Tempered safety glass provides smooth writability with unparalleled erasability. White glass is low iron, which greatly reduces the green cast of regular glass, providing a more true white coloration.

Durable steel backing allows the board to accept rare earth magnets.

Compatible with any dry erase or wet erase marker, grease pen, etc. and easily cleans without ghosting or staining.

Can be hung horizontally or vertically.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Concealed mounting devices
- Glass accessory tray, set of rare earth magnets, and eraser cloth

Options

- Available in multiple standard sizes
- Customizable graphics available
- Customizable color available

Rapport Basic Series Glass Wall

Transform your old whiteboards and walls with the new Rapport Basic Series Glass Wall panel system. Rapport is engineered to incorporate the best qualities of magnetic glass markerboards with a modular full wall whiteboard ensemble.

Rapport will modernize and elevate your walls instantly with smart style and functional whiteboard space, ideal for communication, collaboration, and creativity. Create a user-friendly and inviting room-sized presentation surface.

Tempered safety glass is suited for use in any environment, from industrial to classroom and everything in between. Steel-backed glass accepts rare earth magnets.

Glass is available standard in gloss white, gloss black, or in any of our seven Hierarchy glass colors. Create one sleek monochrome wall, or mix and match for a custom appearance.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Note: Because of the construction of the glass boards, there is no way to accommodate cut outs for outlets or light switches. Please take this into consideration when planning your glass wall mounting locations.

Standard Includes

- Stainless steel mounting standoffs along the top
- Full-length aluminum accessory tray along the bottom
- Set of rare earth magnets and eraser cloth

Options

- Available in multiple standard sizes
- Available in gloss white, gloss black, low iron white (upcharge applies), or any standard Hierarchy glass color (see p. 16 for swatches)

Interactive Projector Board

For the best interactive projector surface and the most durable whiteboard, choose the Interactive Projector Board as your ultimate multifunction board.

Widescreen dimensions support the most popular sizes of projected images at diagonal dimensions of 84.9" (4'H × 6'W), 106" (4'H × 8'W), 111.6" (5'H × 8'W) and 132.6" (5'H × 10'W), plus many custom sizes available.

The special construction of the board provides the flatness required for the best performance of your interactive projector, with a flatness guarantee <3mm across the board surface. This allows the board to be used on carts or walls, still achieving the projector manufacturer's flatness requirements.

The surfaces are engineered to minimize visual strain from anywhere in the room, making them ideal for spaces that are exposed to ambient light. Magnetic surface provides even more versatility, and the low profile aluminum Brio trim is a modern addition.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Trimmed with low profile anodized aluminum trim with plastic corner pieces
- Extra durable and thick substrate prevents board from warping, providing a flatness guaranteed for the best performance with your interactive projector

Options

- Available in multiple standard sizes
- Custom sizes available
- Available in standard gloss white porcelain or low gloss white porcelain surfaces

Interactive Projector Board + Whiteboard System

Take advantage of the full breadth of your classroom or training room with the flexibility, functionality, and superior quality of projection steel whiteboard system designed specifically for the updated technology and changing needs of the modern classroom.

This three board bundle gives you full use of the front of the classroom or training space for interactivity.

All surface materials are optimized for smooth writing, clean erasing, and clear projection.

The central board has specially designed and constructed board flatness for compatibility with interactive projectors.

Flanking boards offer full width use of the ultra-durable porcelain whiteboard surface, or side notation while projecting.

Magnetic porcelain steel surfaces guarantee true long life and erasability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Standard Includes

- Trimmed with low profile anodized aluminum trim with plastic corner pieces
- Extra durable and thick substrate on interactive projector board (center) prevents board from warping, providing a flatness guaranteed for the best performance with your interactive projector
- Side boards finished with standard porcelain steel whiteboard

Options

- Available in multiple standard sizes
- Custom sizes available
- Available in standard gloss white porcelain or low gloss white porcelain surfaces

Combination Board (All-In-One)

All-in-one boards combine porcelain steel markerboard and natural cork tackboard into one durable and versatile unit. Ideal for any classroom or other learning environment.

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Fifty year limited warranty on porcelain steel. Ten year limited warranty on tackboard. SCS Indoor Advantage Gold Certified.

Technical Information - Porcelain Steel

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Technical Information - Natural Cork

- Natural cork surface offers excellent resiliency and tack holding properties.
- The cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- The 1/16" thick 100% natural cork layer is permanently bonded to a 7/16" thick layer of insulation board.

Standard Includes

- Anodized aluminum trim with 7/8" profile and hairline mitered corners
- Full-length tackable map rail with Colored Cork insert
- Full-length accessory tray with rubber Dura-Safe® end caps

Options

- Available in multiple standard sizes
- Custom sizing available
- Available with screen printed permanent graphics
- Available with upgraded sheet aluminum backer

Combo-Rite Boards (Modular)

Modular boards combine porcelain steel markerboard and Vin-Tak tackboard into one durable and versatile unit. Ideal for classrooms, the surfaces can be changed or replaced when worn or damaged, saving time and money.

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Fifty year limited warranty on porcelain steel. Ten year limited warranty on tackboard. SCS Indoor Advantage Gold Certified.

Technical Information - Porcelain Steel

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Technical Information - Vin-Tak

- The 1/16" thick vinyl fabric layer is permanently bonded to a 7/16" thick layer of insulation board.

Standard Includes

- Anodized aluminum trim features easy to use H-channels to attach panels together, also enabling easy disassembly for panel replacement
- Writing surfaces include a full-length tackable map rail with Colored Cork insert
- Writing surfaces include a full-length accessory tray with rubber Dura-Safe® end caps

Colored Cork Tackboard - Aluminum Trim

Colored Cork Tackboards feature colorful and durable Forbo® linoleum, produced from natural and renewable raw materials.

A combination of oxidized linseed oil, rosin and finely ground cork gives this board its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

The natural self-sanitizing quality of linoleum inhibits contaminants for a low maintenance board. The surface does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments.

Surface is self-healing and colored throughout to ensure colorfastness and eliminate fading. The board material retains its grip and doesn't crumble like traditional soft boards as the tack holes close after extraction of the pins.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Colored Cork surface is made with Forbo® linoleum permanently adhered to a moisture-resistant substrate.
- Colored Cork meets ASTM E-84 (Fuel Contribution) – Class B and NFPA 253 (Critical Radiant Flux) – Class II ratings.
- Not susceptible to build-up of electrostatic charges, is self-healing, and reduces light reflections.
- Resistant to bacteria and to diluted acids, solvents, and other materials.

Standard Includes

- 1/4" Colored Cork material over 1/4" rigid and moisture-resistant substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Available in multiple standard and custom colors (see p. 16 for swatches)

Vin-Tak Tackboard - Aluminum Trim

Fabric-backed vinyl over lightweight substrate makes an economical and attractive tackboard. Easy to clean surface. Vinyl is treated to resist the growth of odor- and stain-causing microbes.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Vinyl tackboards are fade-resistant and are easily cleaned with common detergents and water.
- The vinyl covering meets or exceeds all requirements of Federal Specifications CCCW-408A Quality Standard for Vinyl Coated Fabric Wallcovering CFFA-W-101A, and the Standard Classification of Wallcoverings by Durability Characteristics of ASTM-F-793-82 for the type and category classified, including 24 hour cleanability tests based on ASTM method D1308.
- The vinyl is treated with an antimicrobial to resist the growth of mildew and bacteria.

Standard Includes

- Layer of vinyl fabric over 7/16" insulation board substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available

Technical Information

- Vinyl tackboards are fade-resistant and are easily cleaned with common detergents and water.
- The vinyl covering meets or exceeds all requirements of Federal Specifications CCCW-408A Quality Standard for Vinyl Coated Fabric Wallcovering CFFA-W-101A, and the Standard Classification of Wallcoverings by Durability Characteristics of ASTM-F-793-82 for the type and category classified, including 24 hour cleanability tests based on ASTM method D1308.
- The vinyl is treated with an antimicrobial to resist the growth of mildew and bacteria.

Standard Includes

- Layer of vinyl fabric adhered to 1/8" natural cork surface over a 3/8" rigid and durable substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

- Available in multiple standard sizes
- Custom sizing available
- Available in multiple standard colors (see p. 17 for swatches)

Fab-Tak Tackboard + Aluminum Trim (331AX)

Durable and non-fraying fabric over a lightweight tackable substrate creates an economical and attractive tackboard. Polyolefin fabric is washable and unaffected by most common household chemicals, salts, and cleansers. Fabric is also treated to resist the growth of stain- and odor-causing microbes, and is available in three colors.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Fabric consists of 100% woven Polyolefin with a latex backing.
- Tested by an independent laboratory against standards for upholstery fabrics set by the National Association of Furniture Manufacturers.
- Washable and unaffected by most household chemicals, salts, and cleansers.
- Vacuuming or light brushing is recommended to prevent dust and soil build up.

Standard Includes

- Layer of polyolefin fabric over 7/16" insulation board substrate
- Anodized aluminum trim with 7/8" profile and hairline mitered corners

Options

Platinum Mobile Reversible Board

Get up to twice the functional space of a wall-mounted board with a versatile and mobile Platinum Mobile Reversible Board.

Boards are double-sided and available in a variety of surface combinations, including porcelain steel magnetic markerboard, Dura-Rite® HPL dry erase markerboard, and tackable natural cork.

Panel is trimmed with modern anodized aluminum, rotates 360° on a pivot hinge, and locks into place with the turn of a knob.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Includes full-length accessory tray and stabilizer bar with perforated pattern
- Base features rounded bumpers to protect walls
- Includes 3" locking casters

Options

- Available with a panel size of 40" × 30" (ships UPS), 4' × 5', 4' × 6', or 4' × 8'
- Available in multiple surface material combinations
- Custom surfaces available

Ogee Curved Easel

The curved whiteboard surface on the Ogee Curved Easel maximizes the use of the writing surface while giving it a sleek high end design look.

Surface measures 72"H × 36"W. Curved bottom makes writing on the lower portion of the board easier.

Middle storage tray also functions as a handle to easily move the Ogee around wherever it's needed. Great for space division. Boards nest using the handle.

Comes standard with a marker tray, and bottom shelf provides storage space.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Includes internal accessory tray and storage compartment
- Handle for easy mobility and nesting multiple easels
- Includes dual-wheel casters

Options

- Available in porcelain steel or Magne-Rite powder-coated steel surface

D.O.C. Mobile Room Divider & Display Panel - Glass Surface

Fresh modern style enhances creativity in your work environment. Pairing elegant magnetic glass whiteboard with a mobile aluminum frame, D.O.C. Glass Room Dividers allow you the freedom to divide, organize, and customize your space to fit your individual needs

Modular panels move wherever needed to create whatever space is needed.

Double sided in tempered safety glass to provide smooth writability and erasability. Glass is backed with steel to accept rare earth magnets for even more functionality.

Divider comes standard with gloss white glass, but we also provide the ability to customize the glass panel in a variety of ways to personalize your workspace, including color and graphic printing options.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Double sided tempered safety glass surface backed with steel to accept rare earth magnets
- Glass surface standard in gloss white finish
- Locking casters
- Straight leg design for stability and minimal gapping

Options

- Available in 6' × 6' or 6' × 8' panels
- Customizable graphics available
- Customizable color available
- Customizable laminate kickplate

Essentials Mobile Clear Divider

Part No.
A. Essentials Mobile Clear Divide
62506-CLEAR

Get clear protection for your office, school, and industrial spaces! Now available with clear plastic panel to create spaces that are protected yet still maintain visibility, the Essentials Mobile Clear Divider provides mobile and see-through protection for your guests, employees, students, and more.

Ideal for use between workers on an assembly line, students in class, customer facing positions, or anywhere else you need to provide an easy to disinfect clear divider.

Note: When cleaning clear screens always be sure to use a soft, non-abrasive cloth, such as a microfiber or lint free cloth, and apply light pressure only. Never use paper towels as it will scratch.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Anodized aluminum trim with plastic accent pieces
- Double sided clear surface that accepts dry erase markers (writing space measures 54"H × 68"W)
- Wide base design for stability
- Heavy duty locking casters

Essentials Mobile Clear Divider (Large)	71.8"H × 68"W × 21"D	60 lbs

Preschool Divider

Preschool Dividers are the ideal portable panel and room divider for any early childhood environment.

Use the panels as room dividers, acoustical shields, storyboard displays, or to exhibit artwork. Join dividers together to create private learning areas, or to divide rooms into activity areas.

Available finished in easy to clean vinyl, or melamine dry erase surface. Lightweight panel and wide base design create stability.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Double sided panels
- Black anodized aluminum trim
- 18"D triangular bases for stability and easy mobility
- 2" casters (two locking)

Options

- Available in three sizes: 4' × 4', 4' × 5', or 4' × 6'
- Available in a variety of standard surface materials and combinations
- Custom surfaces available

Porcelain Steel Panel - Unframed

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Steel is permanently laminated to a lightweight substrate for stability and durability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Unframed porcelain steel panel laminated to durable and moisture-resistant substrate

Options

- Sold per square foot, 4'H panel size standard
- Custom sizing available
- Available with upgraded sheet aluminum backer
- Cover bar for seams available

Natural Cork Panels & Rolls

Renew or replace any torn or worn board with natural cork panels and rolls. Natural cork is an environmentally responsible and naturally renewable resource. Cork is harvested from a cork tree, stripped with careful cuts that do not harm the inner core of the tree. The cork bark regrows, and this process allows a useful life of more than 150 years for each tree.

Ten year limited warranty. SCS Indoor Advantage Gold Certified. Custom sizes available. Call for details.

Technical Information

- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a ¼" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Options

- 4'H panel or roll size standard
- Custom sizing available
- Natural cork roll is available either cut to size or in precut sizes. Adhesive for rolls sold separately. Please add fiberboard or other appropriate backer to allow for use as tack surface.

Colored Cork Panel

Part No.
A. Colored Cork Panel
322X

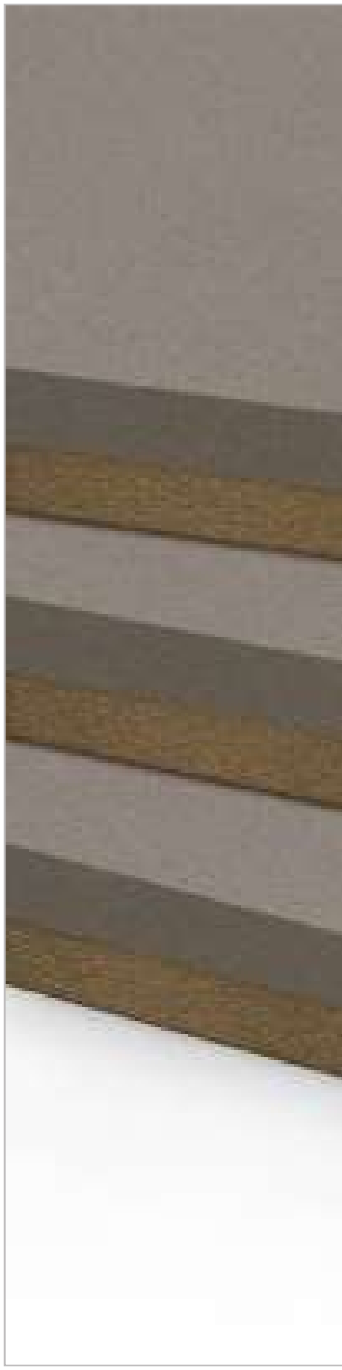
Renew or replace any torn or worn board with Colored Cork panels. Colored Cork features colorful and durable Forbo® linoleum, produced from natural and renewable raw materials.

