of their classrooms to the school grounds — and beyond.

VR Labs:
Creating New Realities for Real-World Applications

Imagine a student so viscerally immersed in learning that it's dizzying. That's the power of using virtual reality in the classroom, and it's capturing the attention of K–12 educators.

200%

Informal Spaces:
Breathing Life Into Overlooked Areas

A generation ago, school hallways were loud, cavernous corridors for corralling students. Today, those hallways have become valuable informal learning spots, reinforcing that learning can happen everywhere — even in the most unlikely places.

Makerspaces:
Cool Labs for Hands-On Creating

Every student has maker potential. An educator's role is to manifest the maker mindset. That requires creating irresistible school makerspaces — incubators that get students excited to collaborate, think, tinker, design and build tangible products that solve real-world problems.

TOWER

Tech Spaces:
Delineate Collaborative and Individual Learning Zones

Students are more tech-savvy than ever. Technology is practically in their DNA. Likewise, tech labs and computer labs must be ready to accommodate everything from beginning coding to high-level robotic competitions.

COMPUTER LAB
RULES

Learning Commons:
Transforming Open Space

Successful learning commons are a subtly energizing environment where students can engage in a diverse array of learning activities. It's a place where kids migrate to between class and after school – it's a place where kids want to be.

Art Classrooms:
The Design and Science of Art Furniture

When it comes to art classroom furniture, a couple of key characteristics are common to both. As expected, strength and durability come first. But today, the need to connect computers to power and wifi is gaining importance in art studios.

Grade Levels:

All ages and stages.

Our commitment to creating optimal learning environments is exemplified in our grade-level furniture designed to meet the unique needs of students at every stage of their educational journey. Whether it's fostering creativity in elementary classrooms, encouraging collaboration in middle school spaces, or supporting focused learning in high schools, Smith System furniture is crafted with precision and care.

Pre-Kindergarten

For every student, the first days are the most important. Aim to create the kind of environment that welcomes the student, stimulates learning and facilitates the teacher's lesson plans.

Elementary

Elementary school is a time of colossal academic and development growth. Successful Kindergarden–Grade 5 environments evolve with these students, as they learn, think, work and fidget across every age and stage.

Middle School

In middle school, students shoulder more responsibility for their education. Successful grade 6–8 environments prepare them, with increased opportunities to problem-solve, collaborate and experiment – under adult supervision.

High School

High school is about progressively preparing for life after graduation. Successful grade 9–12 environments lead students to deeper learning and critical thinking, and discovering their strengths in relation to others.

Higher Education

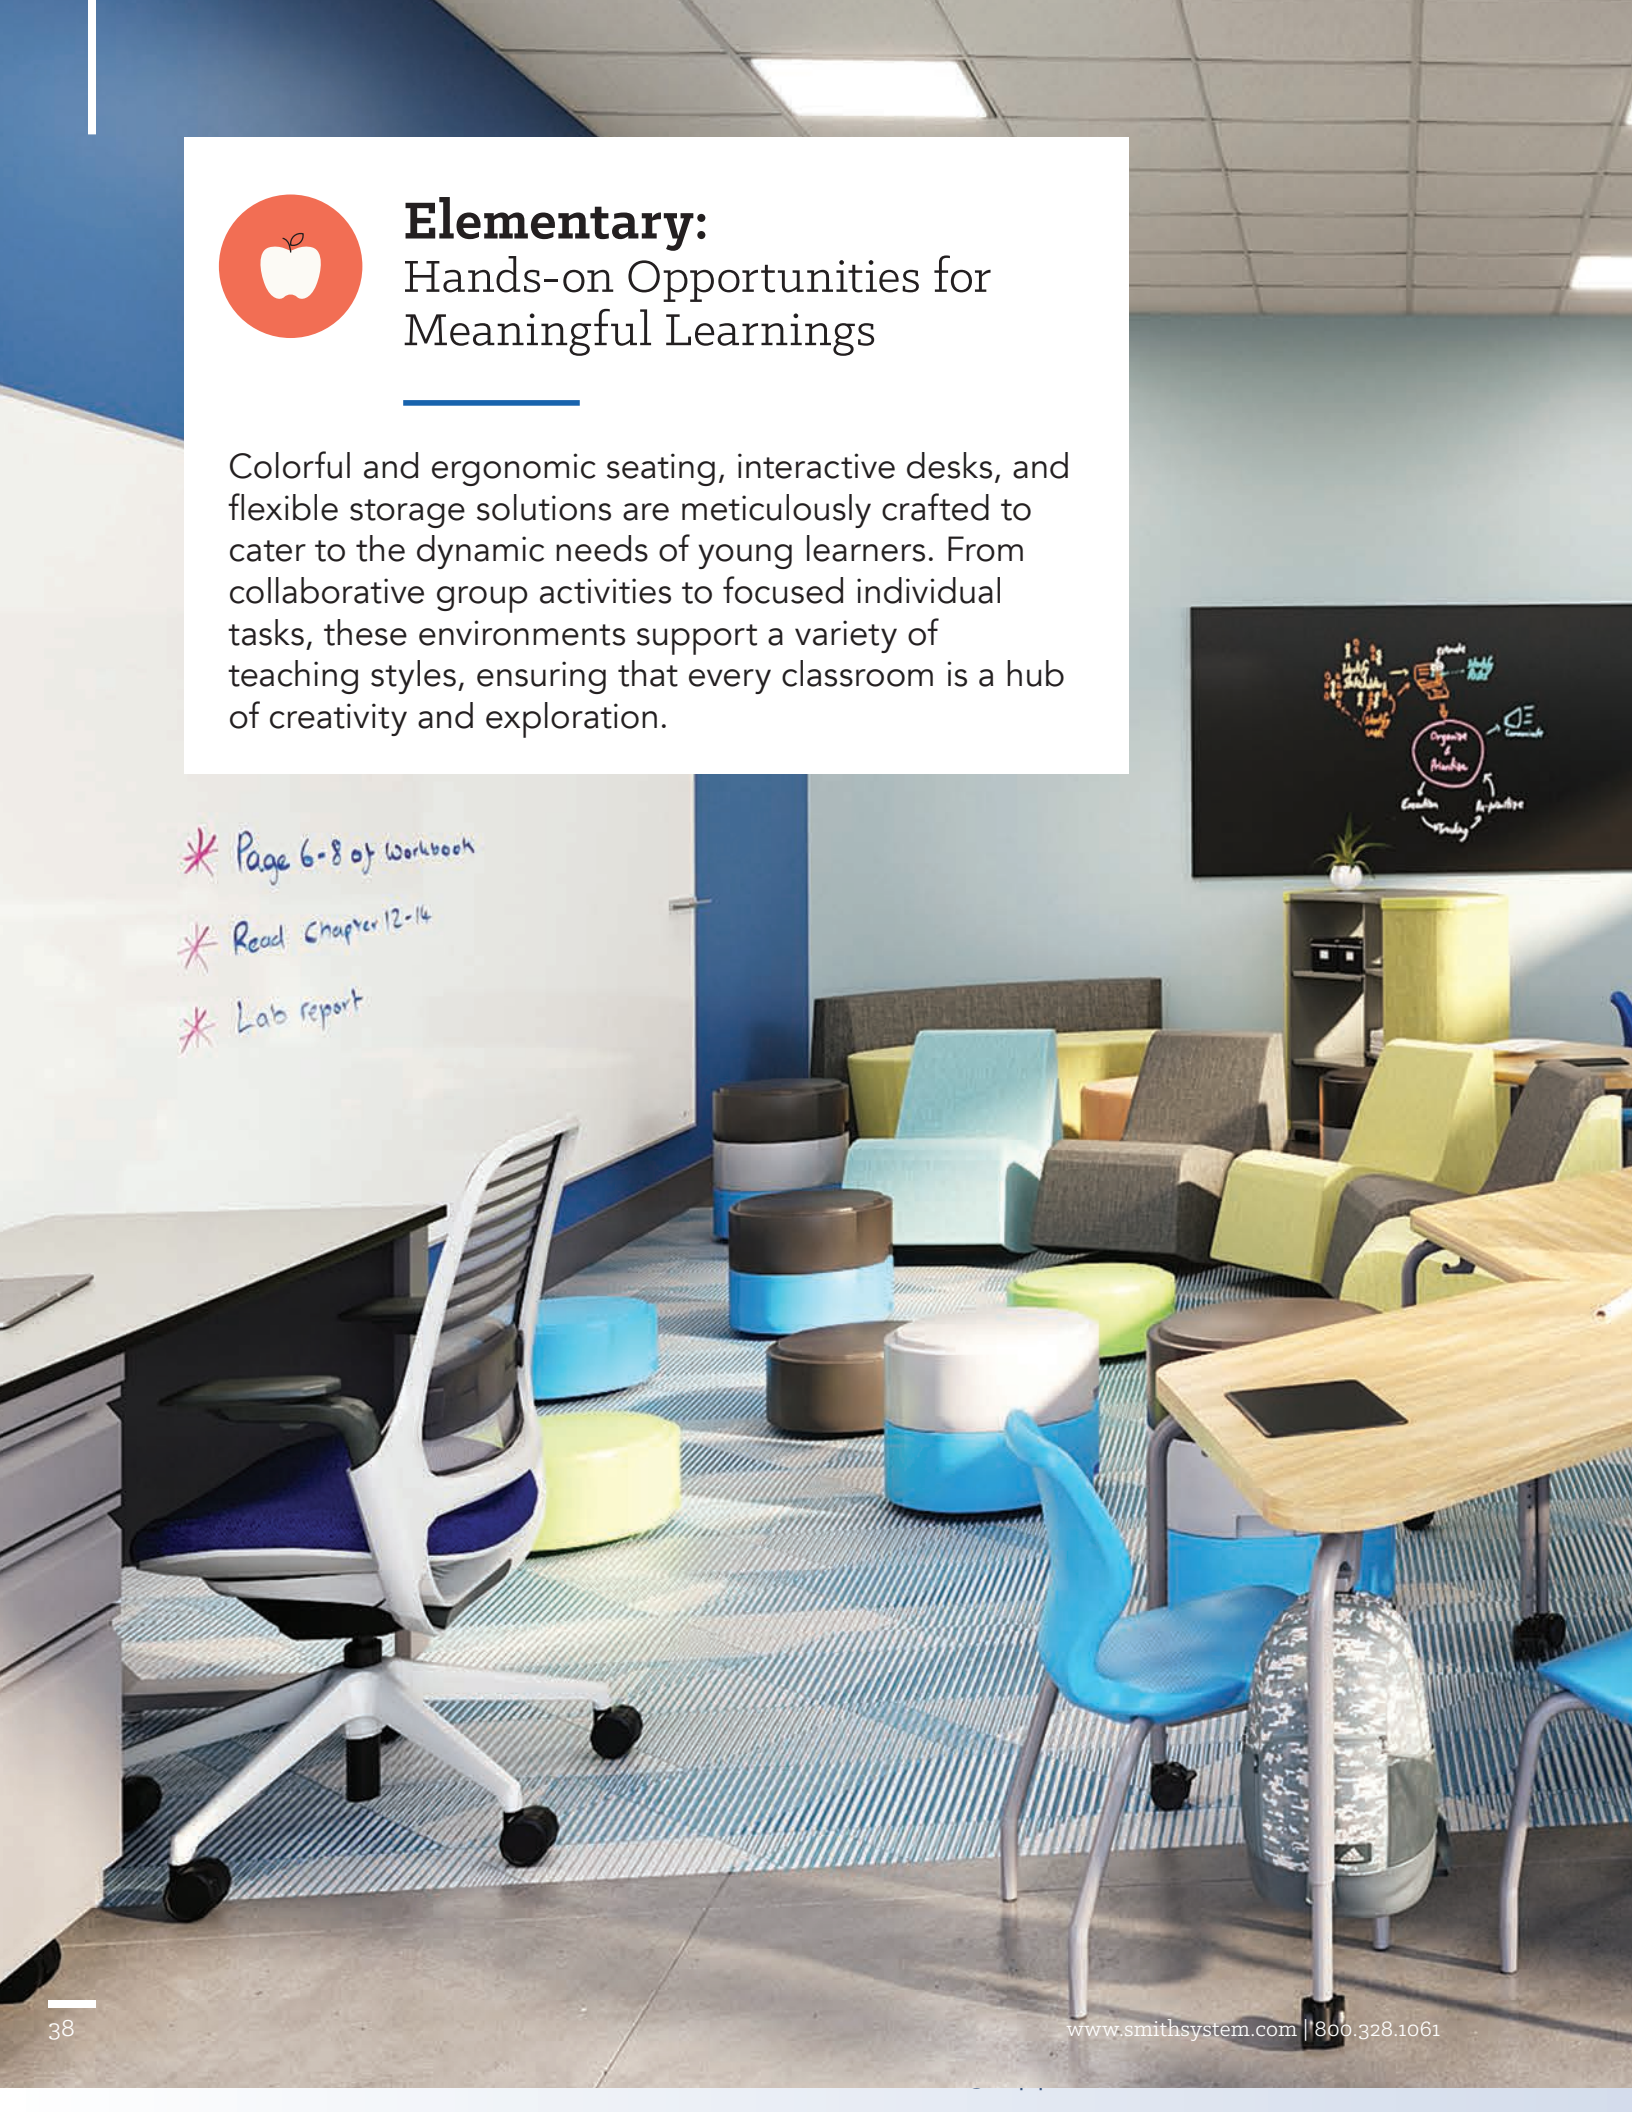
During college or technical school, a student's future sharpens into focus. Successful higher-ed environments foster the critical thinking, team collaboration and problem-solving that employers will want.

PreK:
Tailored to Students & Teachers

In the enchanting world of pre-kindergarten, learning unfolds through play, exploration, and imagination. We understand the importance of cultivating an environment that sparks curiosity and nurtures the budding minds of our youngest learners.

Elementary:
Hands-on Opportunities for Meaningful Learnings

Colorful and ergonomic seating, interactive desks, and flexible storage solutions are meticulously crafted to cater to the dynamic needs of young learners. From collaborative group activities to focused individual tasks, these environments support a variety of teaching styles, ensuring that every classroom is a hub of creativity and exploration.

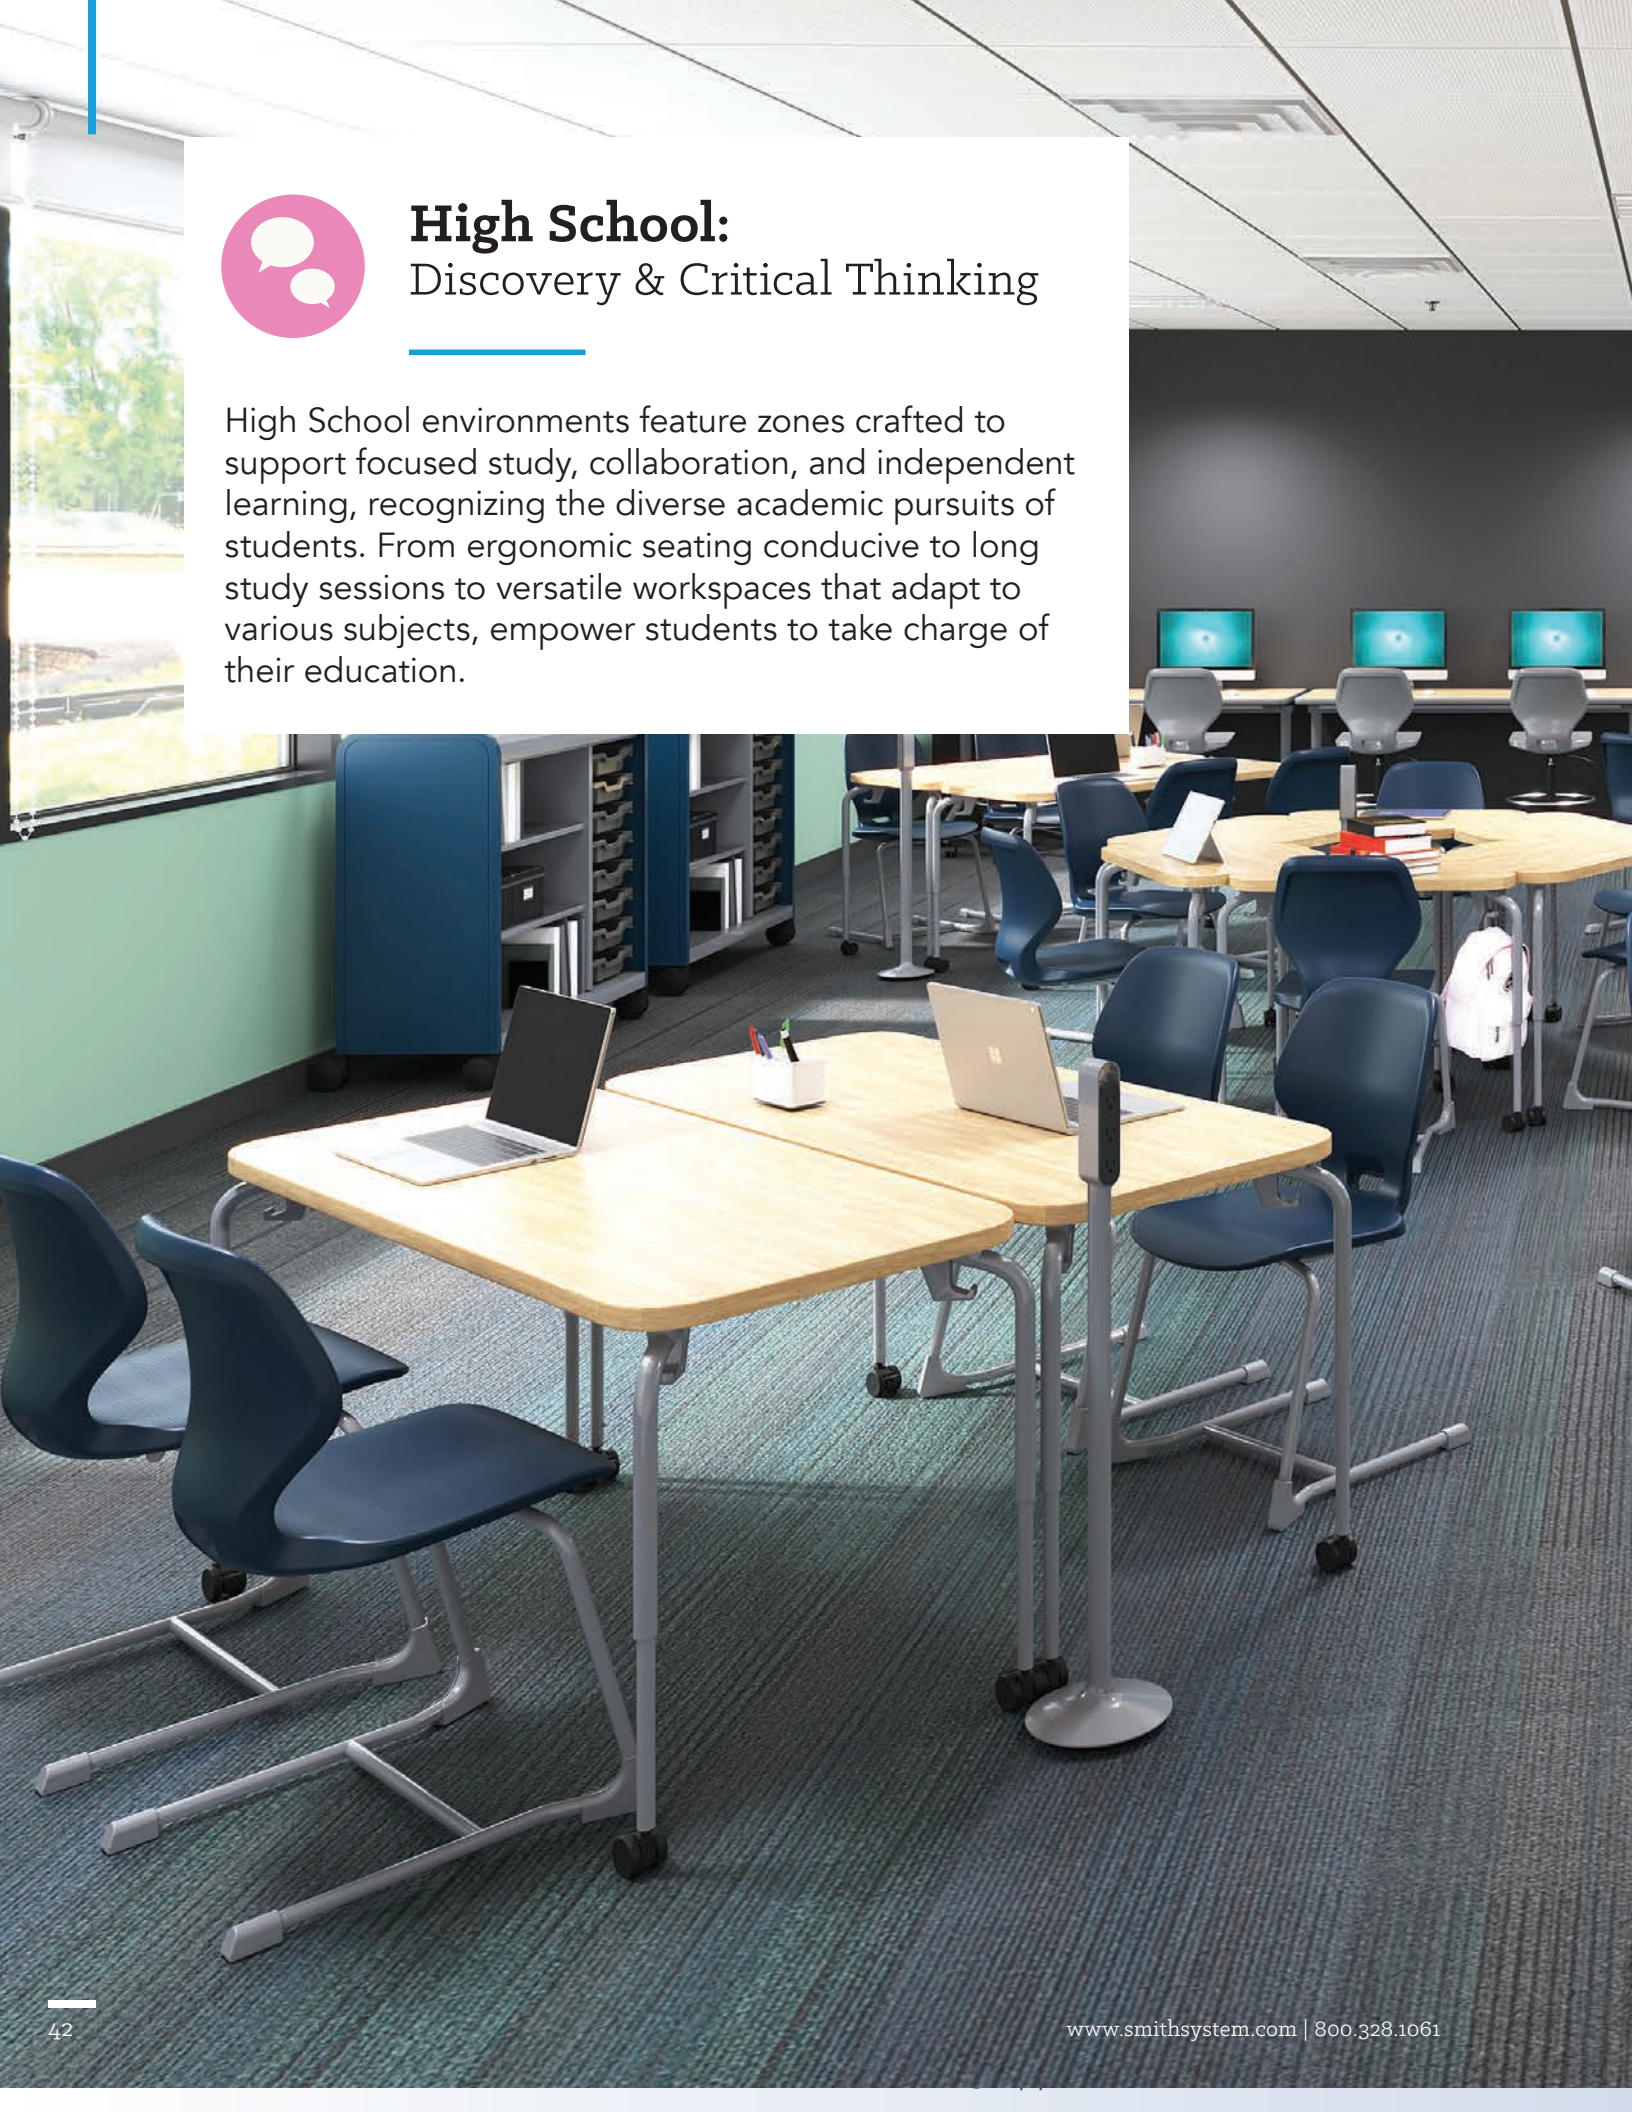


I
MATH
curve

Middle School:
Creativity & Problem Solving

Enter the dynamic world of middle school education, where innovative furniture transforms classrooms into hubs of collaboration and exploration. These spaces are created to meet the evolving needs of middle school students, balancing functionality with flexibility.

