Studio Components

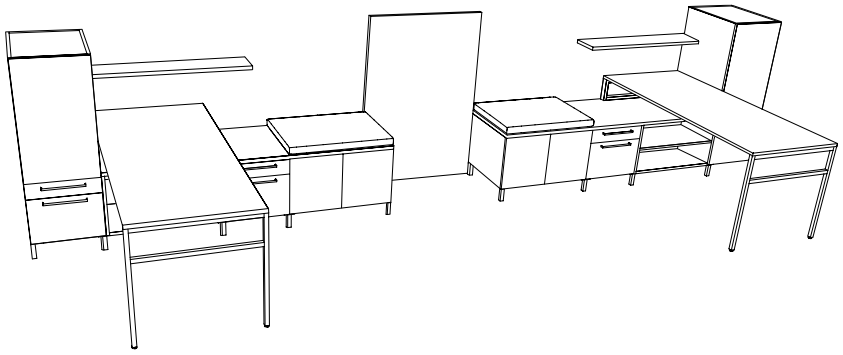
Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas and Gesso Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.



Studio components work with existing Canvas Tops, Peninsula Tops, and accessories such as Tackboards, Work Walls, Marker Boards, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

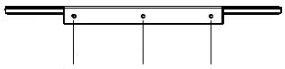
The Studio pull features a clean application.

Studio (AST)
Aluminum - 13"

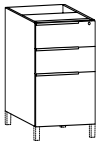
Studio (BST)
Black - 13"

Studio (CST)
Chrome - 13"

Studio (GST) *NEW
Gold - 13"

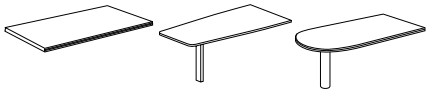


Studio Pulls are attached on the back side of the drawer front and installed in the left aligned position giving it a clean and sophisticated finish.



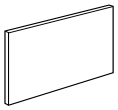
How to Use Studio

Start with a Modular Top to build a Desk, Peninsula Desk, Benching or Credenza (*See Modular Tops*)

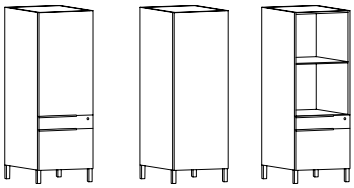


Next, choose from a number of Studio Pedestals options in Standard or Low Height. (*See Studio Peds*)

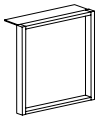
Kneespace Modesty Panels are available in standard height in TFL or High Gloss Acrylic or low height in TFL (*See Modesty Panels*)



Add additional storage with Studio Storage Cabinets and the full door storage cabinet features high gloss acrylic and dry erase door options (*See Storage Cabinets*)



Single and Shared Stanchions offer a layer of support for workstations and single or dual sided hutches (*See Stanchions*)



Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs (*See Leg Options*)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

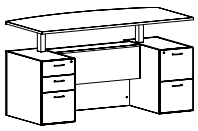
Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

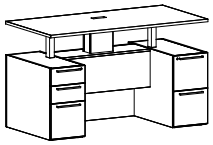
Some Highlights of Our Integrated Solutions:

- Adjustable from 30"H to 45"H, with a load capacity up to 180lbs
- Gently adjust one worksurface or multiple worksurfaces with a 1 second stop at each memory position
- Two leg configuration options include the standard 2-channel for Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface or a 3-channel option for two height adjustable worksurfaces to raise simultaneously
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when worksurface grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with worksurface grommet



Standard 2-Channel Height Adjustable



2-Channel Height Adjustable with Box

Bring the Open Plan and Shared Spaces to Life!

Modular Height Adjustable components make it easy to create the perfect work environment for any space. Select from an array of sizes of worksurfaces, pedestals, filing units and more to connect teams together so collaborating can be easy and productive.

If you prefer our original solution or have specified it previously, and would like to do so again, simply contact our Customer Service team for assistance. We can make that happen for you!

Indiana FURNITURE

ICONIC
CASEGOODS + TABLES (5000 SERIES)

With a nod to the '50s and '60s, Iconic's clean lines, tapered legs, and unexpected details present a timeless, approachable quality while being suited to outfit a multitude of areas, including private office, open plan/benching, small meeting areas, and ancillary spaces.

276

CONSTRUCTION

Iconic features a Veneer chassis with your choice of a Veneer , HPL or 3D Laminate top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select-grade, plain-sliced hardwood Cherry, Maple, American Black Walnut, White Oak, and composite veneers; Veneers are carefully selected and matched to assure proper balance and consistency
- Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology

LAMINATE
- TFL and HPL are made of woodgrain and solid color laminates fused to particleboard core; Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance
- 3D laminate surfaces eliminate the need for edge banding, visible seams, and special edge treatments; elimination of seams helps mitigate the accumulation of potential contaminants and simplifies cleaning

TOPS
- Tops are 1 3/16" thick
- Square (Y) Edge Profile is 3-ply balanced construction with 3mm wood edge-banded rims
- Square edge tops are shaped on all four sides
- Knife (KB) and Illusion (I) Edge Profile are 5-ply balanced construction with hardwood rims. Knife (KB) and Illusion (I) Edge Profile are profiled on three sides of Double Ped and Single Ped Desks with user side featuring Square Edge (Y)
- Grain direction runs left-to-right unless noted

CHASSIS
- Chassis are fastened by using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Horizontal grain direction unless otherwise noted

DRAWERS
- Box and file drawers are tested for 100lb capacity
- 5-sided drawer construction for easy removal of drawer fronts
- Fronts are 3-ply construction, ¾" thick with matched grain
- Sides, back, and front are ½" thick woodgrain vinyl-wrapped miter fold construction; box and file drawers have ⅛" thick hardboard bottoms, lateral file drawers feature ¼" thick bottoms
- Optional Dovetail construction with 7/16" thick hardwood sides and backs and 5/32" thick hardboard bottoms
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings with optional soft close
- Lateral files ¾ extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side

STORAGE
- All hinged doors include soft close hinges
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with drawers feature standard locking; optional locking available on models with doors where noted (see locking option)
- Lock core available in black or silver, please specify color
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge

CORD MANAGEMENT
- Grommets are available in the tops of desks, returns, bridge tops, kneespace credenzas, and credenzas
- An exit grommet is standard on the bottom of pedestals for wires to escape
- Hutch units have standard grommets in back panels
- On units, where noted, a removable back panel for wire access/ wire management, as well as an exit grommet, come standard
- Grommets are 2⅜" in diameter and available in black or silver
- See all optional grommet locations
- Wire channel (01-WMGRCB) available for additional undersurface cord management

3D LAMINATE (3D) OPTIONS

3D laminate surfaces eliminate the need for edge banding, visible seams, and special edge treatments. The elimination of seams helps to mitigate the accumulation of potential contaminants and simplifies cleaning. See cleaning instructions on our website under Resources.

Our Matte White and Matte Black options are not only durable, they leave no fingerprints. The matte, soft touch finish will add a sense of luxury, beauty, and style to any interior space.

Our Concrete option features a city-inspired, grey concrete surface with an embossed texture that is real to the touch and feel.

See individual select products for availability.

Indiana FURNITURE

JEFFERSON™
CASEGOODS + TABLES (4600 SERIES)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

CONSTRUCTION

Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops offer a 5-ply balanced construction, 1 3⁄16" thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 3⁄16" thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

CHASSIS
- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

DRAWERS
- Drawer fronts standard with bookmatched veneer faces
- Fronts are 3-ply construction and ¾" thick
- Drawer interiors are dovetail, wood constructed with 7⁄16" hardwood sides and backs and 5⁄32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty
- Optional soft close (see soft close options) is available on center, tray, box, and file drawers, unless otherwise noted

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- Central locking is standard on all desks and optional for credenzas and returns; one key in the lock cylinder locks all drawers in the desk
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets are standard in back panels of returns, bridges, kneespace credenzas, and hutch units (does not apply to height adjustable or reception units)
- Grommets may be ordered in the tops of desks, returns, bridges, credenzas, and component worksurfaces
- See all optional grommet locations
- Undersurface Wire Managers are available for additional cord management; See Multiple Units

HEIGHT ADJUSTABILITY
- Electric-powered height adjustable mechanisms are offered in 2-channel for single surface height adjustment and 3-channel for simultaneous, two surface height adjustment
- Height adjustable legs available in black finish only
- Height adjustment range 30"H to 45"H
- 5-year warranty
- Recommended load capacity of 180lbs
- Two control switches are available, including an up/down switch (standard with product, unless noted) and an advanced switch with Bluetooth capabilities, position memory, three stand up reminder intervals, and more; gently adjust worksurface with a one second stop at each memory position
- The standard control switch is factory installed on all units except bridges and 3-channel units
- Bridges, returns, and credenzas will not have a standard grommet on the back panel
- New wire management mesh wrap included when worksurface grommet is selected
- Grommets and one wire management channel provided within kneespace to manage wires from switch and control box; two wire management channels will be shipped with desk shells

DRAWER TRACK OPTIONS

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	33

LOCKING FLIP DOWN CENTER DRAWER

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD	Locking Flip Down Front Center Drawer	$	79

APPROACH SIDE DICTATION SLIDES

Some desk models offer an approach side pull-out dictation slide. Specify DSLD when placing your order and add upcharge. If adding the dictation slide, the center grommet will not be available.

NONE	No Approach Dictation Slide	$	STD
DSLD	Approach Side Dictation Slide	$	590

MOLDING OPTIONS

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding	$	STD
MR46R1	Molding on Right Side Only	$	82
MR46L1	Molding on Left Side Only	$	82
M46LR	Molding on Both Right and Left Sides	$	164

Note: Left or right is determined when facing the front of the unit. Molding features multi-step, hand-finished catalyzed finish

GLASS SHELVES OPTION

Units with beveled glass and mesh grille inserts offer the option of glass shelving.

GLSSH	Units with Two Doors	$	100
GLSSH	Units with Four Doors	$	200

DOWN LIGHTING OPTION

Select units with beveled glass and mesh grille inserts offer the option of down lighting. See individual models for availability.

DNLGT	Units with Two Doors	$	396
DNLGT	Units with Four Doors	$	792

LOCKING PEDESTALS ON RETURNS/CREDENZAS

Locking drawers are available on returns and credenzas. Please specify LKI-46L on order and add upcharge. Lock core will coordinate with pull selection.

Returns and single pedestal credenzas will have the lock positioned in the upper right corner of the top pedestal drawer.

LKI-46L	Return or Single Pedestal Credenza Locking	$	198

Double pedestal credenzas will have locks positioned in the upper right corner of both of the top drawers.

LKI-46L	Double Pedestal Credenza Locking	$	396

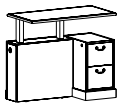
LOCKING DOORS

Locking doors are available on specific units, where noted. Specify WITH LOCKING when ordering and add upcharge. Lock core will coordinate with pull selection.

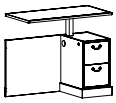
LKT_HU	Two & Four Door Vertical Hutches	$	130
LKT_HU	72"W to 48"W Units	$	111
LKT_HU	42"W to 30"W Units	$	88
LKT_HU	18"W Units	$	67

HEIGHT ADJUST LEG CONFIGURATION

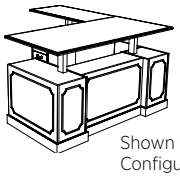
The 2-channel leg configuration is standard on height adjustable Desks, Returns, Bridges, and Credenza for one height adjustable worksurface. Desk models offer an optional 3-channel leg configuration for use with 3-channel Returns to allow two worksurfaces to raise and lower simultaneously.



2-Channel Configuration



3-Channel Configuration



Shown with 3-Channel Configuration on Desk and Return

STS2	2-Channel Configuration (For one height adjustable worksurface)		STD
STS3	3-Channel Configuration (For two height adjustable worksurfaces)	$	N/C

HEIGHT ADJUST CONTROL OPTIONS

Height adjustable units offer two switch options. The standard switch is a simple up and down switch to move your worksurface from seated to standing height. This comes standard with height adjustable units, unless otherwise noted. The advanced switch features Bluetooth capabilities to connect to smart devices, three stand-up reminder intervals, and height adjustment memory positions, and more.

Please specify desired Control Switch when ordering applicable Height Adjustable units.

SWCH	Standard Up/Down Switch	$	STD
MSWCH	Advanced Up/Down with Memory Switch	$	130

Indiana FURNITURE

MADERA™
CASEGOODS + TABLES (1400/1600 SERIES)

Madera creates a variety of looks from rich, refined transitional to fresh, modern contemporary by offering an abundance of options, including premium veneer. Finely crafted in select Cherry, Maple, Walnut, and Oak veneers, Madera features a UV topcoat on all exposed surfaces adding unsurpassed hardness and extreme durability for long lasting office applications.

CONSTRUCTION

Madera features a Veneer chassis with your choice of either a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Choose from premium veneer or select veneer on exposed surfaces in American Black Walnut, White Oak, Cherry, or Maple species
- The American Black Walnut, White Oak, and Cherry veneers are book matched veneer faces, while the Maple is a slip-matched veneer face
- These veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Tops are 1 3⁄16” thick
- Wood Veneer tops have a 5-ply balanced construction with hardwood rims
- High Pressure Laminate (HPL) tops have a 3-ply balanced construction with hardwood rims
- Tops featuring the Bullnose (D), Tri-Round (E), and Square (Y) edge profiles have vertical profiles
- Tops featuring the Radius (A) and Bevel (B) edge profiles have the same construction, but provide a matching reverse profile on connecting edge
- Grain direction runs left to right unless otherwise noted

CHASSIS
- Chassis are securely fastened using high quality European style fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units are equipped with heavy-duty, adjustable glides to ensure proper leveling and compensation for uneven floors
- Vertical grain direction unless otherwise noted

DRAWERS
- All drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Fronts are 3-ply construction and are ¾” thick with matched grain
- Drawer interiors are dovetail wood construction with 7⁄16” thick hardwood sides and backs and 5⁄32” thick hardboard bottoms
- The drawer interiors are sanded, sealed, and finished to provide a smooth, quality feel and appearance
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files feature ¼” thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units feature locking file drawers
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core color will match pull color

CORD MANAGEMENT
- Grommets are available in the tops of all units, unless noted
- Optional grommets are standard in back panels of assembled returns, bridge units, and kneespace credenzas,
- Hutch units have a rectangle grommet in bottom center of back panel
- A grommet is standard in tops of corner units
- Grommets are available in black or silver, please specify color
- See all optional grommet locations
- Wire Manager units available for additional cord management

TABLE GROMMET & POWER UNIT OPTIONS

Power units and grommets are sold separately and must be specified separately with surface mount location. Multiple locations may be selected. Only one unit per location.

Power units and Grommets Available in Table Surfaces (See Units)

Grommet	Specify Color: Black = BLK and Silver = SLV

DUO/TRIO BEZEL

01-DUOBEZEL	Available in Black (B), Silver (S), or White (W)
01-TRIOBEZEL	Available in Black (B), Silver (S), or White (W)

DOCK 950, DOCK 800 and DOCK 150

DOCK950	Available in Black or White
DOCK150	Available in Black or White
DOCK800	Available in Black or Silver

Other Power Units

DPORT4	Available in Aluminum or Black
INTERACTG	Available in Aluminum or Black
OASISM	Available in Aluminum or Black

Power/Data Location Information:

- Designate unit and location when specifying the top model. Power/Data Module need to be ordered separately.
- Power/Data Modules specified at the time of order will be routed for field installation.