A combination of oxidized linseed oil, rosin and finely ground cork gives this board its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

The natural self-sanitizing quality of linoleum inhibits contaminants for a low maintenance board. The surface does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments.

Surface is self-healing and colored throughout to ensure colorfastness and eliminate fading. The board material retains its grip and doesn't crumble like traditional soft boards as the tack holes close after extraction of the pins.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.



Technical Information

- Colored Cork surface is made with Forbo® linoleum permanently adhered to a moisture-resistant substrate.
- Colored Cork meets ASTM E-84 (Fuel Contribution) – Class B and NFPA 253 (Critical Radiant Flux) – Class II ratings.
- Not susceptible to build-up of electrostatic charges, is self-healing, and reduces light reflections.
- Resistant to bacteria and to diluted acids, solvents, and other materials.

Options

- 4'H panel size standard
- Custom sizing available
- Available in multiple standard and custom colors (see p. 16 for swatches)

Vinyl Tackboard Panel

Renew or replace any torn or worn board with vinyl covered tackboard panels. Fabric-backed vinyl over lightweight substrate makes an economical and attractive tackboard. Easy to clean surface. Vinyl is treated to resist the growth of odor- and stain-causing microbes.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Vinyl tackboards are fade-resistant and are easily cleaned with common detergents and water.
- The vinyl covering meets or exceeds all requirements of Federal Specifications CCCW-408A Quality Standard for Vinyl Coated Fabric Wallcovering CFFA-W-101A, and the Standard Classification of Wallcoverings by Durability Characteristics of ASTM-F-793-82 for the type and category classified, including 24 hour cleanability tests based on ASTM method D1308.
- The vinyl is treated with an antimicrobial to resist the growth of mildew and bacteria.
- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a 1/4" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Options

- 4'H panel size standard
- Custom sizing available
- Available in Vin-Tak, Vinyl Covered Add-Cork, or Vinyl Covered Cork-Plate materials
- Vin-Tak material available with cut edge or wrapped edge
- Available in multiple standard colors (see p. 17 for swatches)

Fabric Tackboard Panel

Renew or replace any torn or worn board with fabric covered tackboard panels. Durable and non-fraying fabric over a lightweight tackable substrate creates an economical and attractive tackboard. Polyolefin fabric is washable and unaffected by most common household chemicals, salts, and cleansers. Fabric is also treated to resist the growth of stain- and odor-causing microbes, and is available in three colors.

Ten year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Fabric consists of 100% woven Polyolefin with a latex backing.
- Tested by an independent laboratory against standards for upholstery fabrics set by the National Association of Furniture Manufacturers.
- Washable and unaffected by most household chemicals, salts, and cleansers.
- Vacuuming or light brushing is recommended to prevent dust and soil build up.
- Natural cork surface offers excellent resiliency and tack holding properties.
- Cork layer consists of finely grained composition cork produced with .5mm granulated cork and a polyurethane binder.
- Add-Cork has a 1/8" thick layer of natural cork with a 7/8" thick layer of rigid and durable substrate.
- Cork-Plate has a 1/4" thick layer of natural cork bonded to a 1/4" thick layer of rigid and moisture-resistant substrate.

Brass Finish Mounts for Visionary® Boards

Modern Visionary Brass Finish Mounts add an extra chic element to any Visionary Magnetic Glass Board.

All Visionary boards come standard with stainless steel mounts in a silver finish, but now you can purchase a set of brass-toned mounts and elevate your environment with a subtle yet upscale appearance.

Coordinating easily with all of our available color options, you can also customize the color (and graphic printing) on your Visionary board for a look as on-trend as you desire.

Order a set of four mounts for boards 47.2"H × 47.2"W and smaller, a set of six mounts for boards 47.2"H × 70.9"W, or a set of eight mounts for boards 47.2"H × 94.5"W.

SCS Indoor Advantage Gold Certified.

Hierarchy Creator Desk + Porcelain Steel Top

Hierarchy Creator Desk brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in black, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Legs available in black or platinum
- **Please note:** black leg option carries a longer lead time and MOQ for youth height and standing height versions
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Enclosed book box available
- Wire book box available
- Sliding tote tray available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Clamp Mount Outlet & USB Charger available

Height Adjustable Flipper Desk

Specially designed to easily accommodate a range of ages and sizes, the Height Adjustable Flipper Desk is one of the most flexible desk systems on the market.

Desks adjust to allow easy viewing with stadium style seating. Desks can be used with chairs, stools, or while standing, allowing students to choose the most comfortable position, promoting active learning and improved focus.

Tops flip back with a simple one handed lever mechanism to allow for easy transport and nesting for compact storage.

Tops are available in three fun and functional shapes: fender by MooreCo, beluga, and rectangle. Desks can be used individually or joined together for group pods, easy to set up for collaborative activities.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1" thick HPL top with T-mold edge band
- Top flips back with one handed lever mechanism
- Black powder-coated steel base
- Height adjustable from 28.5" to 45"
- Base includes four 2" casters (two locking) and stabilizing stretcher bar

Options

- Multiple sizes and shapes available
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)

Hierarchy Activity Table - Half Round

The Hierarchy Activity Table is an ideal configurable classroom system with full right- and left-hand accessibility. Specifically designed for supporting a variety of learning modes to promote interaction in your classroom.

SCS Indoor Advantage Gold Certified.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

Standard Includes

- 1-1/4" scratch-resistant HPL tops with T-mold edge banding
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Multiple shapes and sizes available
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)
- Legs available in black or platinum
- **Please note:** black leg option carries a longer lead time and MOQ for youth height and standing height versions
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Enclosed book box available
- Wire book box available
- Sliding tote tray available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Clamp Mount Outlet & USB Charger available

Hierarchy Activity Table + Porcelain Steel Top

Hierarchy Activity Table brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in black, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Legs available in black or platinum
- **Please note:** black leg option carries a longer lead time and MOQ for youth height and standing height versions
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Enclosed book box available
- Wire book box available
- Sliding tote tray available
- Pack hook available (holds up to 50 lbs)

Hierarchy Creator Table + Porcelain Steel Top

Hierarchy Creator Table brings simplicity and functionality in a customizable package made to fit any classroom or study setting. Available with a porcelain steel whiteboard top, designed to provide space for doodling, jotting down notes and ideas, and brainstorming. Surface accepts magnets for even more versatility.

Porcelain reduces ambient reflection and glare over standard markerboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, and comes with a lifetime guarantee.

Tests show porcelain is 2.5 times harder and twice as scratch-resistant as laminate, reducing dents, dings, and other damage. Surface is also 5.5 times more wear-resistant.

Erasability is 2.5 times better on a porcelain surface versus laminate dry erase surface when both surfaces are new, and holds up to use, showing 5 times better erasability over time.

Porcelain top is also resistant to delamination, keeping dry erasability intact for the life of the desk.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/4" top with 24-gauge porcelain steel whiteboard surface material
- Molded polypropylene edge banding in black, raised slightly for a fully encapsulated top to deter rust
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Legs available in black or platinum
- **Please note:** black leg option carries a longer lead time and MOQ for youth height and standing height versions
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment

Akt Table (29"H) - Rectangular Legs

The Akt collection combines the principles of human development to be able to "Akt" with purpose and intention. The Akt tables are ideally suited for secondary learners, higher education students, and the employees in the workforce. With sophistication and sleek style, Akt tables can be used for individual work, collaborative spaces, or team activities.

The Akt table surface provides plenty of space for writing or planning, all on a unitized frame for improved structural strength and stability.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with T-mold edge band
- Powder-coated steel legs in platinum
- Unitized frame for improved structural strength and stability
- 3" dual-wheel casters (two locking)

Options

- Available in three heights: 29", 36", and 42" (two taller sizes include integrated foot rest)
- Available in multiple size and shape table tops
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)
- Angled legs available in rectangle or round shape

Akt Table + Butcher Block (36"H)

The Akt collection combines the principles of human development to be able to “Akt” with purpose and intention. The Akt tables are ideally suited for secondary learners, higher education students, and the employees in the workforce. With sophistication and sleek style, Akt tables can be used for individual work, collaborative spaces, or team activities.

Featured with a solid wood butcher block top, the Akt table surface provides plenty of space for writing or planning, all on a unitized frame for improved structural strength and stability.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/2" thick solid wood butcher block
- Powder-coated steel legs in platinum
- Unitized frame for improved structural strength and stability
- Integrated foot rest
- 3" dual-wheel casters (two locking)

Options

- Available in three heights: 29", 36", and 42" (two taller sizes include integrated foot rest)
- Available in multiple size table tops
- Angled legs available in rectangle or round shape

Inklüd Table (Fixed Height C-Leg)

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment.

This line adapts to fulfill virtually any function with customizations like flip tops, mobile bases, and adjustable heights. Ideal for shared spaces, users can quickly configure tables to create their optimal working environment.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with T-mold edge band
- Powder-coated steel base in platinum

Options

- Available with glides or 3" dual-wheel casters (two locking)
- Available in three fixed heights: 29", 36", and 42"
- Available in multiple size rectangular table tops
- Available with integrated grommets
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)

Inklüd Table (Fixed Height T-Leg)

Empower users to maximize their productivity with the versatile line of Inklüd tables. A practical solution for middle school, higher education, and commercial use, the sleek, simple profile suits any environment.

This line adapts to fulfill virtually any function with customizations like flip tops, mobile bases, and adjustable heights. Ideal for shared spaces, users can quickly configure tables to create their optimal working environment.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with T-mold edge band
- Powder-coated steel base in platinum

Options

- Available with glides or 3" dual-wheel casters (two locking)
- Available in three fixed heights: 29", 36", and 42"
- Available in multiple size rectangular table tops
- Available with integrated grommets
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)

Compass Makerspace Table (29"H)

Designed to accommodate sketching, experimenting, building, and other facets of the creative process, Compass Makerspace Tables make it easy to create an atmosphere where discovery can take place through hands-on learning.

Tables come standard with durable and scratch-resistant laminate tops, or you can upgrade to butcher block. Butcher block tops are made of solid maple hardwood, designed to withstand years of use in a variety of settings. Optional side panels and shelves complete the tables, providing storage for learning tools. Side panels include peg holes to keep tools handy and organized, leaving a clear tabletop for better use.

The side panels and laminate top edge band colors come in all Hierarchy colors, allowing easy color-coding of zones or other spaces.

Compass Makerspace Tables are safe and suitable for students of all ages, with rounded-edge tops that reduce bumps and bruises. Tables are available in multiple heights and widths, allowing students to sit or stand while working.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Powder-coated steel base in platinum
- Dual-wheel high durability locking casters

Shown with optional side panels and shelves

Compass Makerspace Table Accessories

Designed to accommodate sketching, experimenting, building, and other facets of the creative process, Compass Makerspace Tables make it easy to create an atmosphere where discovery can take place through hands-on learning.

Optional side panels and shelves complete the tables, providing storage for learning tools. Side panels include peg holes to keep tools handy and organized, leaving a clear tabletop for better use.

The side panels and laminate top edge band colors come in all Hierarchy colors, allowing easy color-coding of zones or other spaces.

MediaSpace Table - Small

The MediaSpace Table is an effective solution for virtually any group setting, including STEM classrooms and team collaboration environments.

Integrate a variety of technologies using monitor mounts or flat panel carts.

Compact size allows it to fit in a variety of environments. Each MediaSpace Table seats 4 to 5 comfortably. Two back-to-back MediaSpace Tables creates a full group modular conference table.

Available with a customizable top and edge banding. Upgrade to a whiteboard top and you have a full array of communication in one area.

Standard legs are available in black or platinum, and adjust from 22" to 32" high. Upgrade to standing height legs for 27" to 42" height adjustment .

Includes built in grommets for easy cable management, or to add power accessories.

Optional casters for easy mobility wherever it is needed. Optional pack hook for backpack storage.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" thick HPL top with T-mold edge band
- Grommet included on table top
- Powder-coated steel Hierarchy legs with chrome inserts and floor safe swivel glides
- Height adjustable from 18" to 29"H with standard desk height leg inserts

Options

- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)
- Legs available in black or platinum
- Youth height leg option for 12" to 18"H adjustment
- Standing height leg option for 27" to 42"H adjustment
- Casters (locking and non-locking) available
- Pack hook available (holds up to 50 lbs)
- Ganging device available
- Pop-Up Grommet Outlet & USB Charger available

MediaSpace Table - Large

The MediaSpace Table is an effective solution for virtually any space, designed for STEM classrooms and team collaboration environments.

Integrate a variety of technologies using monitor mounts or flat panel carts.

Size allows it to fit in a variety of environments. Each double-table set up seats 6 to 10 comfortably. Fit two U-shapes back-to-back and create a full group conference table.

Available with a customizable top and edge banding. Upgrade to a whiteboard top and you have a full array of communication in one compact area.

Standard legs are available in black or platinum, and adjust from 22" to 32" high. Upgrade to standing height legs for 27" to 42" height adjustment .

Includes built in grommets for easy cable management, or to add power accessories.

Optional casters give you easy mobility wherever needed. Optional pack hooks provide backpack and purse storage.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

MooreCo Cocoon Media Space

Cozy and insular, a cocoon is a space where powerful change takes place.

The Cocoon Media Space is an upscale solution combining technology and functionality, with versatile and independent seating, ideal for situations that require thinking outside the box.

For students and collaborative learners, the Cocoon Media Space provides the closeness that allows for group thinking, as well as the expansiveness required for big ideas.

Hybrid learning and integrative educational experiences can take place at the Cocoon Media Space, easily configurable into any library, study hall, or open office area.

The seating is versatile and independent, with laminate available in countless finishes. The back panel has been designed to support up to a 55" flat panel. Grommet holes are included for cable management.

All seating fabric COM or through our graded-in program (call for pricing).

SCS Indoor Advantage Gold Certified.

MooreCo Cocoon Media Space (continued)

Cozy and insular, a cocoon is a space where powerful change takes place.

The Cocoon Media Space is an upscale solution combining technology and functionality, with versatile and independent seating, ideal for situations that require thinking outside the box.

For students and collaborative learners, the Cocoon Media Space provides the closeness that allows for group thinking, as well as the expansiveness required for big ideas.

Hybrid learning and integrative educational experiences can take place at the Cocoon Media Space, easily configurable into any library, study hall, or open office area.