THE



High School:
Discovery & Critical Thinking

High School environments feature zones crafted to support focused study, collaboration, and independent learning, recognizing the diverse academic pursuits of students. From ergonomic seating conducive to long study sessions to versatile workspaces that adapt to various subjects, empower students to take charge of their education.

February

Higher Education:
Critical Thinking, Collaboration & Problem Solving

The environments require a delicate balance between innovation and tradition, as these spaces are integral to shaping the learning experiences of students. From the architectural layout of spaces to the incorporation of advanced technology in classrooms, the design of higher education environments plays a crucial role in fostering creativity, collaboration, and adaptability.

Seating

Seating is as unique as a fingerprint. Students sit in thousands of different positions — upright, slouched, twisted and tilted. They stretch out their legs, sit on them, cross them and bounce them. They will balance on their chair or teeter on the back, tempting gravity — and common sense.

Built for Learning.

Learning has evolved. Seating has adapted.

Like all of our furniture, our seating concepts were developed for PreK-12 students. From their very specific size ranges to their innovative contours — these seating options are ready for learning in any environment or situation.

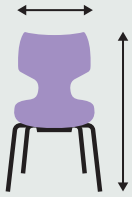
Which ergonomics matter most?

Here are some ways administrators can get the most ergonomic bang for their buck.

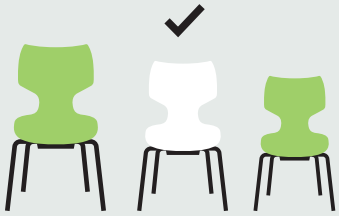
Right Fit/Adjustable.

- Both seating and desks need to be properly scaled to fit the size of the individual student.
- We offer a wide range of heights in seating — typically four or five per product line. Our desking lines are adjustable in height as well.



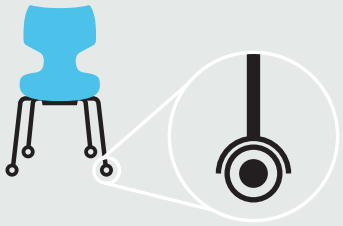
Right Size.

- Properly sized classroom seating supports healthy posture and decreases fidgeting.
- Students should be able to sit with their feet firmly planted on the floor and their backs against their chairs.



Function.

- 21st century learning often requires seating to be moved throughout the day, so chairs must be light enough, or fitted with casters, to allow students of all ages to move them quickly and easily.



Seating that Doesn't Fight the Student.

- A chair that allows some movement on the part of the student can promote learning. But how much movement?
- Consider our Graduated Movement Concept, an idea educators can use to tailor the ergonomics of the classroom furniture to support the curriculum. Though subtle differences in design, our Groove, Flavors and Numbers lines allow moderate movement while Oodle, Flavors & Groove Noodle, and Theorem permit the utmost movement.

Size Guide

A four-position chair for learning.

Freedom of movement.

Flavors seating eliminates as many restrictions to student movement as possible. A relatively flat seatpan with a waterfall front allows the student to comfortably face front, back and either side.

Less restricting to the shoulders and spine.

To further enable the student to work with students on either side, the seatback provides torsional flex — allowing the student to gently twist to face left or right.

Move, breathe and concentrate.

A subtle front-to-back flex allows the student to move and adjust their posture, which promotes better concentration.

For classrooms that move and students of all sizes.

Flavors seating is light enough for most students to move in the classroom without a problem. Achieve additional mobility with casters on the Adjustable Chair, Adjustable Stools and Mobile Stacking Chair. Stacking models come in six sizes, so you can pair the appropriately sized chair with the student.

Built for the demands of a school environment.

The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom. Made of 18-gauge welded steel, the frame is protected with chrome plating or a rugged powder coat finish. For added comfort, the shell rests directly on the frame (not on the rivets).

Glide Guide Tip

Nylon Glides are best used on carpet, carpet squares and properly treated VCT flooring.

Felt Glides are recommended for hard surfaces such as VCT tile, LVT tile, concrete and hardwood floors.

Steel Glides would be best on carpet.

Silhouette®
Two-Student
Desk

Something soft from Smith System.

Design forward.

Soft to the touch, Flowform seating adds a new level of comfort and flexibility to more spaces. Built for collaborative groups of all sizes or solo study, the Flowform line adds a softer feel without sacrificing durability or maneuverability.

Soften your space.

Flowform seating has a soft touch and ample cushion for lasting comfort in multiple positions. Underneath it all sits a reinforced frame for long-lasting strength.

Create and collaborate.

Easily rearrange Flowform seating in limitless configurations for collaboration of all shapes and sizes.

Built to last.

The highly durable, highly washable vinyl fabric suits classrooms of all ages and easily wipes down at the end of the day.

Tailored for a lounge learning landscape.

Engaged learning (not leaning) postures.

Flowform Learn Lounge helps schools curate the next generation of relaxed learning areas anywhere on campus. Intended for grades 5–12, Flowform Learn Lounge individual pieces work as a system to bring ergonomic comfort to all learning spaces and create a sense of temporary ownership.

Collaborative combinations.

Versatility and user adaptability are hallmarks of Flowform Learn Lounge. The multi-functional pieces are easy to push into place. Students can flow between "me" and "we" spaces, creating unlimited furniture match-ups. Plus, there's enough surface space to spread out digital devices, analog tools and personal items.

Variety and freedom of choice.

Student wellbeing is paramount. Flowform Learn Lounge empowers students to customize spaces for academic and social learning. They can choose where and how to sit, with extra visual and acoustical privacy. Optional built-in power accessories are within reach, too, to keep devices charged and ready.

Get into
the groove.

Flex you can feel.

Groove is designed with a "flex" seat surface. The gentle contour and slightly higher upper-back shell spread the student's weight over a larger surface area. The slim waist design and strong lumbar support allow kids to turnaround easily and maintain good posture.

Streamlined aesthetic.

High-tech injection molding not only keeps the seatback strong and flexible, but it eliminates the exposed structural "ribs" on the back of the chair's shell. We also used a smaller tube diameter for the frame. Groove doesn't look like an institutional classroom chair. It's sleek and calm, yet familiar. It's a crossover chair that quietly blends in anywhere: classrooms, cafeterias, flex studios, makerspaces and more.

Three-position ergonomics.

Kids are creative sitters! The ergonomic seatpan and subtle shell contours support movement in a working posture at a desk and sideways sitting. A gentle flex at the top of the shell opens the contours up for a reclining position. Groove also features a generous waterfall seat front to support circulation to students' legs and feet.

Modern manufacturing.

New for Groove, we used a more modern injection molding technique for the polypropylene shell. This means the plastic is left thicker for more strength in high-stress spots, and thinner for less-stress areas. The result means more flex and less chair weight without sacrificing strength.

Sit, read, relax & learn.

Soft landing.

This cush-for-the tush, in either round or square, provides a soft spot for students to sit, read, relax and learn. It's a great addition to a variety of learning environments, from floors to built-in risers. Cluster different colors and shapes to up the fun factor.

Designed to last.

Count on these cushions to keep their shape through extended use. We used extremely durable (and cleanable) Denier Nylon on the outside and firm 2-inch foam on inside.

Easy to handle.

A looped handle makes it easy to cart cushions or reposition them. The mobile Isle Floor Cushion Cart makes quick work of stacking cushions to tidy up or transport them to another space.

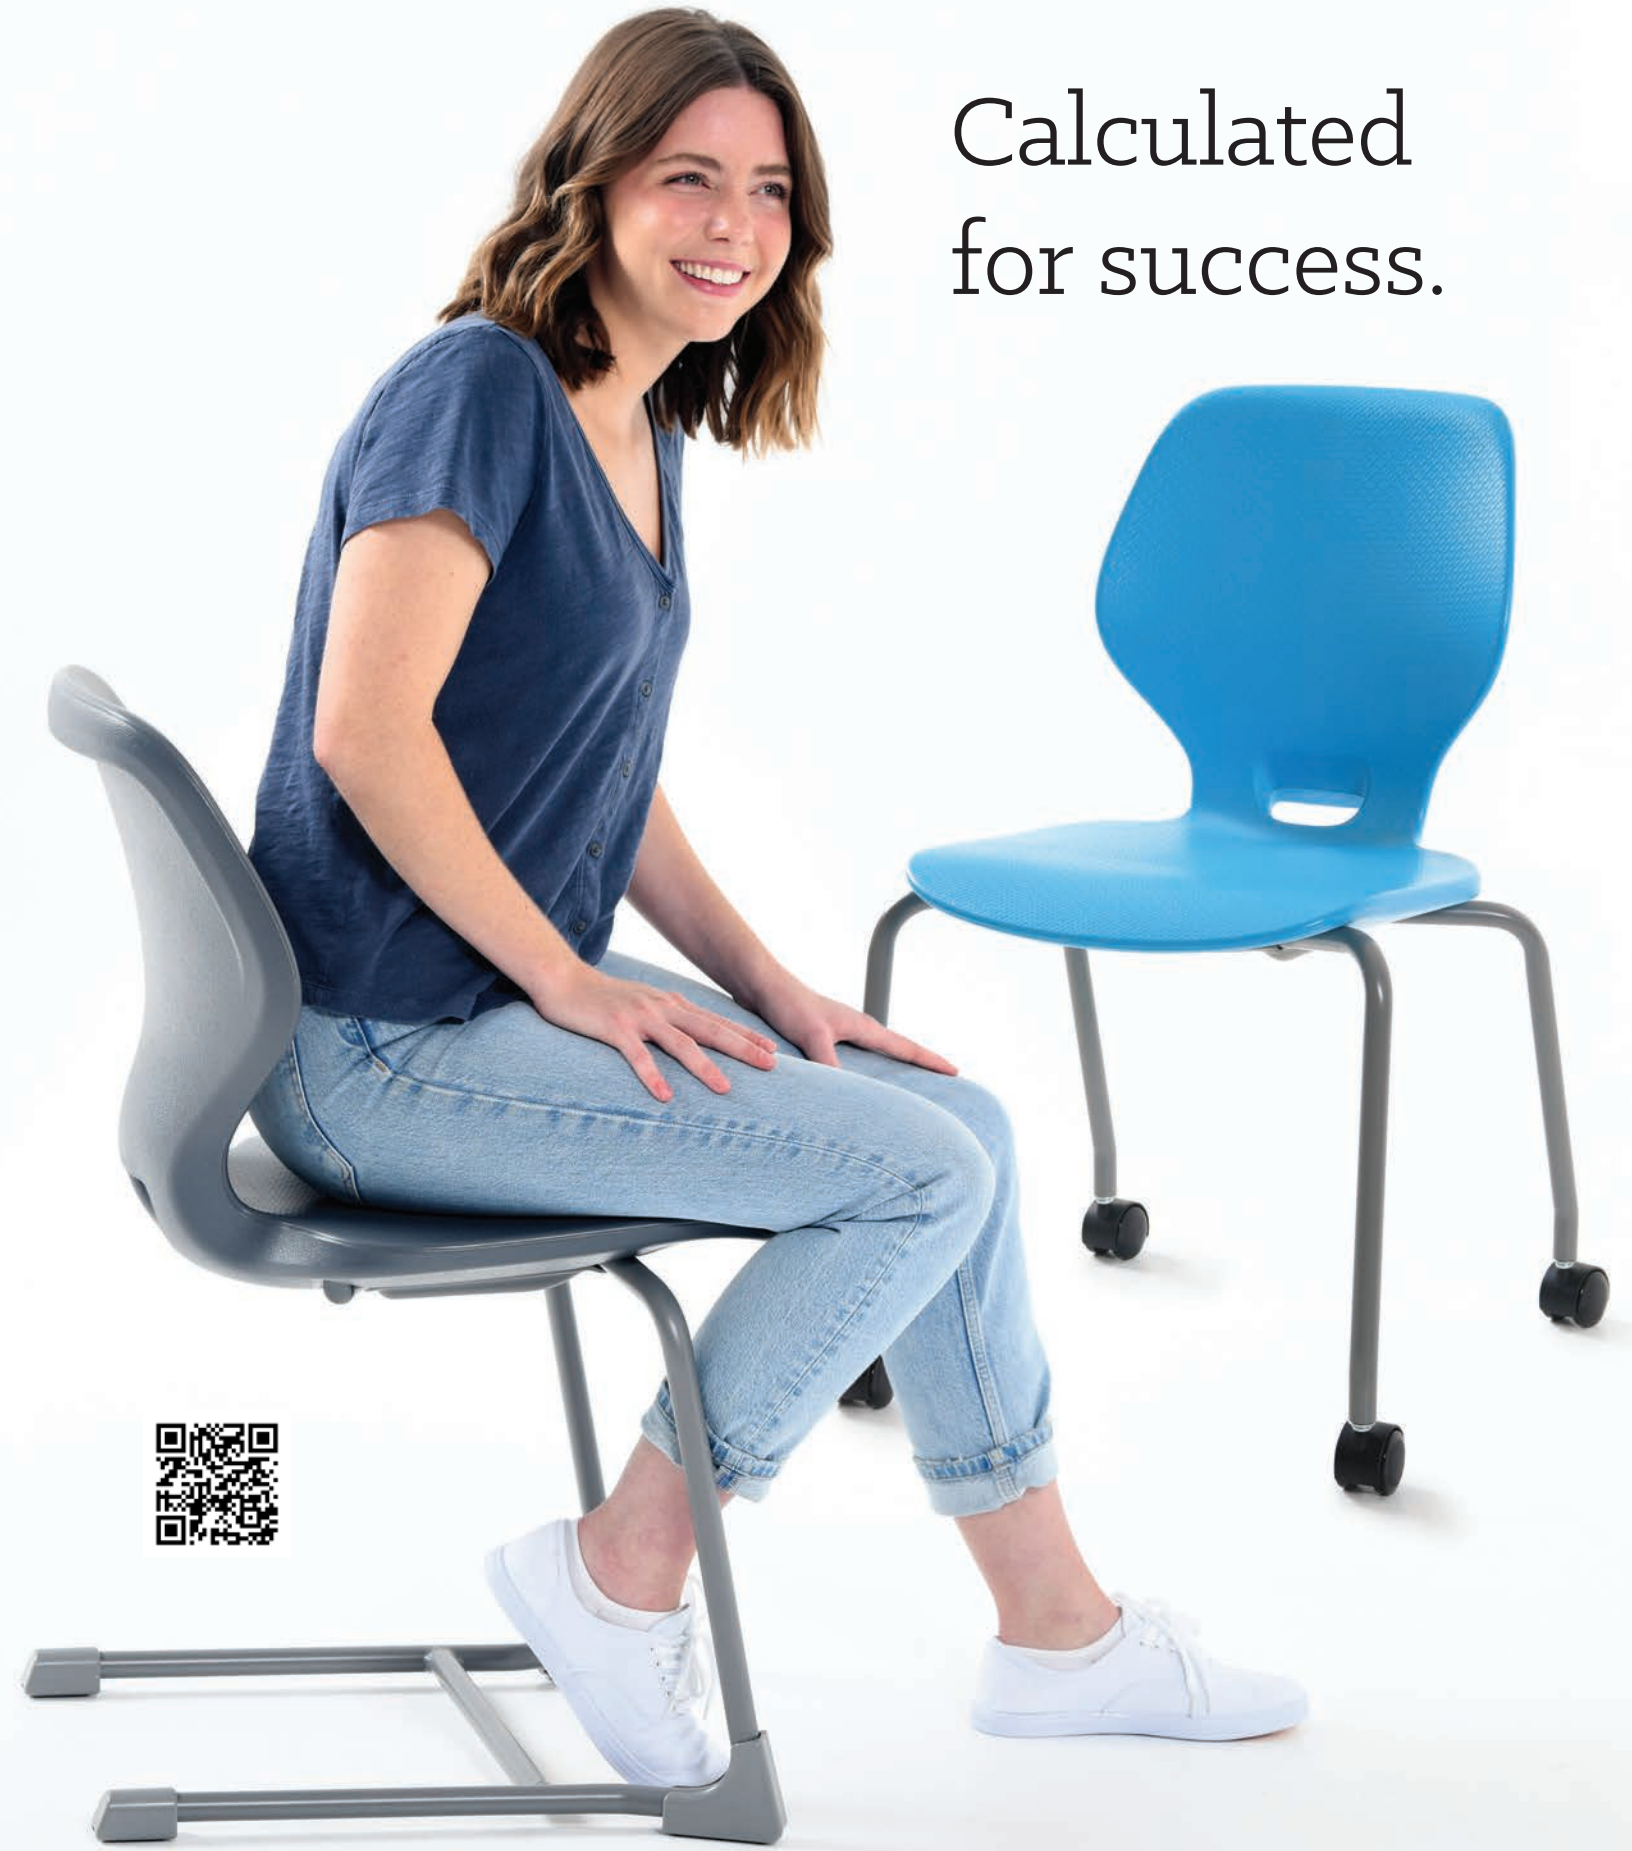
Calculated for success.



Calculated for universal appeal.

Numbers chair provides a value-driven, high-quality solution for K–12 classrooms around the world. That freed us to design the chair's front entirely separate from its back, with variable thickness and a fully integrated frame. And, it's our first product line to meet international BIFMA EN and GB requirements for size, safety conformance and durability.

1-2-3 global markets.

We designed Numbers with a winning formula that meets classroom furniture standards of three major world markets–EMEA (Europe, the Middle East and Africa), Asia-Pacific and the Americas.

Comfortable blow-molded shell.

Blow-molding lets us add shell volume, then nestle the frame in the seatpan. A molded undershell provides added strength, especially for sitters who favor leaning back. The integrated aesthetic is easier to clean, too. With no vent holes on the top of the seat pan, you don't have to worry about any soiling or mold formation inside the chair shell.

Stack

Oodles of possibilities.

Often our pursuit of designs that inspire the minds of students takes us to places we never would have imagined even five or 10 years ago. One such result is here. Oodle is an active seating line that is as fun to explore as it is to say.

Switch it up.

Keep your space fresh by switching things up in a flash. You're never stuck with one height or one color. And the unique rocker base system maximizes versatility. Sit flat, or sit with movement, on the very same stool.

Moving up.

The colorful 6.5-inch sections stack and twist to engage a unique stool-to-stool locking system. Educators can easily assist students to make the stool taller or shorter.

Holding up.

Oodle's 17-inch diameter is perfect for all ages and sizes of student. Sturdy polypropylene material holds up to all elements.

Soft sit.

Add Oodle Soft to any Oodle to allow for a softer sit in any learning environment. Covered in easy to clean Designtex vinyl.