E1	Unit on One End
E2	Unit on Each End
OC	Unit on Center

- All power units available **On Center (OC) only** when paired with two (2) or more of the following bases:

Cylinder Base	Square Base
X-Base	Disc
Tubular X-Base	

Grommets and Power Units may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.

Top Locations

Power units available on Each End (E1 and E2) and On Center (OC) unless otherwise noted, when paired with any Rectangle Panel Base, Rectangle Box Base or Rectangle Accent Box Base. (See Unit Details)

Power units centered at locations below:

36" Tops	centered 18"D	48" Tops	centered 24"D
42" Tops	centered 21"D		

72: OC 36" from end (**available with OC Only**)

96: OC 48" from end; E1/E2 29" from end

120: OC 60" from end; E1/E2 29" from end

144: OC 72" from end; E1/E2 29" from end

HUTCH GROMMET OPTIONS

Surface Mount Hutches come standard with one center grommet at workstation level on back panel. Three upper wire management grommets also available. One grommet located on right, center and left. Must specify.

WMHUBL	Black Lower Grommet + Three (3) Upper Grommets	N/C
WMHUSV	Silver Lower Grommet + Three (3) Upper Grommets	N/C

LOCKING DOORS

Locking doors are available on select units. You must specify WITH LOCKING when ordering and add upcharge.

LKT_HU	94"W - 84"W Units	$ 130
LKT_HU	78"W - 48"W Units	$ 111
LKT_HU	42"W - 24"W Units	$ 88
LKT_HU	18"W Unit	$ 67

Indiana FURNITURE

PHOENIX™
CASEGOODS + TABLES (2100 SERIES)

Crafted in select solids and American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, furniture solution.

CONSTRUCTION

Phoenix features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade sliced American Black Walnut or Cherry veneer carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops are 5-ply balanced construction and 1 5⁄32" thick with solid hardwood rims
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 5⁄32" thick with solid hardwood rims
- Grain direction runs left to right unless noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- Units feature finished backs unless otherwise noted
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors

DRAWERS
- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are ½" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All desks, credenzas, returns, and files feature standard locking
- Lock core will coordinate with pull selection unless otherwise noted
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets are standard in back panels of assembled returns, bridge units, kneespace credenzas, and hutch units
- A grommet is standard in tops of corner units
- Grommets may be ordered in the tops of desks, returns, bridge units, and credenzas worksurfaces
- Grommets are 2⅜" in diameter and available in black or silver, please specify color
- See grommet options and locations
- Wire Manager available for additional cord management; See Accessories

Reception

Indiana FURNITURE

AURA™

RECEPTION SHELLS + COMPONENTS (6200 SERIES)

Welcoming environments start with furniture that's warm and inviting. Create a customized work environment through flexible combinations of shells, components, and work surfaces that address multiple configuration options. Subtle details, including multiple pull styles, edge options, overlay panels and molding options allow for a personalized look or seamless blending with any of our standard casegood offerings.

CONSTRUCTION

Aura Reception features a Veneer chassis with your choice of either a Veneer, HPL, or Solid Surface transaction counter. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer worksurface tops are 3-ply balanced construction and 1 5⁄32" thick with a self-edge
- Transaction tops are 1 5⁄32" thick with a 5-ply balanced construction in Veneer, 3-ply balanced construction in High Pressure Laminate
- Transaction tops in Cherry, Maple, and American Black Walnut have solid hardwood rims and are profiled on all sides with mitered corners.
- Optional ⅜" thick glass accent top with 1 ¼" silver standoffs
- Transaction tops in solid surface materials are 1 ½" thick and available in 6 standard colors
- Grain runs left to right unless otherwise stated

CHASSIS
- Tops and end panels are securely fastened using high quality European fastening systems to ensure maximum strength
- All units have finished backs unless noted
- All pedestals offer optional wire management access from pedestal to kneespace
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color

CORD MANAGEMENT
- Grommets may be ordered in the tops
- See grommet options and locations
- Wire Managers available for additional cord management; See Accessories

Indiana FURNITURE

CAMEO™

RECEPTION SHELLS + COMPONENTS (6100 SERIES)

The traditional stylings of Cameo echo history and create a timeless foundation for welcoming environments that complement our Jefferson, Wilmington, and Arlington casegoods collections, as well as Cameo Conferencing. Create a customized work environment through combinations of shells, components, and work surfaces that address multiple configuration options.

CONSTRUCTION

Cameo Reception features a veneer chassis with your choice of either a Veneer or HPL transaction counter.

VENEER
- Veneers on exposed surfaces are select grade sliced American Black Walnut and are carefully selected and matched to assure proper balance and consistency

TOPS
- Work surface tops are 3-ply balanced construction and 1⅝₃₂" thick with a self-edge
- Transaction tops are 1⅝₃₂" thick and have a 5-ply balanced construction in Veneer or 3-ply balanced construction in High Pressure Laminate
- Transaction tops have solid hardwood rims and are profiled on all sides with mitered corners
- Grain runs left to right unless otherwise stated

CHASSIS
- Tops and end panels are securely fastened using high quality European fastening systems to assure maximum strength
- All units have finished backs unless noted
- All pedestals have wire management access from pedestal to kneespace
- Decorative moldings are hand applied
- All units are equipped with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable black lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge
- Keyed alike units available upon request at no additional charge

CORD MANAGEMENT
- Grommets may be ordered in the tops
- See all grommet options and locations
- Wire Managers available for additional cord management; See Accessories

Indiana FURNITURE

CANVAS™

LAMINATE RECEPTION + COMPONENTS (6400 SERIES)

Explore Canvas Reception models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors. Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, backlighting, extended gallery returns with storage, ADA returns, and more!

CONSTRUCTION

Canvas Reception features a TFL chassis with your choice of TFL or HPL Top and TFL, HPL, or Solid Surface transaction counters. Units ship assembled unless otherwise noted.

LAMINATES
- Exposed surfaces are woodgrain and solid color laminates
- Worksurfaces are bonded to the core with a PVA adhesive in a cold press to prevent separation of the laminate from the core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- Worksurfaces are 1" thick thermally-fused laminate (TFL) or High Pressure Laminate (HPL) with 1mm matching PVC rims in a square profile. Designer White, Sugar Maple, and Williamsburg Cherry feature ABS rims.
- Worksurfaces are shaped on all four sides and fit flush with adjoining worksurfaces for a clean aesthetic
- Transaction tops in TFL or HPL are edge-banded and have a self-edge on all sides
- Accent tops of ⅜" glass with 1¼" silver standoffs are available
- Transaction tops in Solid Surface materials are 1½" thick and available in 6 standard colors

CHASSIS/COMPONENTS
- TFL chassis and storage components
- Worksurfaces, storage components and end panels are securely fastened using high quality European fastening systems, 16-gauge joining brackets and wooden dowels to assure maximum strength
- Exposed edges have matching PVC edge band. Designer White, Sugar Maple, and Williamsburg Cherry feature ABS rims.
- All units are equipped with heavy-duty glides featuring 1 ¼" adjustment to ensure proper leveling and compensation for uneven floors
- All modular components have standard wire openings from inside the pedestal to the kneespace for quick access to technology below

DRAWERS
- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply, ¾" thick thermally fused laminate on both faces with matching PVC banded edges. Designer White, Sugar Maple, and Williamsburg Cherry feature ABS banded edges.
- All drawer sides are ½" thick woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color (if applicable, otherwise specify)

GROMMET OPTIONS & POWER UNIT LOCATIONS

Desk grommets are available in standard locations. Please specify using table below. Multiple unit locations may be selected. Only one unit per location.

Grommets are available on hutches in standard locations for task light management at no additional charge. Please specify HUGRMT.

Multiple locations may be selected. Only one unit per location.

GROMMET LOCATIONS (Black = BLK and Silver = SLV)

GC	Grommet, Center - Specify BLK or SLV	$	50
GL	Grommet, Left - Specify BLK or SLV	$	50
GR	Grommet, Right - Specify BLK or SLV	$	50

DUO/TRIO BEZEL LOCATIONS

PDC-C	Bezel, Center
PDC-L	Bezel, Left
PDC-R	Bezel, Right

DOCK 950 and DOCK 150 LOCATIONS (See Dock Units)

DOCK950-L	D950 Wireless Charger, Left	$	256
DOCK950-C	D950 Wireless Charger, Center	$	256
DOCK950-R	D950 Wireless Charger, Right	$	256
DOCK150-L	D150 Wireless and USB Charger, Left	$	391
DOCK150-C	D150 Wireless and USB Charger, Center	$	391
DOCK150-R	D150 Wireless and USB Charger, Right	$	391

Verify Grommet Option is available on the model(s) you are specifying using the following location information. Grommets, Power Units, Dock 950 and Dock 150 may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.

Power Units, Dock 950 and Dock 150 must be specified separately with surface mount location.

Indiana FURNITURE

JEFFERSON™
RECEPTION UNITS (4600 SERIES)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

CONSTRUCTION

Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops offer a 5-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

CHASSIS
- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

DRAWERS
- Drawer fronts standard with bookmatched veneer faces
- Fronts are 3-ply construction and 3/4" thick
- Drawer interiors are dovetail, wood constructed with 7/16" hardwood sides and backs and 5/32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- All suspensions have a limited lifetime warranty
- Optional soft close is available on center, box, and file drawers, unless otherwise noted; see option details

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

LOCKING
- Central locking is standard on all desks; one key in the lock cylinder locks all drawers in the desk
- Pedestal locking for credenzas and returns
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets may be ordered in the tops of desks, returns, bridges, and credenzas
- See all grommet options and locations
- Wire Managers available for additional cord management; See Accessories

DRAWER TRACK OPTIONS

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	33

LOCKING FLIP DOWN CENTER DRAWER

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD	Locking Flip Down Front Center Drawer	$	79

MOLDING OPTIONS

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding	$	Std
MR46R1	Molding on Right Side Only	$	82
MR46L1	Molding on Left Side Only	$	82
M46LR	Molding on Both Right and Left Sides	$	164

Note: Left or right is determined when facing the front of the unit.

WORKSURFACE GROMMETS FOR RECEPTION

GC	Grommet, Center; Must Specify Black (BLK) or Silver (SLV)	$	50
GL	Grommet, Left; Must Specify Black (BLK) or Silver (SLV)	$	50
GR	Grommet, Right; Must Specify Black (BLK) or Silver (SLV)	$	50

Verify Grommet Option is available on the model(s) you are specifying using the location.

Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Multiple locations may be selected.

CONSTRUCTION: Quality Is In The Details...

Hann-made in the USA

With Hann Manufacturing furniture you will never have to say, "...they don't build them the way they used to." We use time tested methods and materials to construct furniture that will hold its own in the classroom year after year. Hallmarks of quality such as mortise and tenon joinery and dovetailing are present in every piece we build.

We use solid hard maple or red oak in basic structural furniture components such as framing, aprons, legs and spreaders. These North American hardwoods are known for their strength and durability. Hann uses full face frame construction. Face frames are mortise and tenoned, glued and stapled together to form a rigid structural component. Veneercore panels used for ends and interior components are routed into the face frame and each other resulting in sturdy, interlocking furniture and casework.

There are no assembly lines at Hann Manufacturing. Each piece is built one at a time by experienced hands allowing us to devote the necessary time and attention to the details that truly matter. Yes, we build it like they used to!

Hann Can!SM

Hann can adapt standard products to meet your specifications. Whether it is a minor adjustment or developing a unique piece for a special need, Hann Can! deliver your custom product without the custom price!

Art Table Series

3062

Multi-purpose art tables in a variety of base and top combinations to best suit your classroom requirements. These tables are built to last with thick solid hard maple components. The upper and lower spreaders are connected to the leg panels with bolt reinforced mortise and tenon joints. A total of six draw bolts and a tall lower spreader provide excellent rigidity and maintainability. Adjustable floor glides are included.

Double draw bolt lower spreader provides excellent rigidity and resists loosening.

Upper spreader provides necessary support along the length of the top.

A2-4260PL3

Leg panels are mortise and tenoned to the foot and crossbar, glued and reinforced w/ two large lag bolts for a lifetime connection.

Appropriately sized components and hardware for stability and durability: 1-1/2" thick feet and crossbars, 1-1/4" thick leg panels and spreaders.

Studio Art Table Series

Our studio series offers standing height (36" high) tables with the option of drawer storage and a lower shelf. The table base features the same solid hard maple materials and mortise and tenon construction as our standard art tables series. Available with multiple top types and sizes. The storage drawer option includes (2) drawers at both the front and rear of the table. The inside dimensions of the drawers is approximately 2" x 14"W x 15"D for the 42" x 60" top size and is approximately 2" x 19"W x 15"D for the 42" x 72" top size.

A2-4272PL3-36

A2-4272PL3-36DS

Crafts Bench

A sturdy bench w/ storage for large or small items and a hard maple top. The base consists of two steel base cabinets placed back-to-back. Each cabinet includes a locking handle and adjustable shelf. Cabinets measure 36"W x 21"D x 31"H. The 2-1/4" thick hard maple top measures 64"W x 54"D. Overall height is 33-1/4".
Model DD4-0V

Art Table with Lower Shelf

The base of this unit is constructed of solid hard maple. Spreaders are joined to the legs on all sides of the table via bolt-reinforced mortise and tenon joinery. The lower shelf is comprised of solid hard maple slats which can support heavier objects while leaving spaces in between so that debris can fall through to the floor. The table can alternatively be ordered with a solid plywood shelf. The hard maple top measures 2-1/4" x 64"W x 54"D. Overall height is 32".
Model WL4-0V

STX-4848M

Four Student Table

Sturdy multi-purpose table features intersecting lower cross bracing which provides rock solid stability while allowing for leg room on all four sides. Mortise and tenon joints with draw bolts. Top choices include a 1-3/4" x 48" x 48" hard maple top or a 1-1/4" x 48" x 48" 'maple grain' patterned HPL top. Available in an overall height of 30" or 36". Locking casters optional.

Model STX-4848P-36	36" H, HPL Top, No Casters
Model STX-4848P-36C	36" H, HPL Top, w/ Casters

Adjustable Height Table

Perfect for any classroom or office application that requires flexibility or ADA accessibility. A smooth operating, sealed hydraulic system raises or lowers the table by means of an easy to use hand-crank pump mechanism which requires very little effort. Hydraulic cylinders are concealed within telescoping die-cast aluminum legs. Operating handle folds neatly out of the way when not in use. Lift capacity is 500 pounds. The table can be adjusted to any height between 27" and 35".

Art Workstation Series

3065

These workstations serve as excellent project centers providing both a large, sturdy worksurface as well as a variety of storage options. All workstations are available with either a 2-1/4" x 54" x 64" hard maple top or a 1-1/4" x 54" x 64" 'maple grain' patterned HPL top. The base of the workstation consists of two cabinets placed back-to-back. Base cabinets are built using heavy-duty solid hard maple face frame construction. The top overhangs the base cabinets by roughly 9" on all sides allowing for seating around the entire perimeter of the workstation. Overall height is 33-1/4".