The seating is versatile and independent, with laminate available in countless finishes. The back panel has been designed to support up to a 55" flat panel. Grommet holes are included for cable management.

All seating fabric COM or through our graded-in program (call for pricing).

SCS Indoor Advantage Gold Certified.

Standard Includes

- Post laminate construction
- 1-1/4" laminate
- Fully upholstered benches with back
- Aluminum legs on bench
- 41"H surface

Required to Specify

Finishes:

- Laminate selections (-XXXX) (see pp. 7–10 for swatches)
- COM or graded-in fabric selection (-FABRICNAME)

Community Table - 29"

Conversation is more natural and organic when users are seated near each other in a space that allows everyone to be included.

Laminate tables are available in a wide variety of heights, widths, and depths, and come standard with a laminate modesty panel for structural stability. Available in all standard laminates or customize to personalize your space.

Adapt your table to the needs of your space with grommet option, power assembly options, or bag hooks for convenience.

Assembled tables will minimize time on site, helping to reduce costs of installation and assembly. Ready to assemble tables are ideal for spaces with narrow doors or second stories. Professional assembly recommended.

Community Table Bench

Conversation is more natural and organic when users are seated in close proximity to each other in a space that allows everyone to be included.

Laminate bench is designed to coordinate seamlessly with the Community Table. Available in all standard laminates or customize to personalize your space.

Upholstered seat maximizes comfort, allowing users to relax and feel at ease when sharing the space. Ideal for use with the 29"H table.

Understanding the needs of space and resources available, the Community Table and Bench are available to ship assembled or ready to assemble. Assembled tables will minimize time on site, helping to reduce costs of installation and assembly. Ready to assemble tables are ideal for spaces with narrow doors or second stories. Professional assembly recommended.

SCS Indoor Advantage Gold Certified.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- HPL finish with matching edge banding

Options

- Graded-in or COM fabric for upholstered seat
- Choose from rounded or square corners
- Choose from assembled or ready-to-assemble

Instructor Desk Right

Description	Dimensions	Ship Wt.
Avid Instructor Desk – Right	29.8"H × 60"W × 36.3"D	150 lbs
Avid Instructor Desk – Left	29.8"H × 60"W × 36.3"D	150 lbs

Avid Modular Desk System

The flexible and customizable design of the Avid Modular Desk System makes creating your ideal workspace a breeze. Platinum base adds style to any space.

Available with four basic top sizes, HPL desktops (1-1/8" thick) are available in standard or custom laminates.

Pedestals offer ample file and supply storage and include screw-on handles.

Return desk option can be assembled as either right or left-handed depending on your needs.

Add the pneumatic conference end for ergonomic conference space.

Instructor desk option is ideal for classroom and other educational settings. Podium available to coordinate with your Avid Desk or stands alone.

Optional glides available. Includes spacer to match the height of casters. A set of file cabinet glides is needed for each file cabinet/pedestal. A single pedestal desk will need a set of desk glides and file cabinet glides. A double pedestal desk will need two sets of file cabinet glides.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

Elate Electric Height Adjustable Desk (2-Leg)

The Elate Electric Height Adjustable Desk is the energetic and ergonomic addition to any work environment. With easy to use and powerful multi-motor electric sit-to-stand adjustment, you can set for virtually any height, activity and position.

Sit-to-stand desks are well known to contribute to increased focus, improved posture, fewer energy dips, and variety of other benefits.

Motors feature soft start and stop and a gyro sensor anti-collision mechanism. Digital keypad provides single-touch adjustment with three memory settings, and slides under the work surface when not in use.

Desks feature either 17"or 26" of height adjustability, and work with either a chair, stool, or standing use to allow position changes throughout the day.

Depending on the configuration selected, Elate Electric Height Adjustable Desks come with a set of either two or three legs.

Durable and rigid powder-coated steel base available in black, platinum, or white for a modern touch to any environment.

Add casters to any model for convenient mobility and position of the desk where needed. Casters feature locks, and add 2" to overall desk height.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 1-1/8" HPL top with T-mold edge band
- Powder-coated steel base in black, platinum, or white
- Soft start motor with gyro sensor anti-collision mechanism
- Digital keypad for single touch adjustment
- Three memory settings
- 2-leg base adjusts from 27.6" to 44.6"H
- 3-leg base adjusts from 22.6" to 48.6"H

Options

- Multiple sizes and shapes available, including rectangle, return, and corner
- Customizable HPL (see p. 7–8 for swatches)
- Customizable edge band (see p. 7–8 for swatches)
- Optional caster sets available (locking)
- Optional locking accessory drawer available
- Pop-Up Grommet Outlet & USB Charger available
- Clamp Mount Outlet & USB Charger available

Makerspace Robotics Wall Kit

Keep your robotics and other tools and materials secure with new Makerspace Robotics Wall Kits.

Easy to mount see-through walls clamp onto the edge of our Compass Makerspace Tables to keep your robots and other maker space activities on the table to help prevent falling and damage.

Walls come as an easy-to-assemble kit, and fit snugly on any of our 60"W × 30"D or 72"W × 30"D tables.

Bronze tinted acrylic panels allow easy visibility, and are durable for years of use.

High strength aluminum clamps keep the walls mounted securely on your tabletop and match any color scheme, and can be attached anywhere along the table edge.

SCS Indoor Advantage Gold Certified.

Standard Includes

- 6.8"H bronze tinted acrylic panels
- Adjustable high strength aluminum clamps fit top from 3/4" to 1-1/4" thick

Hierarchy Enroll® Chair

Available with a tablet that works for right- or left-handed users and a shell with 360° rotation, the Enroll® Chair makes collaborative room configuration a breeze. Wide tablet for students' comfort provides ample room for a tablet or other mobile device along with a notepad.

Tablet available with a porcelain steel whiteboard top, to provide space for doodling, jotting down notes and ideas, and brainstorming. Porcelain reduces ambient reflection and glare over standard whiteboard, providing a more comfortable to use writing surface. Porcelain also has superior erasability, accepts magnets, and comes with a lifetime guarantee.

Flexible and ergonomically shaped seat with lumbar support for easy position changes, eliminating stagnant environments. Smooth reinforced back allows for flex action without sharp ridges.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- Ergonomic shell with lumbar support and reinforced back
- Tablet surface measures 29.8"H × 26"W × 14"D with left- or right-handed positioning
- Tablet made with reinforced injection-molded polypropylene in black
- Durable plastic base with storage beneath (21"W × 21"W)
- Chair base features 360° rotation
- 18" seat height
- 2" casters

Options

- Tablet available with porcelain steel whiteboard top
- Multiple shell color options (see p. 11 for swatches)

MooreCo Seed 4-Leg Chair (Educational)

Part No.
A. Seed 4-Leg Chair
SG.SD.E4L.16.6XX.7XX.PL
SG.SD.E4L.18.6XX.7XX.PL

The Seed collection embodies an elegant silhouette that combines slanted curves with angular accents.

The seating surface is as simple as it is sustainable. Pleasant to the touch it is also fully recyclable. The back of the shell has a stylish, geometrical pattern reminiscent of a seed.

Multiple color options and base designs, allow a room to adopt a distinguished and formal vibe or a vibrant and lively mood.

Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Stackable base
- Powder-coated finish
- Glides (.PL)

Required to Specify

Shell color (see p. 12 for swatches):

- Black (.6BK)

Elate Task Chair

Elate Task Chairs are a stylish and ergonomic option for maximizing comfort at your office place or classroom. Featuring customization and adjustment options to provide optimal positioning, the task chair is tailored to each individual for hours of comfort.

This intuitive office chair features a revolutionary weight-sensitive tilt mechanism, allowing it to sense each user's body weight and recline accordingly.

Adjust your task chair easily with six position back rest height options for optimal lumbar support, six position seat depth options, seven position armrest pads with forward and backward adjustment, and four position armrest pad adjustment from left to right.

Chair base includes arm rests and a 5-star base with five non-marring hard casters for gliding movement.

Customize with our graded-in fabric program (COM also available on approval).

SCS Indoor Advantage Gold Certified.

Standard Includes

- Weight-sensitive tilt mechanism
- 21° back tilting angle with three locking positions
- Seat adjusts from 18" to 21"H
- Six back rest height options for optimal lumbar support
- Six seat depth options
- Seven armrest positions
- 5-star base for easy maneuvering

Options

- Fabric choices available through our graded-in program

Elate Perch Stool

Designed by award-winning and globally-acclaimed designer Joey Ruiter, the Elate Perch Stool was conceived with a minimalist approach, and built as a flexible, ergonomic, and personal seating option.

Perching while working is an ideal way to get weight off your feet without sitting, allowing you to lean, move, twist, and reach as needed, all the while promoting circulation, breathing, and the flow of creative energy.

Pneumatic height adjustable stool works with any sit to stand workstation with ease, featuring dual integrated adjustment buttons on the base, easy to reach with either hand.

Durable and comfortable seat is available in multiple colors to match any space design, and features an auto-return tilt feature that moves with your body, offering support for multiple positions and activities. Seat also swivels for added comfort and support.

Powder-coated platinum steel base is extra wide to offers maximum stability while the stool is in use. Base includes integrated handle and recessed casters to enable easy mobility.

SCS Indoor Advantage Gold Certified. Patent pending.

Standard Includes

- Pneumatic seat height adjustment from 24-¾" to 33-¾"H
- Auto-return seat tilts 10° to the front and 20° to either side. Seat also swivels.
- Powder-coated platinum steel base with integrated handle and recessed casters for easy mobility

MooreCo Seed Cantilever Stool

Part No.
A. Seed Cantilever Stool
SG.SD.S.24.6XX.7XX.PL
SG.SD.S.29.6XX.7XX.PL

The Seed collection embodies an elegant silhouette that combines slanted curves with angular accents.

The seating surface is as simple as it is sustainable. Pleasant to the touch it is also fully recyclable. The back of the shell has a stylish, geometrical pattern reminiscent of a seed.

Multiple color options and base designs, allow a room to adopt a distinguished and formal vibe or a vibrant and lively mood.

Using only polypropylene and avoiding other materials such as fiberglass, the shell is incredibly soft to touch, yet resistant to intense use.

SCS Indoor Advantage Gold Certified.

Standard Includes

Hierarchy Flipz Stool

The unique, modern, and ergonomic design of the Hierarchy Flipz Stacking Rocking Stool fits right in today's classroom, allowing kids to be active even while sitting.

Double ended stool can be used on one end as stationary seating and on the other as a rocking stool, offering gentle movement in all directions. Works like an exercise ball to keep a child's body moving, burning off extra energy and providing an outlet for restlessness.

Each end is made with slip resistant rubber to keep the stool stable on any flooring material. Stools stack for easy storage when not in use.

Body is lightweight and easy to move, but durable enough to stand up to every day use.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Durable lightweight plastic with non-skid rubber surfaces
- Wobble base on one end, flat base on the opposite end
- Plastic base includes integrated handle and storage compartment

Options

- Available in a variety of colors (see p. 11 for swatches)

MooreCo Schoolworks Curved Bookcase

A versatile and modern storage solution for classrooms, media spaces, and libraries.

Schoolworks Bookcases are designed to be modular to work where you need them. Available in multiple heights with either single- or double-sided configuration.

The standard single model includes two height adjustable shelves. Back panel features a peg board panel for additional storage of tools or supplies.

The double-sided bookcase provides twice the shelving capacity and may be combined with soft seating to create a multi-functional reading and lounge space.

Bookcases come standard with casters and platinum perforated panel. Legs also available.

Multiple accessory options available, including handles and magnetic ganging.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Single sided (.SS)
- Double sided (.DS)
- Curved (.C)
- Adjustable shelves
- 3" locking casters
- Platinum perforated panel
- Laminate construction with matching edge banding

Required to Specify

Finishes:

- Laminate selections (-XXXX) (see pp. 7–10 for swatches)

iTeach® Spider Flat Panel Cart

Engage your audience anywhere with either version of the modern black iTeach® Spider Flat Panel Cart, a stylish solution to your flat panel mobility needs.

Available in either an electric or manual height adjustable model. Sleek black finish adds a dramatic and modern touch to any environment.

Electric version comes with an easy to use wired remote that allows for 18" of smooth height adjustment (from 37" at the bottom to 55" at the top)

Manual height adjust version features a mounting bracket that can be attached at six different heights. The brackets range from 20-5/8" at the bottom to 67-7/8" at the top. Each set of brackets is 6-1/4" apart.

Overall dimensions of height adjustment will vary depending on the size of your display.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Black powder-coated steel finish
- Supports a display up to 100"/250 lbs including all accessories and cables
- VESA mount size up to 800x600

Options

- Optional locking storage cabinet available.

iTeach® Flat Panel Mount + Whiteboard System

Keep your whiteboard space while adding modern interactive technology to your classroom, training room, or other collaborative spaces.

We've bundled two whiteboards plus an iTeach Flat Panel Wall Mount to provide you full use of the front of the classroom or training space for interactivity without sacrificing your whiteboard space.

All whiteboard materials are magnetic porcelain steel for smooth writing, clean erasing, and excellent color contrast with dry erase markers. Boards available with our quality deluxe aluminum trim, which features a full-length map rail and accessory tray. Or choose the more economical ABC trim, which features aluminum corner caps on the top trim.

The flat panel mount features a sleek black finish, and is powered with an electric motor for 18" of smooth height adjustment with a simple touch of a button on the handy wired remote. The durable flat panel bracket supports 800×600 VESA mounts and a flat panel up to 250 lbs.

SCS Indoor Advantage Gold Certified.

COMPASS™
by MooreCo

Section IV:
Compass Cabinets

Compass Cabinets

We created a series of cabinets with teachers and students in mind, allowing for space, movement, ample storage, and adaptability. Available in nine base sizes, the Compass cabinets are light and mobile, making them ideal for active teaching. Add handles to quickly and smoothly move materials throughout the entire classroom.

Easily create custom filing stations, work tables, or teacher desk spaces with these durable cabinets, reinforced with braces for structural stability. Fill your cabinets with shelves, cubbies, or plastic totes to suit your lesson plans and curriculum. Side panels and optional handles match our Hierarchy family of colors, encouraging creativity, play, and school spirit.

Optional add-ons include peg side panels, Ogee double-sided whiteboard tops, TV mounts, laminate or butcher block tabletops, wardrobe hooks, porcelain steel whiteboard backs, and more. Crafted with durable and easy-to-clean steel, these cabinets will last years, simplifying daily activity for teachers while keeping students engaged.

Please note: Custom orders and whiteboard top option are subject to an upcharge and laminate availability. Please contact your sales representative for current availability and lead time information.

SCS Indoor Advantage Gold Certified.