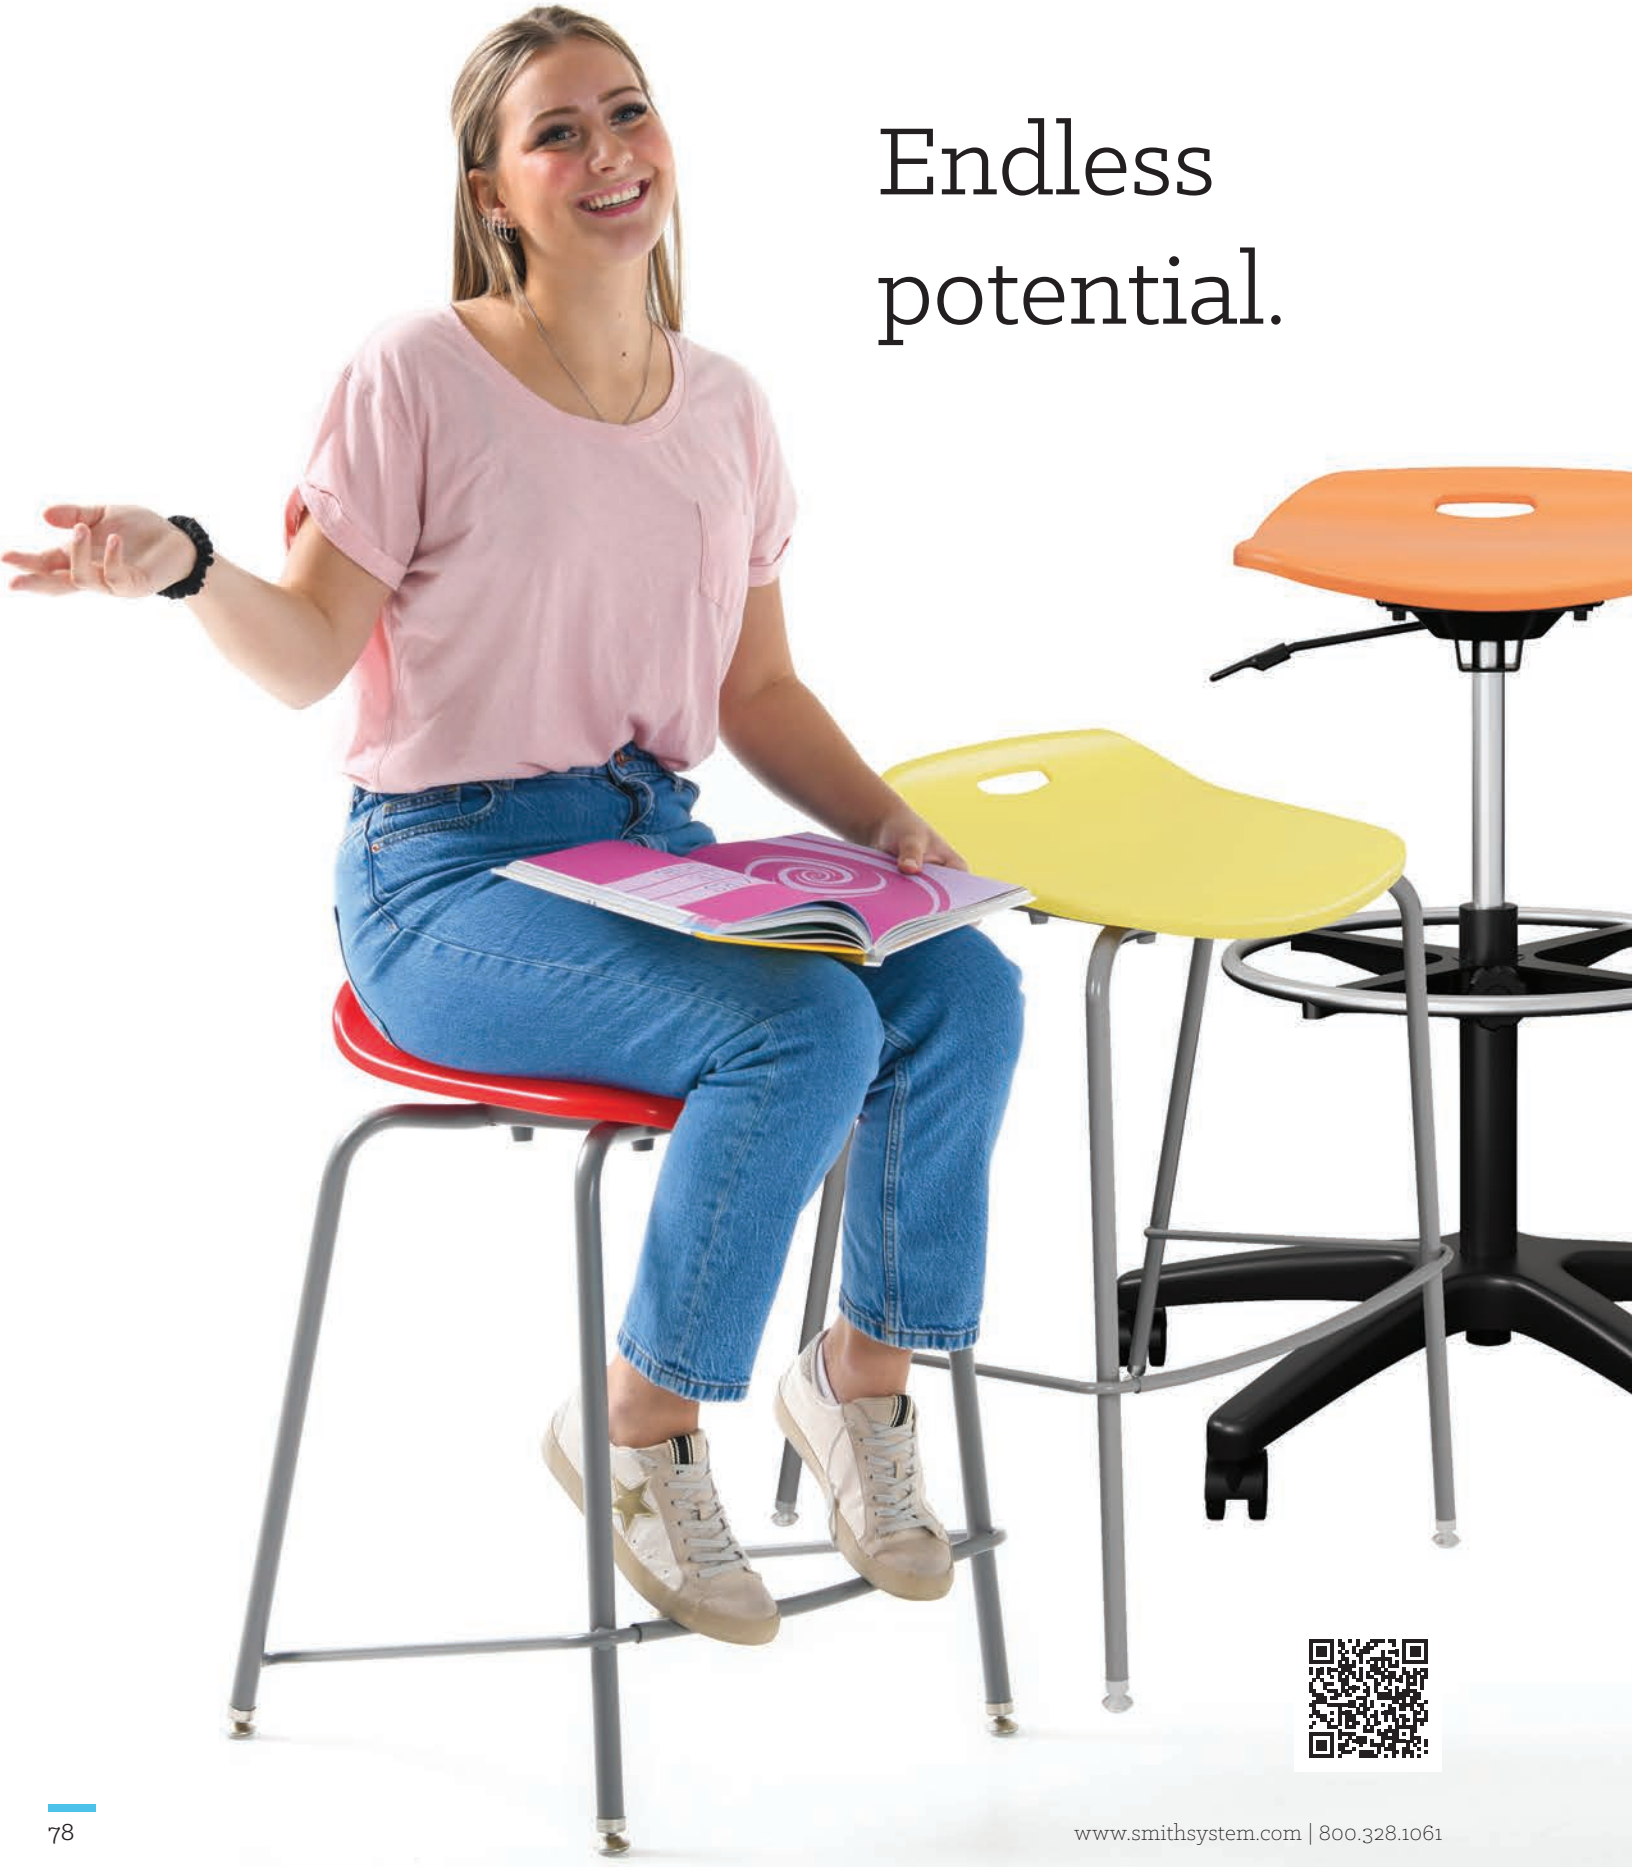
Endless potential.



Endless potential.

Students innately clamor for the stool spots first. Give them more options with the Potential Backless Stool. It's a cost-effective choice for durable seating in a full line of fixed and adjustable heights on glides or casters..

Inclusive sizing.

Choose from five fixed-height models and four adjustable-height models, including a 22-inch option that creates eye-level collaboration between wheelchair users and nonwheelchair users working at ADA-compliant tables.

Versatile & comfortable.

A generous seat pan with slight waterfall front, sides and rear ridge provides ergonomic comfort and molded support for a slight saddle-like sit.

A compact stack.

The fixed-height legs are designed for convenient slide-on stacking. Users can simply raise and nest stools together, rather than lifting them high overhead. Stack up to five high.

Beyond design, consider how it's engineered and built.

153

Right Size

Fitting the chair and desk or table to the student is important, as a proper fit helps academic performance while a poor fit hinders it.

27in. Suggested minimum workspace

Healthy Construction

Smith System desks and tables are made for healthy learning environments, and are UL GREENGUARD Gold Certified with the exception of butcher block.

Suggested Desk and Chair Heights:

Table Height	~16"	~19"	~22"	~24"	~27"	~29"
Chair Seat Height	8"	10"	12"	14"	16"	18"
1-2 year olds	50%	50%				
3 year olds		25%	75%			
PreK-4 year olds			100%			
Kindergarten			25%	75%		
Grade 1				100%		
Grade 2				25%	75%	
Grade 3–4					100%	
Grade 5						100%
Grade 6–12						100%

Dependability

Smith System backs its tables and desks with a lifetime warranty on the frame and legs and a 12-year warranty on table tops and desk tops.

Availability

Smith System employs lean manufacturing techniques, allowing us to make tables and desks to order and ship them directly from our factory.

Unique spaces for sharing ideas.

Plug in, recharge and collaborate.

Café Tables are a popular choice for creating casual meeting areas in commons, libraries and classrooms. Students can gather and collaborate in a more laid back atmosphere.

Single base meeting tables.

Start by choosing (1) a top, (2) then choose from five heights: 42" Standing Height, 40" Working Height, 36" K-8 Standing Height, 29" Sitting Height or 16" Coffee Height. Next, choose from Circular or Crisscross base styles. 42", 40" and 36" Standing Height models offer Backpack hooks, standard. (3) Choose optional power for the top, power cord runs out bottom of base. 1 ¼" thick top available in all standard finishes. Bases available in Platinum or Black.

Collaboration begins right here.

More options for collaborative and distance learning.

Curriculum is trending to be more project based learning. This leads students to work in collaborative groups. Additionally, more and more students are participating in “distance learning,” receiving lectures or instruction via video from teachers located away from the classroom. These new methods for learning require new resources, created expressly to facilitate their instruction. The wide variety of Smith System meeting tables addresses both traditional and emerging needs (with special attention paid to connectivity) identified for classrooms, labs and commons areas.

Double base meeting tables.

Designed to accommodate up to six people, these tables with sleek contemporary looks can be used for small group work, distance learning or admin areas. They also offer the option of integrated power and USB connectivity, conveniently located on the work surfaces. Choose (1) a top, (2) then choose from five heights: 42” Standing Height, 40” Working Height, 36” K-8 Standing Height, 29” Sitting Height or 16” Coffee Height. Next, choose from Circular or Crisscross base styles. 42”, 40” and 36” Standing Height models offer Backpack hooks, standard. (3) Choose optional power for the top, power cord runs out bottom of base. 1 ¼” thick top available in all standard finishes. Bases available in Platinum or Black. Double Cafe tables use two bases.

Elemental® Tables

Elemental simplicity.

The Elemental table line has its own variety of fun shapes. Choose from stars, trapezoids, squares, moons, sprockets and interlocking Yin-Yang to create a one-of-a-kind collaborative space.

A surface with a depth of possibilities.

The Elemental line is a great surface to be certain. But it's what's below that really counts. Customize your shape with a full selection of adjustable legs and casters for a fun and modern upgrade to your space. And as with every product from Smith System, Elemental tables are built to stand up to any classroom activity or experiment.

Let your colors fly.

Now, every facet of the Elemental line is another opportunity to demonstrate school pride or just add some variety to your classroom color scheme. Mix and match surfaces, legs and casters for a limitless mix of fun and funky possibilities.

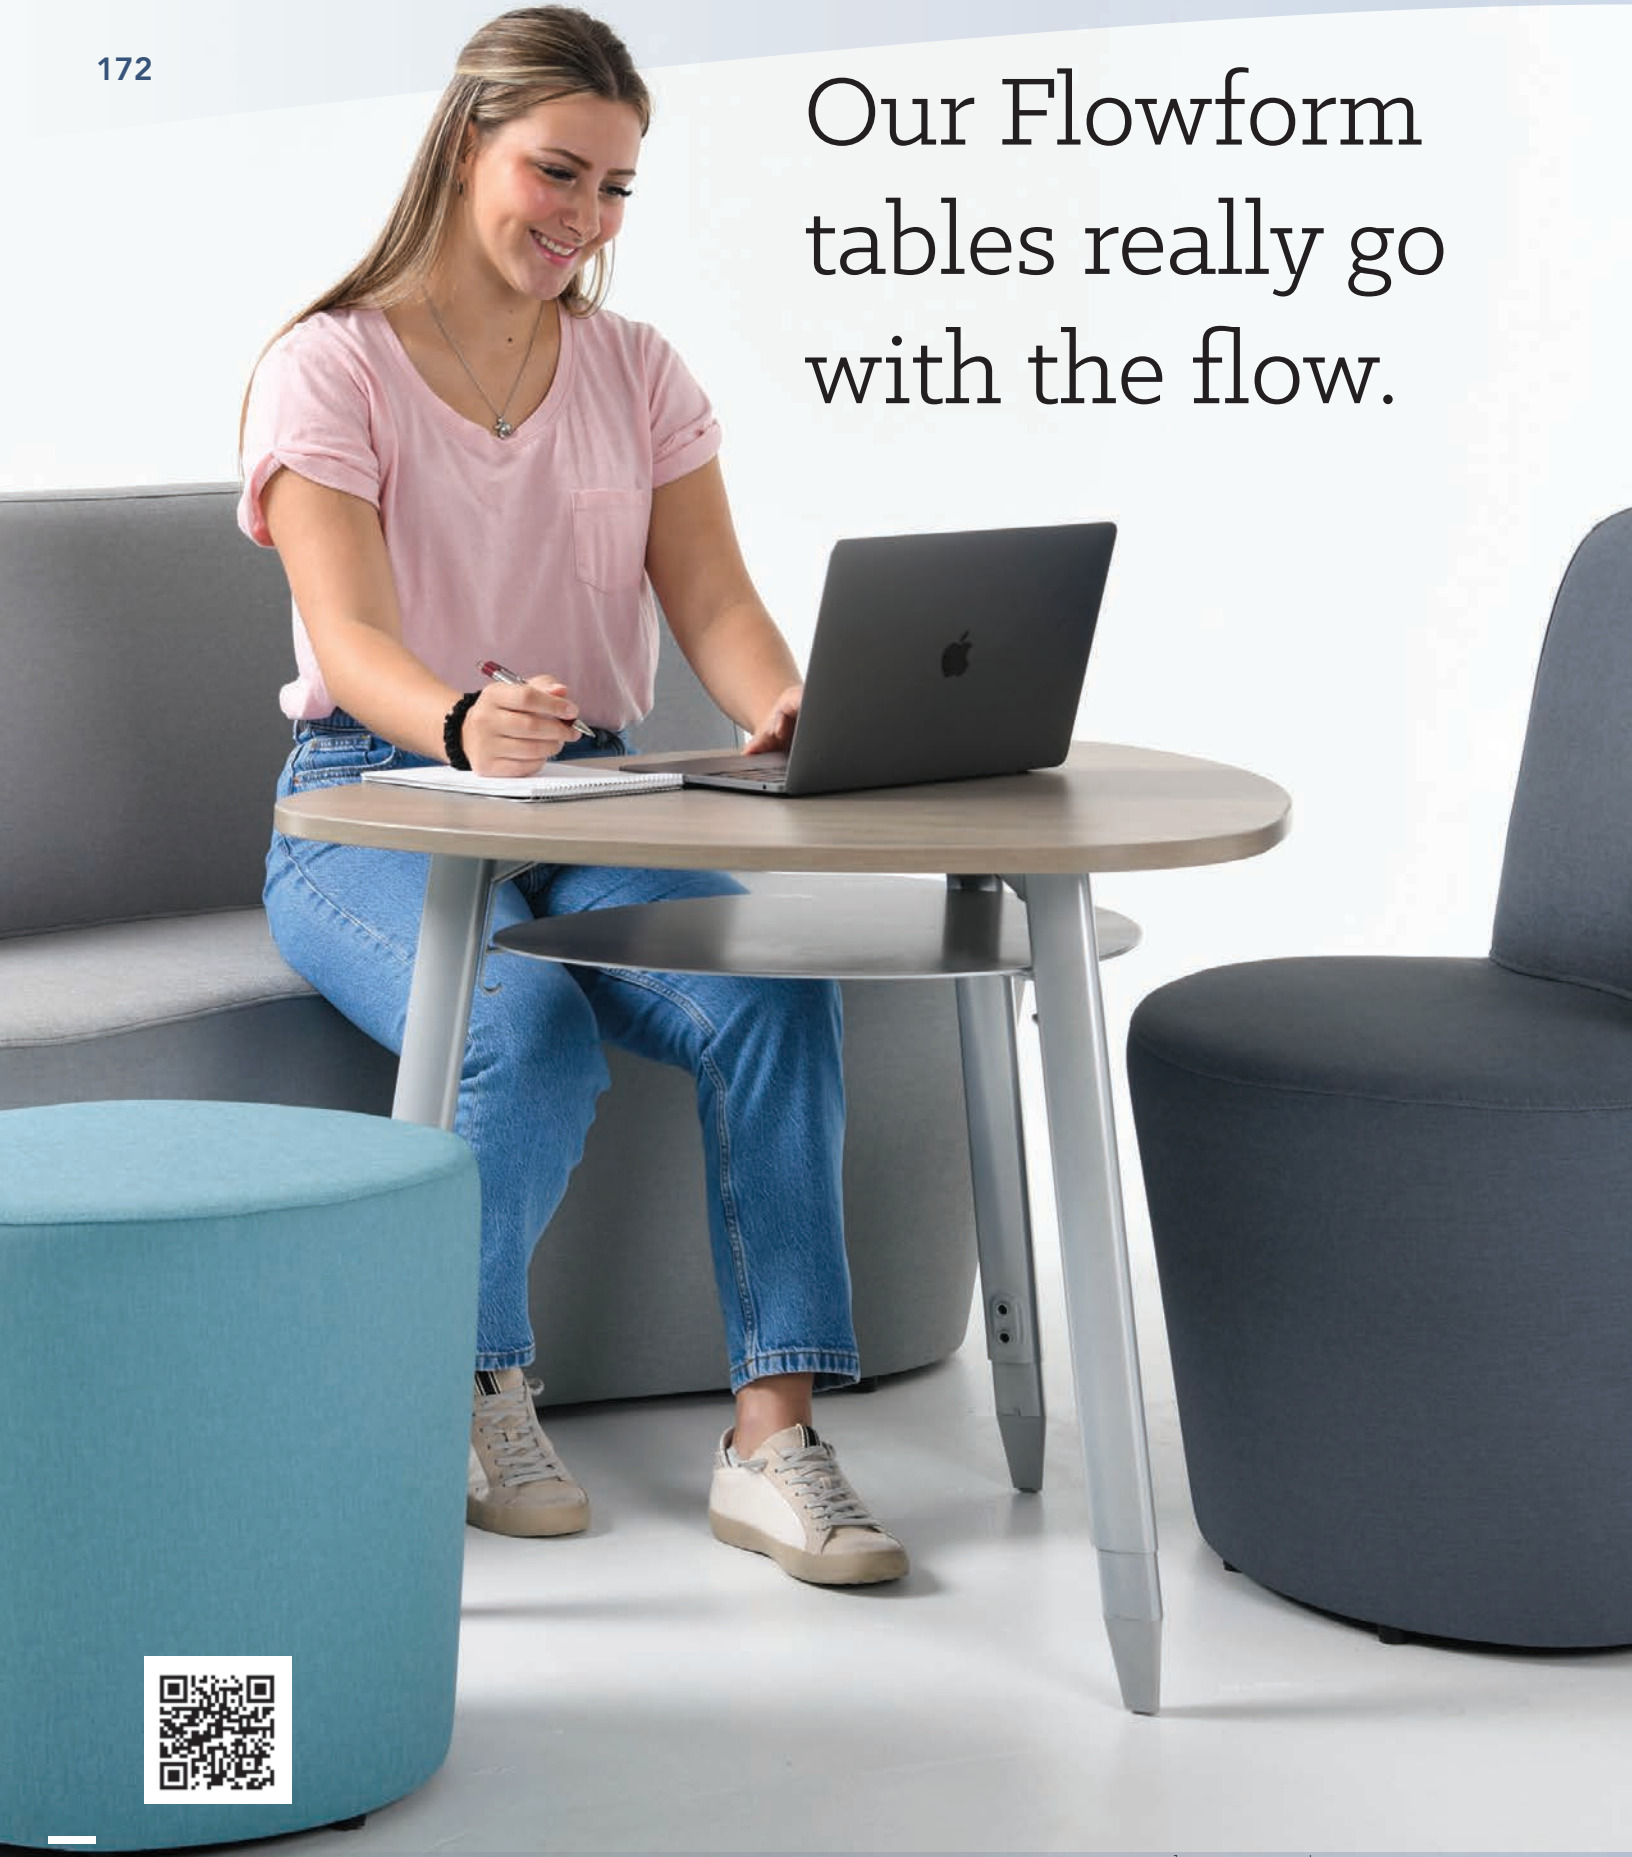
Our Flowform tables really go with the flow.



360 degree effectiveness.

Unique shapes and rounded edges invite more movement around the table for easier access and mobility among students at every level.

Scale up or down.

In collaboration with Flowform seating, Flowform tables reconfigure in countless ways, from large-group collaboration down to individual study.

Professional grade.

A fresh approach to surface structure and leg design provides more durability and a quality you appreciate immediately.

Flowform® Learn Lounge Tables

Flowform Learn Lounge Seating on page 58.
Flowform Learn Lounge Screens on page 248.

Designed for comfort and ergonomic support.

Students love lounge furniture, but it can have ergonomic and stay-on-task drawbacks. Flowform Learn Lounge offers a corrective solution through intelligent design. It provides casual, collaborative furniture pieces that work in unison to ergonomically support students – and promote better, healthier learning in common spaces.

Collaborative combinations.

Versatility and user adaptability are hallmarks of Flowform Learn Lounge. The multi-functional pieces are easy to push into place. Students can flow between "me" and "we" spaces, creating unlimited furniture match-ups. Plus, there's enough surface space to spread out digital devices, analog tools and personal items.

Casual learning work surfaces.

Casual learning spots are notorious for lacking work surfaces. That forces students to hover over their laps or the floor. Learn Lounge eliminates that. The table and ottoman curves work with the seating curves, so students feel connected, but not claustrophobic. The soft shapes welcome students from any direction; a streamlined base maximizes leg room.

Foresight™ Activity Tables

Collaborative learning.

The Foresight line features a variety of fun shapes. Mix up collaborative spaces with stars, trapezoids, squares, moons, sprockets and interlocking Yin Yang designs.

Inclusive for all ages.

The Foresight line is available in a 15.6-24.6”H leg and a 21.4-30.4”H leg that will work from PreK all the way to higher ed learners. Foresight’s vibrant and engaging surface sparks creativity and encourages interactive learning experiences.

Budget-friendly.

Embrace the future of education with this affordable and adaptable activity table, designed to cultivate a dynamic and engaging classroom environment. This thoughtfully crafted table combines durability with functionality, providing an ideal solution for dynamic and collaborative educational environments.