Shown w/ optional casters

AWS-2D2T

Opposite Side

Crafts & Project Workstation

The same cabinet is used on both sides of this unit. Each cabinet has storage for (2) tote caddies (included) in the upper section and (2) large drawers for tools and supplies in the lower section. The drawers measure 31"W x 19"D x 3"H (I.D.).

Mobile Paper Storage

This mobile unit features five large drawers which are great for storing paper and supplies. Drawers measure 41”W x 24”D x 2-3/4”H. The cabinet moves on lockable heavy duty casters and includes a Fiberesin top. Overall size is 48”W x 24”D x 35”H.
Model MPS-4828

3067

Portfolio Storage Cabinet

Store portfolios or individual works of art in this flexible vertical storage cabinet. The cabinet is built using our heavy duty solid hard maple face frame construction. The top is 3/4” thick Fiberesin and the dividers are 1/4” hardboard. Each divider is removable to allow for storage of thicker items as necessary. Default spacing allows for (13) separate storage slots, each measuring 2-1/4“W x 29“D x 24-3/4“H. Overall cabinet dimensions are 39”W x 30”D x 33”H.
Model OBC-39PST

Mobile Paper and Slot Storage

This mobile unit features five large drawers which are great for storing paper and supplies. Drawers measure 41”W x 24”D x 2-3/4”H. The cabinet moves on lockable heavy duty casters and includes a Fiberesin top. Overall size is 48”W x 24”D x 35”H.
Model MPS-OBC-COMBO

Paper Storage Cabinet

Includes seven large pull-out shelves. Base is sturdily constructed of hard maple framing with mortise and tenon glue joints. Shelves are mounted on ball bearing slides and have 3” high side and back stops. Available tops include 1-1/4” thick plastic laminate and 1-3/4” thick hard maple. Natural finish. Overall size of the cabinet is 47”W x 29”D x 36”H.
Model BC-170M - w/ maple top.
Model BC-170P - w/ HPL top.

Segmented Art Storage Series

3068

Select the storage you want with this series of art storage cabinets. Choose up to (3) storage segments and arrange them in any order. The cabinet features thick solid hard maple face frame construction. Available segments include double-door cupboard, open single shelf, open three shelf, three drawers, open pullout shelves, and portfolio storage. Cabinet is 39"W x 30"D and the overall height depends upon segments selected.

Possible combinations include:

Bottom segment: double-door cupboard, Middle: open three shelves, Top: portfolio storage. Overall height is 77-1/4".
Model SASC-31-38-39

Bottom segment: portfolio storage, Middle: open three shelves, Top: double-door cupboard. Overall height is 77-1/4".
Model SASC-39-38-31

Bottom segment: double-door cupboard, Middle: open pullout shelves, Top: portfolio storage. Overall height is 77-1/4".
Model SASC-31-37-39

Bottom segment: portfolio storage, Middle: open pullout shelves, Top: double-door cupboard. Overall height is 77-1/4".
Model SASC-39-37-31

Bottom segment: three drawers, Middle: open pullout shelves, Top: double-door cupboard. Overall height is 73".
Model SASC-30-37-31

Bottom segment: portfolio storage, Top: portfolio storage. Overall height is 59-3/4".
Model SASC-39-39

SASC-31-37-39

SASC-39-38-31

Mobile Art Center
Hann's mobile art center provides a variety of storage options for art supplies. The unit includes four drawers and a cupboard with four shelves. Furnished with two large tote trays and locking casters. Lipped Fiberesin top keeps objects from falling off while the unit is in motion. Natural finish. Overall size is 36"W x 24"D x 37-1/4"H.
Model AC-137M

3069

Portable Clay Cart
A portable clay cart constructed of hard maple plywood and furnished with locking casters. Features an anti-slam lid stay device. Includes removable plastic tub for clay storage. Overall size is 16-1/2"W x 22"D x 21-1/4"H.
Model CC-7

Clay Unit
This ceramics project center features a three-drawer cabinet, single door storage cabinet with adjustable shelf, and CC-7 portable clay cart. The maple grain patterned plastic laminate top (72" x 30" x 1-1/4") provides a smooth, flat work surface. The base cabinets feature heavy duty face frames with mortise and tenon construction. Overall size is 72"W x 30"D x ~30"H.
Model CC-2A

Same as CC-2A, except w/ 1-3/4" thick hard maple top.
Model CC-2M

Portable Clay Cabinet
A popular cabinet for clay storage plus additional storage space. Clay storage area includes plastic tub and anti-slam lid stay. Complete with four locking casters. Overall size is 37"W x 19-1/2"D x 22-1/2"H.
Model CC-1B

Multi-Purpose Planning Desk
This versatile unit can be used as a desk, planning area or demonstration table. It is constructed of solid maple framing and maple panels with natural finish. Top is 1-1/4" x 72"W x 30"D plastic laminate. Table includes four general storage drawers and one file drawer fitted with master keyed cylinder locks. Below are four paper storage drawers. Overall table height is 36 3/4".
Model D-631

Same as D-631 but includes DM-2448 Demo Mirror.
Model D-632

Instructor/Planning Desk
The D-641 is a versatile unit that can be used as an instructor's desk or planning center. Pedestal includes three drawers and pull-out slide. Natural finish. Top surface is 1-1/4" thick plastic laminate. Overall size is 48"W x 30"D x 30"H. Shown in oak.
Model D-641

Planning Table Series
This table is ideal for general use as well as planning and designing. The table base is constructed of the finest hard maple with natural finish. Includes adjustable floor glides. Furnished with two large drawers 19-1/2"W x 19"D x 2-3/8"H. Plastic laminate top is 1-1/4" x 30" x 72". Overall height is 30".
Model PL-2

Similar to PL-2 except with 1-3/4" thick hard maple top.
Model PL-2HM

PL-2 planning table w/ DM-2472 demonstration mirror.
Model DT-3072

Larger version of the PL-2 w/ (4) drawers, top size is 72"W x 42"D.
Model PL-3

Similar to PL-3 except with 1-3/4" thick hard maple top.
Model PL-3HM

Demonstration Mirrors
Enhance student view of tabletop demonstrations. Mirror with safety backer is encased by an aluminum frame. Rotates 360 degrees and can be fixed at any angle. Sturdy supports are easily mounted to any table with four bolts.

22-5/8" x 28" mirror.
For a 30" x 36" surface.
Model DM-2436

22-5/8" x 40" mirror.
For a 30" x 48" surface.
Model DM-2448

22-5/8" x 52" mirror.
For a 30" x 60" surface.
Model DM-2460

22-5/8" x 64" mirror.
For a 30" x 72" surface.
Model DM-2472

3071

1-1/4" thick top features rounded edges.

Top of the legs are mortise and tenoned into the seat and fastened with screws.

Two sets of stretchers are drilled, glued and pinned into the legs.

Legs and stretchers are round. Bottom of the legs are rounded.

Hardwood Stools

These attractive and sturdy stools are ideal for seating in the classroom or lab. They are available in maple or oak with natural finish and in three heights; 18", 24" and 30". The heavy duty seats are 1-1/4" thick and 13" in diameter. The legs are 1-1/2" in diameter and are tenoned into the bottom of the seat and secured with screws. The bottoms of the legs are rounded. Draw-tight stretchers are glued and pinned at stress points.

Maple stool, 18". **Model S-18-M**	Oak stool, 18". **Model S-18-O**
Maple stool, 24". **Model S-24-M**	Oak stool, 24". **Model S-24-O**
Maple stool, 30". **Model S-30-M**	Oak stool, 30". **Model S-30-O**

Student Bench

The perfect addition to any common area or classroom requiring group seating. This attractive and sturdy bench is constructed of maple solids. Bench seat is attached to the legs with screws. The spreader supports the legs via bolt-reinforced mortise and tenon joints. Overall dimensions are 72"W x 16"D x 18"H.
Model SB-1672

Art Horse

The art horse is designed for student comfort. The upright and grooved seat will accommodate boards up to 24" x 30". Made entirely of solid hard maple with natural finish. The seat is 12"W x 29"D x 17"H, and the drawing board rest is 12"W x 33"H.
Model B-1

Student Bench

The B-2 bench provides maximum organization in the art room. It allows sturdy seating as well as additional storage. The durable unit is constructed of solid hard maple throughout with natural finish. Overall size is 17"W x 12"D x 17"H.
Model B-2

CAD Drafting Tables

These modern drafting tables can incorporate traditional drafting with CAD and graphic design. All of the tables feature solid hard maple construction with bolt-reinforced mortise and tenon joints. Available in a variety of sizes and configurations.

3072

This drafting table includes with a six drawer storage unit, pullout keyboard tray, hanging steel CPU holder, monitor arm and wire management. An adjustable 30" x 30" x 3/4" Fiberesin work surface is supported by a sturdy ratcheting mechanism. The right hand reference top measures 12" x 30". This unit stands 42"W x 30"D x 39"H at the front edge.
Model CDWD-61

Equipped with a pullout keyboard tray, CPU cabinet with tool drawer, monitor holder and wire management. An adjustable work surface, 30" x 30" is supported by a sturdy ratcheting mechanism. The reference top, 12" x 30", is supplied with a 2-1/2" grommet and cover. This unit is 42" W x 30"D x 39"H at the front edge.
Model CDWD-65

This table offers versatility and economy. Equipped with a pullout keyboard tray, hanging steel CPU holder, monitor arm and wire management. An adjustable 30" x 30" x 3/4" Fiberesin work surface is supported by a sturdy ratcheting mechanism. The right hand reference top measures 12" x 30". This unit stands 42"W x 30"D x 39"H at the front edge.
Model CDWD-66

The ideal table for the student who needs computer accessibility as well as ample work space. A locking cabinet for the computer tower provides security against computer theft or damage. Designed so that the monitor can be positioned at the ideal eye-level. Overall size is 42"W x 40-1/2"D x 33"H.
Model CAD-3042T-KB
Same as above except with adjustable main top.
Model CAD-3042T-ATKB

Hann Can!℠

Drawing and Drafting tables represent the most customized items in our catalog! Options include everything from drawers, cubbies and shelves to dimensional variations and add on accessories. Hann can build a unique product that fits your needs.

Drawing Table
The WD-1 table is constructed of hard maple framing to withstand demanding classroom use. Table has a full tilting Fiberesin top (36"W x 24"D) with pencil ledge. Unit includes a ratchet type tilting mechanism. Center drawer is 19"W x 17"D x 2-3/4"H. Natural finish. Overall height is 37".
Model WD-1

WD-2

WD-9

Split-Top Drawing Table
This single station drawing table includes an adjustable top (24"W x 24"D), ratchet type tilting mechanism, and full width pencil ledge. Top is 3/4" thick Fiberesin. The reference area is 12"W x 24"D. Unit is complete with one storage drawer. Overall size is 36"W x 24"D x 30"H.
Model WD-2

Same as model WD-2, but 37" high.
Model WD-3

Same as model WD-2 less drawer.
Model WD-9

Same as model WD-3 less drawer.
Model WD-10

Four Station Drawing Table w/ Under Top Storage
A versatile drawing table which features four drawing surfaces (30"W x 24"D) with center reference area. Drawing surfaces, complete with adjustable pencil ledges, can be folded down when not in use. Ratchet type tilting mechanisms allow a variety of working positions for each of the four stations. Lockable storage space beneath the adjustable drawing surfaces accommodate 18" x 24" drawing boards, T-squares, and tool storage. Mortise and tenon construction secures table rails to legs. Natural finish. Top surface is made of Fiberesin. Overall size of the unit is 76"W x 48"D x 30"H.
Model KD-4

Four Station Drawing Table
This four station drawing table has (4) 30"W x 24"D tilting Fiberesin drawing surfaces and a fixed center top. The base is constructed of solid hard maple. The aprons are mortised into the legs providing strength and stability. The table is available with or without storage drawers in the front and rear aprons. Overall size of the unit is 76"W x 48"D x 30"H.
Model WD-4876 (w/o drawers)
Model WD-4876-4D (w/ 4 drawers)

A reduced size table for smaller classrooms. The tilting tops measure 24"W x 24"D. Overall size is 64"W x 48"D x 30"H.
Model WD-4864 (w/o drawers)
Model WD-4864-4D (w/ 4 drawers)

Drawing Table Series with Optional Storage

These sturdy Hann tables are ideal for drawing and drafting. Each table features a 3/4" thick Fiberesin top that provides a rock hard, flat, smooth surface. A pencil ledge is standard. These tables are constructed of solid maple and hardwood panels and have a natural finish. You may choose additional options for any table series. Options include a six drawer tool storage unit and a drawing board storage cabinet.

30/32

Model WD-20

WD-20 Series Fixed Top Drawing Table

The top (36" x 24") is permanently fixed at a seven degree angle. Overall height is 39" at front.
Model WD-20, WD-21, WD-22, WD-23

Model WD-23

Model WD-50

WD-50 Series Fixed Top Drawing Table

The top is in two sections. The drawing top, 24" x 24", is permanently fixed at a seven degree tilt. The reference top, 12" x 24", is flat. Overall height is 39" at front.
Model WD-50, WD-51, WD-52, WD-53

Model WD-53

Model WD-30

WD-30 Series Adjustable Top Drawing Table

Top size is 42" x 30" and is adjusted via a ratchet-type tilting mechanism. Overall table height is 39".
Model WD-30, WD-31, WD-32, WD-33

Model WD-31

Model WD-60

WD-60 Series Adjustable Top Drawing Table

Top is split into two surfaces. The left side is a tilting top, 30"W x 30"D. The right side is a reference top, 12"W x 30"D. Overall size is 42" x 30" x 39" high.
Model WD-60, WD-61, WD-62, WD-63

Model WD-61

To designate model number choose series and options.
Example: Series WD-30 with drawing board storage cabinet = WD-32

OPTIONS

0 - base model
1 - includes six drawer tool storage unit
2 - includes drawing board storage cabinet
3 - both six drawer unit and drawing board storage

Dual Station Drawing Table w/ Storage Compartment

The model SA-20 art and drawing table includes two tilting adjustable tops, one drawer, and large storage compartment with adjustable shelf. Constructed of maple solids and panels throughout. Inverted A-frame legs provide sturdy foundation. Entire top area is 3/4" Fiberesin, providing a rock hard, flat, smooth surface. Each tilting surface is 24" x 24" and includes ratchet type tilting mechanism along with pencil strip. Overall size is 60"W x 24"D x 36"H. Natural finish.
Model SA-20

The model SA-20B is similar to the model SA-20 table, except that the storage compartment is designed to accept six drawing boards size 18" x 24".
Model SA-20B

Dual Station Drawing Table w/ Six Drawers

This Hann Manufacturing art and drawing table features two tilting adjustable tops, stationary center top, open bookshelf, and six drawers with master keyed locks. Constructed of maple solids and panels throughout. Inverted A-frame legs provide sturdy foundation. Entire top area is 3/4" thick Fiberesin, providing a rock hard, flat, smooth surface. Each tilting top is 24" x 24" and includes ratchet type tilting mechanism along with pencil strips. Each drawer measures 11"W x 19-1/2"D x 2-1/4"H inside. Overall size is 60"W x 24"D x 36"H. Natural finish.
Model SA-21