Standard Includes

- Side panels made with 18-gauge powder coated steel reinforced with two 20-gauge 25mm square steel tubes
- Dual-wheel high durability 100mm casters (two locking) constructed from a reinforced plastic body with non-marking gray polyurethane wheels

Options

- Available with open storage or locking doors
- Available with standard platinum steel or porcelain whiteboard back panel
- Side panels with two rows of 14 peg holes (available in multiple colors)
- Side panels fully perforated for peg storage
- Top options include handles (in all colors), laminate table top, butcher block table top, Ogee whiteboard easel top, TV mount top, and lectern top (see line lists for availability)
- Customizable HPL on laminate and lectern top options (see p. 7–8 for swatches)
- Customizable edge band on laminate and lectern top options (see p. 7–8 for swatches)
- Glides available
- Interior filling options include shelves, sliding totes available in three sizes, cubbies, and combinations (see line lists for availability)
- Custom options available (call for information on customization)

Section V:
Soft Seating

Soft Seating + Graded-In Product Informat

Materials

Seating is assembled with ¾" commercial grade plywood and hardwood. The seat back is made up of a Martex Syntex woven webbing. Hard top tables are constructed with 48-52 density MDF core and finished with HPL. CAL 117-2013 Compliant. Weight limit 400 lbs.

Warranty Information

Seating Frame – MooreCo warrants the frames used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Seating Foam – MooreCo warrants the foam used in soft seating products to be free from defects in materials and workmanship, beginning on the date of shipment, extending for five (5) years. This does not include softening and flattening of the foam that occurs as a result of normal use and aging.

Seating Fabric – The MooreCo warranty of fabrics offered as part of the graded program is dictated by the materials manufacturer and passed on accordingly. Customer Own Material (COM) is not warranted.

Table Frame – MooreCo warrants the frames used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Table Top – MooreCo warrants HPL table tops used in soft seating products to be free from design defects in materials and workmanship for a period of twelve (12) years beginning on the date of shipment.

Table Fabric – The MooreCo warranty of fabrics offered as part of the graded program is dictated by the materials manufacturer and passed on accordingly. Customer Own Material (COM) is not warranted.

Electrical Options – Electrical options are warranted for one (1) year from date of shipment for manufacturer's defects.

Changes & Cancellation

MooreCo's acceptance of an order for custom soft seating is final and binding and an order may not be changed or canceled without MooreCo's written consent. To change or cancel orders, contact MooreCo Customer Care in writing for authorization and applicable charges. **All orders for soft seating must be on a separate PO with no other MooreCo products.**

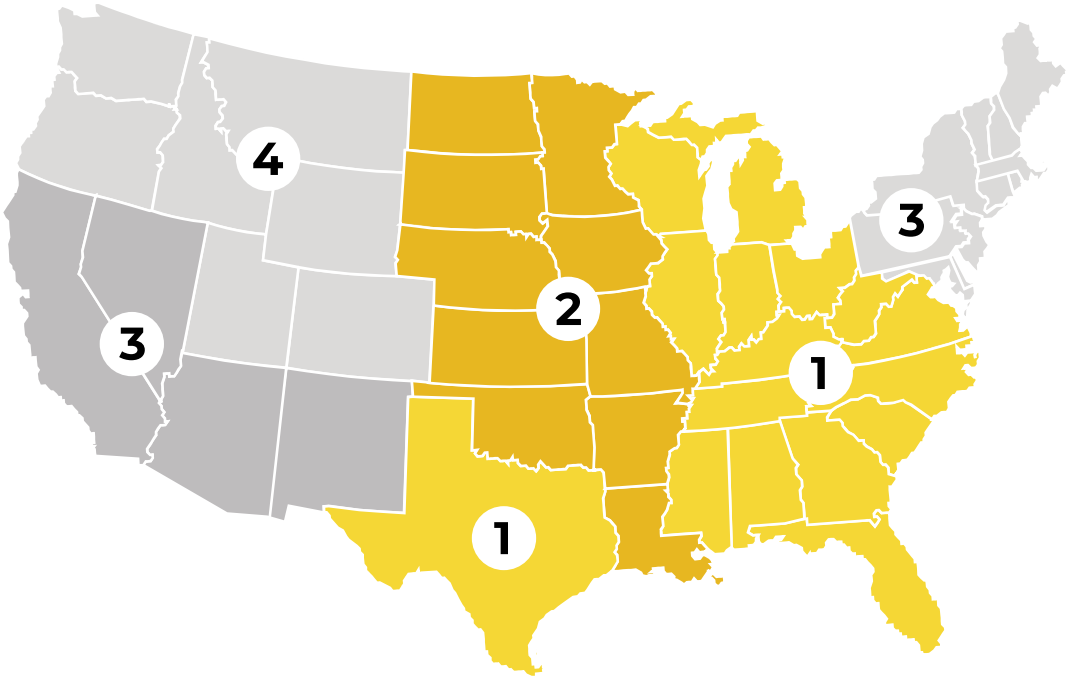
Freight Program

All soft seating and graded-in products ship FOB Tennessee. All charges illustrated in the matrix include delivery only and do not include extra services such as: inside delivery, lift gate service, white glove services, international shipments, or shipments to Alaska or Hawaii.

Zoned Freight Pricing Matrix

Zone	Orders less than $1000	Orders $1001 – $42,000	Orders greater than $42,000 (truckload)
1	$250.00	11% ($250.00 min.)	6%
2	$365.00	14% ($365.00 min.)	8%
3	$550.00	21% ($550.00 min.)	14%
4	$625.00	22% ($625.00 min.)	15%

Effective 01-01-2024



Soft Seating + Graded-In Product Informat

Graded-In Fabric

We've partnered with multiple fabric and textile manufacturers to offer you more than 5000 graded-in fabric options. Please refer to the MooreCo Graded-In Fabrics Guide for grading information. The guide can be downloaded at www.moorecoinc.com/price-guides.

VIEW FABRIC GUIDE

Elevate Steps 2-Tier Inside Corner

TS1007

Dimensions	35"H × 41"W × 41"D
Weight	115 lbs
Hardware	Nylon glides

Elevate Steps 3-Tier Inside Wedge

TS1006

Dimensions	35"H × 37"W × 41"D
Weight	110 lbs
Hardware	Nylon glides

Elevate Steps 2-Tier Outside Corner

TS1008

Dimensions	35"H × 41"W × 41"D
Weight	115 lbs
Hardware	Nylon glides

Elevate Steps 2-Tier Inside 45° Wedge

TS1009

Dimensions	35"H × 43"W × 41"D
Weight	100 lbs
Hardware	Nylon glides

Elevate Steps 2-Tier Outside 45° Wedge

TS1011

Dimensions	35"H × 43"W × 41"D
Weight	100 lbs
Hardware	Nylon glides

Elevate Steps 3-Tier Inside 45° Wedge

TS1010

Dimensions	35"H × 43"W × 41"D
Weight	110 lbs
Hardware	Nylon glides

Elevate Steps 3-Tier Outside 45° Wedge

TS1012

Dimensions	35"H × 43"W × 41"D
Weight	110 lbs
Hardware	Nylon glides

Dimensions	18"H × 54.2"W × 49.2"D
Weight	100 lbs
Hardware	Nylon glides

Creator Triangle Bench – Table Top

16KST

Dimensions	18"H × 54.2"W × 49.2"D
Weight	115 lbs
Hardware	Nylon glides

Pouf Stool

970

Dimensions	18"H × 18"W × 18"D
Weight	30 lbs
Hardware	Nylon glides

Pouf Stool – Table Top

970T

Dimensions	18"H × 18"W × 18"D
Weight	30 lbs
Hardware	Nylon glides

Round Stool – Low

980L

Dimensions	15"H × 18"W × 18"D
Weight	20 lbs
Hardware	Brushed metal legs

Round Stool – High

980H

Dimensions	24"H × 18"W × 18"D
Weight	26 lbs
Hardware	Brushed metal legs

Round Stool – Medium

980M

Dimensions	20"H × 18"W × 18"D
Weight	23 lbs
Hardware	Brushed metal legs

Square Stool – Low

990L

Dimensions	15"H × 18"W × 18"D
Weight	20 lbs
Hardware	Brushed metal legs

Square Stool – High

990H

Dimensions	24"H × 18"W × 18"D
Weight	26 lbs
Hardware	Brushed metal legs

Square Stool – Medium

990M

Dimensions	20"H × 18"W × 18"D
Weight	23 lbs
Hardware	Brushed metal legs

Akt Lounge Small Ottoman

COM Approval Form

All COM must be approved. If your order has been placed, please list PO# _____

For COM approval ship to:

MooreCo
1307 Davis Street
Morristown, TN 37814

COM and COL must be identified as follows:

1. Name and address
2. Your purchase order number
3. Our style number to which fabric is to be applied
4. Supplier name and fabric name, number, and color

Photocopy this form and submit with COM fabric for approval: This fabric approval is for the purpose of advising how to apply your COM fabric, verify yardage required, and suitability of fabric.

COLLECT SHIPMENTS WILL NOT BE ACCEPTED. Shipment schedule will be given when all fabric is received for entire order. Yardage requirements listed in price list are based on plain goods 54" wide. Fabrics less than 54" wide, or those requiring matching (stripes, plaids, prints, large patterns) will require additional yardage based on the fabric used and the item ordered.

FABRIC WITH NAP: If using mohair, velvet, or any fabric with a nap, increase yardage required by 11%. Consult matrix below for additional yardage needed.

COM Increase Matrix: this table is a general guide

Fabric Width	Plain Fabric	Up to 7" Repeat	8" – 13" Repeat	14" – 21" Repeat	22" – 27" Repeat	28" – 33" Repeat	34" – 40" Repeat	41" – 48" Repeat
54"	0%	20%	25%	30%	40%	50%	60%	70%
51" – 53"	15%	25%	30%	35%	45%	60%	70%	80%
48" – 50"	20%	30%	35%	40%	50%	65%	75%	85%
45" – 47"	30%	45%	50%	55%	60%	80%	90%	100%
36" – 44"	50%	65%	70%	75%	80%	100%	110%	120%

FABRIC WITH A DOUBLE REPEAT: If using a fabric with a double repeat, please follow this formula: take the total amount of the larger and half of the smaller repeat; add together to find the correct overall repeat. **EXAMPLE**: 10" vertical with 14" horizontal would be 14 + 5 = 19. If fabric comes on multiple rolls, one additional

yard per roll needs to be added to the yardage requirements.

SPECIAL NOTE: We can assume no responsibility for the durability or tailoring quality of customer furnished coverings (COM).

ADDITIONAL NOTES:

- Orders cannot go into production without the information listed below.
- Attach memo sample to this approval sheet.

The cost of the COM sample will be paid by the client. Even after preliminary approval, MooreCo reserves the right to reject COM/COL if necessary when the quality is not satisfactory for the product to be upholstered. MooreCo assumes no responsibility for its overall appearance, flammability, durability, colorfastness or any other quality after upholstered on a MooreCo product.

MANUFACTURER'S WARRANT

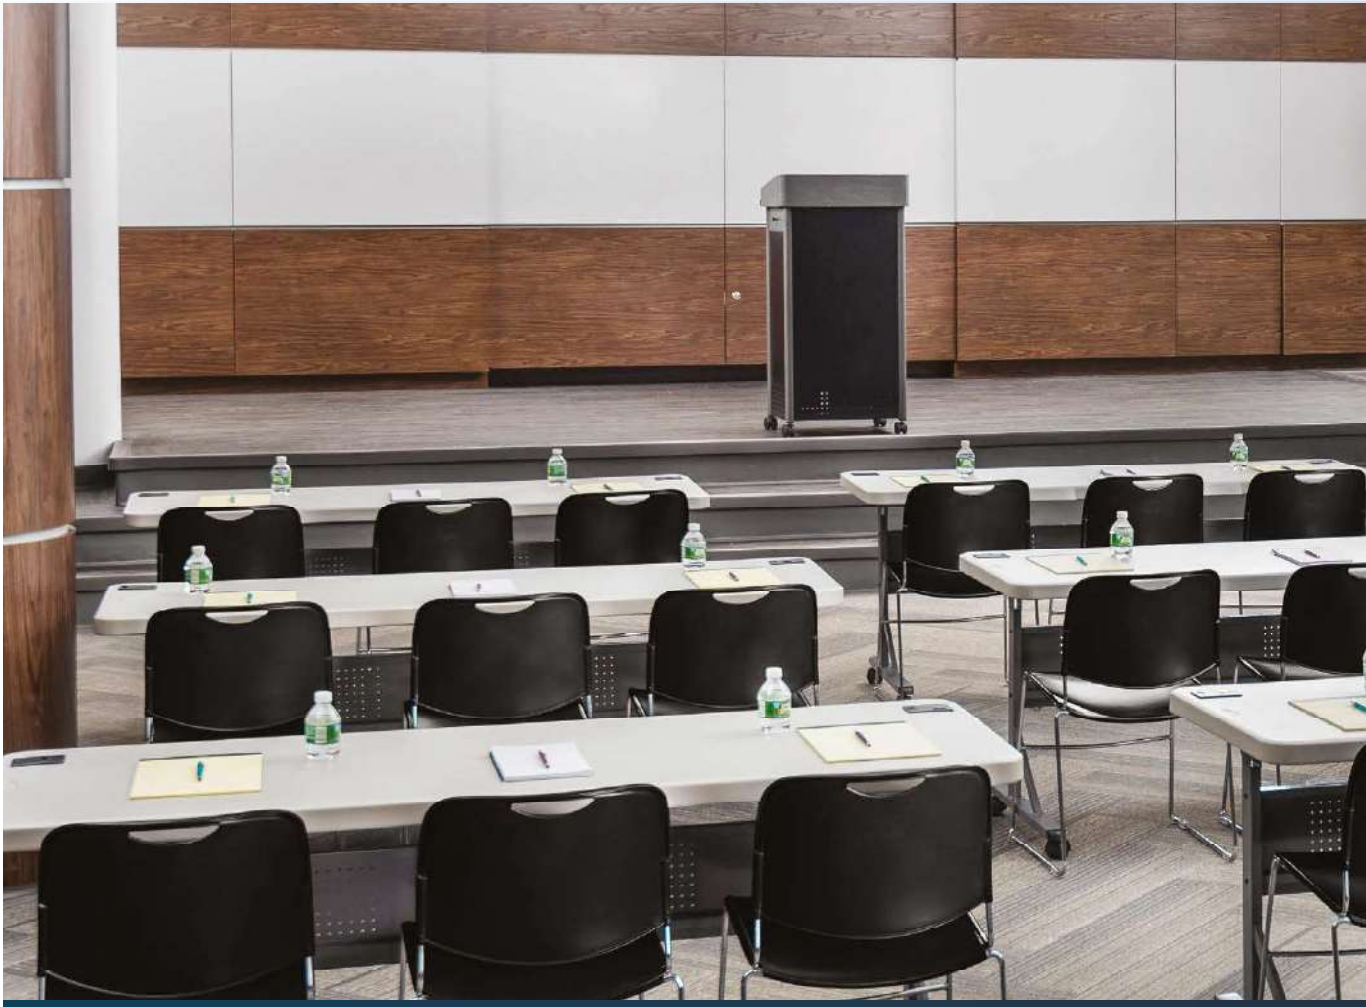
National Public Seating® provides a warranty to the original user, covering all manufacturing defects in material and workmanship from the date of purchase for a period of ten years*. In the event of a defect, NPS will, at its discretion, either repair or replace the defective product. This warranty does not cover damage resulting from misuse, abuse, or neglect. Please note that excessive swaying back and forth on any banquet stack chair will completely void the warranty. To initiate a return or request repairs, you must contact your dealer for authorization. This warranty grants you specific rights, and you may also have additional rights that vary by state. The warranty for butcherblock tabletops is limited to one year due to the fact that the lifespan of natural wood surfaces heavily depends on maintenance, refinishing, and storage. However, the standard 10-year warranty still applies to the overall product, including all other table parts.Orders are accepted under the express agreement that under no circumstances will seller be liable for any incidental or consequential damages, or for any other loss, damage or expense of any kind, including loss of profits, arising in connection with the order or with the use or inability to use seller's products furnished under the order. Seller's maximum liability shall not exceed and

PS

TY

buyer's remedy is limited to either (i) repair or replacement of the defective part or product, or at seller's option (ii) return of the product and refund of the purchase price. Such remedy shall be the buyer's entire and exclusive remedy.