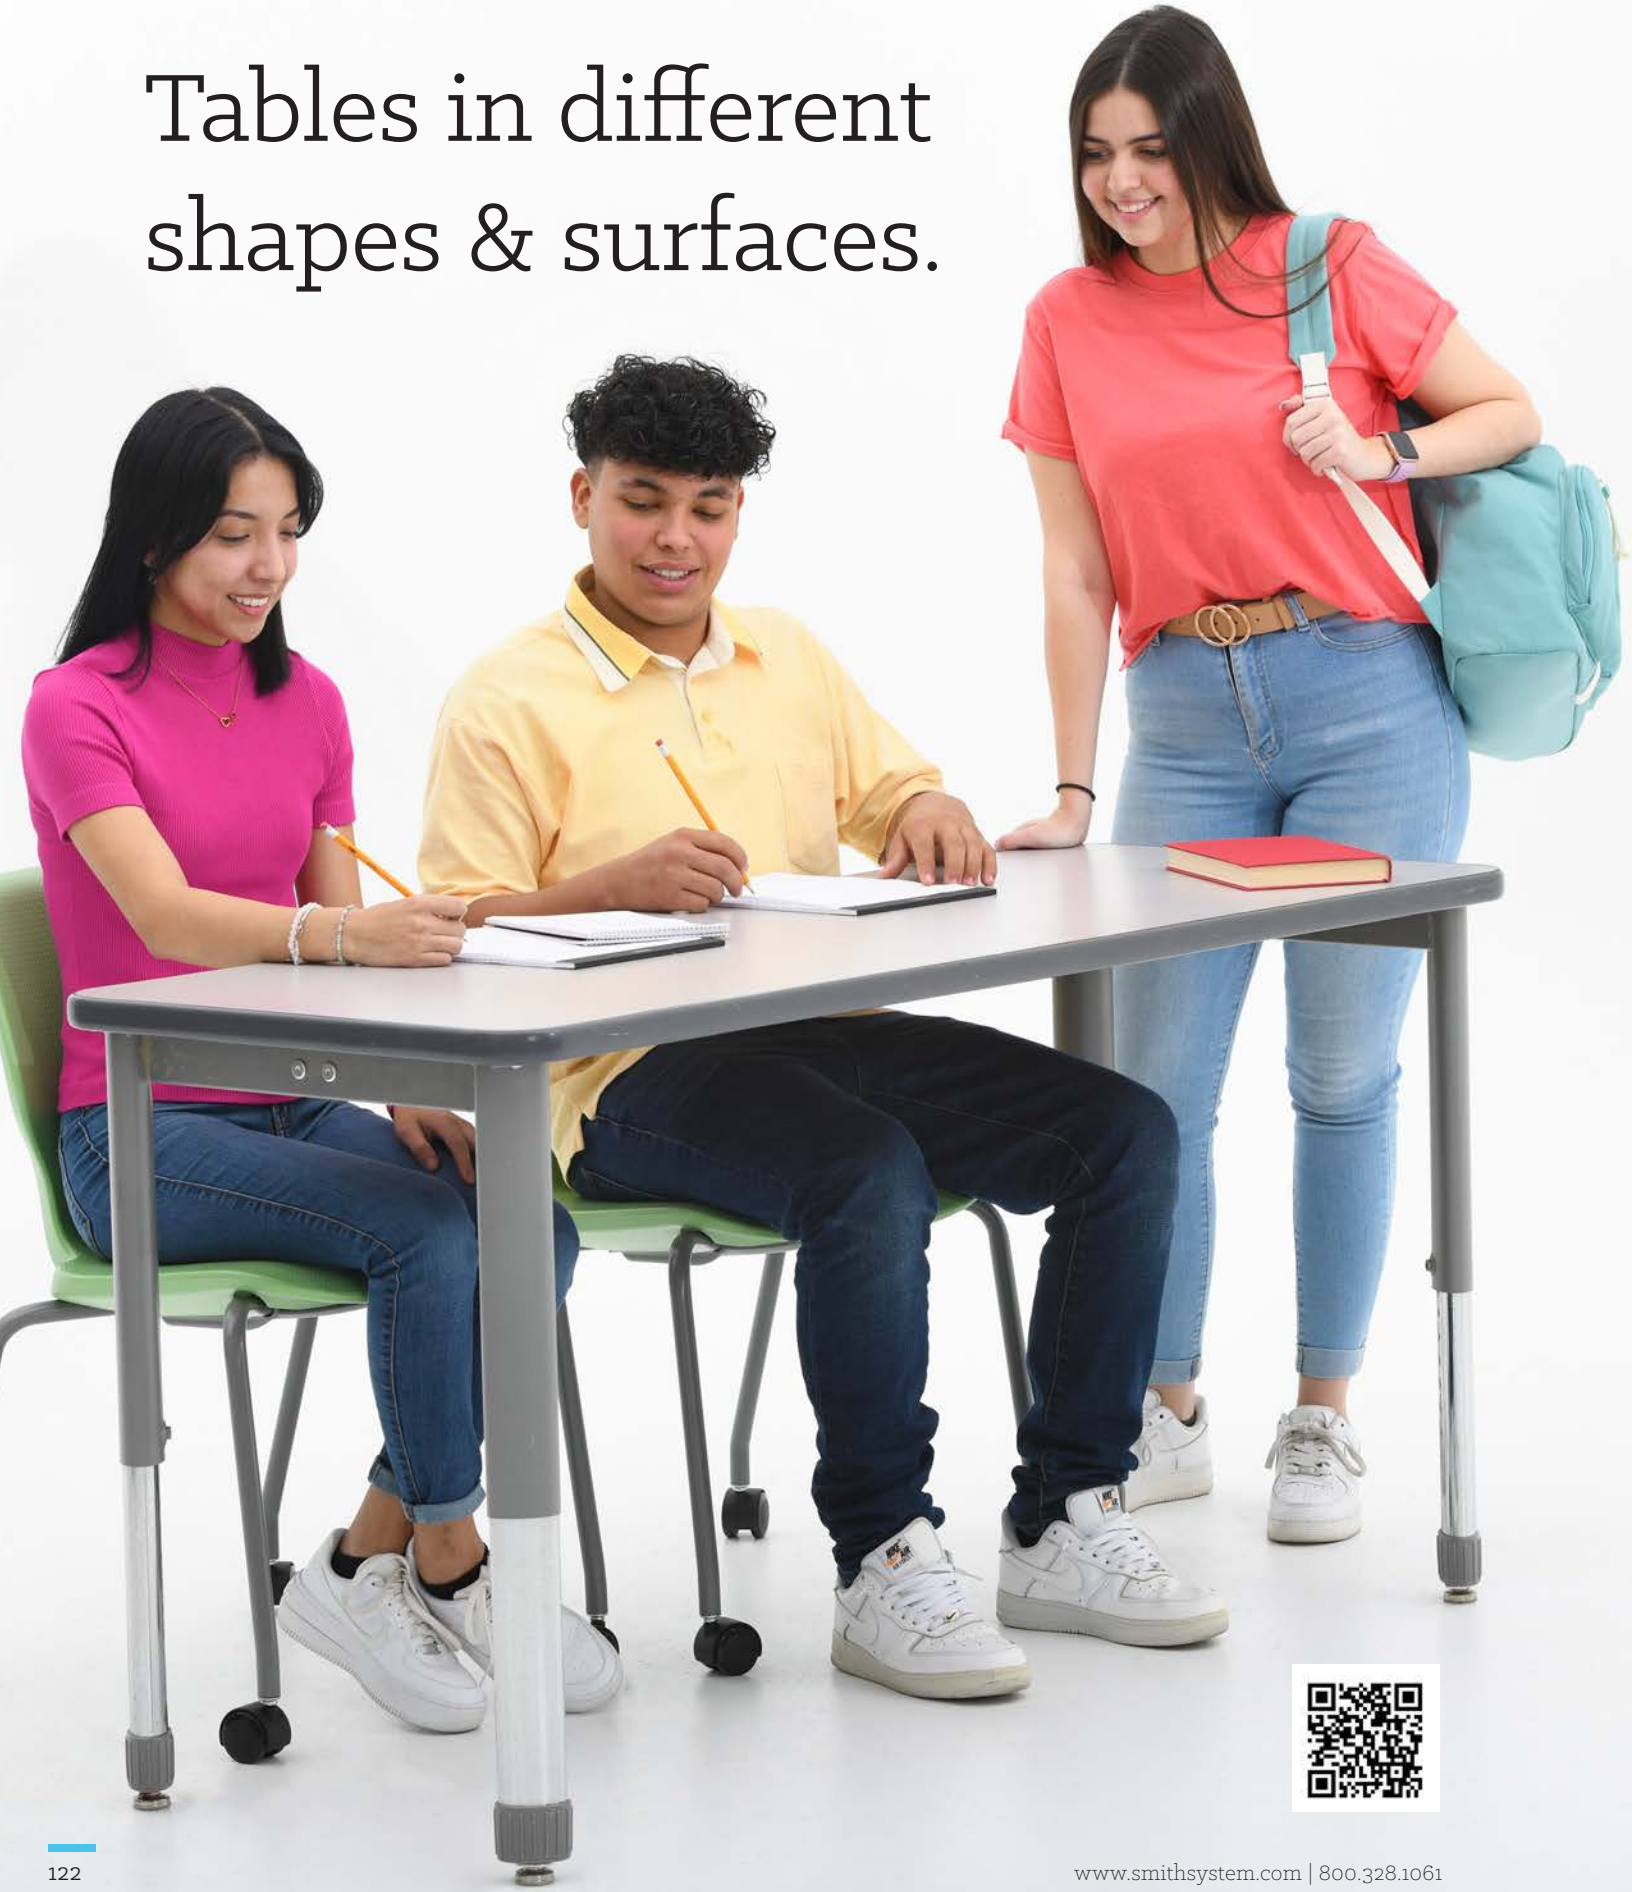
Tables in different shapes & surfaces.



Collaborative learning.

Designed for collaborative learning, Interchange Activity Tables provide sleek looks and solid functionality for both individual and group learning.

Wildly versatile.

The highly versatile Interchange line of contemporary classroom desks and tables features legs that easily adjust from 22 to 34 inches in height. Choose from many shapes, all of unbeatable engineering and beauty.

Unbeatable construction.

The T-Mold edge band, used on Interchange Desks and Tables, is secured every 6 inches to provide superior fastening power. The work surfaces are high-pressure laminate that stand up to heavy use. Structural Framing — steel reinforcing beams attached to each leg — adding rigidity and preventing wobbly legs. Don't settle for Easy On Brackets for tables and desks in collaborative learning classrooms.

Interchange High Range Inserts

Model 77158

With adjustability from 30 - 42 inches in height. Adjust in 1" increments with a single hex screw per leg.

COMPATIBILITY & USE GUIDELINES

- Not for use on 20" depth tables.
- Not for use on tables or desks with 3 legs (i.e. Interchange Diamond or Wing Student Desks).
- Not for use on Interchange Squiggle 60", Model #04154.
- OK for use on Interchange 2-Student Diamond Desk, Model #03081
- OK for use on Interchange 3-2-1 LS Student Desk, Model #03011 only (not 3-2-1 #03002).
- 24" depth tables OK on glides only, no casters - ***MAX ADJUSTABILITY 36" HEIGHT***
- 30" depth, 36" depth, 42" depth and 48" depth OK for use with casters or glides.
- Designed for use with our Multimedia tables with 30", 36", 42" and 48" depths (ok for use with casters or glides).

Large Monitor Table Mount

Model 17354

For 32 – 50 inches monitors. Accommodates VESA mounting 100mm x 100mm to 400mm x 200mm. 100 lb. weight limit.

Leg Color Choices:

- BLACK
- PLATINUM

A new benchmark in comfort, strength, design.

The perfect pairing.

To complete the Numbers equation, we designed its companion: the versatile Numbers Desk. Together, the chair and desk set equals a smart solution for students, teachers and facility personnel.

Adjustable height & casters.

These desks can quickly be adjusted in height and have discreet set screws which are inside the legs allowing for smooth legs. Standard inserts range from 24.5 to 30 inches; low-range inserts are 19 to 24.5 inches. The High Range Desk Table adjusts from 27" - 42" in 17.5 mm increments. In addition, the inner leg tube can flip between glides or casters (sold separately), which allows for wheelbarrowing without affecting desk height.

Slide-on stacking.

To conserve space, the desks have a compact design. Their leg form, coupled with felt-bottomed backpack hooks on all four legs, allows easy slide-on stacking — up to four desks at a time. The laminate top is 1.25 inches thick in North America; 25 mm for Europe and Asia.

Numbers Chair line featured on page 70.

Numbers™ Student Desks and Tables

Numbers®
Mobile Stack
Chair

Maximum strength and stability for a wide variety of applications.

Stable foundation.

What sets Planner desks and tables apart is their rock-solid bases.

- Steel legs, one at each corner, welded to two steel cross members at each corner.
- Heavy gauge steel modesty panel bolted to each leg across the front.

Unbeatable construction.

T-Mold edge bands on Planner desks and tables are stapled every 6 inches to provide superior fastening power. The work surfaces are high-pressure laminate that stand up to heavy use.

For collaborative learning or traditional classrooms.

Huddle desks provide tremendous durability in collaborative and traditional learning classrooms.

Healthy construction.

UL GREENGUARD Gold Certified.

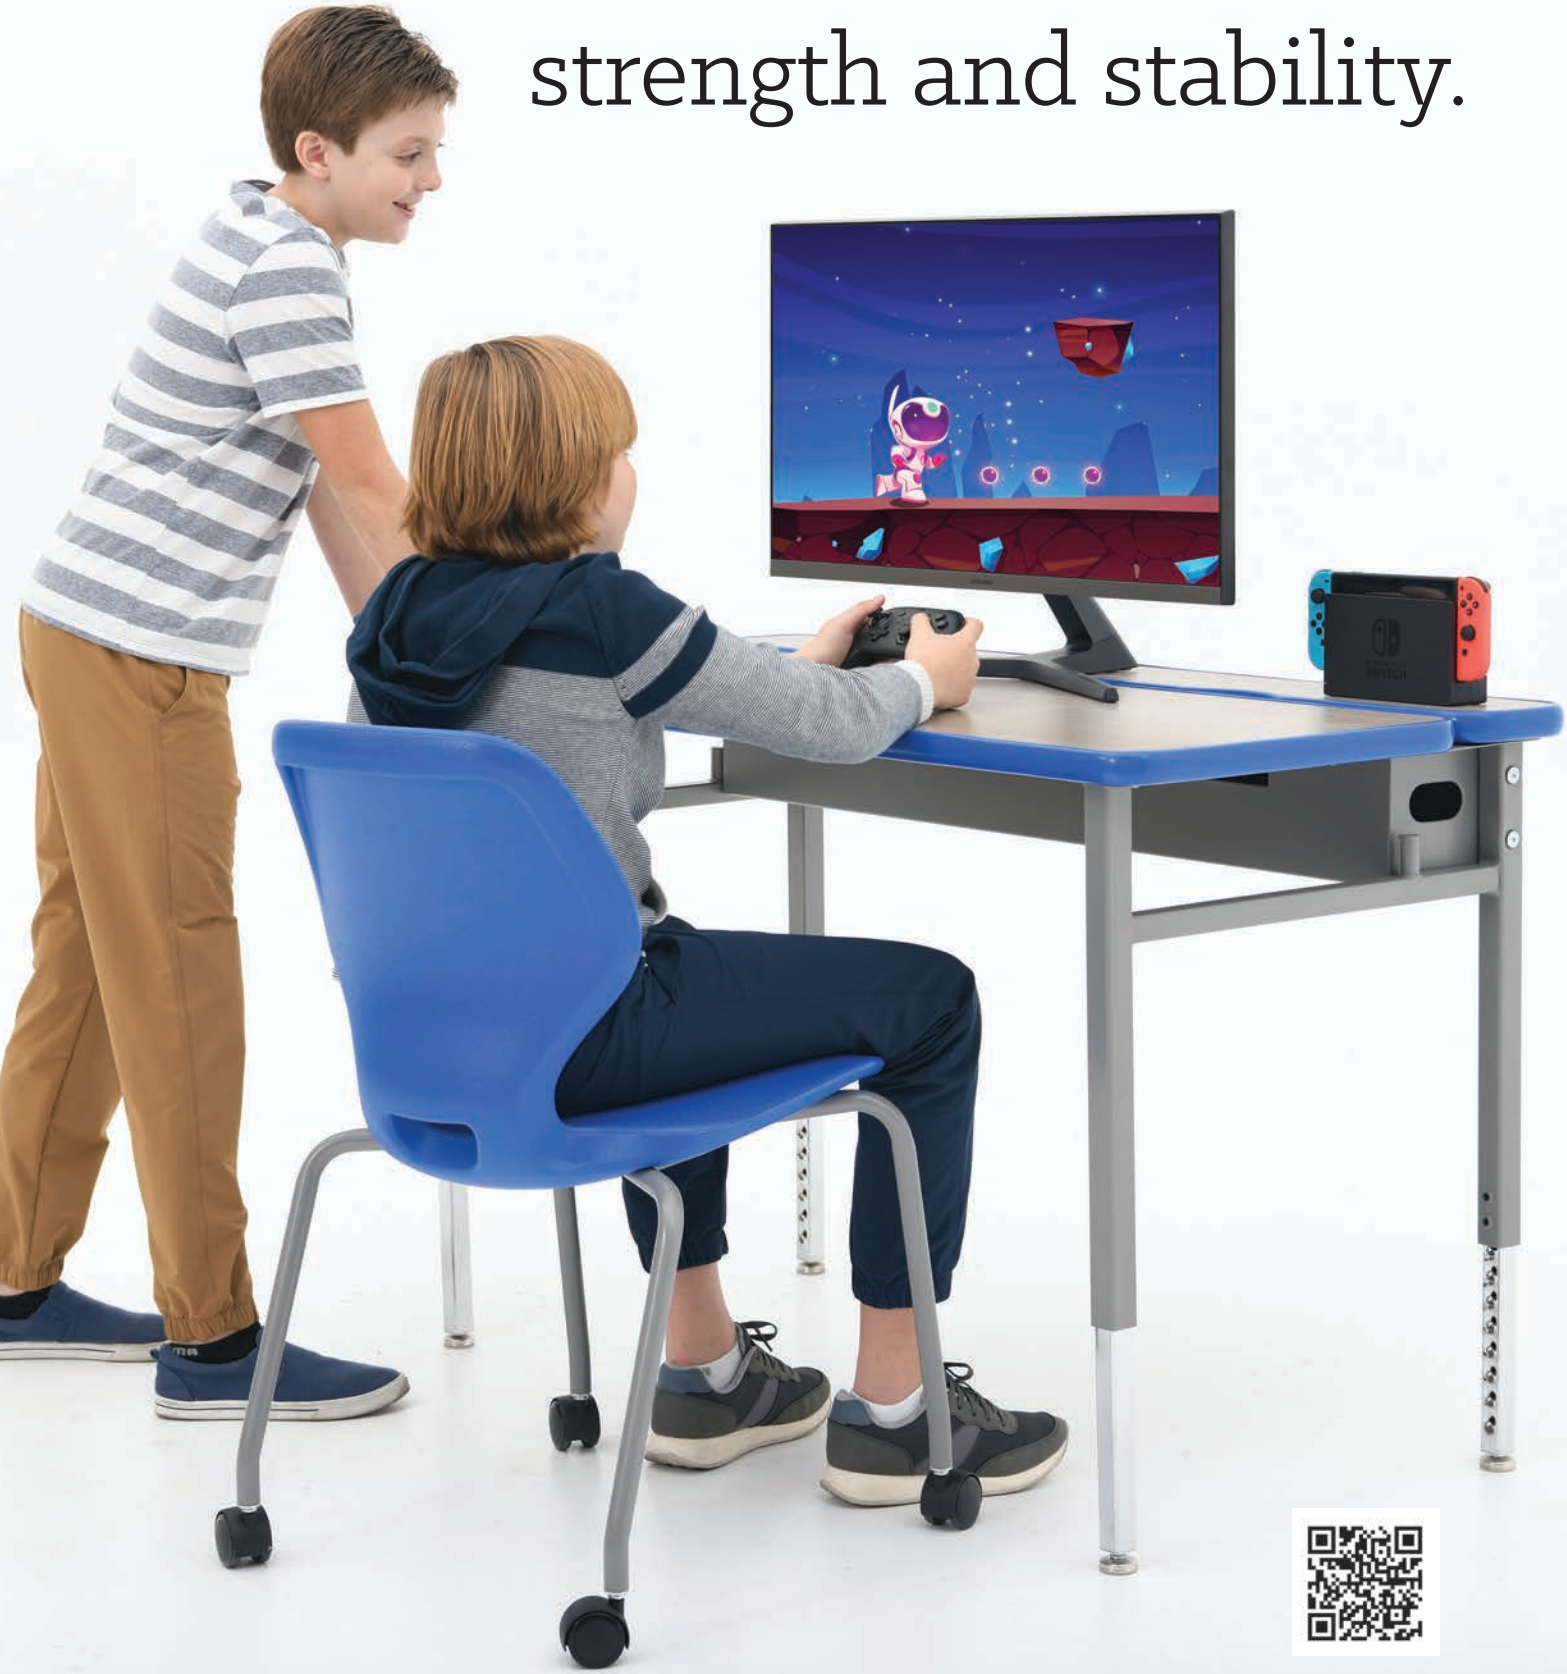
Tables built for strength and stability.



Stable foundation.

What sets Planner desks and tables apart is their rock-solid bases.

- Steel legs, one at each corner, welded to two steel cross members at each corner.
- Heavy gauge steel modesty panel bolted to each leg across the front on select tables.

Planner activity tables' versatility is a strength.

- Work surfaces available in Trapezoid, Square, Round, Half-Moon and Contour shapes.
- Trespa® TopLab® Plus surfaces available for labs and art rooms.
- Modesty panels available.

Dependability.

Lifetime warranty on the frame and legs, 12-year warranty on table and desk tops.

Planner® Studio Mobile Whiteboard

Messages in motion.

The Planner Studio Whiteboard perfectly complements our Planner Studio line of tables to create an unique and creative environment for today's learners. It provides a sophisticated looking two-sided laminated writing surface and includes a small shelf located on both sides to hold markers and erasers.

For collaborative learning or traditional classrooms.

The Planner Studio Whiteboard is ideal for all kinds of classroom activities. The heavy duty construction contributes to a sturdy work surface.

Quality.

The frame consists of two fully welded leg segments made from 14-gauge steel.