Technical Drafting Table

This unit is equipped with a 48"W x 37-1/2"D x 3/4" thick Fiberesin top, and is adjustable with a ratchet-type tilting mechanism. Furnished with a pencil drawer and five storage drawers fitted with master keyed cylinder locks. Also included at the rear of the unit are two reference storage areas. Base is constructed of hard maple framing with hardwood paneling. Natural finish. Overall height is 37".
Model WD-200

Drawing Table w/ Drawer Storage

A drawing table just right for the drafting lab or art room. A desk-high table with a large tilting Fiberesin drawing surface (30" x 42") supported by dual adjustable ratchet type tilting mechanisms. The table provides six lockable drawers for secure storage. Sturdily built with maple solids and panels (shown in oak). Natural finish. Overall size of the unit is 42"W x 30"D x 30"H.
Model WD-3042/6

Single Station Drawing Table w/ Six Drawers

This drawing table features six drawers large enough to hold boards, supplies, tools, and papers. Table is constructed of maple and has a natural finish. Entire top is 3/4" thick Fiberesin. Tilt top is 33"W x 32"D and the reference top is 15"W x 32"D. Drawers are fitted with master keyed cylinder locks. Overall table size is 48"W x 32"D x 39-3/4"H.
Model WD-8

Dual Station Drawing Table w/ Six Drawers

This two station tilt-top drawing table is constructed of maple solids and panels, with mortise and tenon construction for rugged durability. The Fiberesin top provides a rock hard, smooth surface. Each tilting top measures 28" x 32"D and includes the ratchet type tilting mechanism. Stationary center top is 12" wide. Adjustable pencil strips are provided for each drawing surface. Knee space under each drawing area is 19-3/8" wide. Six drawers are supplied with master keyed cylinder locks. Overall size is 70-1/4"W x 32"D x 39-3/4"H.
Model WD-80

Drawing Table Drawing Table w/ Eight Drawers

Similar to the WD-80 but includes eight drawers in the center pedestal, each 2-3/4"H. Drawers will accept an 18" x 26" board.
Model WD-82

Dual Station Drawing Table w/ Twelve Drawers

The WD-86 drawing table provides (10) drawers in the center pedestal and (1) apron drawer to the left and right for a total of (12) drawers. The table is constructed of maple solids and panels, with mortise and tenon joints for durability. Fiberesin tops provide a rock hard, smooth drawing surface and are fixed at a seven degree angle. Each top measures 28"W x 32"D and slopes from 42-1/2" high at the front to 46-1/2" high at the back. Center reference area (21"W x 32"D x 40-3/4"H) is flat. Natural finish. Overall size is 77"W x 32"D x 46-1/2"H.
Model WD-86

Drawing Supply Cabinet
The DC-1 provides a complete facility for storing drafting materials for a class of 24 students. Included are a number of specially designed hooks and holders mounted in the cabinet. These will provide both adequate storage and visual check by the instructor. Drawing boards (18" x 24") are stored vertically in slots along the bottom row. There is ample storage space on the upper shelf for drawing supplies. Additionally, there is room for future expansion on the back of each door. Cabinet is constructed of solid maple framing with hardwood panels. Master keyed locks included. Natural finish. Overall size is 48"W x 22"D x 84"H. Cabinet does not include supplies.
Model DC-1

Same as DC-1, but for 36 students. 60"W x 22"D x 84"H.
Model DC-2

Tote Tray Drawing Cabinet
Solidly constructed of heavy maple framing with hardwood paneling throughout, this cabinet provides storage below for 24 drawing boards and at right center for 24 T-squares. Upper area includes 24 plastic tote trays (13-1/4"W x 19"D x 3-1/2"H). Natural finish. Includes master keyed lock. Overall size 48"W x 22"D x 84"H. Cabinet does not include drawing boards or T-squares.
Model DC-5

Same as DC-5, but for 36 students. 60"W x 24"D x 84"H.
Model DC-5-36 (shown above)

Six Drawer Taboret
Each drawer is 20"W x 26"D x 2"H. Top opening is 21"W x 28"D x 6-7/8"H. Fiberesin top is 24-1/2"W x 32"D x 3/4" thick. Overall size of the unit is 24-1/2"W x 32"D x 32-3/4"H.
Model T-60
Model T-60C (w/ casters)

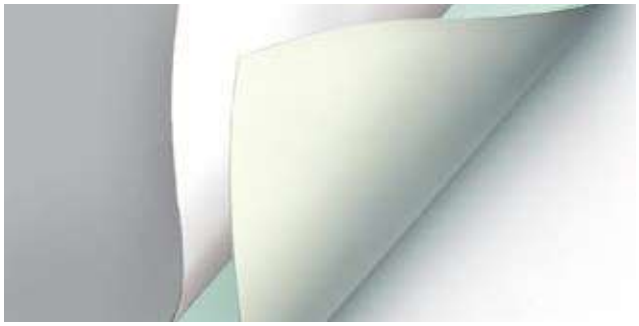
Ten Drawer Taboret
Each drawer is 20"W x 26"D x 2"H. Fiberesin top measures 24-1/2"W x 32"D x 3/4" thick. Overall size of the unit is 24-1/2"W x 32"D x 39"H. (Shown in oak.)
Model T-100
Model T-100C (w/ casters)

Drawing Board Cabinets
This drawing board storage cabinet is available in two configurations. The first is outfitted with support cleats to provide storage for 25 boards 20" x 26". The other includes 27 hardboard shelves to hold drawing boards, artwork, and tools. The cabinets are constructed of solid hard maple framing and maple panels. Natural finish.
Model DBS-1 (w/ cleats), 30"W x 22"D x 84"H
Model DBS-1S (w/ shelves), 31"W x 22"D x 84"H

Drawing & Drafting Tools
T-Squares feature select hardwood blades with see-through acrylic edges. The head is attached with five screws for lasting squareness. Available in several lengths.

Additional tools such as triangles and drawing boards are also available.

Parallel Straightedge
This high quality straightedge features an integral brushed aluminum grip bar for easy positioning. The floating roller mechanism allows the straightedge to be moved with minimal effort and then locked in place. Available in several sizes.



Vyco Board Cover
This durable 5-ply cover provides a smooth, stain-resistant work surface for tables and drawing boards. Self-sealing surface quickly recovers from compass point, tack, and hard pencil impressions. The material will not deteriorate, discolor, or crack. Cuts easily with ordinary scissors. Available in multiple colors.

Paint & Ink Storage Cabinet
This safety cabinet features powder coated steel construction and includes extra galvanized steel shelves for storage of 1-gallon cans and aerosols. Total storage capacity is 60 gallons. Doors are mounted on continuous hinges and utilize three point latches. Cabinet includes vents and leveling feet. Overall size 43"W x 18"D x 65"H.
Model SAF-PI-47, manual closing doors.
Model SAF-PI-4510, self-closing doors.

Polyethylene Waste Cans
These poly cans offer fire safe temporary storage of solvent, waste rags, and other materials subject to spontaneous combustion. Poly material will not dent or rust and is resistant to most chemicals. Cans feature self-closing lid with foot lever.
Model SAF-OW-933, 6 gallon capacity
Model SAF-OW-935, 10 gallon capacity
Model SAF-OW-937, 14 gallon capacity

Project Spaces

Whether you are furnishing an art room, career workshop or STEM lab, we have the furniture to support your projects. Create a dynamic and organized project space from our selection of sturdy tables, workstations, and storage solutions. Does your space have unique requirements? No problem - we offer to modify standard products or create entirely new ones to meet your needs.

Overall Height (Approx.)
30" - Standard (no suffix)
36" - '36'

Options
Locking Casters - 'C'

Example Model Numbers:

STW-4260M-36C - 1-3/4" x 42" x 60" hard maple top, 36" overall height, locking casters
STW-5464P - 1-1/4" x 54" x 64" 'maple grain' patterned HPL top, 30" overall height, no casters

WL4-0V

WL5-0V

Project Workbench

A sturdy foundation for any project activity. Constructed of solid hard maple including the lower slat shelf. Spreaders are secured to the legs via bolt-reinforced mortise and tenon joints. The hard maple top is 2-1/4" thick. Available in both 4-student and 2-student sizes. Top overhangs the base by roughly 10" on all sides of the 4-student version. Overall height is 32". Also available with woodworking vises.

Four student version, top measures 54" x 64", no vises.
Model WL4-0V

Two student version, top measures 28" x 64", no vises.
Model WL5-0V

SFT-FW-3060M-36C

Tubular Steel Worktables

This table series is constructed from 12 ga, 2" square tubular steel. Available either as fully welded or knock-down assembly. Base is finished in black. Several top options to choose from. Furnished with adjustable glides as standard, locking casters are an available option.

Model Number Format: SFT - (Welded/KD) - (TopType) - (Height)(Options)

Top Types
1-1/4" x 30" x 60" Black HPL - '3060PBK'
1-1/4" x 30" x 72" Black HPL - '3072PBK'
1-3/4" x 30" x 60" Hard Maple - '3060M'
1-3/4" x 30" x 72" Hard Maple - '3072M'
1" x 30" x 60" Black Phenolic Resin - '3060T'
1" x 30" x 72" Black Phenolic Resin - '3072T'

Fully Welded - 'FW'
Knock-Down - 'KD'

Overall Height (Approx.)
30" - Standard (no suffix)
36" - '36'

Options
Locking Casters - 'C'

Example Model Numbers:
SFT-FW-3072PBK-36C - Fully welded frame, 1-1/4" x 30" x 72" black HPL top, 36" overall height, locking casters
SFT-KD-3060M - Knock-down frame construction, 1-3/4" x 30" x 60" hard maple top, 30" overall height, no casters

MAH-2314-C

Adjustable Height Steel Leg Workbenches

This sturdy workbench is constructed from steel channel. Telescoping legs can be adjusted for a overall height of 26" to 36". The base includes a rear brace and lower shelf. Finished in gray. The 1-3/4" thick hard maple top is available in multiple sizes. Furnished with adjustable glides as standard, locking casters are an available option.

Model Number Format: MAH - (Top Size) - (Options)

Top Sizes
1-3/4" x 30" x 60" Hard Maple - '2314'
1-3/4" x 30" x 72" Hard Maple - '2315'

Options
Locking Casters - 'C'

Example Model Numbers:
MAH-2314-C - 1-3/4" x 30" x 60" hard maple top, locking casters
MAH-2315 - 1-3/4" x 30" x 72" hard maple top, adjustable glides

Project Bench Series

Hann's four station benches are ideal for use in the school shop, STEM project area, or art department. Maple top is 54" x 64" x 2-1/4" thick. Bases are made of heavy maple framing and hardwood paneling with natural finish. Overall height is 33-1/4". To add versatility, optional woodworking vises can be supplied. Locking casters are an option for models without vises.

The LCB-30 base consists of two 6-drawer cabinets (35"W x 22"D x 31"H) placed back-to-back. The LCB-31 base consists of two double door cabinets. The LCB-32 series cabinets consist of two drawers above double doors. The LCB-37 series cabinets consist of three drawers and one swinging door. The LCBL-4 base consists of two cabinets with 6 locker compartments each.

Shown with optional casters.

Wall Benches

Hann's complete series of wall benches are available in a variety of base configurations and top styles to suit any requirement. Wall benches are sturdily constructed of hard maple framing and panels with natural finish. All drawers feature dovetail construction. Optional cylinder locks can be furnished. 'WTB' base cabinets have six drawers. 'WBB' base cabinets have three drawers and one door and the 'WWB' bases have two doors.

WTB-10L

WBB-6L

WWB-6L

Model Number Format: (Base Cabinet Style) - (Top Size)(TopType) - (Height)

Base Cabinet Style	Top Sizes	Top Types	Overall Height (Approx.)
Drawers Only - 'WTB'	24" x 72" (Includes 2 Base Cabinets) - '6'	1-3/4" Thick Hard Maple - 'L'	30" - Standard (no suffix)
Drawer/Door - 'WBB'	24" x 96" (Includes 2 Base Cabinets) - '8'	1-1/4" Thick 'Maple Grain' HPL - 'P'	36" - '36'
Double-Door - 'WWB'	24" x 120" (Includes 3 Base Cabinets) - '10'	1-1/4" Thick Black HPL - 'PBK'	
	24" x 144" (Includes 4 Base Cabinets) - '12'		

Example Model Numbers:
WTB-10L - (3) Base cabinets w/ (6) drawers each, 1-3/4" x 24" x 120" hard maple top, ~30" overall height
WWB-6P - (2) Base cabinets w/ double-doors, 1-1/4" x 24" x 72" 'maple grain' HPL top, ~30" overall height
WBB-6PBK-36 - (2) Base cabinets each w/ (3) drawers and single door, 1-1/4" x 24" x 72" black HPL top, ~36" overall height

Project Workstations

These workstations serve as excellent project centers providing both a large, sturdy worksurface as well as a storage for both tools and large format materials. All workstations are available with either a 2-1/4" x 54" x 64" hard maple top or a 1-1/4" x 54" x 64" 'maple grain' patterned HPL top. The base of the workstation consists of two cabinets placed back-to-back. Base cabinets are built using heavy-duty solid hard maple face frame construction. The top overhangs the base cabinets by roughly 9" on all sides allowing for seating around the entire perimeter of the workstation. Overall height is 33-1/4".

AWS-3331

This workstation features a 6-drawer cabinet for paper and tool storage on one side and a double-door cabinet with an adjustable shelf for flexible storage of larger project items on the other side. Each drawer measures 31"W x 23"D x 1-3/4"H (I.D.).

Steel Base Project Workstations

These workstations are available in both four-station and two-station sizes. The four-station models include two gray base cabinets placed back-to-back and a 2-1/4" x 54" x 64" hard maple top. The two-station models include a single base cabinet and a 2-1/4" x 28" x 64" hard maple top. The base units are available in a variety of storage configurations to suit your specific requirements. Overall workstation height is 33-1/4".

For all configurations and options, please see pages 59 - 62.

L4-0V

L5-2V

Robotics Workstation

3085

This series of workbenches is the perfect centerpiece for any robotics program. The double-sided base provides ample storage while the top acts as both an assembly area and proving ground. The base cabinets can be configured to include shelf storage, drawers, or a combination of both. The based is constructed of solid hard maple and hard maple plywood and features heavy-duty face frame construction. The center of the top is Fiberesin which provides a smooth, hard surface that is easy to clean. The perimeter of the top is 3/4" thick solid hard maple which extends 1-1/2" above the Fiberesin surface. The result is a sturdy work surface that keeps small parts from falling onto the ground and provides a functional perimeter for robot trials. The top overhangs the base by roughly 9" on all sides. The overall size of the workstation is 49"W x 61"D x ~32"H.

As with nearly all Hann products, we can modify the size or configuration of the workstation to best meet your needs.

SWRS-3131

SWRS-3232U

Project Work Center

This work center provides plenty of storage and work space for any project. The double-sided cabinet is composed of solid hard maple and hard maple plywood and features heavy-duty face frame construction. It includes double-door storage at the front and rear as standard. The 1-1/4" thick 'maple grain' pattern HPL top overhangs the base on all sides allowing for easy access to the entire work surface. The overall size of the workstation is 54"W x 64"D x ~36"H. Available with or without locking casters. Also available with other top types and base cabinet styles.

Fixed base.