*Fifteen years on Mobile Cafeteria Tables
*One year for natural wood surfaces (butcherblock)
*One year for Basics by NPS



TERMS & CONDITIONS

Payment Terms

Net 30 with approved credit. Inventory will not be committed to orders without approved credit or any outstanding questions.

Minimum Order

No minimums apply except to folding chairs which must be purchased in carton quantities as noted.

Freight

Orders ship FOB factory unless otherwise pre-arranged. NPS will attempt to ship from closest distribution point; NJ, TN or CA, although not guaranteed. If preferred ship method is not specified on purchase order, NPS will ship "Bestway."

Lead Time

Orders typically ship within 48 hours unless otherwise stipulated. Stages and Risers orders may take up to five business days.

Returns

All returns require a prior re

Method of Ordering

All orders must be communicated in writing, such as fax, email or EDI. Phone orders must be followed up in writing.

Order Confirmation

All orders are acknowledged within 24 -48 hours in writing. Dealer must notify NPS of any discrepancies immediately.

Freight Damage

All shipments must be inspected upon receipt. Damages must be noted on BOL. Concealed damages policy is one third, one third, one third. That is to say, NPS will credit one third, carrier typically pays a third, and dealer pays a third. Damages must reported within 5 days so that the claim can be submitted with any hope for reimbursement from the carrier. Third party or collect freight-dealer files claim. Prepaid or PPA- NPS files claim.

WHO WE ARE

CREATING BEAUTIFUL, INSPIRING LEARNING ENVIRONMENTS

Natural Pod collections are where beautiful, contemporary design meets sustainability; creating inspiring learning spaces for all ages made of heirloom-quality products.

More than a furniture company, our goal is to work collaboratively with you to ensure that we can make the most of your resources, budget and space to come up with flexible learning environments that will inspire collaboration, curiosity and excitement for learning.

Natural Pod intentionally designs learning spaces to create environments where students feel safe, inspired, and are able to reach a deep level

SUSTAINABLE, CANADIAN MADE, QUALITY PRODUCTS THAT LAST

5069

Manufactured to order and handcrafed in British Columbia, Canada, our products go through a rigorous quality control process and demonstrate superior quality and workmanship with sustainability at our core. Made from sustainably sourced wood, Natural Pod follows strict FSC certification from start to finish. We have mindfully chosen to use high quality materials each and every time. We've chosen plywood over particle board; fusion laminate over plastic laminate; NAUF panels over those with added urea formaldehyde (glue); steel over plastic hardware; quality steel frame legs over a thinner metal or plastic - the list can go on. These materials are chosen for durability to create furniture that will last. Natural Pod also uses wooden crates and cardboard boxes to flat pack your order to minimize packaging waste and simultaneously, reduce the carbon footprint from shipping.

We have created our products to serve more than one purpose. Our intention is that our furniture can be repurposed rather than become landfill and it is our hope that you maintain that creativity when thinking about a product's end of use. We challenge you to discover what else your Natural Pod products can be.

VISION BROUGHT TO LIFE: CREEKSID

Copyright © 2023 Natural Pod

DE CREATIVE

Services Inc. All rights reserved.

Why this work matters

VISION BROUGHT TO LIFE: CREEKSID

Creekside Creative Academy in Alberta, Canada, believes in the value of providing authent learning experiences for all students. It is a Reggio-Emilia-inspired program – incorporating many of the Reggio-Emilia ideas and beliefs into the everyday learning that occurs. The educators passionately believe in authentic learning experiences, and that there is nothing more authentic than the outside world and nature. Elements of forest school are a large fo at Creekside Creative Academy. All students spend considerable portions of the day spent outside.

With Natural Pod also being committed to environmental stewardship and indoor/outdoor learning, we were the Academy's choice when it came to outfitting their learning spaces. C sustainable wood furniture allows that connection to nature even while inside, as well as supporting the Reggio-Emilia principles of providing children access to natural open-ended materials and furniture.

Creekside Creative Academy supports a variety of age groups from Junior Kindergarten to Grade 4, daycare and after-school care, and home learning programs as well. They utilize academically rigorous developmentally appropriate programming, low teacher-to-student ratios, unique outdoor learning experiences, and inclusiveness for all. The education focus provide an environment where each child is encouraged to learn and be creative in their ov unique way.

HERE'S TO THE
CRAZY ONES. THE MISFITS. THE REBELS. THE TROUBLEMAKERS.
THE ROUND PEGS IN THE SQUARE HOLES. THE ONES WHO SEE THINGS DIFFERENTLY.
THEY'RE NOT FOND OF RULES. AND THEY HAVE NO RESPECT FOR THE STATUS QUO. YOU CAN QUOTE THEM,
DISAGREE WITH THEM, GLORIFY OR VILIFY THEM. ABOUT THE ONLY THING
YOU CAN'T DO IS IGNORE THEM. BECAUSE THEY CHANGE THINGS.
THEY PUSH THE HUMAN RACE FORWARD. AND WHILE SOME MAY SEE THEM AS THE CRAZY ONES, WE SEE GENIUS
BECAUSE THE PEOPLE WHO ARE CRAZY ENOUGH TO THINK THEY CAN CHANGE THE WORLD,
ARE THE ONES WHO DO.
- STEVE JOBS

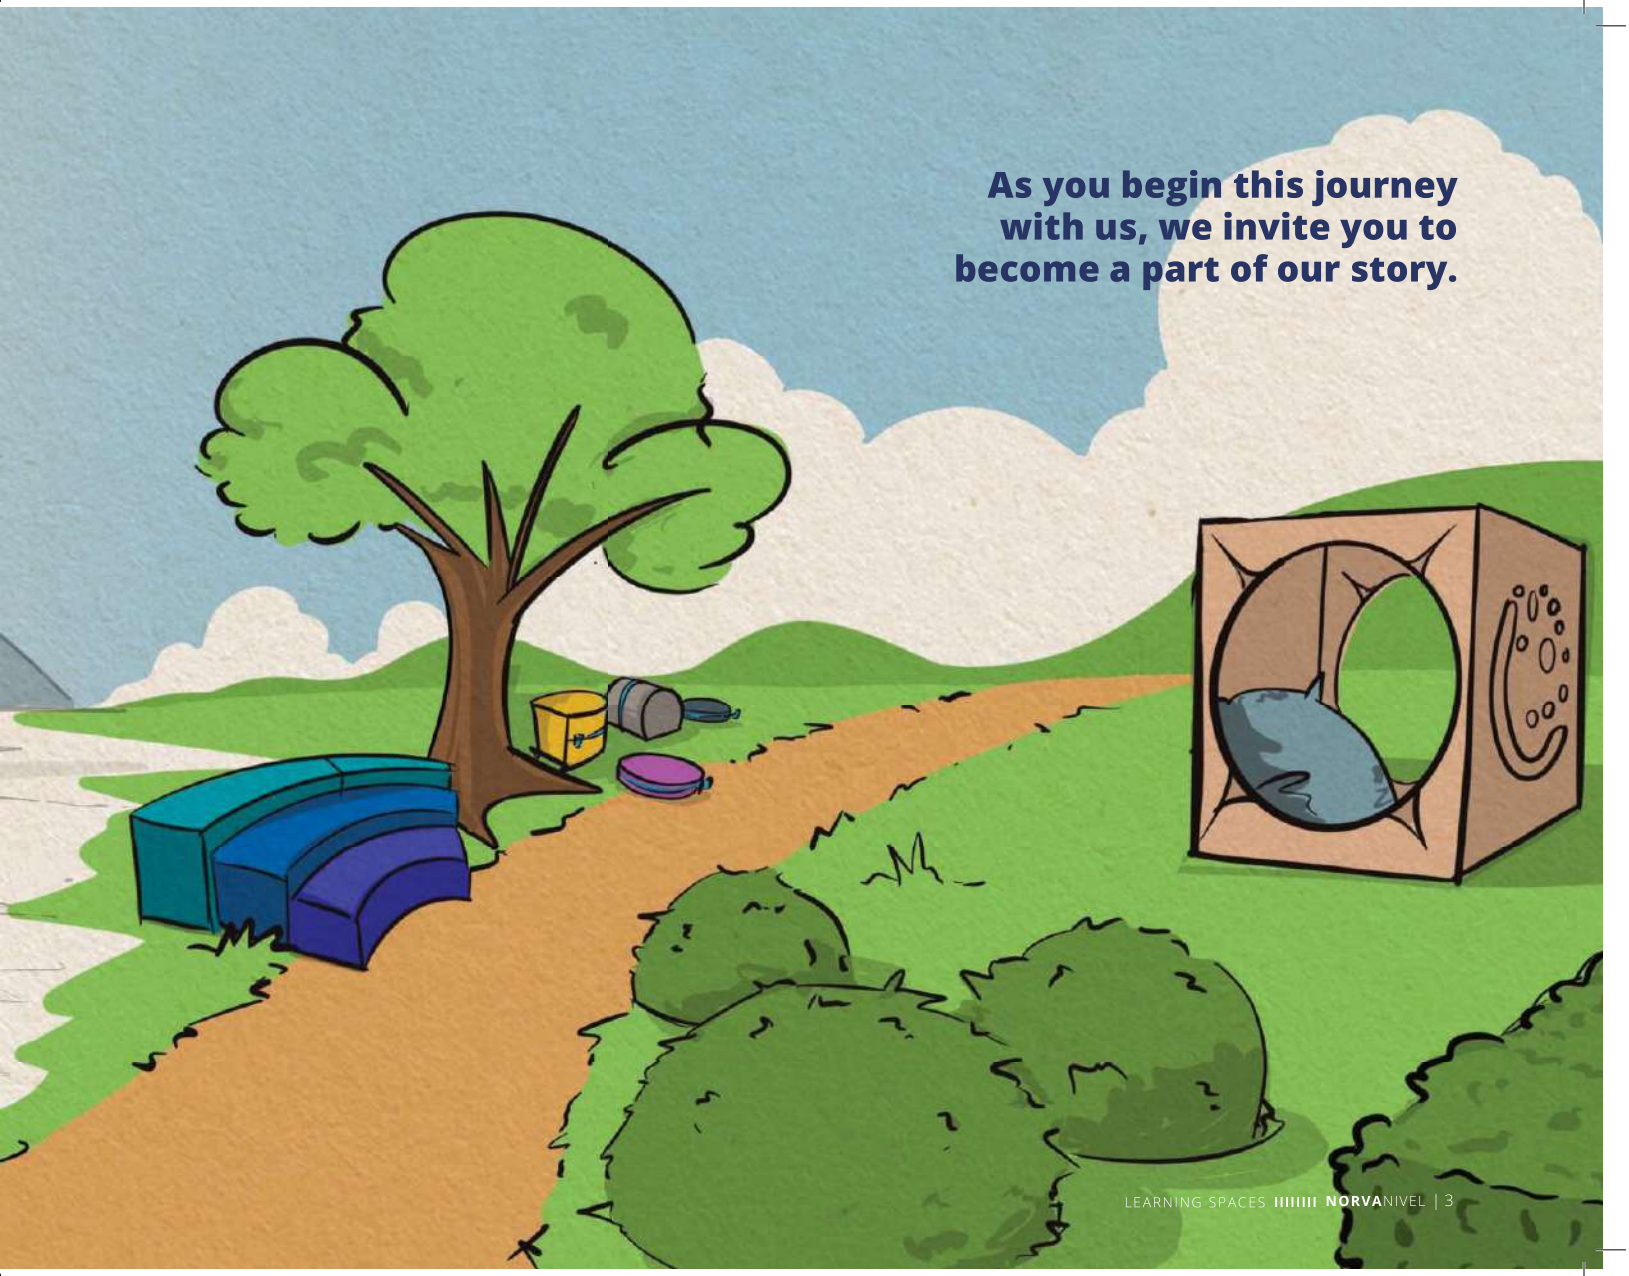
SECTION 4
Materials, Index, and Height Chart 112