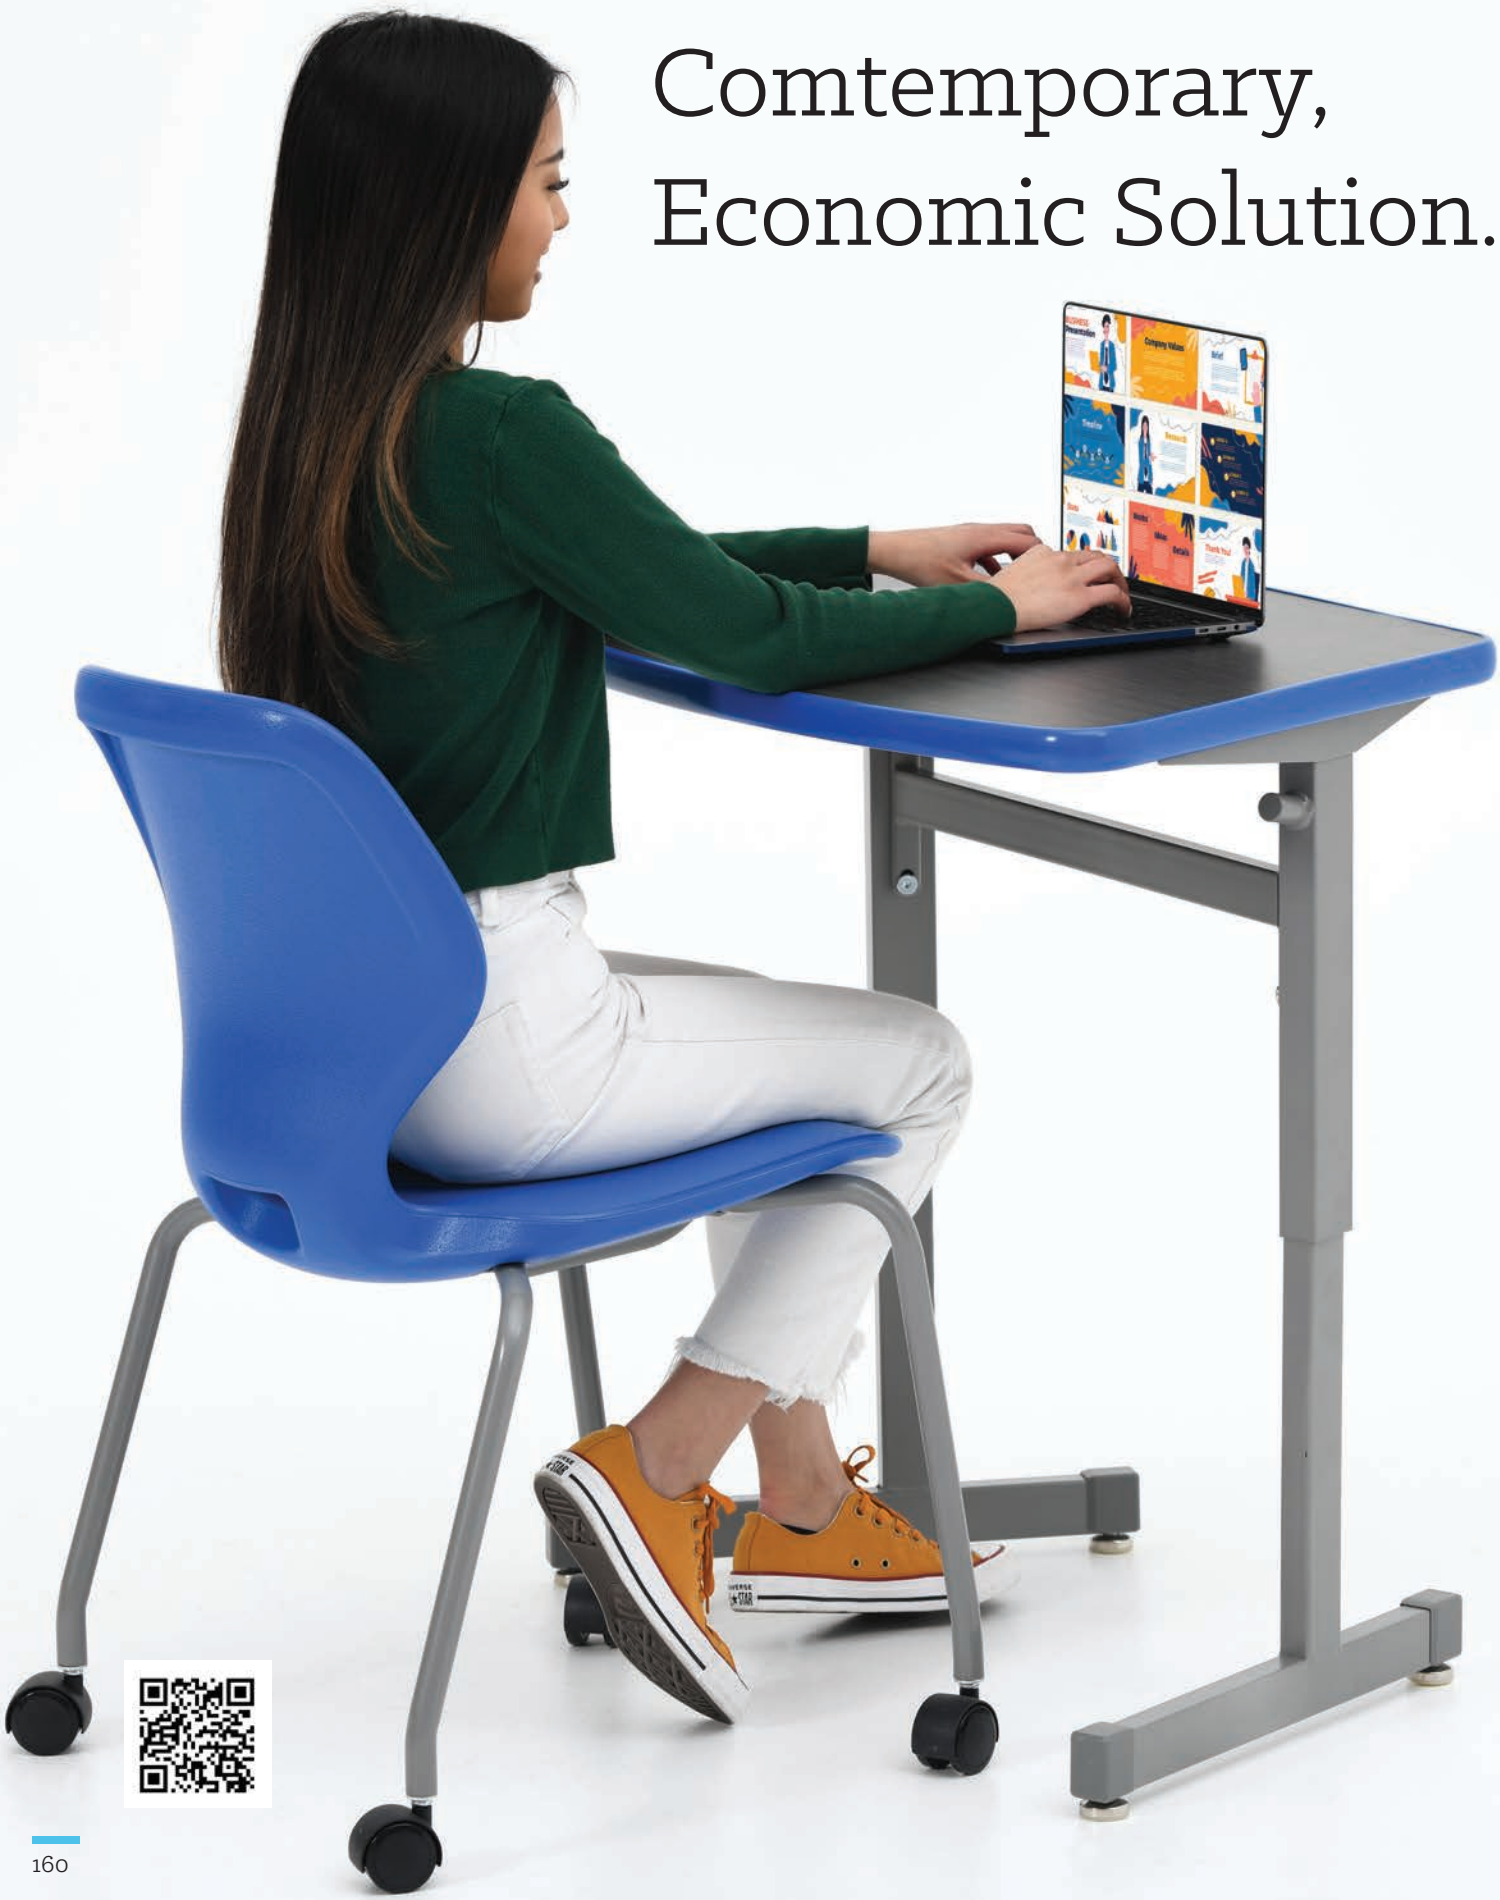
Comtemporary, Economic Solution.



Stable.

The Silhouette desk is a contemporary, economic solution for all classrooms. Its durable cantilevered design, adjustable legs and optional storage accessories make it a timeless favorite. Single- and two-student options are available.

Strong.

It provides a notably strong surface that can withstand heavy loads and daily wear. A practical backpack peg is standard. Optional accessories include steel book box, wire book basket and Cascade® Storage tote trays.

Stunning.

Sometimes, elegant simplicity is all you need in a student desk. That's where Silhouette shines.

A practical backpack peg is standard.

Silhouette® Sit+Stand Desks

A line with a contemporary aesthetic, offering great breadth and versatility.

For a consistent design scheme.

This broad, highly customizable line can be used throughout the school. This allows you to maintain consistent colors, finishes and leg shapes, bringing unity to the school's décor.

For collaborative learning or traditional classrooms.

Silhouette Sit+Stand desks provide functionality and choice of height to collaborative learning classrooms.

Healthy construction.

UL GREENGUARD Gold Certified.

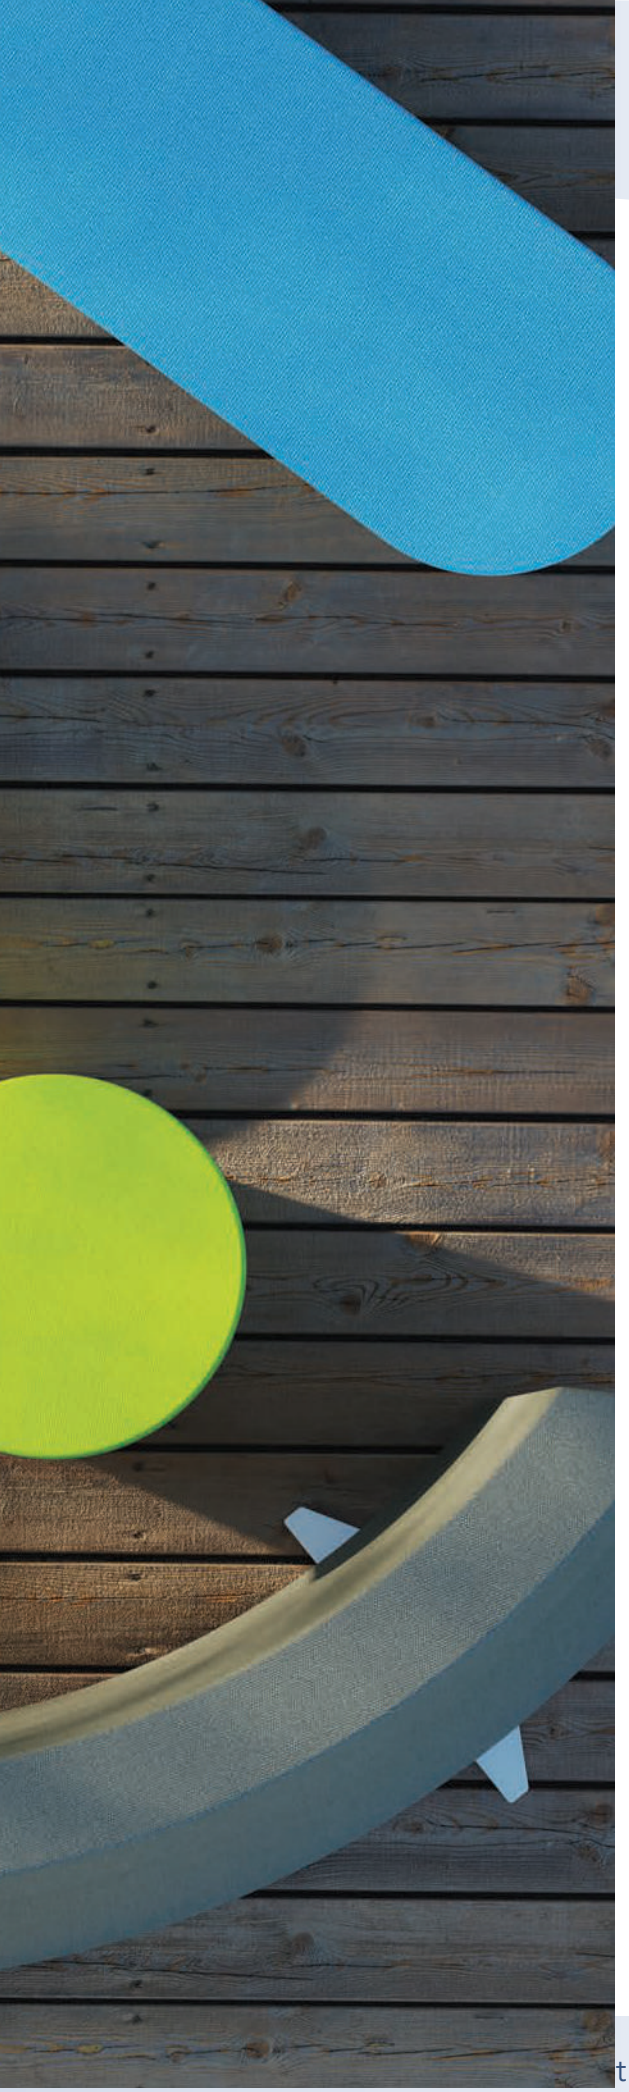
Flavors® Adjustable Height Stool
Flavors Mobile Stack Chair

Soft, yet durable seating for outdoor learning.



Learning comes naturally.

Humans crave connecting with the great outdoors. Studies show the biggest benefits occur when we bring students into nature. Even the smallest amounts of "Vitamin N" matter.

Built to last nature's wrath.

Flowform Outdoor furniture is designed and built to withstand years of rough weather and extended use:

- Strong, yet light-weight, internal framing structure safely supports larger students.
- For stability, Flowform Outdoor should be bolted and secured to a man-made surface.

Cleanable.

Sunbrella® Elements fabric is stain-, fade-, and weather-resistant, and easy to clean with soap and water.

Latest addition to outdoor learning spaces.

Introducing Flowform Outdoor Tables.

These unique shapes and rounded edges invite more movement around the table for easier access and mobility among students at every level. Pair with our Flowform Outdoor Soft Seating to create individual zones for student engagement and learning outdoors.

Outside classroom activities.

There's a lot of science connecting overall student well-being and exposure to nature; it's good on multiple levels.

Built to last nature's wrath.

Flowform Outdoor Tables are designed and built to withstand years of rough weather and roughhousing. Table consists of steel legs and Fundermax top for durability.

The teacher's desk for the 21st century.

Transmitting knowledge.

The teacher's role has evolved from transmitting knowledge and maintaining order to facilitating learning and managing learning materials.

Maintaining order.

Teacher's equipment has evolved, too. Developed in anticipation of these 21st Century needs, the Cascade Teacher Desks make use of Cascade Totes that can be transferred directly to Cascade Storage Units and properly equipped student desks. This allows the teacher's desk to be the central hub in managing projects and learning materials.

Stable, mobile workspace.

The Cascade Teacher Desk offers a stable, mobile and versatile workspace, integrated wire manager and modesty panel and great ingress/egress plus the unique capabilities of Cascade Storage, a scalable solution for organization, storage and distribution of learning materials. Locate the pedestal on the left or right side for a single cabinet desk or two pedestals for a double cabinet desk; its drawers are Cascade Totes. 1.25" top with Bumper T-Mold. Choose from 15 standard laminate colors and 8 standard edge colors. Platinum or Black frame.

Cascade® Teacher Desks

Cascade Teacher Desk
Numbers™ Mobile Stack Chair

Teaching moments anywhere.

Mobility, versatility, storage in one.

Flexible classrooms require teachers – and their tools – to be on the move. Motum Teacher Desk and Mobile Lectern offers mobility in a contemporary design that preserves practical storage features. The result is a nimble necessity with aesthetic appeal across the education continuum. Motum makes a sleek office desk, too.

The mobility story.

Teacher desks are personal basecamps, but they need to work in flexible classrooms. Using a wheelbarrow-type motion (glides on one side, lockable casters on the other), teachers can move their light-weight workstation almost anywhere.

Customize your station.

We started with a stationary desk made from Smith System's rugged steel frame and high-density board. Wire management is standard. Then we added popular options to customize.

1. Select size.

Choose from two desk sizes, three different end pedestals, and a right- or left-hand configuration – 12 models in all.

2. Pick an end pedestal.

Under-desk storage keeps materials tidy and secure. Pair either size desk with one of three, fixed end-pedestals with lockable front panel.

3. Finalize the finish.

Platinum finish is standard for frame. Choose from 14 standard laminate colors for top and sides. It's easy to match with Smith System's student tables and desks.

Storage

Imagine a classroom where small groups of students are working together on projects. The teacher circulates about, providing information, direction and encouragement. To allow for all this activity, materials and resources must be organized and readily available to students.

Built for Learning.

Transform learning environments with smart space saving solutions.

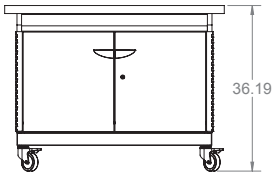
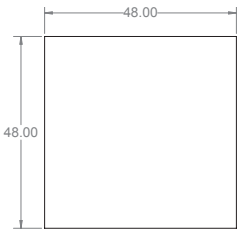
Cascade Maker Table

The all-new Cascade Maker Table combines up time and down time in one convenient system. The broad surface and ample storage help you re-imagine the ease and efficiency of your Makerspace in a simple, mobile all-in-one unit.



- 1.25" work surface or 1.75" butcher block work surface.
- Optional doors with secure and reliable locking mechanism.
- Fully hinged doors articulate 270 degrees, free of obstruction.
- 18-gauge steel construction, formed and welded to support the entire weight of the unit squarely.
- Standard with pegboard end panels.



Model 25300H
Maker Table is 36" in height and features a 48" x 48" worksurface.

Available on any Mega-Tower or Mega-Cabinet Unit.

Optional Whiteboard Back

To specify a whiteboard back to any Cascade Mega-Tower or Mega-Cabinet simply add a "W" to the 4th position in its model number. See below examples.

Model	Description	D"	W"	H"	WT.
Add "W" to fourth position to specify whiteboard back.

Cascade Two-Sided Whiteboard Unit

Smith System is helping educators maximize their shrinking learning environments by offering the Cascade Two-Sided Whiteboard Unit. This versatile, nomadic workhorse replaces the traditional single-purpose whiteboard with a dual-purpose mobile whiteboard plus storage. Key features include magnetic writing surfaces on the front and back of a storage unit which houses customizable, extra-wide totes. The classroom just became more flexible than ever. Available in Platinum only.

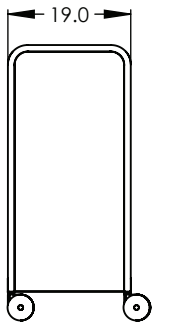
Cubby Mega-Tower | Cubby Mega-Cabinet | Cubby Mega-Case

Cascade Cubby

These versatile storage units feature large cubbies for organizing backpacks of all sizes, with room left over. They offer the additional benefit of mobility thanks to their 4" or 5" dual-wheel casters. Lockable doors are available as an option, as is a Whiteboard on the Cubby Mega-Tower.

Cascade Cubbies are flexible, scalable, comprehensive solutions for organization, storage and distribution of materials within the school. No matter the use in the classroom, the Cascade cubby units are designed to hold up with extended use.

- All-steel cabinet rolls on dual-wheel casters: 4" casters for Mega-Case; 5" casters for Mega-Tower and Mega-Cabinet
- Whiteboard back available on Mega-Tower and Mega-Cabinet. Upcharge applies.



19" depth for all 3 Cubbies

Constellate™ Storage System – Classroom

Modular storage units that stack up – or expand out.

289

Space is always at a premium in schools. Constellate Laminated Storage helps districts maximize square footage. Using versatile modular units with the ability to configure & reconfigure means teachers can adapt their storage to their changing needs. It's a clever classroom organizational unit for all grades, preschool through grade 12.

nufacturer List Pricing Applies.

Grow horizontally: expanding shelving for libraries.

Constellate bookshelves help school libraries continue their evolution away from bulky stack storage to nimble resource centers. The single-sided units are 13-inches deep for efficient book storage. All units can stand alone and most can expand horizontally. The double-sided units are 26-inches deep and come with the option of casters for mobility in the middle of libraries.

Enhance learning.

Biophilic design.

These airy designs bring the restorative power of nature inside to help improve students' cognitive function and overall well-being. Immerse students and teachers in the healing power of biophilic design.

Choose from 3 leafy varieties.

Each is crafted from sustainable, sound-dampening PET felt. The trees can stand alone or be grouped to create an immersive canopy. Pre-cut panels are easy to move, assemble and dissemble for compact storing.

Color outside the lines.

Color can have an effect on mood, emotion and productivity, which ultimately influences student success. While there is no one-size-fits-approach to the use of color, consider letting the purpose of the room guide the color scheme selection. With a little bit of thought and planning — and access to the right furniture company — finding furniture that meets the color needs of any space can be done with ease.

See website for application and availability.

Request a sample kit.

Go online or ask your Smith System dealer to request a sample kit. The kit includes edge molding color samples, laminate top samples, seating color chips and all the other necessary pieces to select your school's furnishings.

Design resources.

Smith System furniture is available on all popular specification software, including:

- 20/20
- Project Matrix
- Revit Files
- 2D/3D CAD Files

Standard laminates.

All 15 of the standard laminates are -60 finish. When a Wilsonart Laminate code includes "Y," "K," "-12," "-78" or "AEON," these are special laminates with an upcharge, even when it contains a "-60" or "-38."

Standard edge profiles.

Available in .75" and 1.25" thicknesses, Smith System tables and desktops give you the option of lending the tops of the room a light or substantial feel. Similarly, our edge band treatments give the choice of curved, bullet or bumper edges.

Laminate options.

Want to specify a different laminate? No problem If you have 20 or more tops of the same color Wilsonart Laminate with finishes -60 or -38 there is no upcharge. Have 20 or less or want to specify a different laminate brand? We will quote the job for you, just provide the laminate code and finish style.

ADD POWER

This symbol indicates you can add power to select tables.

You will find the "ADD POWER" logo throughout this catalog. It signifies which Smith System tables are compatible with our power units.

When ordering, please submit a drawing with your order to indicate the desired positioning of the power unit on the work surface. All power accessories are special order, a custom feature per table and are non-returnable. For more information call 800.328.1061.

Customer Service, Ordering, Terms and Freight.

PURCHASE ORDERS

Be sure to include: 1. Quantity 2. Model Number 3. Description 4. Color Choice (top, edge, frame color for tables, and shell and frame color for chairs) 5. Price for each item, including quote number. Scan QR code for complete details, or visit our website: https://smithsystem.com/po_checklist/

Smith System accepts orders via:
- email: smithfax@smithsystem.com
- fax: 972.398.4051

Cancellation or modification of orders must be submitted to Smith System in writing. In some cases a cancellation fee may be charged if raw materials, work in progress or special products are involved. All tops are made to order.

PRICES

All prices are ex works; Carrollton (zip code 75006), Texas. Prices are subject to change without notice. Freight charges for shipments are prepaid and added to the invoice.

For delivered pricing or delivered and installed pricing, Smith System produces a price book based on shipping zone.

TERMS

Invoice terms for credit accounts are NET 30 days. Orders are invoiced on day of shipment. New customers and international customers are cash in advance.

Smith System accepts school purchase orders and credit cards. Credit cards are accepted for first order only at standard discount. Smith System accepts Visa, MasterCard or American Express.

QUICK SHIP/SHIPPING LEAD TIMES

There are 16 Quick Ship laminate colors, 6 chair shell colors and 8 bumper edge colors. Frame color availability is specified on the catalog page. Quick Ship lead time for 40 bumper edge tables and 40 chairs is 5 business days plus transit time, though this may extend during the busy summer season. Please call for specific availability. If the product components are in stock, they will ship as soon as possible. Non-Quick Ship lead time is 8 to 12 weeks from the time of your order, and may extend to 16 to 20 weeks for non-standard product. Call Smith System with questions.

Shipping date is confirmed by acknowledgement 24-48 hours after receipt of purchase order. Every attempt will be made to meet that shipping date. However, it is subject to change without prior notification. Smith System reserves the right to discontinue products and change product specifications and prices. We do not pay for split shipments.

DELIVERY

Shipments are sent prepaid with charges added to the invoice. Product shipping weights are for product only. LTL shipments are sent on pallets. Pallet weights will be added to total weight for LTL shipments. Standard LTL shipments do not include inside delivery. Inside delivery is available. Inside delivery requests need to be on the order and appropriate freight charges will be added. Some products can ship FedEx. For orders that ship FedEx, inside delivery is included in freight charges. Smith System will determine the mode, method and carrier which meet the best delivery criteria.

FREIGHT

Do not refuse freight because of damage or shortage. All merchandise is packed to comply with carrier requirements. For your protection all shipments should be carefully inspected by the consignee before acceptance. The delivering carrier should be requested to record on the delivery receipt any damage to goods or cartons at time of delivery. Also, any shortages should be noted on the delivery receipt. If further damage is found after delivery, immediate inspection by the delivering carrier must be requested. The delivering carrier must be notified at once of concealed damage. All cartons and merchandise must be held for inspection. Carrier liability ceases after 10 days (5 days for YRC).