SPSC w/ Doors

Mobile Tote Tray Cabinet

This tote tray cabinet is ideal for storing and organizing materials and tools by student, project, or both. The thick solid hard maple face frames at the front and rear feature mortise and tenon joinery. The frames are machined to receive the cabinet end panels and bottom resulting in a rigid interlocking shell. All hinges and casters are mounted to solid wood. The cabinet includes (24) tote trays with inside dimensions of approximately 12-1/2"W x 18"L x 3-1/2"D. The trays are stored on sturdy steel racks. The locking 4" casters allow for the cabinet to be rolled out to a project work center when necessary and moved out of the way when not in use. Available with or without locking doors. Overall size is 48"W x 22"D x 46"H.

SC-4824WD

SC-4824

Mobile Project Storage Series

3087

These mobile storage cabinets are available in a variety of configurations to suit any storage need. Large enough to provide generous storage capacity yet small enough to allow for easy movement. They are ruggedly constructed of hard maple solids and panels and feature front and rear frames. The cabinets include locking doors and move easily on 4" casters. All hinges and casters are secured to solid wood. Overall size is 48"W x 22"D x 66"H.

General Shelving Storage

This version includes three adjustable shelves. Shelves are supported by steel shelf uprights and shelf clips.
Model SC-200M

Tote Tray Storage

This mobile storage cabinet provides tote tray storage for the whole class as well as general shelf storage. It includes (24) tote trays with approximate inside dimesions of 12-1/2"W x 18"L x 3-1/2"D. Tote trays are supported on sturdy steel racks.
Model SC-230TTM

Project Tool Storage

This unit includes an inner pegboard rear panel, two full width shelves, and six tote trays. Great for tool and parts storage.
Model TS-200M

Tote Tray/Shelf Storage

A combination of tote tray storage with plentiful shelf storage. It includes (2) partial-width adjustable shelves, (1) full-length fixed shelf, seven hardboard shelves, and (8) tote trays.
Model SC-231TTM

Large Capacity Project Storage Cabinet

An excellent option for storing large containers of project materials and tools. The extra cabinet depth allows storage of tubs and other containers up to 24" deep. Built from solid hard maple and hard maple panels, this cabinet series features our standard heavy-duty face frame construction. The sturdy shelves are braced on (3) sides by steel shelf supports and the front edge is reinforced by a solid hard maple nosing. The overall cabinet size is 48"W x 26"D x 84"H.

Includes a center fixed shelf and (3) adjustable shelves in the upper section. The lower section is a garage intended to house a project support cart or any mobile cabinet smaller than 40"W x 23"D x 31"H.
Model SSCG-21-26D-3S (shown below w/ SPSC project support cart - sold separately)

Full height shelving storage. Includes a center fixed shelf and (4) adjustable shelves.
Model SSC-21-26D-4S

SSCG-21-26D-3S

SSC-21-26D-4S

Combo Storage Cabinet

This cabinet will meet almost any storage requirement. It includes (4) adjustable shelves in the upper storage area and (4) drawers below. The drawer inside dimensions are approximately 19-1/2"W x 19"L x 4-1/2"D. Overall size is 48"W x 22"D x 84"H.
Model TS-2

General Shelving Storage

Constructed of hard maple framing and panels with a heavy-duty face frame. Fixed center shelf and (4) adjustable shelves provide a generous amount of storage to help organize your project supplies. Overall size is 48"W x 22"D x 84"H. Also available in other sizes.
Model SC-21

Tote Tray Storage Cabinets

These cabinets provide organization of project supplies by student, project, or both. Rugged face-frame cabinet construction of hard maple solids and panels. Tote trays are constructed of high-impact polystyrene and include label holders. Tray inside dimensions are approximately 12-1/2”W x 18”L x 3-1/2”D. Tote trays are stored on steel racks. Overall cabinet size is 48"W x 22"D x 84"H.

3089

Includes (48) tote trays.
Model TT-3

Includes (24) tote trays in the lower section and (3) adjustable shelves in the upper section.
Model TT-4

TT-3

TT-4

Tote Tray Garage Cabinet

This cabinet includes (8) adjustable shelves and (27) tote trays in the upper section. The bottom section of the cabinet acts as a garage for mobile tote tray carts or any other type of mobile cart. The garage space is 45”W x 19”D x 35”H. Overall size is 48”W x 22”D x 84”H.
Model TTG-482284-27T
(shown below w/ MSTT cart - sold separately)

Mobile Tote Tray Cart

Holds (12) wide tote trays with approximate inside dimensions of 16”W x 16”D x 3”H. Sturdy cart features fully welded front and rear steel frames. Tote tray runners allow trays to be partially opened and accessed without falling out. Cart’s lipped top is perfect for transporting additional tote trays and supplies. Overall size is 41”W x 17”D x 29”H.
Model MSTT-212W

Student Tables

These tables provide work space for two or more students and are available with plain aprons, bookwells or drawers. Legs are 2-1/4" square and include black vinyl boots and adjustable glides. Standard height is 30", but tables are available in other heights. Natural finish is standard. See page 49 for additional construction details. Descriptions of the various types of tops available are on page 27. Tops are attached at the factory prior to shipment. See below for model numbers.

"-MT" Legs mortised to slide onto apron tenons

"-SS" Lower spreaders & stretchers

To designate model #: ST (style) (species) - (size) (top) - (options)

Skeleton Storage Cabinet

This cabinet provides secure storage and display space for the human skeleton. Includes a pull-out carrier that allows the skeleton to be rotated for classroom study. Locking framed glass door. Skeleton not included. Overall size is 27"W x 16"D x 84"H
Model SC-1627GSS

Microscope Storage Cabinets

These cabinets provide secure, organized storage of microscopes. They include a fixed center shelf and four adjustable shelves. Locking framed glass doors. Spaces for microscopes measure 7”W x 14”D x 14-1/2”H.

Storage for up to 15 microscopes.
Overall size is 27”W x 16”D x 84”H
Model SC-1627GMS

Storage for up to 30 microscopes.
Overall size is 48"W x 16"D x 84"H.
Model SC-1648GMS

Mobile Microscope Cabinet

Mobile cabinet designed to transport microscopes conveniently and safely. This cabinet will accommodate twenty-four microscopes on two shelves. Microscope storage area measures 7"W x 9"D x 16-1/2"H. Access is from both sides through lockable sliding doors. Black HPL top measures 48" x 24". Moves on heavy duty casters. Overall height is 41".
Model MSC-2449

Mobile Demo Bench
This bench is a completely self-contained portable unit. Supplied with lockable sliding doors; four large tote trays for supplies; drop-leaf top extension; stainless steel sink; duplex receptacle with extension cord; aluminum rod with crossbar; four locking casters.
Overall size is 64"W x 24"D x 35"H
Top: 50"W x 24"D x 1-1/4" thick
Drop leaf: 14"W x 24"D
Sink: 10"W x 10"D x 12"H
Model BC-2464C-BD, with Chemsurf top.

Mobile Demo Bench with Mirror
This bench is ideal when space for classroom demonstrations are at a minimum. Supplied with laminated plastic top; a moveable overhead mirror; two end shelves; lockable storage compartment; four lockable drawers; two adjustable storage shelves; four locking casters. Overall size including end shelves is 79-3/4"W x 24"D x 36"H
Drop leaves: 16"W x 20"D
Mirror: 28"W x 22-5/8"H
Model BC-148MD

Portable Demonstration Cart
This multi-function cart works as a demonstration station that can be moved easily from the storage room to the laboratory. Available with several types of tops. Includes lower shelf, locking casters. Overall size is 36"W x 24"D x 30"H.
Model SAB-2436C, with Chemsurf top.
Model SAB-2436M, with maple top.
Model SAB-2436P, with HPL top.
Model SAB-2436R, with epoxy resin top.

Mobile Supply Cabinet
This mobile unit offers generous storage behind lockable sliding doors. Includes (4) pullout drawers on the right side and a storage area with an adjustable shelf on the left side. Drawers measure 4-1/2"H x 16-1/2"W x 16"D. The top measures 24" x 48". Overall size is 48"W x 24"D x 36"H. Shown in red oak.
Model MBC-2448C, with Chemsurf Top.
Model MBC-2448P, with HPL Top.
Model MBC-2448R, with Epoxy Resin Top.

Mobile Demonstration Station
This portable cabinet is equipped to support a wide range of demonstrations. The 1-1/4" thick Chemsurf top measures 30" x 54". Includes a stainless steel sink w/ pump faucet, freshwater and wastewater containers, a GFCI outlet with extension cord. Base includes (4) lockable drawers. Overall size is 54"W x 30"D x 36"H. Shown in red oak.
Model MBC-3054C

Clean-Up Sink
This sink unit features a molded polyolefin top with drain grooves on either side of the sink and raised perimeter edges. The integral sink measures 24" x 18" x 12"D. Includes a laboratory grade mixing faucet. The cabinet has storage cupboards on the left and right. Overall size is 56"W x 28"D x ~36"H. Shown in red oak.
Model BC-152S-PO

Instructor's Demonstration Bench

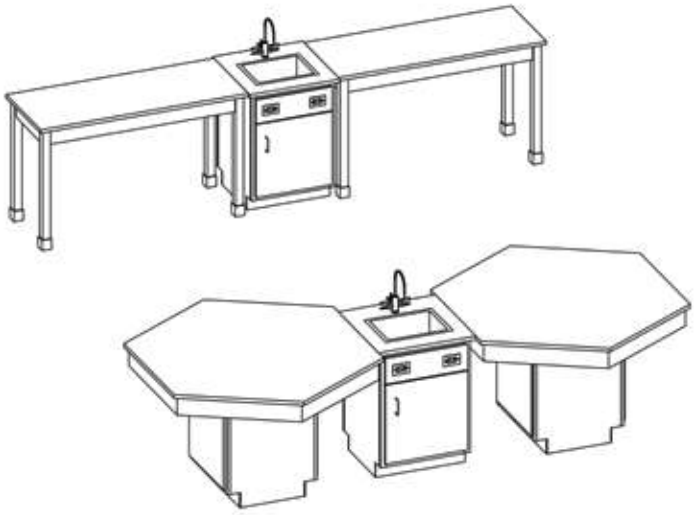
A compact yet complete demo station. Consists of one sink cupboard and one four-drawer cabinet w/ pull-out tablet shelf. Door and drawers have master keyed cylinder locks. Includes one cold water faucet, one single turret mounted gas cock, one GFCI receptacle, one epoxy resin sink with outlet, and an apparatus rod assembly. Shown in oak.
Overall size: 60"W x 30"D x 36"H
Base cabinets: 18"W x 28"D x 35"H
Sink: 10"W x 14"D x 6"H
Model SD-305R, with epoxy resin top.
Model PT-305WOS, same as SD-305 with Chemsurf top, less all plumbing fixtures.

Instructor's Demonstration Bench

A popular instructor workstation that provides ample facilities for classroom demonstrations. Furnished with one double door sink cupboard and one five-drawer cabinet. All doors and drawers have master-keyed locks. Includes mixing faucet, one double turret mounted gas cock, one GFCI receptacle, one epoxy resin sink with outlet, and an apparatus rod assembly. Overall size: 96"W x 30"D x 36"H
Base cabinets: 35"W x 28"D x 35"H
Sink: 15"W x 18"D x 11"H
Model SD-308R, with epoxy resin top.
Model PT-308WOS, same as SD-308 with Chemsurf top, less all plumbing fixtures.

Instructor's Side Desk

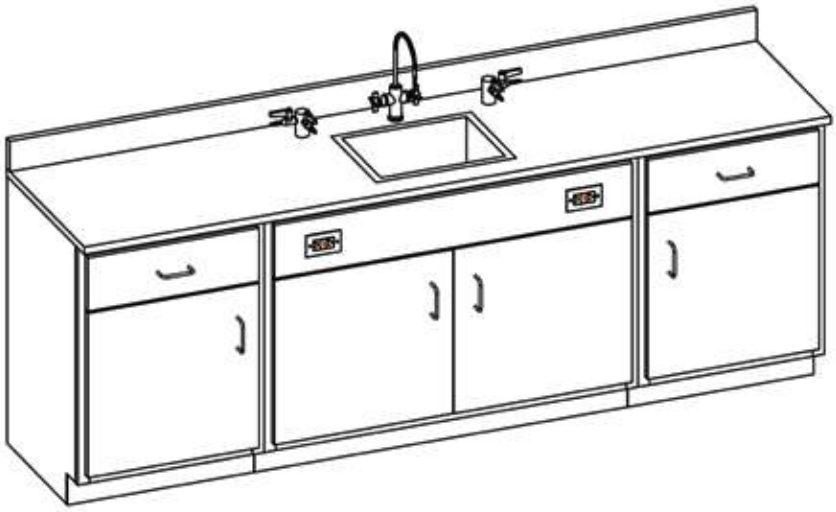
Designed as an attachment to the SD-305 and SD-308 demonstration tables. The desk may be installed on either end of the demo unit. Includes a three drawer base cabinet, a full box apron with drawer, modesty panel and top. All drawers include master keyed locks.
Options include: bookshelf at rear of the desk, apron w/ pullout keyboard tray.
Overall size is 48"W x 30"D x 30"H.
Model ISD-48R, w/ epoxy resin top.

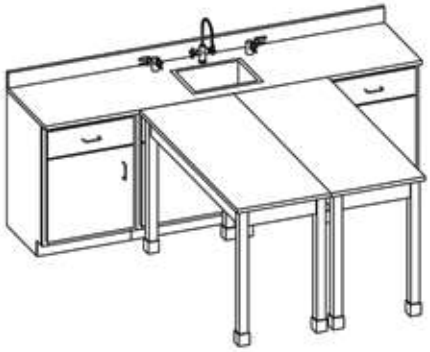


Combine the service island with student tables or plain top workstations.

Laboratory Service Island

Maximize flexibility and usable table top work space by utilizing this island cabinet to house all of the required services. The island has an epoxy resin top and 16" x 12" x 8"D epoxy resin sink. It is equipped with a cold water/gas combo faucet and two duplex GFCI receptacles. Overall size of the unit is 26"W x 26"D x 36"H.
Model LSI-2626R



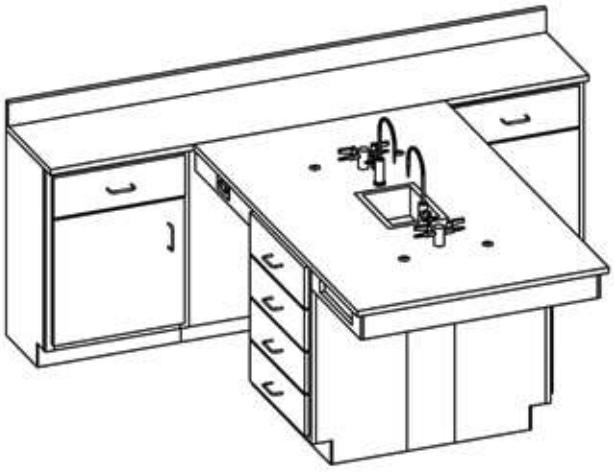


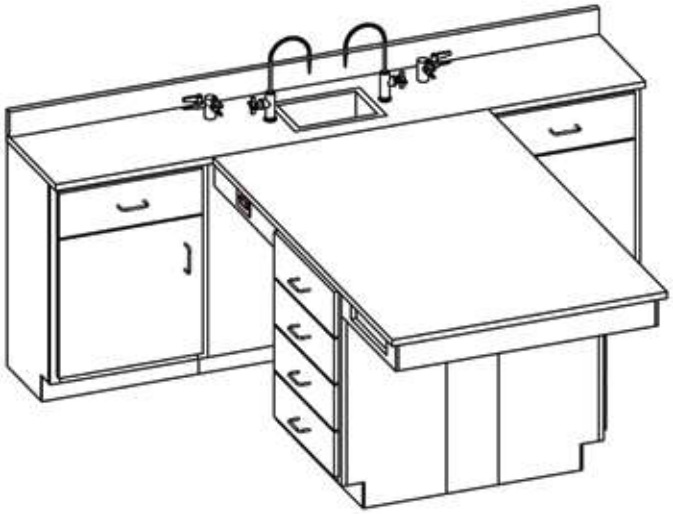
Two 24” wide student tables can be used as a peninsula.