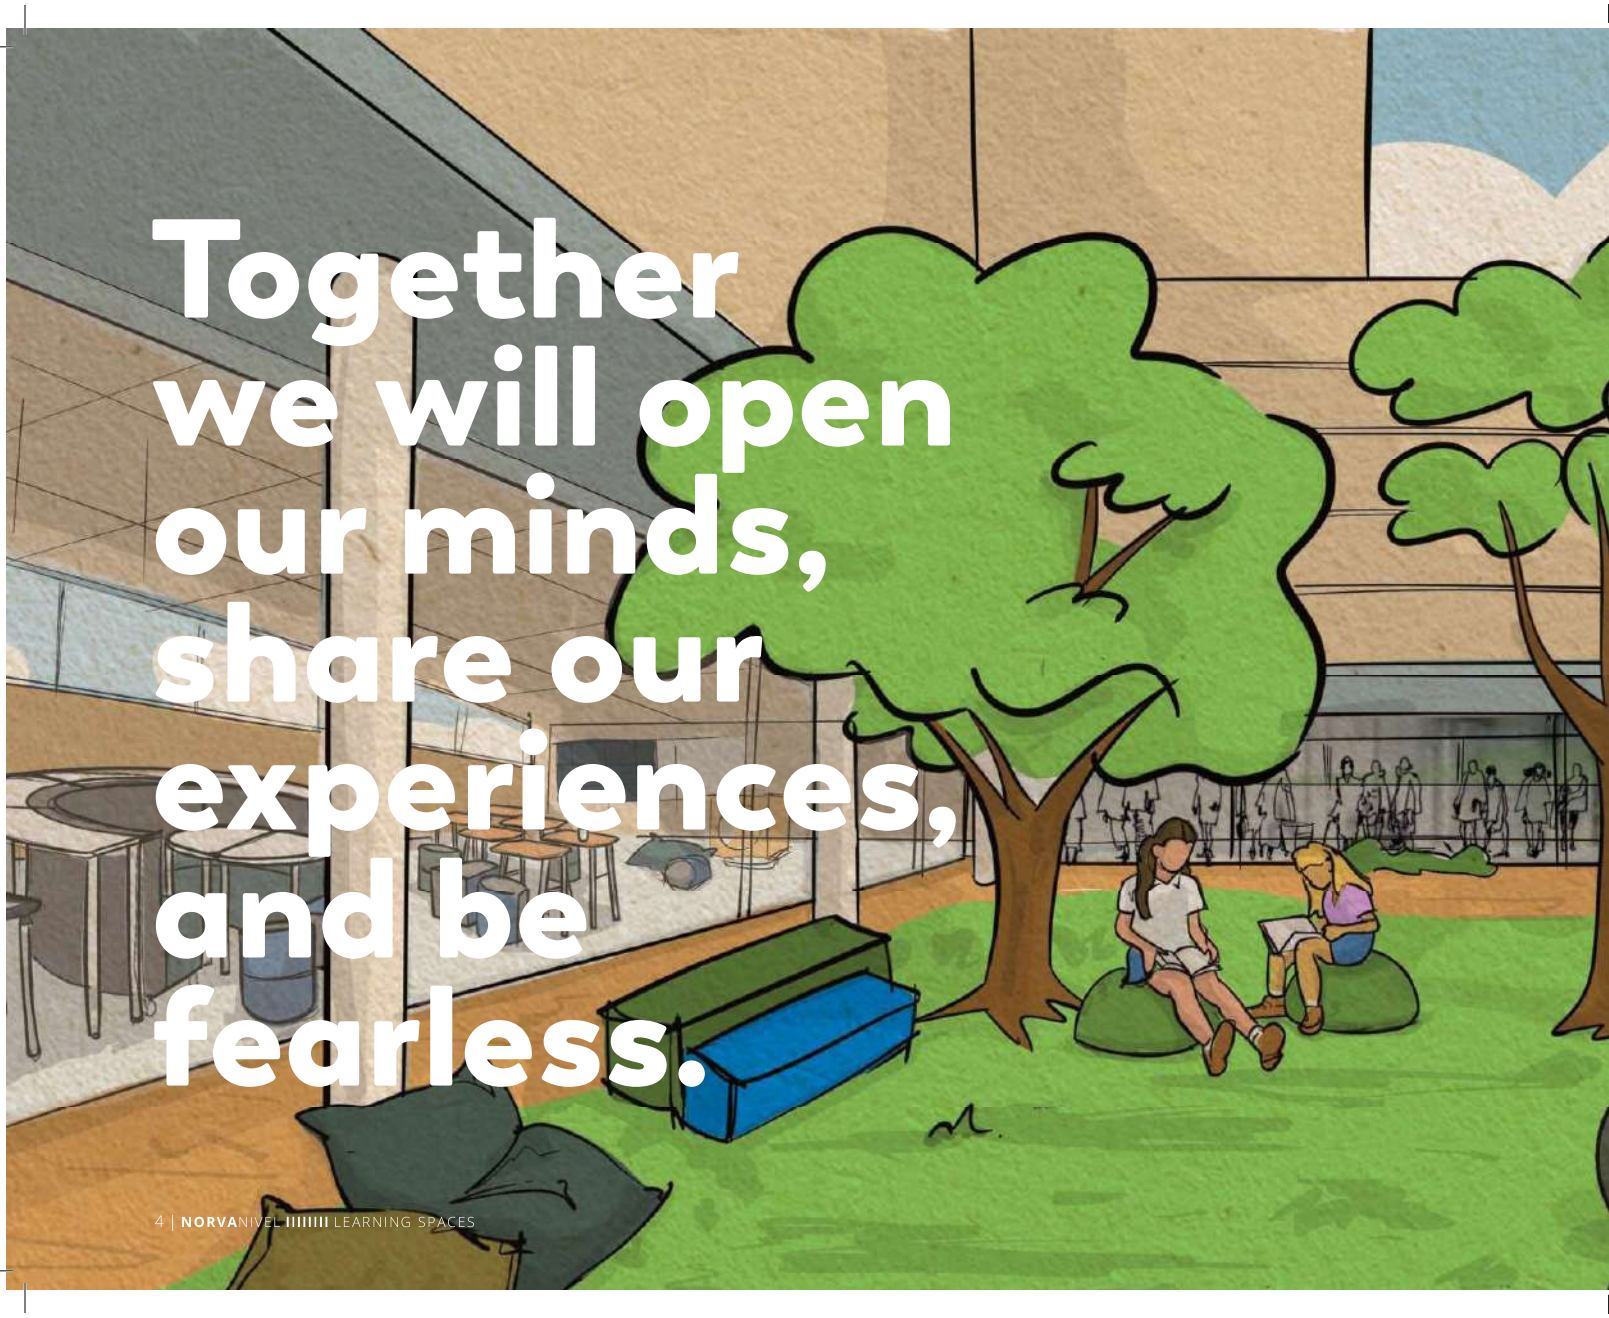
Bound only by the perimeters of our imagination and grounded in our own children's future, our story begins in Australia and continues globally with a sole mission: to redefine the environment in which we learn. With curiosity at our core and an endless passion for learning ourselves, we have been committed from the start to creating a movement that propels learning forward for all. Crafted designs intended to inspire, our products create opportunities for limitless discovery and connections.

SEE OUR FULL STORY

Our spaces are curated to bring learning to life, connect knowledge to experience, and transform the lives of not one, but every individual.



As you begin this journey
with us, we invite you to
become a part of our story.



Together
we will open
our minds,
share our
experiences,
and be
fearless.

And when we arrive
at the conclusion, we will leave
armed to provoke and embrace
positive change and action,
leaving a legacy of excellence
for generations to come.

Don't Desk Me In

As you explore the world of NorvaNivel, you will discover the stories of those courageous and bold enough to share.

These stories speak to the big voices and the little voices, and they embrace our overwhelming desire for freedom of thought, our human right to be unique individuals, and our need for connection and creativity.

These are the stories that guide us, inspire us, and challenge us.

They help us understand how we can design better, learn better, and be better. The collection, and sharing of these stories, continues beyond the pages of this book...

> The most important thing for adults to know about kids is it's important that they feel safe.
>
> **— SHYANNE**

Collaboration is at the heart of what we do, and collaborative, engaging learning environments are all we do.

Working Together

We are masters of progressive learning space design through the lens of education, innovation, and function. We engage all stakeholders in the process of creating imaginative and innovative learning spaces that align to the needs of learners. By utilizing our custom live design and professional learning workshops, led by our team of out-of-this-world designers, architects, educators and administrators, our mission remains to create high impact learning environments.

From Early Learning to Higher Ed, the combination of our spaces and intentional products allow us a unique toolkit for the reimaging of education. We partner with the souls who share our vision and continually seek to collaborate with those who also want to impact education — and change the world.

Our Design Philosophy

We believe that there is no one-size-fits-all approach to learning. We know that education can, in fact, **change** the trajectory of a person's life, and we live to be a part of it.

We **value** the immense impact that intentionally designed products and thoughtfully curated spaces can make in fostering learner engagement and agency. When designed with functional intent, these spaces can elevate the learning and engage the learner.

We believe that human-centered design thinking is our key to connecting our spaces with our teaching, our learning, and our culture in a tangible and meaningful way.

We continually seek opportunities to purposefully set the conditions for mastery of skills and connections needed in tomorrow's world through functional and inspired design.

Like our spaces, we continually adapt to the ever-changing world around us through our relentless commitment to the pursuit of innovation.

We design only for education and manufacture every product we sell.

Our designs are set to challenge conventions with the intent of awakening our senses.

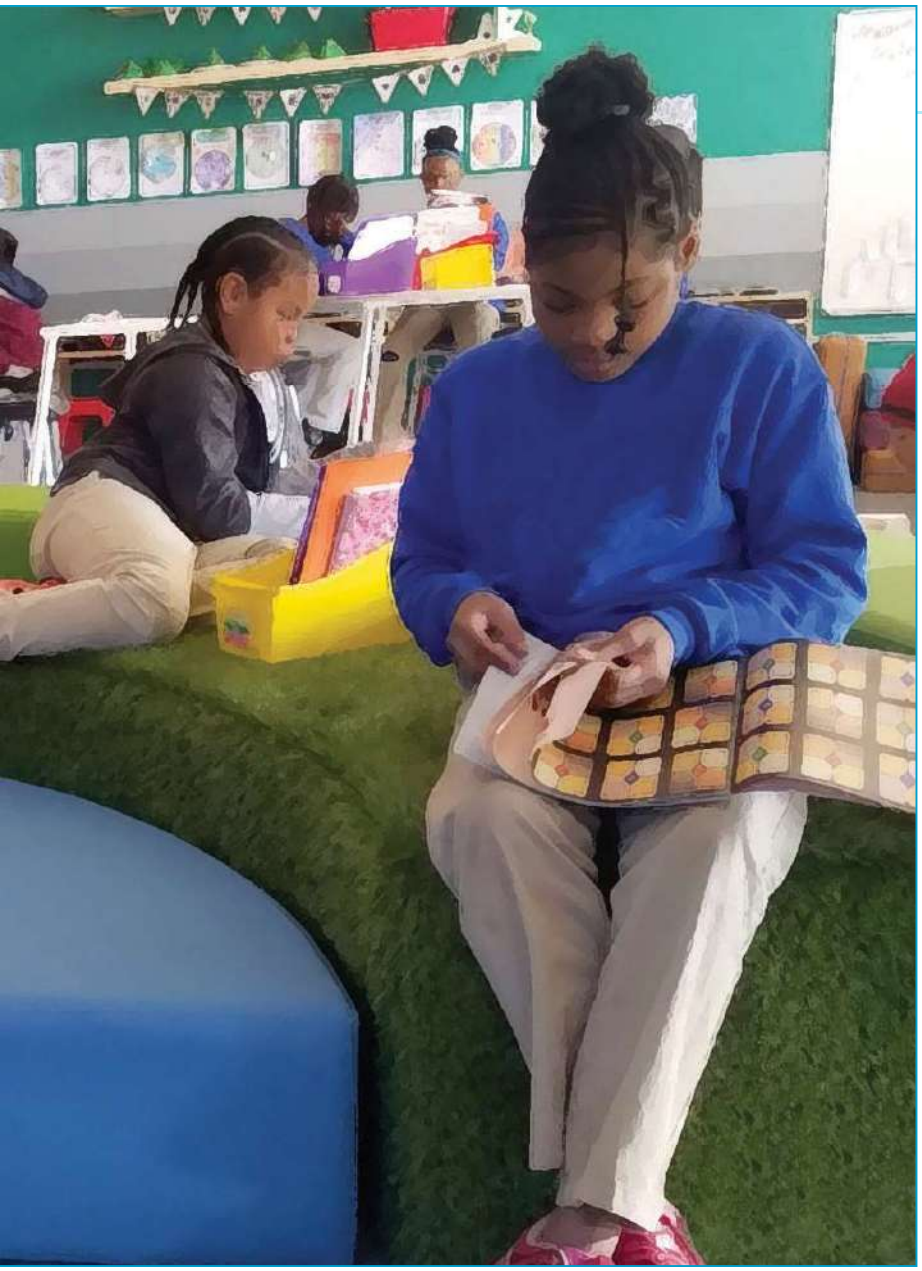
Our Learning Space Philosophy

From early learning to adulthood, we seek to create spaces that consider a synchronous impact, to both the learner and academic and pedagogical goals, facilitating the movement towards a future-ready education system.

Spaces curated to promote a strong culture of learning and a strong sense of self.



Incubating the growth of unique skills and interests, while continually striving to achieve equity and diversity, we challenge the concept of equality.

Our spaces encourage guided choice through their intentional adaptability.

Our products open up opportunities to engage in genuine inquiry, allowing for that connection between experience, knowledge, and environment.

Ultimately, we strive to create spaces designed for humans that consider social and emotional growth as an integral component to both personal and academic success.

It is better than you would expect from the individual parts because the way they combine adds a different quality.

— ARISTOTLE

Classrooms

The classroom environment is on the cusp of undergoing the greatest transformation. Unbounded by the traditional physical space, the classroom of today is now a space for creative, collaborative activities, stimulating discussion and supporting varied teaching and learning styles.

We provide spaces that consider comfort and safety, while facilitating quick and relevant adaptability to a multi-faceted and evolving curriculum, creating opportunities for dynamic transitions.

Our opportunity and challenge today is to create classrooms designed specifically to facilitate the growth of future-ready skills, and the varied unique needs of today's learners.

Extended Learning Areas

The consideration of the in between spaces provides unique opportunities for extending and cultivating new learning practices, contributing to a visible culture of learning.

Your buildings, both old and new, present limitless spaces to connect in places unused or previously unimagined. These informal learning spaces align flexibly to individual learning styles, while fostering positive socialization skills in often underutilized spaces.

Designed to facilitate variability, these spaces only amplify our opportunities for learning, heighten our experiences and connections, and create a strong sense of community and culture.

— ABRAHAM LINCOLN

Make and Create

Making overlaps with our natural inclination to learn, by paving the way for more hands-on, discovery-based learning in today's schools.

A maker mindset encourages students to shift from passive users to active creators. It places value on the individual's ability to be the creator of things by promoting problem-solving, collaboration and critical thinking, while inspiring creativity and encouraging meaningful cross-curricular collaboration.

Maker and STEAM spaces encourage knowledge as a result of experience, deepening our connection to learning, and heightening our ability to discover unique passions and talents.

Our courage to try has allowed us to continue to innovate and push education forward.

— AVRON LEVIN

Cafe Commons

Our cafe spaces are at the center of creating a sense of community, culture, and social connection across ages and backgrounds.

These spaces feed our senses and our emotions; they bind us together and give us an understanding of our place in the world and our relationship to other people within it.

Our cafes are places where equity and socialization are at the core of the design: a safe space that fills our tummies and fuels our minds.

Today's cafeteria is being completely reimagined. A now vibrant and inclusive space, with abundant choice and opportunity to socialize and learn as a community, the cafeteria of the future is once again at the core of connection.

The more that you read, the more things you will know. The more you learn, the more places you'll go.

— DR. SEUSS

Media & Resource Center

Since its inception, the library has been a vital part of education. This space is the heart of knowledge and an evolving space for innovation, transforming the lives of communities by facilitating the creation of new knowledge.

A place designed to foster inquiry, collaboration, exploration and engagement, the library/media resource center of today seeks to develop curiosities and understanding by facilitating shared and equitable access to an enriching and diverse collection of resources.

The library is the hub of active learning, supporting constant evolution and maintaining the culture of knowledge immersion through experiential discovery.

Being in your element is not only about aptitude, it's about passion: it is about loving what you do.

— SIR KEN ROBINSON

Faculty Collaboration

The role of the educator is in continuous motion, evolving rapidly and fluidly, adapting with the changing and varied needs of each learner and the constant innovation in both what and how we teach.

Architects of learning, change agents in the process of our progression, and role models for both learners and peers, today's educators are vital to the school ecosystem.