Smith System will assist customers at all times to obtain claim settlement, but the consignee must take the necessary steps to obtain the proof of loss and damages. If customer selects freight carrier, customer is responsible for any freight damage claims. NOTE: Carriers are not responsible for damage or shortage after the delivery receipt is signed without a damage or shortage notification.

Smith System delivers to all 48 continental states. All orders delivering to other states and international locations are ex works Carrollton (zip code 75006), Texas.International freight quotes are available upon request and do not include taxes, duties, or customs brokerage.

CHARGE BACKS

The tare weights and dimensions listed are estimated; therefore Smith System will not be responsible for freight costs associated with these variances. LTL Shipments go on pallets, weights vary.

RETURNS

All products are made to order and are not returnable. Initiation of a returnable item must begin within 14 days of delivery. Smith System will be unable to accept an item not reported within this time period. No goods will be accepted for return without prior authorization. Agreed returns will be subject to 30% restocking charge, plus any return carrier charges. Any unpacked, used or assembled item will not be considered for return.

WARRANTY

Smith System has a Limited Lifetime Warranty. Scan QR code for complete details, or visit our website: https://smithsystem.com/about-us/warranty/

Smith System indoor furniture is 100% UL Greenguard Gold Certified For Children and Schools Certified℠ on our complete product line with the exception of butcher block.

HON FULL LIFETIME WARRANTY INFORMATION

693

FULL LIFETIME WARRANTY

YOUR HON FULL LIFETIME WARRANTY

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON shall repair or replace with comparable product (at HON's discretion), free of charge.

WHAT'S COVERED BY THE HON FULL LIFETIME WARRANTY?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by the HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year, Full 10-Year, and Full 5-Year Warranties (from date of purchase).

HON'S FULL 12-YEAR WARRANTY

- Electrical components (lamps and ballasts are not covered)
- 4-Way Stretch Mesh
- Seating controls
- Pneumatic Cylinders
- Wood Seating
- Accessories
- Laminate Surfaces

HON'S FULL 10-YEAR WARRANTY

- Coordinate™ Height Adjustable Bases (HHATB)

HON'S FULL 7-YEAR WARRANTY

- Coordinate™ Legacy Bases (HHAB and HREC)
- Workwall Markerboard Glass Tiles

HON'S FULL 5-YEAR WARRANTY

- All LED task lights
- Panel and seating textiles
- Mesh not branded/marketed as '4-Way Stretch Mesh'
- Coze™
- Between™ Multi-Purpose Table
- Acoustic Solutions by Unika Vaev
- Mod

HON'S FULL 1-YEAR WARRANTY

- Acrylic Screens

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

IS ANYTHING NOT COVERED?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12-, 10-, and 5-year warranties. These exclusions are:

- All HON products that are covered under a separate 5-year warranty.
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of the user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which are to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.
- Damage caused by cleaning chemicals.
- Dye transfer caused by external contaminants (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible.
- Fabric pattern match seat to back or chair to chair. If pattern match is needed, please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions with questions.
- Storage Digilocks come with a 2-year warranty.

WARRANTY REQUESTS OR QUESTIONS?

Your HON Dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800.833.3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

A WORD ABOUT PURCHASES FOR HOME OR PERSONAL USE

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

HON LIMITED 5-YEAR WARRANTY INFORMATION

694

HON®

LIMITED 5-YEAR WARRANTY

The HON Company promises to repair or replace HON products or components covered under this warranty that are found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still owns it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to the products listed here manufactured after January 1, 2018.

LIMITATIONS:

- Upholstery on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

EXCLUSIONS:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by The HON Company.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

SEATING USAGE

Normal commercial use for seating is identified as the equivalent of a single shift, forty-(40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

A WORD ABOUT COLOR VARIATIONS, FABRICS AND FINISHES:

The HON Company does not warrant the color-fastness or matching of colors, grains or textures of covering materials.

CUSTOMER'S OWN MATERIAL (COM)

Not available on HON products covered under the HON 5-year warranty.

TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

NOTICE TO PURCHASERS FOR HOME OR PERSONAL USE:

Federal law does not permit the exclusion of certain implied warranties for consumer products. Therefore, if you are purchasing this product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.

TO OBTAIN SERVICE UNDER THIS WARRANTY:

Your HON® Dealer is our mutual partner in supporting your warranty requests. By following the procedures outlined below, you can be assured of the best level of service. Please note: Consent of The HON Company must be obtained before any warranty work is performed. To obtain consent, please take the following steps:

1. Contact the Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm that you are the original purchaser of the product and to provide the serial number(s) from the product in question.
2. Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact a HON Company customer service representative. (Please allow a reasonable amount of time for inspection and review.)
3. If The HON Company affirms that the product in question is eligible under the conditions of the warranty as stated above, the customer service representative or another representative of the Company will determine whether to provide replacement parts, authorize repairs or replace the product.

ORDERING INFORMATION

ORDERING

Electronic ordering is the standard order process for HON. HON supports the following primary methods for the electronic transmission of orders and order related documents:

Electronic Ordering
Available in the HONReady portal at honready.hon.com. There are multiple options available for processing orders electronically.

Integration with the standard Office Furniture business systems or other pre-approved proprietary software packages.

SIF file upload using fully optioned SIF files into the electronic ordering applications.

Manual entry of line items into the electronic ordering application.

EDI-System to System Integration
With standard Office Product systems or other pre-approved proprietary software systems.

Training, technical set-up and support is available through our Dealer Operations Team at honready@honcompany.com.

ORDER REQUIREMENTS

- Customer must provide complete and correct information, including complete model number, finishes, colors, options, and quantity.
- If a bid quotation or other special pricing applies, such information must be clearly stated on the order with applicable bid number or contract number.
- Order Management contact name and phone number.
- Delivery Appointment contact name and phone number at the dealership or installation company. HON does not accept orders with end user appointment contacts.
- Dealer Sales Representative, primary or multiple DSRs.
- "Best Date Available" for the entire order is standard service for HON. If eligible, other Date Requests may be requested and must be submitted with the order. Other Date Requests are subject to review by HON prior to acceptance:
  - "Ship After" requests are eligible on all order sizes
  - "Deliver On" requests are eligible for full truckload orders
- Additional services outside of HON's standard services may be available through HON's 'Enhanced Services' for a corresponding fee. Requested services from 'Enhanced Services' must be provided at time of order placement.
- Failure to provide complete and accurate information results in delayed order entry and acknowledgment. Incomplete orders will not be produced and will be returned to Dealer for correction.

ACKNOWLEDGMENT SERVICE

- E-mailed acknowledgments are available by customer request.
- An acknowledgment will be emailed the morning of the next business day, unless order is placed on credit or other order hold.
- The order will not receive an acknowledged shipment date until all order holds are released.

ORDER CHANGES OR CANCELLATIONS

For Order Changes or Cancellations, please contact Customer Support at 800-833-3964.

TERMS AND CONDITIONS

See ***HON NOW*** on **honready.hon.com** for more information about HON NOW delivery, services and ordering information.

HON DESIGN SERVICES

696

HON DESIGN STUDIO

Need design assistance? We can help! Our expert design staff will create a professional design package that is sure to put you one step ahead of the competition. And the best part is – it's free!

AUDIT

We will check your drawing and parts list for accuracy. We verify quantity, specification accuracy, product compatibility and structural support.

DESIGN

We will provide a professional design package including a 2D furniture plan, renderings, and complete parts list based on the rough sketch and project information you supply.

CONSULTATION

A 1:1 meeting will be scheduled where we will provide guidance on product positioning, answer specification questions, and recommend value engineering opportunities.

CONTACT HON DESIGN SERVICES

Questions? Please reach out to your region's dedicated designer. Not sure how to reach your designer? Send us a note at the email below.
E-Mail: integrateddesign@honcompany.com

Project Space

A place for all HON Project Services

Project Space provides one platform to access the full portfolio of HON services including:

- Design
- Audit
- Product Modification
- Special Laminates
- Consultation
- Customer's Own Material
- Dual Fabric Applications
- Special Paints
- Project Bid Pricing

Submit your request on the Community powered by HNI, Projects.

Project lead time expectation is 3-5 business days, depending on scope of work.

TAILORED SOLUTIONS ORDERING INFORMATION

PRODUCT MODIFICATIONS

Modifications include structural and dimensional modifications to existing product and Dual Fabric Applications, when standard model is not available.

The HON Company, at its own discretion, may modify standard products to meet specific needs. Product specials can be requested on HON brand product only.

List prices contained in published list pricers are for standard catalog items only. Changes or alterations to catalog items other than those listed as catalog options are subject to additional charges. Pricing will only be furnished upon approval of the special request.

Requests to have the product produced in more than one fabric (e.g., fabric on the seat is different than the fabric on the back), are considered a Dual Fabric Applications request and follow the Product Modification request process within the Community.

SPECIAL LAMINATES

Special laminates include requests for laminates not available as part of The HON Company's standard offering. Requests for special laminates are subject to manufacturing approval and minimum order quantities. The HON Company approved special laminates will be subject to a designated upcharge per unit.

Requests for special laminates should be submitted through the Community. Pricing will only be furnished upon approval of the special request.

SPECIAL PAINTS

- The HON Company's paint matching equipment can match almost any color, excluding some metallic and whites.
- Special paint requests must be submitted on the Community.
- In order to request a paint sample, the customer must have a minimum order of 10 like product units. Any requests with less than that amount will not be processed.
  - For each new paint request, there will be a $250 net charge. A sample of the exact color desired is required for matching and approval. The HON Company will match the color and provide a production sample for the customer to review and approve.
- Once written approval is received by The HON Company, the request will be approved.
- Each unique color or finish combination incurs a designated upcharge per color per order (all standard discounts/competitive project pricing applies).

Special note: Some special colors could fall outside of this program due to production costs or not meeting The HON Company's quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and refuse some orders on colors that cannot meet The HON Company's high-quality standards. The HON Company will notify the customer upon completion of The HON Company's evaluation if a change in price is required or rejection of the order.

DISCONTINUED PRODUCT

Requests for discontinued product require engineering evaluation, safety review, and testing to current standards prior to approval. Many discontinued products are not available for order. Requests for discontinued products should be submitted through the Community.

LEAD TIMES FOR SPECIALS PRODUCT

Lead times on orders containing specials are subject to production capacity and material availability. When possible, the customer should order special products separately to avoid extended lead times for standard products. Extended lead times will be noted on Compass.

CHANGES TO SPECIALS PRODUCT

A special model will be provided for each approved special item to process orders. Once an order is placed, no changes or cancellations can be made to the order without approval from Tailored Solutions.

CONTACT TAILORED SOLUTIONS

Phone: 800.833.3964 and listen for Tailored Solutions offering on the menu.

Email: HONSpecials@honcompany.com

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

698

CUSTOMER'S OWN MATERIAL (COM) PROGRAM

Customer's Own Material (COM) is a request to use fabrics not available as part of HON's standard fabric offering. Manufacture to Supply (MTS) and Dealer to Supply (DTS) are the two ordering methods. The HON Company has partnered with fabric manufacturers to provide competitive pricing and selection through the MTS program. MTS will be the standard offering unless The HON Company is unable to procure the fabric. If there is a DTS request submitted, The HON Company will advise at the time of the request if DTS is available.

CUSTOMER WARRANTY EXCLUSION

The HON Company shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspects of the COM.

The HON Company shall have no liability for any damages, injuries, or losses to the customer or to any third party that shall be caused by any COM or product modification, and the customer shall hold The HON Company harmless for all liability.

The HON Company assumes no responsibility for the overall appearance, flammability, normal durability, colorfastness, or any other quality of the COM or product modification after its application on a HON product beyond normal quality standards. The HON Company reserves the right to reject a COM fabric if the quality of the COM is not satisfactory for the product. Should this occur, the customer will be notified with an explanation of the issue.

The HON Company is not responsible for fabric that has become obsolete at the COM supplier, that is of poor quality, or that is delivered late to The HON Company from the COM supplier. The HON Company is not responsible for excess yardage created by DTS orders or yardage not attached to an order and reserves the right to dispose of the excess fabric.

As a standard HON does not pattern match any standard, partnership or COM fabric, therefore pattern match is not applicable under warranty. If pattern match is needed please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions once your COM has been approved.

COM TESTING

As a result of recent legal requirements, The HON Company will need to obtain specific information from the fabric supplier about treatments and chemicals used in the fabric. To the extent the supplier is unwilling or unable to provide the necessary information, which could extend the testing lead time of the request.

To check if a COM has been tested previously, utilize the COM Search Tool on the HON Ready Portal > Design Resources > Textiles & Finishes section using the following information:

- COM Supplier's Name
- Fabric Pattern Name
- Color Name
- If the COM fabric has been tested and previously approved, the COM will not need to be re-tested unless testing standards have changed, fabric is to be used on a different series, or direction of the fabric has changed from what was previously approved. Please note that Panel product must be approved for each model and color.
- If the pattern has previously been tested and approved, but not in the specific requested color, the customer will need to request an order code for that color only. No further testing will be necessary since the pattern has already been approved.

If the fabric has not previously been tested, the customer must enter the COM request on the HON Ready Portal > Textiles & Finishes > COM Search Tool.

Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. The testing process takes approximately 48 hours.

COM yardage in the pricer is shown as pattern cut only.

COM TESTING — FLAMMABILITY TESTING INFORMATION

The customer is responsible for ensuring that the COM fabric is certified to meet all flame-retardant requirements. All COM seating fabric must, at minimum, meet CAL 117 requirements. If the customer requires the chair be tested to meet the fire safety standards of CAL 133, additional testing and information is required.

MTS COM

As previously mentioned, MTS is the primary COM method.

If the COM fabric has not been tested, a COM request must be submitted on the HON Ready Portal.

For MTS orders, The HON Company will procure fabric needed for production. Should The HON Company not be able to obtain fabric yardage, the customer will be contacted.

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

699

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code for MTS. That tracking code is required on the order in place of the standard fabric code.

If approved, MTS product will be assigned an appropriate fabric grade for pricing. The pricing can be found on the HON Ready Portal > Design Resources > Textiles & Finishes. (All standard discounts/competitive project pricing applies).

Written COM price quotes are valid for 90 days after the issue date.

DTS COM

DTS COM is only available if the COM fabric cannot be procured by The HON Company. If the fabric can be procured by The HON Company, the customer will be contacted to switch to MTS or cancel the request.

If your fabric is not listed as approved, and it is not a Partnership fabric you may request a "Dealer to Supply" code. Select the "Request COM Test" link on the COM Search website. Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes approximately 48 hours.

If the COM has not been tested, a COM request must be submitted on the HON Ready Portal > Design Resources > Textiles & Finishes.

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code. That tracking code is required on the order in the place of the standard fabric code.

DTS product is priced at the following grades (all standard discounts/competitive project pricing applies):

- Chairs are a Grade 4
- Panel product is a Grade D

Written COM price quotes are valid for 90 days after the issue date.

COM LEAD TIME

Ship dates will be based on fabric receipt and The HON Company's standard lead time. All fabric must be properly tagged and shipped to the appropriate producing location (provided in the approval email).

- Specific to DTS orders, COM orders will not receive a ship (acknowledged) date until The HON Company has the fabric in its possession for production.
- Specific to DTS orders, the customer may send the required yardage for the order to the address listed on the approval email to arrive no sooner than 4 weeks in advance of the acknowledgment date.

HON will make every effort to locate mis-directed COM shipments on behalf of the customer. However, The HON Company will not be responsible for any COM received without a tracking number or incorrectly shipped by the fabric vendor to an incorrect producing facility.

COM ORDERING INFORMATION

The following information must appear on or accompany the product purchase order:

- Approval tracking number and the customer's purchase order number
- COM supplier, pattern, and color name/number

The packing list for the COM must include the following information when The HON Company receives the shipment for production:

- Dealer or Wholesaler Name
- Purchase order number submitted to The HON Company
- Fabric name
- Yardage shipped
- Approval ordering code

Specific to DTS orders; the customer should send only the amount needed for the order. Excess yardage or yardage not tied to an order will be disposed of at The HON Company.

CHANGES TO COM PRODUCT

Once a COM product is ordered, no changes or cancellations can be made to the COM product without approval from the HON COM team.

CONTACT COM TEAM

Phone: 800.833.3964 and listen for COM TEAM offering on the menu.

COM Email: HONCOMTeam@honcompany.com

PARTNERSHIP TEXTILE INFORMATION

700

Partnership Textiles is the result of The HON Company's partnership with textile industry leaders Camira, HBF Textiles, Maharam, Momentum, Stinson, and Ultrafabrics, LLC. The extensive collection of design-driven textiles create a superior offering at a great value. Partnership Textiles significantly updates HON's offering, expanding it with fresh and exciting options.

- Fabric Warranty: Partnership Textiles are covered by HON's Full Lifetime Warranty.
- Lead Times: Orders specified with Partnership Textiles will be acknowledged based on the supplier's availability and delivery schedule.
- Availability: The HON Company will regularly introduce new Partnership Textiles and reserves the right to change the offering at any time.
- Fabric Cards: A curated set of Partnership Textiles are carded jointly by HON and the supplier.

Ultrafabrics: (877) 309-6648

HON BRANDED, PARTNERSHIP AND COM PATTERN MATCH

- Pattern matching provides alignment of patterns or stripes across individual chair surfaces. Additional yardage may be required depending on pattern repeat. If Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.
- Chair to Chair Pattern Match provides identical pattern alignment from unit to unit and is available with an upcharge. Chair to Chair Pattern Match is reviewed on a case by case basis as several factors are reviewed to determine additional yardage required, including repeat and pattern direction. If Chair to Chair Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.

Current Manufacturer List Pricing Applies.

PAINT PROGRAM

The HON Company has established paint grades to allow customers flexibility and ease in doing business with HON. HON has three paint grades P1, P2, and P3.

P1 PAINT COLORS

HON has established P1 paints which are available on a majority of core products.

P2 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P2 paints. P2 paints are listed in the pricer pages under the column P2. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

P3 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P3 paints. P3 paints are listed in the pricer pages under the column P3. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

SPECIAL PAINT COLORS (P4-P6)

With The HON Company's state of the art color matching equipment just about any color can be matched, excluding some metallic and whites. A sample of the exact color desired is required for matching and approval.

- For each newly requested paint, a net fee of $250 will be charged to cover costs associated with the matching process.
- For existing, previously matched paints, there is no matching fee, however there is a $100 net fee for sample panels required for the approval process. Refer to MyProjects on the HON Portal for a list of approved special paints.

For all special paint requests, HON will send a production sample for the customer to review and approve. Once the signed paint sample is received at HON the order can be entered. Upcharges vary by product (all standard discounts/competitive project pricing applies). A quantity of 10 like-model minimum order is required for special paints. For complete program details, access Tailored Solutions on the HON Ready Portal at honready.hon.com.

Some special colors could fall outside of this program due to production costs or not meeting HON quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and deny some orders on colors that cannot meet our high-quality standards. We will notify the customer upon completion of our evaluation if a change in price is required or if the request is denied.

HON
OPEN LINE LAMINATE PROGRAM

702

The Open Line Laminate (OLL) program makes it even easier for a customer to tailor their HON product for a custom look. Select HON furniture products accommodate hundreds of graded-in high-pressure laminates (HPL) from the leading laminate manufacturers' open lines.

Laminates that are currently available in the program can be viewed in specification tools.

Requests to add laminates to the standard specials program can be submitted through the CET Specials Integration tool as well as Community.

Matching edge options are not available offered for laminates in the OLL program. When selecting a laminate please select an edge option from the HON standard offering. If a matching edge is required a modification request can be submitted through the CET Specials Integration tool as well as Community.

The OLL program is available with the following HON products and series:

- Abound® Hard-Surface Tiles
- Birk™ Tables
- Build™ Tables
- Coordinate™ Worksurfaces
- Gallery Panels
- Huddle Tables
- Preside® Tops
- Sculpt™/Occasional Tables
- SmartLink® Value Teacher Desk
- Systems Worksurfaces
- Tangram™
- Universal Screens

Due to manufacturing techniques, materials, quality issues of varying laminates, and minimum order quantities, some product exclusions will apply and some requests may be declined.

Extended lead times may apply on orders containing special laminates.

Contact the Tailored Products Group for questions or additional information regarding pre-approved laminates and pricing.

HON
Phone: 888-255-7833, Option 4.5
Email: HONSpecials@honcompany.com

For edgeband recommendations from the HON standard offering, please email the HNI Workplace Colors, Materials, and Finishes team at honfinishes@honcompany.com.

For laminate samples, please contact the manufacturer directly:

ENVIRONMENTAL STATEMENT

We continually reevaluate our purpose and processes, from fostering transparency and circularity in our supply chain to empowering our members to do and be better. We do it so the environments you create will be safer, more socially responsible, and more sustainable.

We've pursued product certifications to help communicate our commitment to developing sustainable products.

Clearing the air.

In 2006, The HON Company became one of the first office furniture manufacturer to have products certified under the Indoor Advantage™ program. Virtually all manufactured products emit chemical compounds into the air. Indoor Advantage™ certification helps assure customers that certified products will help improve the air quality within their offices and workspaces.

Developed by SCS Global Services, Indoor Advantage™ evaluates products against indoor air quality standards, like ANSI/BIFMA Furniture Emissions Standard, M7.1/X7.1 and CDPH Standard Method v1.1. The ANSI/BIFMA X7.1 standard allows manufacturers to test individual components, as well as complete products for emissions from volatile organic compounds (VOCs). This allows us to identify problematic materials and phase them out of our products.

Indoor Advantage™ certified products meet the LEED and WELL criteria for low-emitting materials.

Indoor Advantage™ offers two levels of certification, including Indoor Advantage™ and Indoor Advantage™ Gold.

On the LEVEL®.

LEVEL®, the certification program for the BIFMA e3 Sustainability Standard, was developed in response to increasing demand for proof that manufacturers were living up to their environmental claims. LEVEL® is a multi-attribute sustainability certification label for products that have met criteria in four categories of impact: Materials, Energy and Atmosphere, Human and Ecosystem Health, and Social Responsibility.

HON's products are certified to LEVEL 2 and LEVEL 3, the highest achievement. BIFMA LEVEL 2 and LEVEL 3 certified products can contribute to LEED and WELL projects.

Evaluating Our Impacts.

HON has begun studying the impacts our products have on the environment through lifecycle assessments and creating Environmental Product Declarations (EPDs). EPDs provide an understandable report of a product's environmental impact throughout its life cycle; including raw material extraction and processing, product assembly, distribution and use, and end-of-life.

Products that meet these specifications are identified throughout this publication with the following icons:

Certified SCS Indoor Advantage™

LEVEL® certified to the BIFMA e3 Sustainability Standard

Environmental Product Declarations

704

HON NOW™

SUPERIOR OFFICE SOLUTIONS AT THE SPEED YOU NEED

To keep your business at peak productivity, waiting is not always an option. The HON NOW™ Quickship program was designed for movers and shakers like you who want exceptional quality, durability, and versatility without compromising valuable time. Whether you're outfitting a brand new workspace or simply expanding the one you already have, we've got a variety of dependable and supportive office furniture solutions designed to fit your needs and your schedule — in a hurry, without the hassle.

To learn more, visit hon.com/hon-now.

GSA CONTRACT INFORMATION

Model numbers identified with the verbiage **"Open Market"** are not offered on HON's GSA contract GS-27F-0015S. Model numbers identified with the following verbiage "Must be purchased with a configurable end product. If ordered separately, not on GSA contract" is to mean that these configurable components or options:

- Have no functionality or capability without being integrated into an end product, and
- Are not separately orderable; an eligible Schedule ordering activity may only purchase them with a configured system that is on contract.