Wall Service Bench

This wall assembly provides both storage and services. The center sink base cabinet includes two duplex GFCI receptacles. The two outer base cabinets measure 24”W and are available in a number of configurations. The countertop and backsplash are 1” thick epoxy resin. The epoxy resin sink measures 16” x 12” x 8”D. Fixtures include a mixing faucet and two double gas fixtures. Overall size is 96”W x 24”D x 36”H.

Model Naming Convention: WSB - (Left Base Cabinet Style)(Right Base Cabinet Style) R
Model Shown Above: WSB-2222R





Perimeter Workstation

The perimeter workstation is a “T" shaped, double-faced, four student peninsula lab table with additional work space along the walls. All frames assembled with mortise and tenon construction. The top and backsplash are 1" thick black epoxy resin. Standard equipment includes a 12" x 8" x 6"D epoxy resin sink with outlet, two cold water gooseneck faucets, two double gas fixtures, two duplex GFCI receptacles. Models with the sink in the peninsula section also include apparatus rod sockets. Apparatus rod assemblies are available separately. Overall size is 90” x 84” x 36”H.

Model HWS-60RS

See stools on page 9.

Model HWS-60PE

Hexagonal Workstation

High quality six-sided workstations for both science laboratories and classrooms requiring computer stations. Featuring a solid hardwood face frame, the pedestal base conceals utility connections that are accessible through a lockable access panel. The six-sided apron assembly includes bookwells. Drawers are an available option. Standard laboratory configuration includes an epoxy resin sink (12" x 8" x 6" deep), one cold water faucet, and one dual gas fixture. Overall size: 60" x 60" x 36"H.
Model HWS-60RS

Also available as a multi-student computer station. Includes a HPL top with centrally located riser with duplex electrical outlet on three sides instead of plumbing fixtures. Shown above w/ custom laminate, black is standard.
Model HWS-60PE

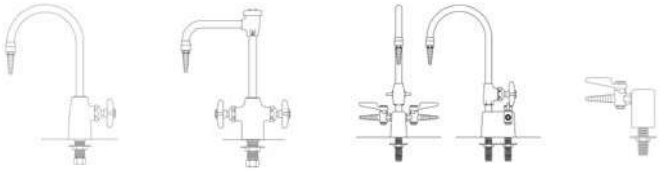
Octagonal Workstation

These octagonal stations allow for easily accessible storage while providing ample legroom on four corners. The unit is supported by a sturdily constructed pedestal. Hanging cabinets are suspended from a solid wood apron assembly and feature heavy duty face frame construction. Top is 1" thick epoxy resin. The workstation is available with either a plain worksurface, sink with cold water/gas combo faucets and apparatus rod sockets, or an electrical turret. Overall size is 60" x 60" x 36"H.
Model Naming Convention: OWS - 60R - (Cabinet Style, "PED" for No Suspended Cabinets)(S - Sink, E - Electrical Turret, P - Plain)
Model shown above (left): OWS-60R-21S
Model shown above (right): OWS-60R-20E

Epoxy Resin Sinks
Both undermount and drop-in epoxy resin sinks are available in many different shapes and sizes. Some sink sizes are available with an ADA depth. Sinks include polypropelene outlets as standard.

Epoxy Resin Pegboards & Drip Troughs
Epoxy resin pegboards are available in several sizes and peg quantities. Pegs are included. Stainless steel drip troughs are also available.

Faucets and Gas Fixtures
Hann supplies a large variety of faucets and gas fixtures. Ask us about options and configurations.

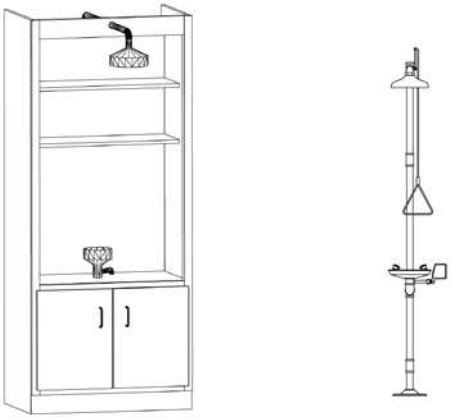


Goggle Cabinet
Sanitizing cabinet for safety glasses and goggles. Sturdy 24 gauge white enameled steel cabinet. Doors are interlocked with tamper resistant latches. May be mounted on wall or shelf. Includes a seven foot grounded electrical cord. No direct UV radiation escapes from cabinet when in use. Shuts off automatically if doors are opened. Includes pilot light, five minute cycle timer and germicidal lamp. Each of the eight shelves will hold six pairs of glasses or five pairs of goggles. Goggles not included. Cabinet measures 32"H x 24-1/2"W x 9-1/2"D.

Model 90494

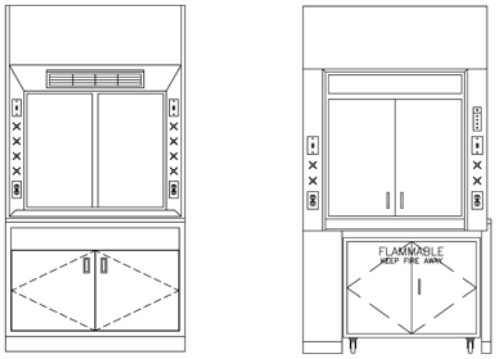
Apparatus Rods
Aluminum uprights and crossbars are available in 3/4" diameter and various lengths. Accompanying rod sockets and clamps are also available in aluminum.

Emergency Showers, Eye/Face Washes
Several models and combinations of emergency showers and eye/face washes are offered including barrier-free and handheld versions.



Model SC-3584SC

Fume Hoods
Hann offers a full line of fume hoods in several standard sizes and configurations. Some available options include remote water and gas service, receptacles, and blowers.



3100

Flammable Liquid Storage Cabinet

This safety cabinet features powder coated steel construction and includes two galvanized steel shelves. Total capacity is 45 gallons. Doors are mounted on continuous hinges and utilize three point latches. Cabinet includes vents and leveling feet. Overall size 43"W x 18"D x 65"H.
Model SAF-FL-1947, manual closing doors.
Model SAF-FL-4510, self-closing doors.

Polyethylene Waste Cans

These poly cans offer fire safe temporary storage of solvent, waste rags, and other materials subject to spontaneous combustion. Poly material will not dent or rust and is resistant to most chemicals. Cans feature self-closing lid with foot lever.
Model SAF-OW-933, 6 gallon capacity
Model SAF-OW-935, 10 gallon capacity
Model SAF-OW-937, 14 gallon capacity

Corrosives Storage Cabinet

This safety cabinet features special corrosion resistant powder coated steel construction and includes two shelves. Shelves and bottom are fitted with poly trays. Total capacity is 45 gallons. Doors are mounted on continuous hinges and utilize three point latches. Cabinet inlcudes vents and leveling feet. Not recommended for storage of aggressive acids such as nitric, sulfuric and hydrochloric. Overall size 43"W x 18"D x 65"H.
Model SAF-CRA-47, manual closing doors.
Model SAF-CRA-4510, self-closing doors.

Poly Acid Storage Cabinets

These cabinets are constructed of 100% polyethylene and are suited to the storage of aggressive acids. Storage areas in the doors for small bottles. Available in both a 24-gallon under counter and 4-gallon countertop version. The 24-gallon cabinet measures 35"W x 22"D x 36"H and the 4-gallon cabinet measures 18"W x 18"D x 22"H.
Model SAF-M04CRA, 4 gallon.
Model SAF-M24CRA, 24 gallon.

FIBERESIN®

Multiple-layer face over a dense fiber core with a balancing backer. Provides a 3/4" thick, rock hard, smooth surface.

Common Uses: Drawing/Drafting

MAPLE

Pieces of solid hard maple glued together to form an attractive, durable and renewable worksurface. Common thicknesses of 1-3/4" and 2-1/4".

Common Uses: Art Tables, Workbenches

HPL

High pressure laminate over an industrial grade particleboard core with balancing backer and coordinating edging. Nominal thickness is 1-1/4". Available in a variety of colors and patterns.

Common Uses: Art Tables, Mobile Demonstration, Life Sciences

CHEMSURF®

Chemically resistant Wilsonart® plastic laminate over a particle board core with balancing backer and coordinating edging. Black is the standard color. Nominal thickness is 1-1/4".

Common Uses: Light Duty Science

PHENOLIC RESIN

Chemically resistant lab top based on a cellulose fiber reinforced phenolic resin core. Moisture and scratch resistant. Available in 1" and 3/4" thicknesses. Black finish is standard with other limited colors available.

Common Uses: All Sciences

EPOXY RESIN

Monolithic modified epoxy resin is an inert, flat, non-porous surface that is highly resistant to virtually all chemicals found in school labs. Non-glare black finish is standard with other limited colors available. Available in 1" and 3/4" thicknesses.

Common Uses: All Sciences

Mobile Storage Cabinet Series

3102

These mobile storage cabinets are available in a variety of configurations to suit any storage need. They are ruggedly constructed of hard maple solids and panels and feature front and rear frames. The cabinets include locking doors and move easily on 4" casters. Overall size is 48"W x 22"D x 66"H.

Shelving Unit

The SC-200M includes three adjustable shelves. Allows for flexible storage of any number of items.
Model SC-200M

Tool Storage Unit

This unit comes complete with pegboard, two full width adjustable shelves, and six tote trays. Great for tool and parts storage.
Model TS-200M

Tote Tray Storage Unit

This mobile storage cabinet efficiently stores student projects and supplies. The SC-230TTM includes one full width shelf and 24 tote trays. The 3/4" overlay doors include master keyed cylinder lock.
Model SC-230TTM

Bin Storage Unit

This supply and storage cabinet is complete with 58 removable hanging bins. Twenty small bins; twenty-one medium bins; fifteen large bins; and two extra large bins. Complete with locking doors.
Model SC-260TTM

Tote Tray/Shelf Storage Unit

A unique combination of tote tray storage with convenient shelf storage. Unit includes two 2/3" wide adjustable shelves, one full length shelf, seven hardboard shelves; eight tote trays and 3/4" overlay doors. Doors include master keyed cylinder lock.
Model SC-231TTM

Teacher's Mobile Storage Cabinet

This unit provides useful storage space for personal items as well as records and classroom supplies. Features two file drawers, one smaller drawer, hanger bar and adjustable shelves. Lockable doors.
Model SC-211

All Purpose Mobile Shop Carts

3103

These small portable units are ideal for a variety of shop applications, such as woodworking, tech ed, arts & craft areas, and for any of the multiple activities that take place in the elementary classroom. Constructed of maple framing and paneling with natural finish. The 1-3/4" thick maple top can be supplied with optional vises. For all models except WRB-4, right end is fitted with 1/4" pegboard and hooks for tool mounting. Supplied with 4" locking casters.

Complete with two locking doors and adjustable center shelf. Overall size is 36"W x 24"D x 34"H.
Model WRB-1

Supplied with two locking drawers, double locking doors with adjustable shelf. Overall size is 36"W x 24"D x 34"H.
Model WRB-2

Complete with three locking drawers and locking door with adjustable shelf. Overall size is 36"W x 24"D x 34"H.
Model WRB-7

Complete with two locking doors and adjustable center shelf. Overall size is 60"W x 30"D x 34"H.
Model WRB-4

Mobile Tote Tray Units

Hann Manufacturing's tote tray cabinets are ideal for the arts and crafts room or lab. Mounted on 4" casters, they can be rolled out of the way when not in use. Units are constructed of maple framing and panels.

Cabinet with 24 tote trays. 48"W x 22"D x 46"H.
Model SC-4824

Same as above with locking doors.
Model SC-4824WD

Cabinet with 15 trays. 48"W x 22"D x 33"H.
Model SC-3415

Elementary Mobile Workbench

Completely flexible. Can be moved from room to room to assist with multiple activities. Two sloping pegboard panels and one on each end provide lots of space for storage in addition to the double door cabinet with adjustable shelf. Hard maple framing and panel construction includes locking casters and two boxes of assorted pegboard hooks.

Cabinet is 47"W x 22"D. Maple top is 1-3/4" x 28" x 60". Overall height is 28-1/2".
Model EP-6B

SC-10 Storage Case

SC-21 Storage Case

The SC-10 is equipped with five adjustable shelves on the left side and a fixed center shelf with four adjustable shelves on the right side. Large compartment shelves are 39” x 19”, adjustable on 1/2” centers. Overall size is 60”W x 22”D x 84”H.
Model SC-10

The SC-11 provides one fixed and four adjustable shelves approximately 58” x 19”, adjustable on 1/2” centers. Shelves have center bracket for additional support. Overall size is 60”W x 22”D x 84”H.
Model SC-11

The SC-21 case provides one fixed and four adjustable shelves approximately 46” x 19”. Overall size is 48”W x 22”D x 84”H.
Model SC-21

Similar to the SC-21, but smaller. Shelves are approximately 22” x 19”. Overall size is 24”W x 22”D x 84”H.
Model SC-24

Shelves are approximately 28” x 19”. Overall size is 30”W x 22”D x 84”H.
Model SC-31

Shelves are approximately 33” x 19”. Overall size is 35”W x 22”D x 84”H.
Model SC-35

General Storage Cases

This series of solidly constructed hardwood cabinets is designed for general usage in both crafts and industrial arts areas. All units constructed of hard maple framing and hardwood paneling. Natural finish. Each unit furnished with master keyed locks.

Open Storage Cabinets

Same quality construction as cabinets with doors using maple solids and panels. Tall cabinets have four adjustable shelves and a fixed center shelf. Short open cabinets have two adjustable shelves.

48"W x 12"D x 84"H **Model OSC-48**
36"W x 12"D x 84"H **Model OSC-36**
Open storage cabinets also available in 16" depth.

48"W x 12"D x 36"H **Model OBC-48**
36"W x 12"D x 36"H **Model OBC-36**
Open base cabinets are for use under a counter. Tops are **not** included.