These incredible doers, leaders, instructors, and mentors deserve spaces designed to encourage the sharing of ideas, stories, and successes. Spaces that speak to the culture of the school's vision, offer support, reprieve and restoration, while reflecting the same ingenuity in agility and adaptability as the facilitators of knowledge working within them.

Education is the most powerful weapon you can use to change the world.

— NELSON MANDELA

Higher Ed

Preparing learners for life after school has never been a more daunting task.

Today's colleges and universities need to equip learners with the transversal skills needed to tackle the ever-evolving workplace. Skills such as collaboration, communication, creativity, critical thinking, community, connectivity and grit are in the highest demand.

Spaces in higher education facilities need to reflect our ever-changing world.

We dream to write a new story in education...

A story not just about intellectual achievement and measurable knowledge, but one that is also about the heart, emotions, relationship, love, generosity, resilience, compassion and variability.

All of these values combined will create a new system in which we celebrate the individual and create a path where discovery of oneself and one's passions are presented as new and perpetual opportunities now and forever.

We will continue to create inspiring products
and spaces that refuse to do anything but take us to the place where we strive to be.

Important Information

- Corner gusset kit: Recommended for all LOBO tables with casters, if table size exceeds 30" x 72" or the height for intended use is greater than 31". Kits are not available on any shaped tables excluding rounds.
- Any use of an epoxy top utilized in a mobile application (LOBO/TORO) will void any/all implied warranties on the top. This is due to exposing edges of an epoxy top to impacts will likely result in damages to the top.

Product visuals are presented for illustrative purposes only and may de a ditional available options. Pricing and specifications are subject to change. Important Information

- Corner gusset kit: Recommended for all TORO tables with casters, if table size exceeds 30" x 72" or the height for intended use is greater than 31". Kits are not available on any shaped tables excluding rounds.
- Any use of an epoxy top utilized in a mobile application (LOBO/TORO) will void any/all implied warranties on the top. This is due to exposing edges of an epoxy top to impacts will likely result in damages to the top.

Product visuals are presented for illustrative purposes only and may de a ditional available options. Pricing and specifications are subject to change. Please see Accessories seati or finish options and specifications. For the most current and accurate information, please con ult our onlin talog at wbmfg.com.

FULLY ASSEMBLED
(Casters installed onsite by others)

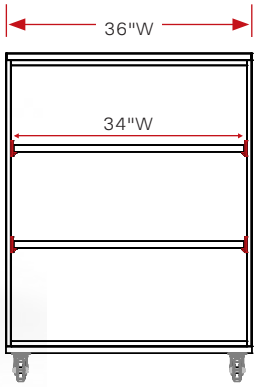
Bookcase Quantity Guide

When determining how many books a bookcase can hold, there are multiple factors to consider:

a. # of shelves per bookcase
b. Width of each book
c. What type of bookcase? ie: standard or curved, single or double sided
d. Dimensions

Example of a standard 36"W x 48"H bookcase
a. 48"H bookcases include three levels for storing books
One base area and two adjustable shelves
b. For this example we will use a 1" width for each book
c. Standard single sided bookcase
d. Storage space for books is 34"
Bookcase sides and shelf clips account for 2"



36"W bookcases with 3 levels, can hold approx. 102 books measuring 1"W.

Estimates for a standard 36"W x 48"H bookcase w/1" books

Volume type	Volumes Per Linear Ft.	Volumes Per Row	Volumes Total	Qty. of 36" bookcases for 5,000 Volumes
Juvenile	10 to 12	28 to 34	84 to 102	49 to 69
Fiction/Non-Fiction/Economics	8	22	66	75
General Lit./History/Art/Microfilm	7	19	57	87
Reference/Technical & Scientific	6	17	51	98
Law/Medical/Bound & Public Documents	5	14	42	119
DVDs	18	51	153	32
CD-Roms	27	76	228	22

Estimates for a curved bookcase w/1" books

Model #	Total shelves	Levels	Qty. of 1" books
LCS1160	1	2	54
LCS1170	2	3	81
LCS1245	2	2	108
LCS1255	4	3	162
LCD1160*	2	2	110
LCD1170*	4	3	165

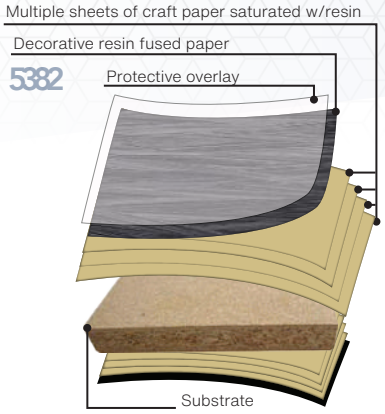
Product Materials

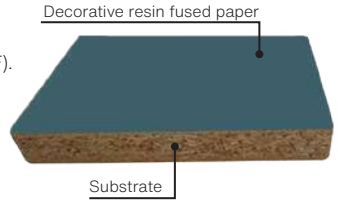


High Pressure Laminate (HPL)

- HPL is manufactured in a flat press by combining decorative papers saturated in melamine resin with phenolic-impregnated kraft layers compressed at a high temperature to create a high impact tolerance.
- HPL is bonded to a substrate such as particleboard or medium-density fiberboard (MDF). WB Mfg. uses a phenolic backer applied to the other side to create a balanced construction.
- The thickness of the laminate is determined by the number of kraft layers used.
- The laminating process combines the durability of melamine resins with the aesthetics of decorative papers creating a surfacing material that has been the standard for many years.
- HPL is a low-maintenance, durable solution that is resistant to heat, moisture, stain and abrasion.
- HPL is designed for horizontal, vertical or postforming applications.

Thermal Fused Laminate (TFL)

- TFL is also known as Low Pressure Laminate or LPL.
- Melamine resin-impregnated decorative paper thermally fused to a substrate such as particleboard or medium-density fiberboard (MDF).
- The chemical reaction during the thermal process makes it impossible to peel off.
- TFL is resistant to scuffs, stains, moisture, light and heat, but it performs slightly below HPL when tested.
- TFL can be used for most applications where high-pressure laminates would be specified, including horizontal surfaces such as desktop and office work surfaces.



MDF Core

- Holding power of 300 pounds per fastener.
- Made from fine wood fiber and less prone to tearing and chipping.
- Uniform product without knots or blemishes and easily takes paint and other finishes, making it an ideal substrate for the application of our Lotz Armor Edge™.
- Does not expand and contract according to weather conditions like wood.

Particle Board Core

- Holding power of 80-120 pounds.
- Lightweight product making it easy to move.
- Made by hot-pressing sawdust with resin adhesives, meaning environmentally friendly characteristics as it's made with scraps and waste.
- Available in a variety of grades, thicknesses, and densities.

Product Line Availability

HPL: High Pressure Laminate
TFL: Thermal Fused Laminate
MDF: Medium-Density Fiberboard Core
PC: Particle Board Core.

WB's Focus is to Exceed in Green Initiatives

WB Manufacturing, a manufacturer of custom work surfaces, tables, furniture and casework, has adopted a green operations initiative that values environmentally responsible practices in manufacturing and operations of its facility.

WB Manufacturing incorporated a broad range program affecting everything from materials that go into its products to its standards on the manufacturing floor. "The process to go green involved reviewing all areas of the business," said Steve Burgess, President.

Energy consumption is a major expense for the organization, but WB Manufacturing found that with a few simple changes from energy efficient lights on the 200,000 square foot plant to motion sensor light switches in the office area resulted in reduced usage by 54% and significantly lower energy bills. WB Manufacturing also voluntarily participates in the peak load lighting conservation program with the local utility company.

Recycling has always been a standard business practice from using recycled paper in the office equipment and recycled corrugated cardboard for packaging to recycling aluminum cans and plastics. WB Manufacturing even recycles the salvage particle board and MDF scraps using a dedicated shredder to create small bedding particles for local farms.

As part of our green manufacturing focus, WB Manufacturing routinely acquires products like particle board and medium density fiberboard (MDF) with No Added Formaldehyde (NAF), Ultra Low-Emitting Formaldehyde (ULEF) in addition to standard industrial grade particle board, medium and thin density fiberboard and plywood used in our products that is both California Air Resource Board (CARB) Phase 2 and Environmental Protection Agency (EPA) TSCA Title VI compliant.

WB Manufacturing is constantly evaluating it's suppliers to ensure that their products are constructed using recycled wood fiber, as well as compliance to these regulations required for our industry and services provided.

CARB established emission standards for wood products made with urea-formaldehyde resin products being sold in the State of California. The stated goals of CARB include attaining and maintaining healthy air quality; protecting the public from exposure to toxic air contaminates; and providing innovative approaches for complying with air pollution rules and regulations.

In selecting particle board and MDF, WB Manufacturing selects Eco-Certified Composites (ECC). In addition to the adherence to CARB regulations, all composite wood products supplied by WB Manufacturing are also compliant to the EPA TSCA Title VI regulations that became effective as of June 1st, 2018, as well as the Canadian Formaldehyde Emissions Regulations (CANFER) as of January 7th, 2023.

WB Manufacturing supplies labeled products in accordance to the California Safe Drinking Water and Toxic Act of 1986 (a.k.a. - Proposition 65 Act). This Act requires all businesses to provide warnings to users in California about exposures to chemicals that cause cancer, birth defects or other reproductive harm.

WB Manufacturing continues to focus its operation on complying with manufacturing standards that puts the health and welfare of the planet and our people first. Our focus is to exceed in green initiatives and standards.

Visit wibenchmfg.com to learn more about our involvement in the following programs:
- **Eco-Certified Composite Standard**
- **California Air Resource Board**

Product visuals are presented for illustrative purposes only and may depict additional available options. Pricing and specifications are subject to change. WB Manufacturing Warranty

WB Manufacturing's Promise

WB Manufacturing warrants that its products shall be free of substantial defects in original material and workmanship based on specifications from the date of delivery to the extent detailed herein.

WB Manufacturing promises to repair or replace any WB Manufacturing brand product or component that is defective in material or workmanship under normal use for as long as the End User owns it.

This is the sole and exclusive remedy for WB Manufacturing products to be found defective. This warranty applies to WB Manufacturing products from the date of delivery to the End User and is non-transferable but is subject to limitations, exclusions or other provisions detailed below. End User implies the final purchasing entity acquiring the product from a WB Manufacturing Authorized Dealer for the purchaser's use and not for resale, remarketing or distribution.

WB Manufacturing Limited Lifetime Warranty Terms

Limited Lifetime Warranty

WB Manufacturing warrants that its laminate furniture, Collaborative Workstations, Media Center Cabinets, CaseworkUSA® Storage, REplay® Laminate Lockers & Cubbies, REplay® Storage Cabinets, Rhapsody® Music Storage, Sconnie Chairs, Elevate Stools, World Famous Lockers and its steel frame products, specifically our desks, tables, chairs and stools shall be free of substantial defects in original material and workmanship from the date of delivery. This warranty is subject to the limitations and exclusions indicated below.

Additionally, WB Manufacturing warrants that all laminate furniture products are to be compliant with Custom Grade or better, as defined in AWI Standards, Eighth Edition, Revision 2, unless contract documents indicate otherwise.

12 Year Warranty

WB Manufacturing warrants that its laminate tops, butcher block tops, phenolic tops, epoxy tops, stainless steel tops, high wear and moveable parts (ie: casters, glides, etc.) shall be free of substantial defects in original material and workmanship for twelve (12) years from the date of delivery.

5 Year Warranty

WB Manufacturing warrants that all pneumatic bases and bases with flip mechanisms are free of substantial defects in original materials and workmanship for five (5) years from the date of delivery. Fomcore products are also warranted to be free of defects in material and workmanship under normal use of the product for five (5) years. Product must be properly cared for, maintained and in use by its original owner. Damage in transit or by negligence, abuse, abnormal usage, misuse, accidents or alterations nullifies the warranty.

1 Year Warranty

WB Manufacturing warrants that all electrical components, dry erase markerboard surfaces and HangOut Stools are free of substantial defects in original materials and workmanship for one (1) year from the date of delivery.

Product visuals are presented for illustrative purposes only and may depict additional available options. Pricing and specifications are subject to change. Please see Accessories section for finish options and specifications. For the most current and accurate information, please consult our online catalog at wbmfg.com.

Current Manufacturer List Pricing Applies.

WB Manufacturing Warranty Exclusions and Limitations

Exclusions

This warranty does not apply and no other warranty applies to the following:

- Defects caused by abuse, modification or alteration of the product.
- Any damage caused in transit by the carrier. WB Manufacturing will handle this with separate terms.
- Ordinary wear and tear (including but not limited to, scratching of laminate, phenolic, epoxy and butcher block tops, and ghosting on dry-erase markerboard) involving primary furniture surfaces, which are to be expected over the course of ownership.
- Products installed, used or maintained without following product specifications, assembly instructions or WB Manufacturing recommendations and warnings.
- Any intentional modifications or attachments to the product that were not designed or approved by WB Manufacturing.
- Product exposure to water, high or low humidity.

Warranty Limitations

This warranty is provided only to the initial purchaser, is non-transferable and is valid strictly for as long as the product is owned by the original customer. To be protected under this warranty, all products must be stored in areas of controlled temperature and humidity, and periodic regular scheduled maintenance must be performed. Cleaning of the high pressure laminate should be done by warm water and a non-abrasive cleaner. Abrasive materials should not be used for cleaning.

This warranty does not cover improper assembly/installation, failure as a result of inadequate inspection and maintenance, accident, vandalism or freight damage. Any incidental or consequential damages, including but not limited to business losses, personal property damage, and third party liabilities are hereby expressly excluded.

WB Manufacturing shall repair or replace, at its discretion, any portion of the product which proves to be defective under the terms of this warranty. Freight and installation costs are not included. WB Manufacturing may elect to substitute a reasonably comparable product, or a cash refund of the original purchase price (less reasonable depreciation) in the event the original warrantied product is no longer manufactured at the time the warranty is exercised.

WB Manufacturing products are not recommended or warranted for outdoor use. Some natural color variations occurring in plastics, laminates, paints or other natural materials are inherent to their character and cannot be avoided. WB Manufacturing does not consider these as defects. In addition, color-fastness or matching of colors, grains or textures of such materials are not warranted. Materials used at the request of a user or provided by customer is not warranted.

There are no implied warranties of fitness or merchantability, and there are no other express warranties beyond the warranties expressed here.

Thank you!

Alumni Educational Solutions

We have an obligation to be the Teacher's Assistant, the Architect's Inspiration and to support students in their learning environments.

Our primary goal is to inspire creative thought and create innovative classroom environments that allow adaptability to the ever changing ways of learning while giving students the opportunity to excel.

Educational practices are moving at the speed of light. The best way to assist the teacher is to design flexibility into the classroom. The ability to adapt learning environments at the same pace is critical to allow educators to leave no child behind.

We want to see each child given the opportunity to advance and receive the newest teaching methods.

All our products are designed, engineered and manufactured to strict quality standards that are inspected numerous times during our process, including a final inspection prior to packaging for shipment.

We look forward to making your classroom furniture purchase an enjoyable experience.