GSA/FEDERAL CONTRACT INFORMATION

Model numbers identified with the following verbiage "When purchased separately without a configurable TAA compliant end product, not on GSA contract" is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

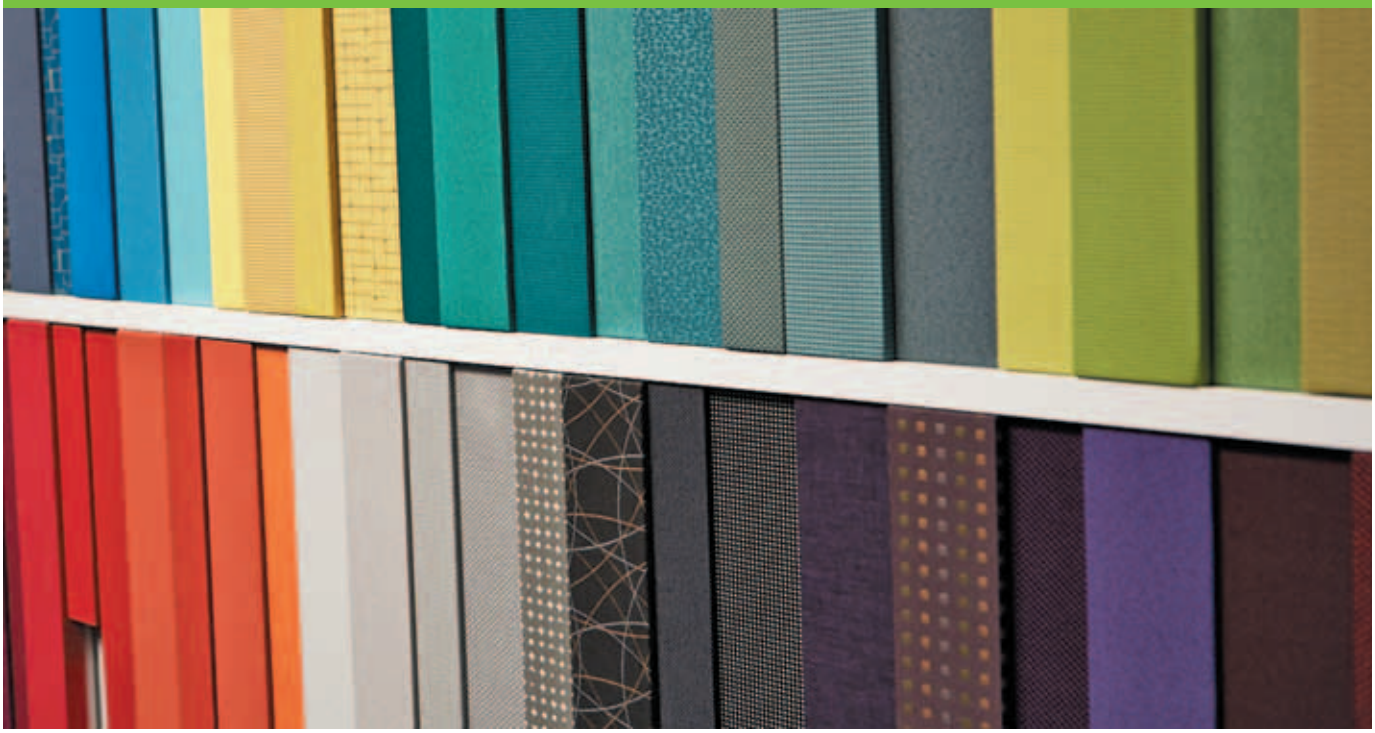
LEGEND

THE FOLLOWING ICONS MAY BE USED THROUGHOUT THIS PUBLICATION

- Meets or exceeds ANSI/BIFMA and ISTA performance standards
- Certified SCS Indoor Advantage™ See page 17 for more details.
- Complies to the BIFMA e3 Sustainability Standard. See page 17 for more details.
- Caution
- Easy to assemble
- Shippable by small-package carrier
- Wheel-chair compatible
- Soft-tread caster option available
- HON "One Key" Interchangeable core removable locks (see the Accessories section in the 2024 Workspaces Pricer).
- Omit core removable lock option available. Allows keyed alike workstations (see the Accessories section in the 2024 Workspaces Pricer).
- Base models available on the HON NOW Quickship Program with select options and finishes. View the entire NOW collection at honready.hon.com.
- Readily Available. For additional lead time information see page 21.
- Available within a "standard" or "extended" lead time. For additional lead time information see page 21.
- May have extended lead times. For additional lead time information see page 21.
- Product shipped two to a carton
- Product shipped four to a carton
- Fire Code
- Core Product Line
- ColorCorrect® Eligible Product
- Product scheduled for discontinuation. See page 6 for details.
- **DE-EMPHASIZED:** Product or fabric/surface material is de-emphasized. Not carded.
- Warranted for multiple shift use, 24 hours a day 7 days a week

FABRIC PATTERNS & CODES



FABRIC PATTERNS & CODES

- For additional HON to Supply COM fabric grade pricing, go to **honready.hon.com** and search on the HON to Supply COM link.
- All specifications in this publication are based on the latest product information available at the time of print.
- Certain dyes (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible. The HON Company LLC does not assume responsibility for dye transfer caused by external contaminants.
- COM Ordering Information and pricing on page 13.
- See page 14 for Partnership Textile program information.
- All standard fabrics are carded. Cards are available through HON Literature Fulfillment.
- Fabrics and foam meet requirements for CAL-TB 117-2013.

! Different fabrics and finishes have different recommended cleaning and maintenance methods. For the correct product care for all finishes view the HON Product Care guide at **hon.com/customer-support/product-care**.

LEAD TIMES

THE FOLLOWING ICONS ARE USED TO DENOTE FABRIC OPTION LEAD TIMES

FABRIC/FINISH LEAD TIME INDICATOR

Fabric is readily available. Products using these fabrics will receive the best available product lead time and are a good option for standards programs as they will be in the HON portfolio for several years. Go to **honready.hon.com** and use **Compass** for product lead times by series.

Fabric is available within standard lead times. Products using these fabrics will receive a “standard” or “extended” lead time. The lead time will be determined by the combination of product and fabric. Go to **honready.hon.com** and use **Compass** for product lead times by series.

Fabric may have extended lead times. Products using these fabrics will typically have a 4+ week lead time. Go to **honready.hon.com** and use the **Compass** tool for product lead times by series.

HON EXPRESS QUICK SHIP PROGRAM

For the full list of products delivered in 5 business days or less, visit **honready.hon.com**.

PRODUCT LEAD TIMES

Standard lead times for products are between 2-4 weeks. For current exceptions to our standard lead time, go to **honready.hon.com** and use the **Compass** tool.

In order to establish accurate expectations for your project, please review this listing prior to submitting your purchase order.

Lead time calculation begins when order is free from any holds (i.e., bad lines, material, credit, etc.).

Please note, these production lead time estimates do NOT include delivery time. All published lead times are estimates, not guarantees of delivery.

For further information concerning lead times, please contact HON Customer Support via email **HONTeamBox@honcompany** or by phone at **800-833-3964**.

Arrange® Tables shown with Ignition® Multi-Purpose Seating.

ARRANGE®

Non-traditional workspace? Transform it with Arrange tables. Ideal for cafés and other collaborative spaces, Arrange tables are available in seated, counter and standing-heights, and can accommodate anywhere from two to eight people. With four tabletop shapes and more than 40 different finish options, you can create a unique and usable space that brings people together.

FEATURES

- Simple, clean design coordinates nicely with other HON furniture.
- The traditional x-base can be updated with a disc shroud.
- Tables come with optional cord grommets and outlets to accommodate a wide range of technical needs — or none at all.
- Aluminum bases are durable, long-lasting and lightweight, making it easy to move and rearrange floor plans.
- Laminate surfaces are durable and resist scratches, spills and stains.

Birk™ Tables shown with Flock® Seating.

BIRK™ TABLES

Why complicate matters when you can keep it simple? Offering a modern, minimalist design, Birk tables have a look that's as streamlined as its specification process. Whether you're looking for something well-rounded or think it's hip to be square, Birk is there for you with a variety of top shapes, sizes, and table heights. It's the support system you need to help people come together, collaborate, and socialize — anywhere.

FEATURES

- Ideal for informal meeting spaces and hospitality areas.
- Modern, minimalist design makes it easy to match a variety of styles.
- Designed for use with HON chairs, stools, and soft seating.
- Five different base heights outfit a variety of spaces.
- Five unique top shapes and sizes coordinate seamlessly with any surrounding aesthetic.
- The personal table is light in scale and gives people the ability to take notes and work in a lounge setting.

Flock® Tables and Seating.

FLOCK®

Great things happen when people come together, and Flock Collaborative Tables create the places that help make that possible. Quiet corners. Vibrant communal areas. Beautiful, comfortable spaces where clean lines and distinctive geometric design improve productivity and inspire big ideas. Choose from a variety of mix-and-match shapes and sizes to design spaces where your Flock will flourish.

FEATURES

- Flock Tables coordinate seamlessly with Flock Seating to support collaborative areas in any workplace.
- Choose from Square, Round, Rectangle, or Racetrack shaped table tops.
- Table bases available in multiple heights and styles.
- Add convenient options like integrated power, cord grommets, and tablet pedestals, and Flock is ready to work.
- Configurable and scalable, Flock Tables offer smaller footprints to better fit compact spaces.

Huddle Tables shown with Motivate® Seating.

HUDDLE

These sturdy, versatile tables link and unlink to quickly transform a space. Temporary workstation? Done. Impromptu conference table? Easy! Training session? No problem. Huddle helps you maximize time and square footage — not costs. And for today's businesses, that's a nice change of pace.

FEATURES

- 1⅛″ thick solid core top is made from durable high-performance particleboard.
- Heavy-grade, warp-resistant particleboard tops and bases withstand heavy activity.
- Mobile nesting base option lets tables fold up and roll away until you need them.
- Choose wiring and power options so Huddle tables are ready to work when you are.
- Modesty panels offer the added level of privacy your employees want.
- Two edge profiles in over 20 colors and patterns to accommodate differing tastes.
- Height adjustable laptop table offers a mobile, personal table for working anywhere.

Specification guide for IQ Electrical on Huddle tables

Determine table width, the type of power access being used (3″ grommet or 4x8 pop-up) and the desired number per table (Columns 1, 2 or 3). The table will then identify the type and quantity of components needed per table along with the maximum table run. Note that this is in addition to the Power base in-feed which is needed for each run. For example, a 48″W table with two 3″ power grommets per table will require (1) HQH5-3 harness and (1) HQH1-3 harness per table with a maximum run of four tables.

Top Width	**POWER ONE (1) PER TABLE** 3″ ROUND POWER GROMMET		**POWER TWO (2) PER TABLE** 3″ ROUND POWER GROMMETS		**POWER ONE (1) PER TABLE** 4x8 POP-UP PORT	
36″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
42″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
48″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
54″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
60″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
66″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
72″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
84″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(2) HQH5-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
96″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(2) HQH5-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
Half-Round (all sizes)	(1) HQH1-3	**2** Tables Maximum	N/A	N/A	(1) HQH5-P	**2** Max Table Run
Trapezoid (all sizes)	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run

NOTES:

- Interlink IQ Electrical is a pluggable, single circuit electrical system.
- All electrical models include wire management clips and hardware.
- Interlink IQ Electrical is non-sequential/non-directional. It can be installed in any direction.
- Interlink IQ Electrical is UL Recognized as a Powered Table System and meets the requirements of UL 962.
- For compatible Interlink IQ Electrical solutions, see page 244.

! 40′ maximum run, or no more than 8 units, whichever comes first. Interlink IQ system will automatically shut off if maximum requirements are exceeded. Maximum run is based upon electrical harness width, not table width.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be "daisy-chained" together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together
- For compatible 4-Trac Electrical solutions, see page 246.

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC) + Data Grommet (ex: HGRMTDATA) + Cable Trough (ex: HCTROUGH17) — Optional Accessories

Steps for Electrical Specifications:

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

Occasional Tables shown with Ceres® Seating.

OCCASIONAL TABLES

Durable materials and construction make HON Occasional Tables ideal for high-traffic areas such as lobbies, reception areas and lounges. The versatile design also dresses up any corner of the executive office where casual, but important, conversations are held. Use them to hold lamps, magazines and more. They're available in 14 woodgrain, patterned or solid color laminates to coordinate with any decor.

FEATURES

- A high-quality solution for any organization wanting to make a great impression on clients and visitors.
- Scratch-, spill- and stain-resistant laminate stands up to heavy use.
- Heavy-grade, warp-resistant particleboard features high recycled content.
- Complement many interiors and furniture designs.
- Brings people together comfortably in reception areas, lounges and offices.

	**Cube Table** 24″W x 24″D x 20″H	**H80180**	55	8.6	**$1025**

NOTES:

- Durable material and construction make laminate occasional tables ideal for high traffic areas such as lobbies, reception rooms and lounges. Versatile design is also well suited to private offices.
- Coffee, Corner and End Tables feature top-over-apron styling with square corner detail, which complements many interiors and furniture designs, including the 10500 Series.
- Tables accommodate lamps, magazines, plants, laptops and more.
- Tops are abrasion- and stain-resistant laminate over 1⅛″ thick solid core high-performance particleboard.
- Cylinder and cube tables have recessed black plinth base with tack glides. Tops and sides are covered with high-pressure laminate.

MOTIVATE®

Want to see more? Scan here to check out hon.com.

Motivate® Tables, Chairs, and Markerboard.

MOTIVATE®

Motivate tables were designed with flexible spaces in mind. Work patterns can change throughout the day. Task areas become collaborative areas. Learning areas become conference areas. Created for HON by designer Wolfgang Deisig, Motivate tables are mobile, lightweight and ready to support the many ways you work — adapting and reacting to your needs with ease. Because flexible spaces make for dynamic workplaces.

FEATURES

- 1⅛″ thick solid core top is made from durable high-performance particleboard.
- Motivate Tables are available in three base options — fixed, nesting and height adjustable.
- Optional modular power can be ganged together without any tools.
- Motivate Tables coordinate perfectly with Motivate chairs — an ideal fit for flexible spaces.
- Add a mobile presentation cart or markerboard for increased function and productivity in your workspace.
- Available in multiple top shapes, edge types, and bases with a variety of laminate and paint finish options.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be “daisy-chained” together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together
- For compatible 4-Trac Electrical solutions, see page 246.

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC) + Data Grommet (ex: HGRMTDATA) + Cable Trough (ex: HCTROUGH17) — Optional Accessories

Steps for Electrical Specifications:

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

NOTES:

- Specification includes top and base, however, top and base are boxed separately.
- Ergo edge is a bullnose on user side and 3mm on all other sides.
- Tops are 1⅛″ thick.
- Fixed Height base is standard 29½″ seated-height.
- See grommet matrix on page 243 for grommet location/placement.
- 36″-42″ tops and all half-round and trapezoid tops standard with one 3″ round grommet, 48″-96″ tops standard with two 3″ round grommets. When G1 grommet is selected, all tops standard with one cutout.
- For compatible 4-Trac Electrical solutions, see page 246.
- For compatible Interlink IQ Electrical solutions, see page 244.

NOTES:

- Ergo edge is a bullnose on user side and 3mm on all other sides.
- Tops are 1⅛″ thick.
- Specification includes top and base, however, top and base are boxed separately.
- See grommet matrix on page 243 for grommet location/placement.
- 36″-42″ tops and all half-round and trapezoid tops standard with one 3″ round grommet, 48″-96″ tops standard with two 3″ round grommets. When G1 grommet is selected, all tops standard with one cutout.
- For compatible 4-Trac Electrical solutions, see page 246.
- For compatible Interlink IQ Electrical solutions, see page 244.

PRESIDE®

Want to see more? Scan here to check out hon.com.

Preside® tables and bench shown with Flock® guest seating.

PRESIDE®

Whether you're craving social interaction or breaking away for some "me time", Preside tables support the work activities you need to get it done. Versatile enough for touchdown spaces, meeting rooms, and even cafés, Preside offers everything from a contemporary light-scale vibe to a more classic aesthetic. Add in optional power for a dynamic table collection that lets you work your way.

FEATURES

- Preside offers a complete line of conference accessories, including presentation cabinets, hospitality and more.
- Optional flip-top and pop-up ports provide options today and for future data and power needs.
- Scratch-, spill- and stain-resistant laminate will look great for years to come.
- Add a splash of color to Preside using Colorwav™ paints to brighten any space.
- Enhanced aesthetics with power management options to keep the workspace tidy and looking its best.

Specify Preside tables with two steps—select a top and select a base.

1. Select desired top size, shape, and edge profile.

Multi-piece Tops:

Multi-piece tops are made of 108″, 120″, 144″ and 168″ two-piece "starter-sections" in rectangle, boat, arc end, or racetrack shapes in 42″, 48″, or 54″ depths. For tables up to 20′, models are preconfigured for you. If you need a table top longer than 20′, add as many 72″ adder sections as you need. The examples below illustrate preconfigured sizes as well as how starter section and adder section tops can be used to create tables in virtually any length. **Please note that 2-piece tops, in woodgrain colors, will not have exact grain alignment in the center where the two halves meet, a reasonable match can be expected. For tops utilizing an adder section, there will not be a grain match for those pieces.**

Preconfigured and Modular Size Examples

	Feet	Inches	Ex. Top Starter Section	Quantity	Adder Section	Quantity	Total Number of Top Sections
Preconfigured Sizes	9′	108″	HTLC48108	1	n/a	n/a	2

PRESIDE® SPECIFYING INFORMATION

770

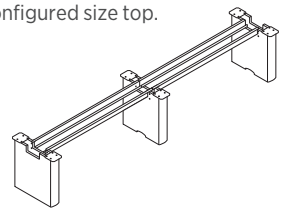
2. Select desired base style and identify model that coincides with top length.

Bases for Tops in Preconfigured Sizes

Bases include the appropriate number of supports for tables up to 20′. Simply identify the length of the table top in inches and specify the base with the same length in the model number. The example below illustrates how to select a base for a preconfigured size top.

Examples of Base for Preconfigured Top Size

Example top: HTLC48240 Top Description: 240″ Rectangle Top
Example base: HTLHP240 Base Description: Hollow Panel Base for 240″ Top



Example: HTLHP240

Bases for Tops in User Configured Modular Sizes

If you need a table top longer than 20′, add as many 72″ adder section bases as needed. The examples below illustrate preconfigured sizes as well as how starter section and adder section bases can be used to create tables in any desired length.

Examples of Tops and Bases for User Configured Modular Top

	Feet	Inches	Ex. Top Starter Section	Quantity	Ex. Top Adder Section	Quantity	Ex. Base Starter Section	Quantity	Ex. Base Adder Section	Quantity	Total # of Top Sections

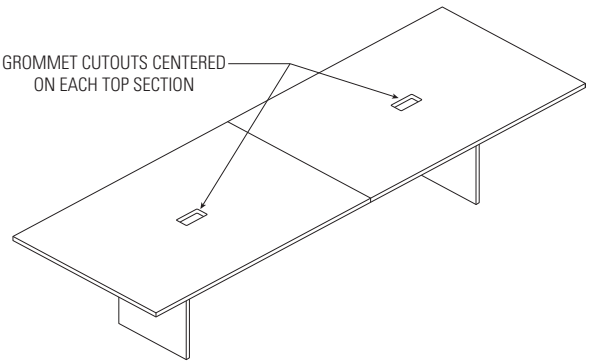
Base Model Descriptions

HTLP = Panel Base
HTTLEG = Aluminum T-Leg
HTLHP = Hollow Panel Base
HTLCUBE = Cube Base
HTLCUBES = Standing-Height Cube Base
HTLR = Cylinder Base
HTLRC = Wire Management Cylinder Base
HTYLEG = Footed Y-Leg Base
HTALEG = Angled Leg

PRESIDE® Grommet Cutout Placement

Tops specified with a grommet cutout get one cutout per section of top, centered in both directions. Cutouts do not include blank or powered inserts. Inserts must be specified separately.

- For compatible 4-Trac Electrical solutions, see page 246.
- For compatible grommet solutions, see page 249.



Upcharges for grommet cutouts ($17 per G cutout, $44 per G1 cutout, $55 per G2 cutout)

M = Mid-section Adder

! Adder section cannot be used as stand-alone table. Only long edges are finished.

NOTES:

- Tops with E and G edge details feature durable laminate tops over solid core high-performance particleboard. Tops with J edge feature an MDF core.
- Tops with E edge detail have 3″ radius corners. All other edge details have 90 degree corners.
- See page 85 for number of cutouts for each table top size.
- See page 246 for compatible 4-Trac Electrical solutions and 249 for compatible grommet solutions.

! See pages 77-82 for top and base compatibility.

NOTES:

- Tops and bases are sold and shipped separately.
- Bases ship with appropriate number of supports for table width. See page 84 for details.
- Standing-Height Cube Bases are 39″H.
- Laminate cube and cylinder bases for tops 108″W and greater feature dual aluminum support beams with integrated wire management.
- Cube bases feature removable door to allow access to cables and enable wire routing.
- Standing-Height Bases feature a hinged door for easy access and for cable routing through the base.

! Seated Cube Base and Cylinder Base require 150 lbs. of sand or other ballast in each base for stability (not supplied). Standing-Height Cube Base does not require additional ballast.

! For Base and Top compatibility, see base information on pages 77-84.

NOTES:

- Tops and bases are sold and shipped separately.
- HTXLEG and HTXLEGSH allow wires to pass through the center of the leg.
- Grommet cutouts not compatible with Footed Café X-Base and Footed Café X-Base with Casters.

Footed Café X-Base with Power allows wires to pass through the center of the leg except when using power compatible with a G2 cutout.

Cannot specify grommet cutouts in top when using footed X-base and footed X-base with casters. Utilize footed X-base with power for situations where power/grommet cutouts are needed.

See pages 77-82 for top and base compatibility.

96″W x 42″D	**HTLC4296HCTFPL**	299	44.7	**$2418**	**$2465**

NOTES:

- Maximum of 2 ganging tables can be used together. However, different widths may be combined to optimize your space (i.e., 60″W left-hand and 96″W right-hand can be combined).
- Ganging tables ship with all required hardware and light gap filler strip for use between the two partial legs.
- Tops feature 2mm flat edge.

! Tables with partial and full modesty panels always feature cutout in modesty panel to accommodate grommet inserts in the top. However, top cutout is optional. Wire management is not included in legs.

Lock available in Black (P) or Satin (SA) finish. Lock is core removable. Keyed alike cores must be ordered separately. For stack-on and wall mount storage with locking hinged doors, specify model HF27B (Black) or HF27S (Satin) and the key number, see the Desks section in the 2024 Workspaces Pricer. Model HNL1548LL has one lock, which secures two of the three doors.

NOTES:

- Preside® tables pair well with Concinnity™ Wall Mounted Storage to create a complete conference or collaborative layout.
- Convenient off-the-worksurface storage requires no additional floor space.
- Available with laminate doors, frosted/silver doors, or sliding door.
- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For tackboards, see the Desks section in the 2024 Workspaces Pricer.
- For task lights, see the Desks section in the 2024 Workspaces Pricer.
- For paper organizers, see the Desks section in the 2024 Workspaces Pricer.
- **IMPORTANT: See installation guidelines in the Desks section in the 2024 Workspaces Pricer.**

SCRAMBLE™ OCCASIONAL TABLES

Want to see more? Scan here to check out hon.com.

Scramble™ Coffee Table shown with West Hill™ Casual Lounge Seating.