General Purpose Storage Cabinet

This storage cabinet comes complete with four adjustable shelves. Construction is hard maple framing and plywood throughout, with natural finish. Complete with master keyed cylinder lock. Overall size is 36”W x 18”D x 84”H.
Model SC-1B

Reference Material Cabinet
This Hann cabinet is ideal for storage and display of projects, books, magazines, trophies and more. Upper cabinet provides two adjustable glass shelves and 1/4" tempered glass sliding doors. Lower right storage area includes two shelves 42"W x 19"D. Three large filing drawers at left provide reference storage. Locks are provided for storage areas and file drawers. Cabinet is constructed of heavy duty maple framing and panels. Natural finish.
Overall size is 60"W x 22"D x 84"H.
Model SC-13G

General Storage Cabinet
This cabinet will meet almost any storage requirement. Includes four shelves in upper storage area with two large cupboard doors. Each shelf is adjustable, size 45"W x 19"D. Four lower drawers are each 21"D. Constructed of hard maple framing and panels. Overall size is 48"W x 22"D x 84"H.
Model TS-2

Same general storage cabinet as above, but with a center dividing partition in the upper section resulting in eight smaller, separated adjustable shelves.
Model TS-8

Wardrobe Case
Cabinet features full shelf for hats, half-width garment rod and three storage shelves at left. Lock included. Overall size is 27"W x 22"D x 84"H
Model SC-32

Similar to the SC-32, but 48" wide.
Model SC-21CW

Tote Tray Storage Cabinets
A storage solution for multiple activities. All cabinets constructed of maple solids and panels. Includes lock for security. Natural finish. Tote trays are constructed of high-impact polystyrene and include label holders. Tray inside dimensions are approximately 12-1/2”W x 18”D x 3-1/2”H. Overall size is 48"W x 22"D x 84"H.

Cabinet with 48 tote trays.
Model TT-3

Cabinet with 24 tote trays and three adjustable shelves.
Model TT-4

Cabinet with 24 tote trays and upper compartment lined with pegboard.
Model TT-5

Tote Tray Storage Cabinets

This tote tray cabinet series is offered in several configurations and includes sturdy adjustable plywood shelving for flexible long term use. The tote trays are constructed of high-impact polystyrene and include label holders. Tray inside dimensions are approximately 11-1/2"W x 16"D x 3"H.

3106

Tote Tray Storage Cabinet

This cabinet includes (51) tote trays. The center shelf is fixed and all others are adjustable. Overall size is 48"W x 22"D x 84"H.

Model TT-482284-51T

Tote Tray & Tote Caddy Storage Cabinet

Includes (36) tote trays and (6) tote caddies. Lower tote tray shelf is fixed and all others are adjustable. Overall size is 48"W x 22"D x 84"H.

Model TT-482284-36T6C

Tote Tray Garage Cabinet

This cabinet includes (8) adjustable shelves and (27) tote trays in the upper section. The bottom section of the cabinet acts as a garage for mobile tote tray carts or any other type of mobile cart. The garage space is 45"W x 19"D x 35"H. Overall size is 48"W x 22"D x 84"H.

Model TTG-482284-27T

Tote tray garage cabinet with MSTT-212W mobile tote tray cart shown at right. Works great for student storage in the upper trays and project storage in the larger lower trays.

Model TTG-482284-27T-212W

Mobile Tote Tray Cart

Holds (12) wide tote trays with approximate inside dimensions of 16"W x 16"D x 3"H. Sturdy cart features fully welded front and rear steel frames. Tote tray runners allow trays to be partially opened and accessed without falling out. Cart's lipped top is perfect for transporting additional tote trays and supplies. Overall size is 41"W x 17"D x 29"H.

Model MSTT-212W

Deeper Modular Tool Storage Cabinet
The ultimate tool organizer. Pegboard panels line the back and the inside of doors for increased tool storage capacity. Also includes one adjustable shelf and four tote trays (8" x 19" x 3-1/2"). Cabinet includes lock. Natural finish. Tools not included. Comes with peg hook sets. Overall size is 36"W x 22"D x 84"H.
Model TS-1000

Large Capacity Tool Storage Cabinet
An economical way to provide security for tools and parts. Complete with 1/4" pegboard lined back, two adjustable shelves and ten plastic bins. Constructed of hard maple framing and paneling with natural finish. Includes master keyed cylinder lock. Comes with peg hook sets. Overall size is 36"W x 18"D x 84"H.
Model TS-36W

Parts Storage Cabinet
Cabinet is complete with 80 plastic hang bins (4"W x 3"D x 8"L) and three adjustable shelves. Construction is hard maple framing and plywood throughout, with natural finish. Complete with master keyed cylinder lock. Overall size is 36"W x 18"D x 84"H.
Model PSC-18

Flexible Tool Storage Cabinet
Cabinet provides great flexibility in tool storage. Entire back of cabinet is lined with 1/4" pegboard and is supplied with an assortment of tool hooks. Cabinet is constructed of hard maple framing and paneling with natural finish. Includes master keyed cylinder lock. Overall is 36"W x 18"D x 84"H.
Model TS-44W

Adjustable Shelf Storage Cabinet
This model provides 1/4" pegboard lined back and four adjustable shelves for tools too large to hang. Complete with an assortment of tool hangers. Constructed of heavy maple framing and paneling with natural finish. Includes master keyed cylinder lock. Overall size is 36"W x 18"D x 84"H.
Model TS-48W

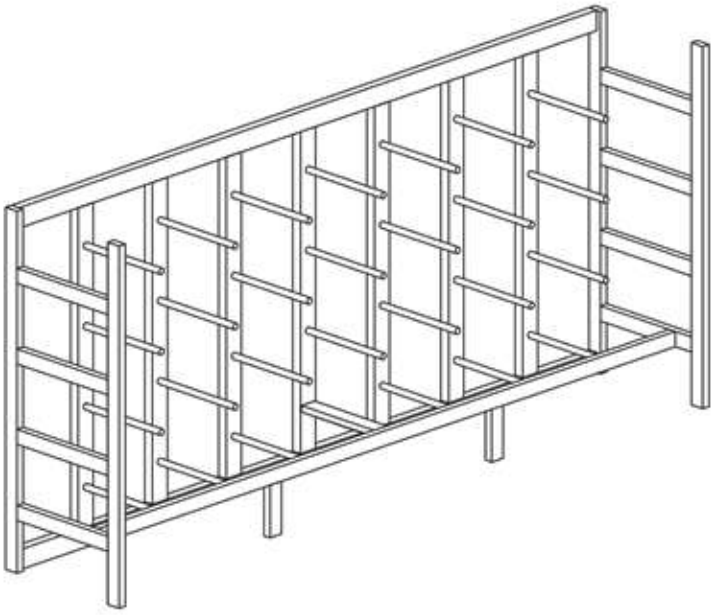
Power Tool Storage Cabinet
The BC-180WT provides plenty of storage space for your power tools. The cabinet features four large drawers each 13-7/8"W x 18-5/8"D x 5-3/8"H. The roomy cabinet area includes two large suspension shelves providing three storage areas each 9" high. Drawers and doors are furnished with master keyed locks. Top is 48"W x 24"D x 1-3/4" thick maple. Overall height is 36-1/2" with top.
Model BC-180WT

3108

56” Wall Mounted Parts Storage
Stores parts neatly and conveniently. The cabinet features 36 removable parts trays and door sections fitted wth pegboard. Constructed of solid maple framing and maple panels with natural finish. Doors mounted on continuous hinges and include lock. Center panel is 28”W x 6”D x 32”H. A 56” wide storage area is provided when unit is open. Overall size of the closed unit is 28”W x 12”D x 33”H.
Model PC-936

56” Wall Mounted Tool Storage
This unit gives you 56"W continuous tool mounting area when open. Constructed of solid maple framing and maple panels with natural finish. Interior is fitted with pegboard. Doors mounted on continuous hinges and include lock. Furnished with an assortment of tool hangers. Center panel is 26"W x 6"D x 32"H, and each side panel is 14"W x 6"D x 32"H. Overall size of the closed unit is 28"W x 12"D x 33"H.
Model TC-9

96” Wall Mounted Tool Storage
This cabinet provides 96” of tool mounting area when the unit is open. Constructed of solid maple framing and maple panels with natural finish. Interior is fitted with pegboard. Doors mounted on continuous hinges and include lock. Furnished with an assortment of tool hangers. Side panels are 24”W x 4”D x 48”H and center panel is 48”W x 4”D x 48”H.
Model TC-5



Lumber Rack
Solid hard maple frame features sturdy mortise and tenon joints with bolt reinforcement. The unit is self supporting. Rear uprights are 2” x 4” and each holds four 1” pipe support arms. Overall size is 156”W x 32”D x 72”H.
Model L-2

Wall Mounted Storage Rack
Hann’s wall mounting storage rack is constructed of 2" x 4" hard maple. The storage rack includes ten openings for support arms. Rack is furnished with five solid 1" pipe arms, but will accommodate up to ten. Recommended spacing between uprights is 2’. The basic upright is designed for mounting directly to wall, but two optional heavy steel brackets can be ordered to space the upright 16" from wall. These brackets anchor the top and bottom to wall, thus offering an excellent plywood storage area in between. Overall height is 84".

Model L-10	One upright	**Model L-70**	Seven Uprights
Model L-20	Two uprights	**Model L-80**	Eight Uprights
Model L-30	Three uprights	**Model L-90**	Nine Uprights
Model L-40	Four uprights		
Model L-50	Five uprights	**Model L-8**	Extra Arm
Model L-60	Six uprights	**Model L-9**	Pair of 16” wall spacer brackets

Trade Tool Storage Cabinets

Hann Manufacturing offers a complete line of tool storage cabinets designed to accommodate specific tools. The cabinets are built using solid hard maple and maple plywood. Heavy-duty construction features 1-1/2" thick mortise and tenon face frames, doors mounted on continuous hinges, and 3/4" thick plywood backs. The lower cabinet area consists of two adjustable shelves and is equipped with eight large tote trays and ten small bins. Upper compartment is configured with either dedicated tool holders or pegboard. Overall dimensions are 60"W x 22"D x 84"H.

3109

Tool Storage Cabinet Shell Only

The basic cabinet without pegboard or dedicated tool holders. Tote trays not included. Ready to be outfitted for your specific tool storage needs.

The upper compartment and doors are lined with dedicated tool holders to accommodate construction tools. See page 49 for construction details. Contact us for a detailed tool list.

Model TS-12 (no tools, holders only)
Model TS-12WT (includes tools)

Maple Tops 1-3/4" or 2-1/4"

These maple bench tops are manufactured of the finest grade northern grown maple. The lumber is seasoned and then kiln-dried to a moisture content of six to eight percent. Strips of lumber are then electronically laminated with a special tight bonding glue to create a smooth surface. The tops are finished to a thickness of 1-3/4" or 2-1/4". Natural finish.

Risers

Risers mount easily to top of workbench and inside of end stops. Provides a handy shelf for tools or parts. Maple supports with edgebanded shelf.

60"W	**Model WRS-60**
72"W	**Model WRS-72**
96"W	**Model WRS-96**

Iron Edges

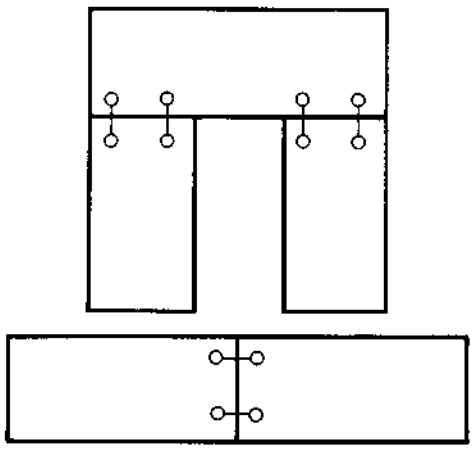
Painted angle iron edges can be fitted flush to any bench top edge. Iron size is 2"W x 2"D x 1/8" thick.

Cederquist Joint Fasteners

Our maple tops can be manufactured in many different arrangements to suit individual classroom needs. Cederquist joint fasteners permit tightening of the joint assemblies and can be ordered for any application. Generally we recommend one fastener across each 12" of bench top. Thus a 24" wide top would require two fasteners. Drilling of holes beneath top included.

Model CQ Fastener

Shown to the right are two of the many arrangements you could choose for your classroom, fastened together with Cederquist joint fasteners.



Project Bench Series

Hann's four station benches are ideal for use in a STEM lab, art studio, or any project space. Maple top is 54" x 64" x 2-1/4" thick. Bases are made of heavy maple framing and hardwood paneling with natural finish. Overall height is 33-1/4". To add versatility, optional woodworking vises can be supplied.

The LCB-30 base consists of two 6-drawer cabinets (35"W x 22"D x 31"H) placed back-to-back.

Model LCB-30-0V - No Vises
Model LCB-30-4V - (4) Vises

The LCB-31 base consists of two double-door cabinets (35"W x 22"D x 31"H) placed back-to-back.

Model LCB-31-0V - No Vises
Model LCB-31-4V - (4) Vises

The LCB-32 base consists of two cabinets, each w/ (2)-drawers above double-doors (35"W x 22"D x 31"H), placed back-to-back.

Model LCB-32-0V - No Vises
Model LCB-32-4V - (4) Vises

The LCB-37 base consists of two cabinets, each w/ (3)-drawers beside a single door (35"W x 22"D x 31"H), placed back-to-back.

Model LCBL-4-4V - (4) Vises

3114

Eight Student Workstation

This unit can serve as a training module or project center for up to eight students. Each wing provides workspace while the center allows space for parts and materials. The 2-1/4" hard maple top includes a center octagonal section that measures 56" across and (4) wings which are all 32"W x 30"D. The top overhangs the base cabinets by roughly 4" on all sides. The base cabinets all feature our heavy-duty solid hard maple face frame construction. The base cabinet under each wing includes an adjustable shelf. The drawer cabinets in the center include (3) drawers. The upper drawers measure 16"W x 13"D x 4"H (I.D.) and the lower drawer measures 16"W x 13"D x 8"H (I.D.). Overall height is 32".
Model WB8-31

Wall Benches

Hann's complete series of wall benches are available in a variety of base configurations and top styles to suit any requirement. Wall benches are sturdily constructed of hard maple framing and hardwood paneling with natural finish. All drawers feature dovetail construction. Optional cylinder locks can be furnished. BC-30 base cabinets have six drawers. BC-37 base cabinets have three drawers and one door and the BC-31 bases have two doors. Available with a 1-3/4" thick or 2-1/4" thick maple top. Ask us about additional cabinet and top options.

WL4-4V

WL5-0V

Four Student Woodworking Bench

The base is constructed of solid northern grown hard maple. The hard maple top is 2-1/4" x 64"W x 54"D. Leg frame provides a sturdy foundation and lower solid maple slat shelf provides ample storage area. Also available with plywood shelf. Overall height is 32".

Bench with four vises. **Model WL4-4V**
Bench without vises. **Model WL4-OV**

Two Student Woodworking Bench

The two station version of the WL4 bench. Constructed of hard maple and natural finish. Top size is 64"W x 28"D x 2-1/4" thick. Overall height is 32".

Bench with two vises. **Model WL5-2V**
Bench with one vise. **Model WL5-1V**
Bench without vises. **Model WL5-0V**

M-2312

M-2315-S

Heavy Duty Industrial Benches

Sturdy steel open leg assemblies are welded throughout. Includes lower steel shelf and support brace. Finished in gray enamel. Available with either a 1-3/4" thick maple top or a steel top comprised of a 12 gauge steel cap over a 2" wood core. All benches are 34" high.

SFT-FW-3060M-36C

Tubular Steel Worktables

This table series is constructed from 12 ga, 2" square tubular steel. Available either as fully welded or knock-down assembly. Base is finished in black. Several top options to choose from. Furnished with adjustable glides as standard, locking casters are an available option.