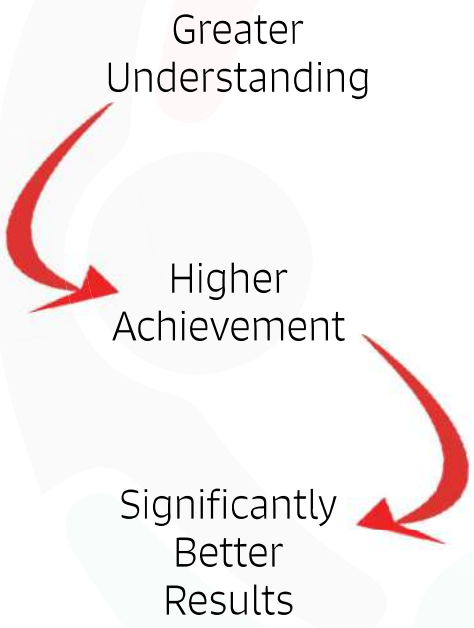
y5 THE MOST COMPELLING 21ST CENTURY CLASSROOM SOLUTIONS

Collaborative Learning encourages active participation in the classroom. Working in smaller groups leads to discussions that develop a greater understanding of the subject matter among all participants.

The y5 Mission



The foundation for a productive 21st Century Collaborative environment begins with the ability to position students in the most effective groupings. Studies show the most effective group sizing is 5. In a group of 5, eye contact through cross-directional positioning plays a major role in how all participants will participate and interact with one another.

Each group requires a teacher-selected mix of Overachievers, Middle-achievers and Underachievers. These diverse groupings will ensure engagement and participation by everyone in the group. With the suitable environment in place, the teacher becomes the 'Conductor of the Orchestra'; they will continually steer the comprehension of the subject matter onto its correct course.

Without a collaborative environment, a 50-minute class with 30 students would only allow the teacher just over one minute with each student and does not including any of the time spent teaching the lesson.

So Y5?

Studies show that groups of 5 are the most effective grouping number for collaborative learning:

If you measure the number of possible social interactions with varying groups, the optimal group size appears to be 5. The number of social interactions begins to explode in groups with more than 5 people.

– Sheila L. Margolis, PhD President
Workplace Culture Institute

Researchers report that, regardless of the subject matter, students working in small groups tend to learn more of what is taught and retain it longer than when the same content is presented in other instructional formats.

– Barbara Gross Davis
Tools for Teaching - Stanford University

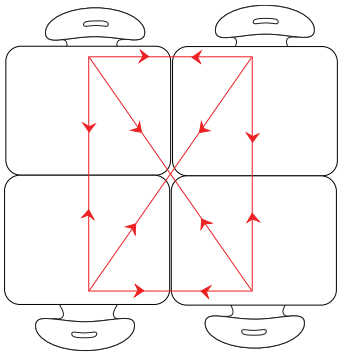
Misperception: Bigger is better. Actually: Excessive size is one of the most common—and also one of the worst—impediments to effective collaboration.

– J. Richard Hackman
Harvard Business Review

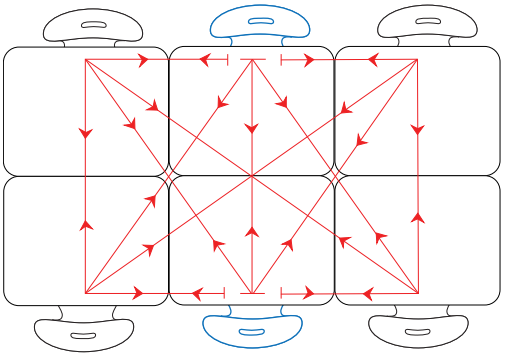
21st Century Learning

Connecting Mind and Body

Traditional Group of 4

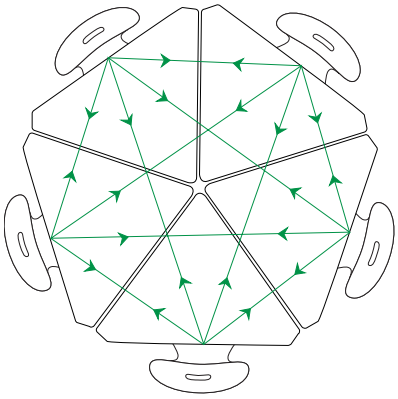


Traditional Group of 6



Group Leader Role
Created By Default
(Blue Chair)

Progressive Group of 5



In the K-12 Learning Space, our goal is to empower students to have equal influence and discussions within the group through the proper arrangement of desks and seating positions. A study from the *University of Montana* indicates that "Round or Pentagon Groups" create a 'Web Network', a cross-directional method of communication in which members are encouraged to communicate directly with each other, resulting in information being shared more rapidly and each member feeling they have an equal influence within the group.

Traditional Rectangular Groups
In the Traditional Rectangular Group of 4, there is often a pairing off of partners. Traditionally, this is the position that negotiators would prefer to be in and is recognized as a "Face Off" position.

When one more participant is added on each side of the group, creating a Traditional Rectangular Group of 6, two additional problems are created that are not conductive to a K-12 Collaboration:

1. A lack of visual contact with every group member occurs
2. The middle person in each row of three will typically end up taking on a dominant role of being a mediator or group leader

Progressive Round or Pentagon Groups
This type of seating arrangement is not new but can provide insight into the way that human interactions can be enhanced. The most famous example of this was *King Arthur and the Knights of the Round Table*: Every Knight that sat around the table was considered to be an equal to his peers and there was no central power position.

In the Progressive Round or Pentagon Group, visual contact is inclusive and there is no dominant seating position in the group. The ability to visually see all of the group members is vitally important since it promotes the ability to interact and share ideas. Through visual contact, body language is displayed in four different ways:

1. Head Movement
2. Facial Expressions
3. Body Posture
4. Hand and Finger Gestures

Simply by having visual contact with all group members, a quick determination about the participation levels can be made:

- Are all group members paying attention?
- Are all group members participating?
- Is there a sense of agreement or disagreement among the participants?
- Is anyone choosing not to participate?

This arrangement creates a more cooperative situation for discussion and a sense of equality.

The *Alumni Y5 Collaborative Groupings* are designed around the knowledge that we have gained through these recognized studies. The *Alumni Y5 Practices* implement this knowledge in the most effective manner, creating the footprint for the most successful outcomes in the rollout and implementation of 21st *Century Collaborative Learning*.

At Alumni, we strongly believe in following the path of research and proven concepts when developing furniture solutions. Our goal is to create the absolute best opportunity for all students to succeed within their education.

21st Century Classroom Solutions

Alumni y5 Collaborative Groupings

The foundation for the implementation of a productive 21st Century Collaborative Learning environment begins with the ability to position students in the most effective collaborative groupings; studies show that the most effective grouping size is 5. Supportive research has been pivotal in the design and development of the y5 *Flow, Pente and Idea Desks.*

The original *Flow Desk* is a classroom solution that is appropriate for both traditional and progressive teaching styles. The unique shape and size of the *Flow* takes into consideration classroom size and is a solution that allows for multiple, functional group configurations while providing the option of individual testing or independent study.

For more information on the *Flow Desk*, please turn to pages 72-73.

Flow Desk

Pente Desk

The *Pente* and *Idea Desks* have a unique pentagonal shape that takes into consideration the need for furniture that is both a functional and a practical solution for 21st Century Learning. In their ideal groupings of 5, they support a Web Network-type of communication, allowing for cross-directional dialogue to occur during collaboration.

For more information on the *Pente Desk*, please turn to pages 74-75.

For more information on the *Idea Desk*, please turn to pages 76-77.

Idea Desk

The *Alumni Soft Seating Series* was developed to enhance any learning commons, student lounge or library. There are a multitude of combinations and configurations that can be accomplished with the range of shapes and sizes available.

For more information on Soft Seating, please turn to pages 66-67.

The *Alumni Makerspace Works Steel Stool* provides a modern and practical solution for versatile classrooms that engage students through multiple learning techniques.

For more information on the *Makerspace Works Steel Stool* please turn to page 65.

The *Alumni Makerspace Works Tables* are a practical and adaptable table solution for several classroom settings. By having a collection of top materials, these tables can be utilized in any learning environment.

For more information on the *Makerspace Works Tables*, please turn to pages 172-174.

The *Alumni Accelerator Teacher Desk and Sit-Stand Crescent Desks* are products that when combined are a modern twist on the traditional teacher desks as they provide teachers a space to meet with one or more students comfortably while being mobile.

For more information on the Accelerator *Teacher Desk and Sit-Stand Crescent Desks*, please turn to pages 194-195.

The *Alumni Accelerator Active Learning Centers* are multi-functional and are equipped with a variety of options to match the fast-paced and moving classroom environments.

For more information on the Accelerator Active Learning Centers, please turn to pages 186-193.

Hex

The *Alumni Hex Desk* was developed for traditional and progressive teaching styles to help implement 21st Century Learning concepts into the classroom. Optional casters make these desks easy to pull apart for individual study and testing purposes, or to move into multiple group configurations. In its ideal group configuration of 6, it can be rearranged to maximize the use of limited space commonly observed in today's classrooms. Full-frame construction takes the wiggle out of learning.

- Hard Plastic (HP) Top with Embossed Pencil Groove or 3/4" or 1 1/8" High Pressure Laminate (HPL) Top with PVC Edge
- Fully welded table frame and leg assembly made of full perimeter 3/4" steel tubing welded to four 1 1/2" leg mounts designed to accept 1 1/8" O.D. round steel upper tube with inner round telescoping tube, adjustable height 22"-30"
- 100% Polyester Premium Powder Coat Finish
- Standard Glides: Marquis Nylon Swivel
- Optional Glides: Marquis Neoprene Swivel, Marquis Steel Swivel, Felt Snap-On, Q-Ball or Quiet Glide
- Options: Bag Hook, Fixed Height, Solid or Perforated Steel Book Box, Wire Shelf, Two Legs with a 2" Dual Wheel Locking Casters, Chrome Frame, ADA Height (26"-34"), Standing Height (34"-42")

Stacking

The *Alumni Honor Roll Stacking Tables* are a space saving solution. These heavy gauge, fully-welded tables stack neatly and compactly. Effortless stacking design allows for tables to slide onto one another without lifting up and over. Four leveling bumpers on the underside of each table prevents scratching and scuffing when stacking.

- 3/4" or 1 1/8" High Pressure Laminate (HPL) Top with Square Corner PVC Edge
- Welded Table Frame and Legs Consist of Four 1 1/8" Tube
- Fixed Height 30"
- Chrome Finish
- Standard Glides: Vinyl Insert

Folding Table

The *Alumni Lite ABS Plastic Impact Resistant Folding Table* is built to withstand up to 2,000 lbs. of equally distributed weight. Rigid core material with heavy gauge steel frame. Injection molded ABS corners are designed to absorb a 12-inch height drop without causing structural damage. Replaceable rubber stacking bumpers keep tables from sliding and protects the table surface when stacked.

- ABS Impact Resistant Plastic, Sonically Welded Top
- 1" Round Tubing with Brackets Fastened Directly to the Top Providing Maximum Holding Power Allowing the Screws to Securely Stay in Place Without Stripping, fixed height 30"
- 100% Polyester Premium Black Powder Coat Finish
- Skid Resistant Over Fitted Glide

Standard Dolly

The *Alumni Standard Dolly* is used to transport stacks of chairs by lifting underneath the glides of the chair. Best suited for Alumni 4-Leg and Cantilever chairs.

- Fully Welded Tubular Frame Made of Steel Welded to a Steel Plate Formed Platform
- 8" Heavy Duty Solid Wheels

Under Chair Scoop Dolly

The *Alumni Under Chair Scoop Dolly* is used to transport stacks of chairs by lifting underneath the seat of the chair. Recommended for use with Alumni 4-Leg and Cantilever chairs.

- Fully Welded Tubular Frame Made of Heavy Gauge Steel Welded to a U-Shaped Scoop Platform
- Standard Wheels: 8" Heavy Duty Solid Wheels

Square Platform Dolly

The *Alumni Square Platform Dolly* is used to transport stacks of chairs by placing them on top of the platform. This is to be utilized with the Alumni 4-Leg chairs.

- Fully Welded Tubular Frame Made of Heavy Gauge Steel
- Standard Wheels: 3" Heavy Duty Caster Wheels

CART-CHAIR-PF
Folding Chair Cart Holds Up to 50 Chairs

Folding Table and Chair Carts

The *Alumni Folding Table and Chair Carts* are fully-welded frame assembly made of angle steel and a wooden deck to allow tables to securely nest in a flat stacking position. Heavy duty push/pull handle.

- 4" Heavy Duty Swivel Casters

Purchase Orders

Be sure to include:

- Quantity
- Model Number
- Description
- Color Choice (top, edge, frame color, shell for chairs)
- Price for each item including quote number is required as well

Alumni accepts orders via:

- Email: orders@alumnicf.com
- Fax: 519.888.9395

Terms

Invoice terms for credit accounts are NET 30 days. Orders are invoiced on day of shipment. New customers are subject to credit a application approval process.

Delivery

Product shipping weights are for product only. LTL shipments are sent on pallets. Pallet weights will be added to total weight for LTL shipments. Standard LTL shipments do not include additional accessorial.

Alumni will determine the mode and method which meet the best delivery criteria.

Freight

Do not refuse freight because of damage or shortage. All merchandise is packed to comply with carrier requirements. For your protection all shipments should be carefully inspected by the consignee before acceptance. The delivering carrier should be requested to record on the delivery receipt any damage to goods or cartons at time of delivery. Also, any shortages should be noted on the delivery receipt. If further damage is found after delivery, immediate notification of Alumni must occur and all cartons and merchandise must be held for inspection. Alumni will notify you if the inspection will take place or if the product is to be disposed. Please contact Alumni at customerexperience@alumnicf.com to initiate the process.

Warranty

Alumni Educational Solutions has a Limited 15 Year Warranty. For complete details and a copy please contact Customer Experience at customerexperience@alumnicf.com or call 1.833.939.9300.

CONTRIBUTING TO A GREEN PLANET

As a responsible member of the business community, it is our ambition to work towards easing the impact that manufacturing has on our environment. Our ongoing efforts are driving us towards sustainability as we are committed to leaving the environment better than we found it.

REDUCE. REUSE. RECYCLE.

Alumni applies a concentrated effort to the three R's within our production, packaging and shipment process. The result of our motivation is having a cleaner environment that produces less waste and uses as many recyclable materials as possible. The policy of Reduce, Reuse, Recycle is so important to us that even this catalog is printed on recycled paper.

Alumni has implemented a Safe Materials Testing Program (SMTP) to ensure that all materials that are used meet or exceed Federal Regulation. Our products are tested to meet ASTM, NEMA and Fed Spec Standards as well. Alumni uses Internationally Renowned Testing Labs to ensure product safety and quality.

We want our children to grow up in a healthy environment so that their children can do the same.

Alumni Classroom Furniture is compliant with the testing requirements in the Consumer Product Safety Improvement Act 2008.