SCRAMBLE™

For every tablet, coffee mug, or notepad there's a need for an occasional table. Don't scramble to find an open meeting room when you can move to where relaxed productivity happens whether it's a lounge, commons, or nook area. Designed to coordinate with any of HON's soft seating lines, Scramble occasional tables fit in any space you need to work comfortably.

FEATURES

- Select from Soft Rectangle, Soft Square, and Round top shapes.
- Multiple size ranges available from side to large coffee tables.
- Coordinate with any of HON's soft seating series to create a space that works.
- Angled hardwood legs with metal stretcher bars provide a mid-century feel.
- Assorted leg and stretcher bar finishes available to match any aesthetic.
- Match the style of any space, with laminate tops including both flat and knife edges, as well as premium back-painted glass tops.

SCULPT™

Want to see more? Scan here to check out hon.com.

Sculpt™ Tables shown with Mav™ Chairs.

SCULPT™ TABLES

Sophisticated and subtle, HON's Sculpt™ collection is a breath of fresh air in any busy office space. Designed to be adaptable and customizable, these occasional and personal tables enhance the productivity of shared spaces while providing a multifunctional hub for a variety of needs, both individual and collaborative. And with a variety of elegant finishes, tops, and heights — plus layering and power capabilities — Sculpt™ is the ideal surface solution for lounges, touchdown spaces, private offices, and more. Make your space work with Sculpt™.

FEATURES

- Customize your office aesthetic with a variety of top shapes, heights, and elegant finishes.
- Find flexibility with both collaborative and single-use capabilities.
- Stay powered up with an integrated personal device holder.
- Enhance the beauty of your environment and offer a fresh perspective with Sculpt™ planters, designed to bring soothing nature into the workplace.

Build™ Student Desks and Tables shown with SmartLink® Seating and Storage.

BUILD™

Inspiring the next generation takes a higher degree of mobility and hands-on learning. The Build™ series, an educational product collection of tables, student desks, and seating, is lightweight, durable, reconfigurable, and customizable. Build encourages creativity and adaptability so students can support collaboration and social interaction or create personal space for focused study time. Build supports the movers and shakers, the hands-on doers, and the leaders who crave creativity. The future of education takes shape with Build.

FEATURES

- 15 table shapes and 6 student desk shapes make reconfiguration fun and easy.
- In addition to all standard HON laminates, Build tops are available in bright, bold laminates and a dry-erase markerboard finish to enhance any learning environment. Or try Butcher Block tops on Makerspace tables.
- Table legs are available in multiple height adjustable ranges and nesting bases to accommodate different user applications.
- Adjustable height student desk legs accommodate any students in K-12 grades and beyond.
- The durable Makerspace table features à la carte storage accessories and allows you to keep a creative space clean, organized, and customizable.

NOTES:

- Laminate top is 1⅛″ thick and features 3″ radius corners.
- Butcher Block top is 1½″ thick and features 1½″ radius corners with ⅛″ radius around entire perimeter of top.
- Butcher Block tops will naturally feature variation between tops due to the nature of the real wood finish. Constructed of natural Birch wood, no two tops are exactly alike. Top is coated in a clear polyurethane finish for maximum durability.
- Both laminate and Butcher Block tops include threaded metal inserts for easy base connection. This also allows for easy base removal and reconnection if table needs to be moved through standard doorways.
- Up to 4 SmartLink® bins will fit between lower foot rails on standing-height table if desired. Applicable on counter height and standing height tables.
- HEBBXRL is not compatible with Makerspace tables.

Class-ifi™ shown with Build™ Makerspace Tables and Stools.

CLASS-IFI™

Every student and teacher deserves multifunctional, durable, and efficient organizational solutions that go the distance no matter what the subject. Class-ifi™ — a dynamic, effortlessly mobile education storage collection — is designed to maximize space, promote flexibility, and inspire creativity at any age or learning level. Today's education environments have discovered a more holistic approach to organization and kinesthetic learning, and that means more choices and smarter logistics. With its dynamic, multifunctional design, straightforward mobility, and exceptional organization capabilities, Class-ifi™ encourages healthy movement throughout the day and defines a variety of organizational and learning hubs for every student at every level. Make your space work with Class-ifi™.

FEATURES

- Choose from two panel options (Accessory End or Solid End), depending on your needs.
- Maximize your mobility with casters.
- Organize any size learning space with single- and double-sided bookcases and cubbies.
- Color your world with a variety of metal and laminate finish options.
- Reach for the stars or keep things at ground level with multiple height options.
- Open up your world with easy-access doors (also available without doors).
- Stash your stuff safely by adding a handy tote to any locker, tote storage, or Teacher Command Station (optional).
- Amp up your accessibility with Fuse™ accessories for all storage units, including hot file, side saddle, and bag hooks. (All work with slotted end planes.)
- Get a lift with a handy locker hook.
- Offer more options with a 1H bookcase or cubby that can be utilized as a seat.

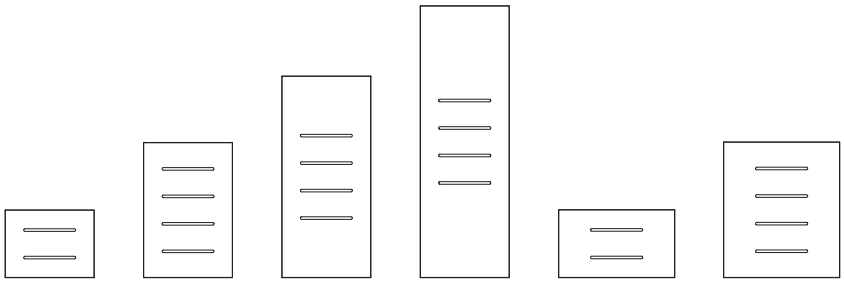
ACCESSORY END PANELS

Every cabinet type is available with either solid or accessory-compatible end panels. 1H cabinets feature two horizontal slots per side, while 2H, 3H, and 4H cabinets feature four.

Compatible accessories for these slots are specified separately, see page 163.



Current Manufacturer List Pricing Applies.

Confetti™ Floor Lounge.

CONFETTI™

Every educator wants their classroom to celebrate individuality, energize ideas, and inspire imaginations. Organic, fluid environments are essential to the physical and emotional comfort of every young learner — and Confetti™ Floor Cushions and Lounges pass every test with flying colors! These comfortable, portable seating solutions encourage young learners to sit where they please, gather with ease, and stay connected and creative in their own way — from the first day of school to the last. With soft foam support and integrated handles for easy portability, Confetti™ allows students to navigate the classroom in their own way to create a safe, stress-free learning environment. Make your space work with Confetti™.

FEATURES

- Maximize student mobility with integrated handles for easy portability.
- Create comfortable support with soft foam seating.
- Get a lot (or just one) — floor cushions are sold separately or in packs of 8.
- Keep things tidy with a floor cushion cart, designed to organize and store seating when not in use — plus, this handy solution fits under tables, so you'll save valuable floor space.
- Choose from an array of colorful fabric options.

Roll Call™ shown with SmartLink® Student Seating and Desks, and Class-ifi™ Storage.

ROLL CALL™

Healthy, connected classrooms are never at a stand-still. To stay flexible and functional, today's learning spaces need solutions that can move anywhere, anytime. Roll Call™ — HON's light scale, easy-to-use lectern — allows students and teachers alike to adjust, administer, and engage with ease. With ample height adjustability and smooth caster mobility, Roll Call™ encourages young minds and educators to create an imaginative environment that's all their own. Make your space work with Roll Call™.

FEATURES

- Open up your options with a pneumatic cylinder and hand lever that allows for easy height adjustment (between 28½″-43½″).
- Maximize your mobility (or stay put!) with 4 casters that move with you or lock in place, depending on your needs.
- Spread out with a 24″D x 30″W worksurface, designed to hold everything from lesson books to laptops.
- Rely on the exceptional durability of an easy-to-clean laminate surface.
- Backed by The HON Company's Full Lifetime Warranty.

SmartLink® Student Seating and Desks, Teacher Desk, and Storage.

SMARTLINK®

Show of hands — who loves long lectures? Today's classroom is more hands-on and collaborative, involving group interactions that better stimulate learning. That's why we've done our homework in the design of SmartLink. This collection of lightweight and mobile desks, chairs, storage, and presentation tools earns high marks by being easy to arrange and rearrange, keeping active minds and bodies fully engaged.

FEATURES

- Put teachers in control of their storage, technology and environment.
- Worksurface shape supports creative configurations.
- Designed to the unique ways students sit and move throughout the day.
- Organize lesson plans and make the most of unused wall space.
- Move educational tools wherever the activities demand.
- SmartLink chairs warranted for users up to 300 lbs.

SMARTLINK® SPECIFYING INFORMATION

862

STEP 1

Choose a grade range to find the recommended SmartLink® desk and table height.

Recommended space from chair seat to underside of table is 8″-11″							
Seat Height	6″	12″	14″	16″	18″	24″	30″
Table Height	14″	22″	24″	27″	29″	36″	42″
Pre-K							
Kindergarten - Grade 1							
Grade 2 - 4							
Grade 5 - 12							

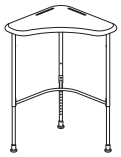
STEP 2

Pick the SmartLink® model that meets the student height needs.

Model: HLDV-M3A
Adjustable Height
23″-33″ Height Range

Use the color-coated circles in the chart on the right to find a compatible chair.

Model: HLDV-M3F
Fixed Height
30″ Fixed Height



Model: HLDV-M3T
Sit-to-Stand
30″-43″ Height Range

STEP 3

Determine the suggested chair height within your desk size range.

Desk Height		Chair Seat Height	Type of Chair
22″	●	12″	4-Leg, Cantilever or Task
23-24″	●		
25-27″	●	14″	
28-29″	●	16-18″	
30″	●○●	18″	
31-33″	●○	22-24″	Stool
34-41″	○	24-31″	
42-43″	○	30-32″	

SMARTLINK® SPECIFYING INFORMATION

Individual Layouts

- The non-handed top allows the desk to be positioned to better support right-handed or left-handed individuals or be used in a forward position.

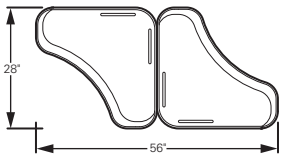
LH Position

Forward Position

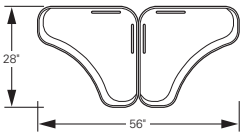
RH Position

Group/Collaborative Layouts

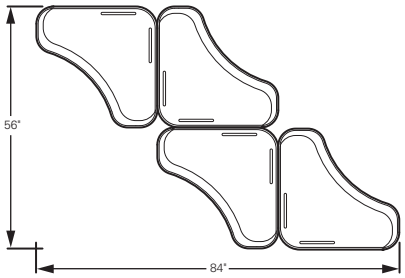
Below are examples of how the student desks can be configured to support multiple students or group activities.



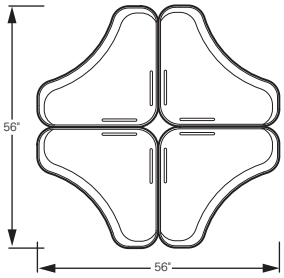
Student Desk
2-Desk Configuration



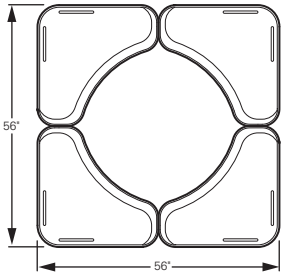
Opposing Student Desk
2-Desk Configuration



Student Desk
4-Desk Configuration



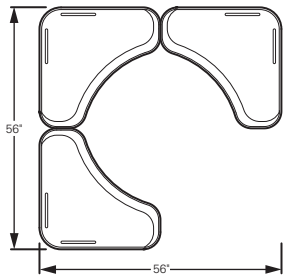
Student Desk
4-Desk Cluster Configuration



Student Desk
4-Desk Work Group Configuration
Can accommodate up to 8 students

Teacher Centered Layouts

- Reverse the layout and use the student desks to create layouts for teacher centers that can accommodate up to 6 students.
- 23⅝″ distance between legs when used from either side.



Teacher Centered Layout

Standard Row Layout

While a variety of classroom configurations are possible, a standard row layout shown below with 25 student desks utilizes a footprint of 199″ deep by 284″ wide. A 30 student desk row layout (5 rows deep by 6 rows wide) will require a footprint of 199″ deep by 348″ wide.

These dimensions are based upon 36″W aisles. Actual dimensions should be based upon local building codes.

SMARTLINK® SPECIFYING INFORMATION

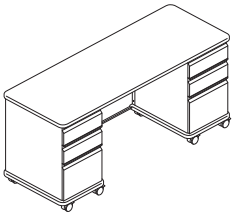
864

TEACHER STATION

SmartLink®

The following planning and specifying information is intended to help you imagine and create stimulating SmartLink classrooms that can integrate technology while helping rooms stay adaptable, organized and attractive. SmartLink offers you everything you need to create flexible, clutter-free learning environments for students of all ages.

Teacher Station – Double Pedestal with Modesty Panel

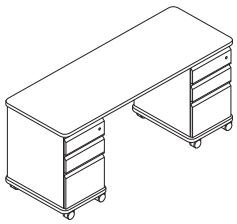


HLTV2466TMOD-33

Storage

- Box/box/file pedestal is always standard for both the left and right handed side of the desk. Pedestals are locking.
- Available kneespace is 33¼″W x 20″D for all models.
- Non-locking Center Drawer (HD8X) may be field installed in the kneespace. Tops are pre-drilled to accept the drawer.
- Center drawers and CPU holders cannot be installed together.

Teacher Station – Double Pedestal



HLTV2466T-33

- Larger top size provides ample work/conference area or space for equipment.
- Standard with Heavy-duty 3″, 360-degree swivel + locking casters.
- Storage options include: Locking box/box/file.
- Modesty specified separately.
- Power modules can be ordered separately and mounted to the desk. See Power & Cable Management page 247.

Teacher Station – Single Pedestal with Modesty Panel

HLTV2466TMOD-3

Storage

- Single pedestal desk available in Left-hand or Right-hand. Right or left handedness determined when installing in the field.
- Pedestal options include Box/Box/File locking.

Teacher Station – Single Pedestal

HLTV2460T-3

- Standard with Heavy-duty 3″, 360-degree swivel + locking casters.
- Storage options include: Locking box/box/file.
- Right or left assembled in the field.
- D-shape top encourages conferencing and provides ample work and conference area.
- Modesty specified separately.
- Power modules can be ordered separately and mounted to the desk. See Power & Cable Management page 247.

SMARTLINK® SPECIFYING INFORMATION

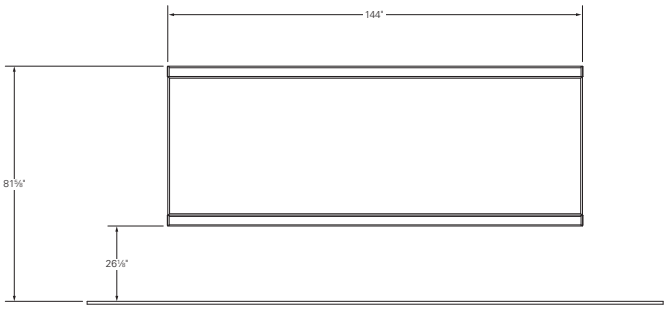
WALL RAIL SYSTEM

The SmartLink® wall rail is a multi-layered, multi-functional system that can accommodate a variety of presentation boards and accessories. The multiple tracks allow boards to be easily positioned and changed to support today's interactive learning environments.

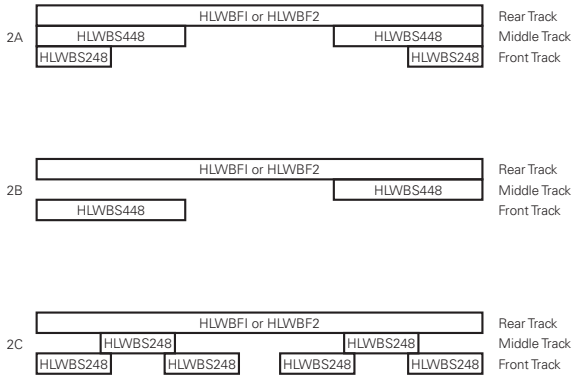
Planning Notes

- Installation of the wall rail system over existing white or chalkboards is not recommended.
- The rail and wall bracket provide three separate tracks for the Learning boards. The REAR or wall/bracket track is occupied by the fixed wall board. The MIDDLE and FRONT tracks are for sliding boards.
- To allow for greater utilization of the rear fixed board a maximum width of 96" of sliding boards on the middle or front track is recommended.

The illustration below shows the overall wall space requirements for the rail system and recommended mounting height for use in K-12 classroom applications.



Sliding boards are removable and reversible so a wide variety of layouts are possible. The following illustrations highlight a couple of the more common applications. Layouts 2A and 2B provide the greatest amount of board space and overall flexibility. When used with rail mounted worksurfaces, use 24"W boards on the front rail as shown in 2C in front of each worksurface to provide information specific to that work area. Boards could then be added to the middle rail for information/work to be shared between the stations.



Specification Notes

- Boards are specified individually.
- Hardware to mount to the wall brackets is not provided by HON and MUST BE SOURCED LOCALLY.
- Learning board only applications require two (2) HLWR-12 rails to be specified.
- REFER TO PRODUCT INSTALLATION INSTRUCTIONS FOR DETAILED INSTALLATION INFORMATION.

SMARTLINK® Series Student Desks

	NOTES: The cross-brace is installed to maximize kneespace but will not allow for book box (HLDA-15) installation. The cross-brace orientation can be switched in the field to allow for book basket install.						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Lower adjustable legs ship unattached for field installation. Pricing shown is per carton. Ordering two of model HLDV-M3F will result in 2 cartons being shipped, giving you 4 desks.						
	**Student Desk, Adjustable Height** 28″W x 28″W, User side 36¼″W Adjustable: 23″-33″ height adjustment range. **Hard Plastic Top**	**HLDV-M3A**	59	12.5	**$769**	**$769**	**$802**
	NOTES: Accepts book box (HLDA-15) installation without repositioning crossbar.						
	Student Desks are ordered and shipped two (2) desks per carton. Upper leg and cross-brace ship attached. Lower adjustable legs ship unattached for field installation. Pricing shown is per carton. Ordering two of model HLDV-M3A will result in 2 cartons being shipped, giving you 4 desks.						
	**Student Desk, Sit-to-Stand** 28″W x 28″W, User side 36¼″W Adjustable: 30″-43″ height adjustment range. Leg height is set during field installation. **Hard Plastic Top**	**HLDV-M3T**	61	15.3	**$1094**	**$1094**	**$1116**
	NOTES: Accepts book box (HLDA-15).						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Pricing shown is per carton. Ordering two of model HLDV-M3T will result in 2 cartons being shipped, giving you 4 desks.						
	**Rectangle Student Desk, Adjustable Height** 20″W x 26″D Adjustable: 23″-33″ height adjustment range.	**HLDV-MRECT2026A**	57	9.19	**$769**	**$769**	**$802**
	NOTES: Accepts book box (HLDA-15) installation without repositioning crossbar. Lower adjustable legs ship unattached for field installation.						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Pricing shown is per carton. Ordering two of model HLDV-MRECT2026A will result in 2 cartons being shipped, giving you 4 desks.						

NOTES:

- Upper leg is painted, lower leg standard chrome finish on Adjustable Height models.
- Non-handed desk top constructed of ¾″ hard plastic.
- Hard plastic tops include pencil grooves.
- Nylon swivel glides are standard on adjustable and fixed leg models.
- Fixed Height models ship fully assembled. Adjustable models have the upper leg and cross-brace installed. The lower leg ships unattached for field installation.
- 29.60″ distance between legs on user side. Outside distance between legs is 23⅜″.
- Accepts optional backpack hooks (HCLA65).
- Book boxes are only available as an accessory for field installation on Series desks.

SPECIFICATION TIP: Consider available kneespace when specifying under desk storage Metal Book Box. Available kneespace will vary significantly given set desk height. Use the following example to calculate the available and usable kneespace.

EXAMPLE: HLDV-M3A Student Desk, HLDA-15 Metal Book Box

(user set desk height – top thickness – seat height = available kneespace)
(29″H – 1″ thickness – 18″ seat height = 10″ available kneespace)
(available kneespace – book basket/box height = usable kneespace)
(10″ available kneespace – 5″ basket height = 5″ usable kneespace)

Field installed felt glide caps (HGDK3-F) are recommended for use on VCT flooring.

All Student Desks are ordered and shipped two (2) desks per carton. Ordering two of any model will result in 2 cartons being shipped, giving you 4 desks.

Storyline™ shown with SmartLink® Seating, Build™ Tables, & Confetti™.

STORYLINE™

Libraries and media centers aren't just for study halls and research anymore — they're the heartbeat of the school. These once basic spaces have shifted to thoughtful, holistic community hubs designed to inspire not just students, but anyone who wants to connect and create. Storyline — a versatile bookcase collection that offers organic movement and customized learning zone options — is an open book when it comes to inspired synergy in shared spaces. Whether it's an early morning reading circle, a mid-afternoon small group project, or an evening town hall meeting, Storyline bridges the gap between people and places.

FEATURES

- Utilize 18″H bookcases as both storage and a seat.
- Single-sided bookcases and bistro tables utilize steel back to accept magnets.
- Case and shelf constructed using 1⅛″ laminate for durability and longevity.
- Cases ship fully assembled. Casters and shelves installed on site.

	30″H	**HESWCD30**	203	59.4	**$3090**	**$155**	**$155**	**$309**	**$618**
	42″H	**HESWCD42**	268	79.1	**$3400**	**$170**	**$170**	**$340**	**$680**

NOTES:

- 18″H units can be used as seat.
- Bookcases available in both glides or casters.
- Casters are locking casters that are recessed under the bookcase.
- Shelves ship disassembled and will be installed on site.
- Shelves are adjustable. Screwdriver required for adjustment.
- Shelves are adjustable in 1¼″ increments.
- Double-sided units come with gussets for added rigidity. Gussets color will match paint selection.
- Double-sided units come with metal septums.
- See page 197 for overall dimensions of bookcases.
- Units specified with glides will match height of units specified with casters.

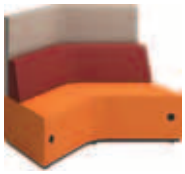
Tangram™ Seating.

TANGRAM™

Tangram™ soft seating is the shape of things to come in education spaces. With 27 easily configurable shape and size options, high- and low-back models, and tiered seating, it offers the ability to create custom layouts that breathe new life into unconventional learning environments distinctive to each student. And with its single or multi-fabric options, rainbow of color choices, and playful aesthetic, this solution puts the "fun" in functional.



FEATURES

- Ottomans, In-Line Tables, Story Steps, and Modular units can be used together.
- Story Steps can be combined to create multiple-level learning layouts.
- Available in high- or low-back models.
- High-back models create a quiet space without losing sight lines for educators.
- In-Line Tables provide durable, easy to clean worksurfaces with optional integrated power.
- Flexible brackets allow units to be ganged together.
- Metal bases keep upholstered parts off the ground for easy cleaning.
- Stay connected with optional built-in power.
- Adjustable glides.
- Proportionately designed to fit K-12 students.
- Poufs and Ottomans offer additional seating.
- All models ship fully assembled in one carton.
- Available in a wide range of cleanable fabrics.
- Multi-fabric option — seat, back, and screen can be specified in different fabrics.
- Bistro-back models encourage additional ways to sit comfortably and offer an easily cleanable laminate surface for high-traffic daily use.