Model Number Format: SFT - (Welded/KD) - (TopType) - (Height)(Options)

Top Types
1-1/4" x 30" x 60" Black HPL - '3060PBK'
1-1/4" x 30" x 72" Black HPL - '3072PBK'
1-3/4" x 30" x 60" Hard Maple - '3060M'
1-3/4" x 30" x 72" Hard Maple - '3072M'
1" x 30" x 60" Black Phenolic Resin - '3060T'
1" x 30" x 72" Black Phenolic Resin - '3072T'

Construction
Fully Welded - 'FW'
Knock-Down - 'KD'

Overall Height (Approx.)
30" - Standard (no suffix)
36" - '36'

Options
Locking Casters - 'C'

Example Model Numbers:
SFT-FW-3072PBK-36C - Fully welded frame, 1-1/4" x 30" x 72" black HPL top, 36" overall height, locking casters
SFT-KD-3060M - Knock-down frame construction, 1-3/4" x 30" x 60" hard maple top, 30" overall height, no casters

MAH-2314-C

Adjustable Height Steel Leg Workbenches

This sturdy workbench is constructed from steel channel. Telescoping legs can be adjusted for a overall height of 26" to 36". The base includes a rear brace and lower shelf. Finished in gray. The 1-3/4" thick hard maple top is available in multiple sizes. Furnished with adjustable glides as standard, locking casters are an available option.

Model Number Format: MAH - (Top Size) - (Options)

Top Sizes
1-3/4" x 30" x 60" Hard Maple - '2314'
1-3/4" x 30" x 72" Hard Maple - '2315'

Options
Locking Casters - 'C'

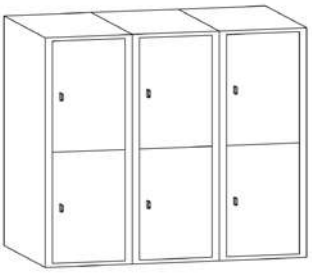
Example Model Numbers:
MAH-2314-C - 1-3/4" x 30" x 60" hard maple top, locking casters
MAH-2315 - 1-3/4" x 30" x 72" hard maple top, adjustable glides

Modular Steel Bases

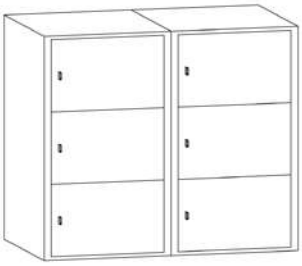
A comprehensive and flexible line of steel base units. Bases are 21”D x 31”H and available in widths of 12”, 18”, 24” and 36”. Standard color is gray. Other colors are available. Optional risers can be added to any unit to increase height to 35”. Additional options include vented doors and master-keyed cylinder locks. Don’t see what you’re looking for? Give us a call for additional configurations and sizes.

3119

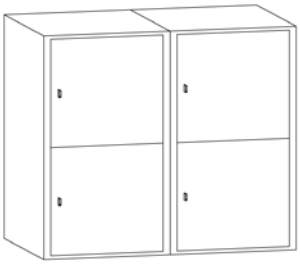
36" Wide Bases



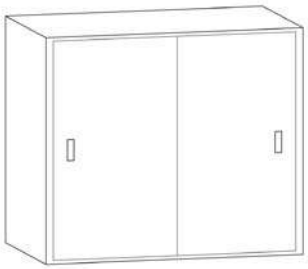
Includes six locker openings (12"W x 21"D x 15"H), spring hinges, padlock hasps and provision for cylinder locks. Double wall construction.
Model L-5



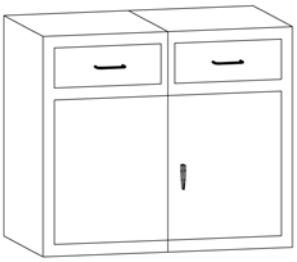
Consists of six locker openings (18"W x 21"D x 10"H), spring hinges, padlock hasp and provision for cylinder locks. Double wall construction.
Model L-5A



Includes four locker openings (18"W x 21"D x 15"H), spring hinges, padlock hasps, and provision for cylinder lock.
Model L-5B



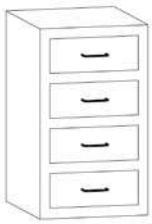
Includes a set of sliding doors on nylon rollers, adjustable center shelf and master keyed lock.
Model SD-5



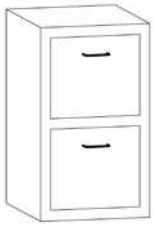
Double door cupboard with two drawers above.
Model L-5C

Features double door base with adjustable shelf and master keyed locking handle.
Model DD-5

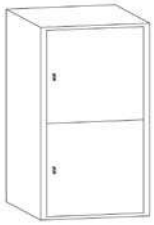
18" Wide Bases



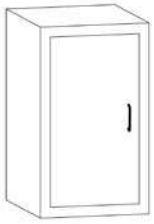
Includes four drawers (14-3/4"W x 19-1/2"D x 5-5/8"H) on nylon rollers with pull, padlock hasp and provision for cylinder lock.
Model FD-1



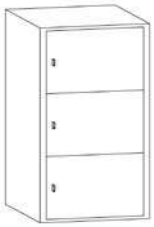
Furnished with two large drawers (14-3/4"W x 19-5/8"D x 13-1/2"H), pull, padlock hasp and provision for cylinder lock.
Model FD-2



Includes two lockers (18"W x 21"D x 15"H), spring hinges, padlock hasps and provision for cylinder lock.
Model L5B2



A single door cabinet with adjustable shelf, padlock hasp and provision for cylinder lock.
Model DD-1



Consists of three lockers (18"W x 21"D x 10"H). Each locker includes spring hinges, padlock hasp and provision for cylinder lock.
Model L5A3

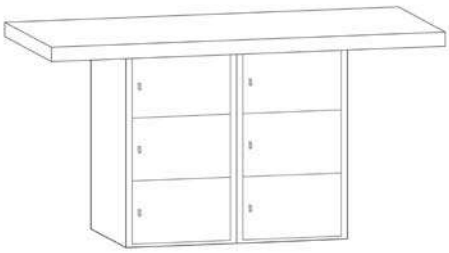
Single & Double Station Workbenches

These benches include a solid 2-1/4" thick laminated maple top, size 64"W x 28"D. All base units (36"W x 21"D x 31"H) are constructed of heavy gauge steel. Overall working height is 33-1/4". Woodworking vises are an available option. Standard color is gray with optional colors available. Master keyed cylinder locks are optional.

L5 Series

Base includes six locker openings (12"W x 21"D x 15"H) furnished with spring hinges, padlock hasps, and knockout for cylinder lock.

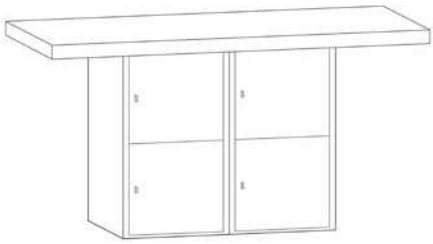
With two vises	**Model L5-2V**
With one vise	**Model L5-1V**
Without vises	**Model L5-0V**



L5A Series

Base contains six locker openings (18"W x 21"D x 10"H) furnished with spring hinges, padlock hasps, and knockout for cylinder lock.

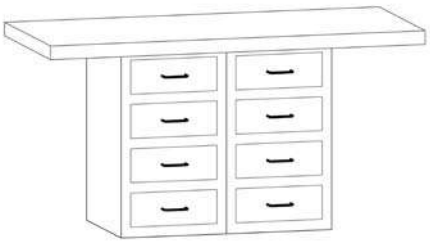
With two vises	**Model L5A-2V**
With one vise	**Model L5A-1V**
Without vises	**Model L5A-0V**



L5B Series

Includes four locker openings (18"W x 21"D x 15"H), spring hinges, padlock hasps and provisions for cylinder locks.

With two vises	**Model L5B-2V**
With one vise	**Model L5B-1V**
Without vises	**Model L5B-0V**



SB5 Series

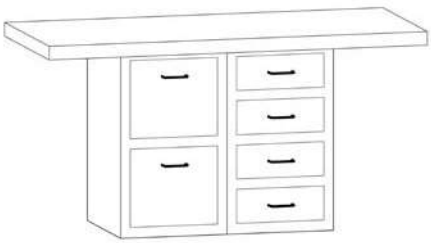
Includes eight drawers (14-3/4"W x 19-1/2"D x 5-5/8"H) on rollers; with pulls and knockout for cylinder locks.

With two vises	**Model SB5-2V**
With one vise	**Model SB5-1V**
Without vises	**Model SB5-0V**

SB6 Series

Includes cabinet with door, adjustable shelf, four drawers (14-3/4"W x 19-1/2"D x 5-5/8"H) with nylon rollers, pulls, padlock hasp and knockout for cylinder locks.

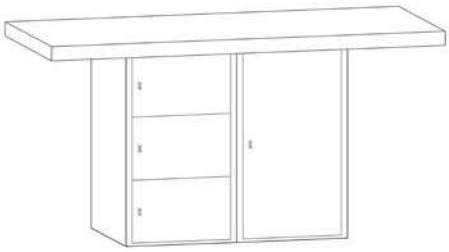
With two vises	**Model SB6-2V**
With one vise	**Model SB6-1V**
Without vises	**Model SB6-0V**



SB7 Series

Base is furnished with four small drawers (14-3/4"W x 19-1/2"D x 5-5/8"H) and two larger drawers (14-3/4"W x 19-5/8"D x 13-1/4"H).

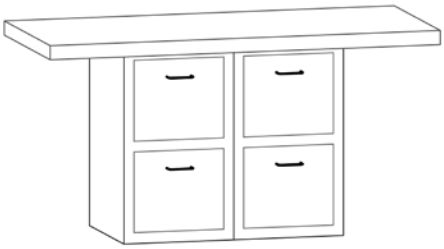
With two vises	**Model SB7-2V**
With one vise	**Model SB7-1V**
Without vises	**Model SB7-0V**



SB9 Series

Includes cabinet area 18"W with door, adjustable shelf and padlock hasp. Also furnished with three lockers (18"W x 21"D x 10"H) with padlock hasps, and knockout for cylinder locks.

With two vises	**Model SB9-2V**
With one vise	**Model SB9-1V**
Without vises	**Model SB9-0V**



FD5 Series

Includes four file drawers (14-3/4"W x 19-5/8"D x 13-1/4"H) on rollers; with pull, padlock hasp and knockout for cylinder lock.

With two vises	**Model FD5-2V**
With one vise	**Model FD5-1V**
Without vises	**Model FD5-0V**

DD5 Series

Base unit includes full size storage area, adjustable shelf and master keyed locking handle.

With two vises	**Model DD5-2V**
With one vise	**Model DD5-1V**
Without vises	**Model DD5-0V**

Four Station Workbenches

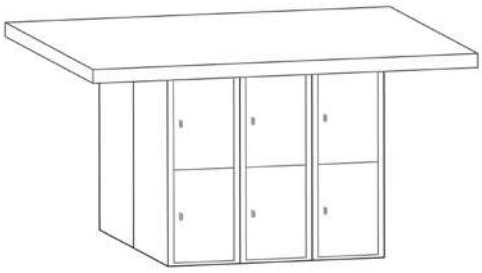
Hann's four station work benches feature specially constructed maple tops to withstand everyday, rugged use. These models include two gray base units placed back-to-back. Other colors are available. Base units are available in a variety of styles to suit your specific requirements. The overall size is 64"W x 54"D x 33-1/4"H. Available with or without vises.

Tops

Tops are constructed from selected northern hard maple. Natural finish. Overall top size is 64"W x 54"D x 2-1/4" thick.

Base Units

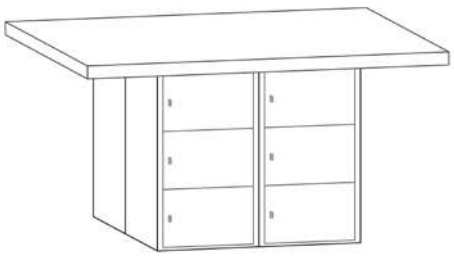
Bases are constructed of heavy gauge steel with welded seams throughout. Optional locks are keyed individually from the same master key series. Shipped fully assembled. Overall base size is 36"W x 21"D x 31"H.



L4 Series

This workbench features two steel base units with six locker openings each (12"W x 21"D x 15"H) for 12 locker openings. Each door has spring hinges, padlock hasp, and knockout for cylinder lock.

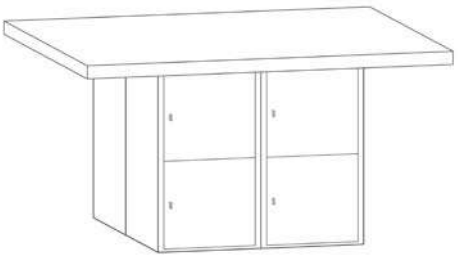
Bench with four vises **Model L4-4V**
Bench without vises **Model L4-0V**



L4A Series

Both bases contain six locker openings (18"W x 21"D x 10"H). Locker doors include spring hinges, padlock hasp and knockout for cylinder lock.

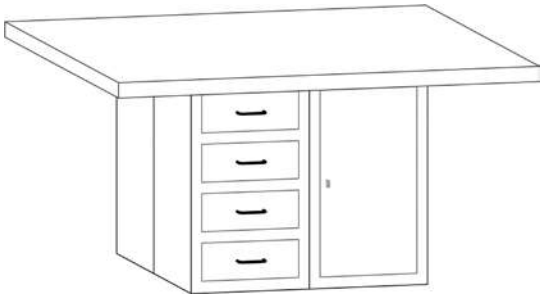
Bench with four vises **Model L4A-4V**
Bench without vises **Model L4A-0V**



L4B Series

Each of the two steel base units include four large locker openings. Each of the eight locker openings measure 18"W x 21"D x 15"H. Complete with spring hinges, padlock hasp and knockout for cylinder lock.

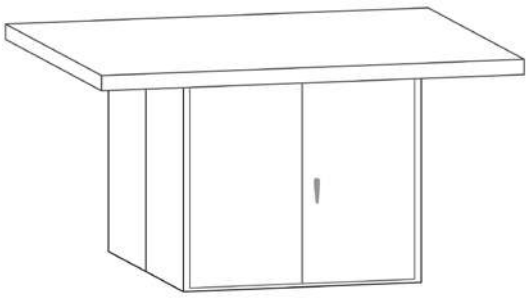
Bench with four vises **Model L4B-4V**
Bench without vises **Model L4B-0V**



LU4B Series

Two steel base cabinets are equipped with storage cabinet and four drawers (14-3/4"W x 19-1/2"D x 5-5/8"H). Drawers include pull and knockout for cylinder lock and operate on nylon rollers. Steel panel above each drawer provides full security. Cabinet size is 18"W x 21"D x 31"H and includes a single door with padlock hasp, knockout for cylinder lock, spring hinges and adjustable shelf.

Bench with four vises **Model LU4B-4V**
Bench without vises **Model LU4B-0V**



DD4 Series

Provides large storage capacity. Includes two steel base units with full size doors fitted with master keyed locking handle and adjustable interior shelf. Base units are 36"W x 21"D x 31"H.

Bench with four vises **Model DD4-4V**
Bench without vises **Model DD4-0V**

Wall Assembly Units

Steel base units are available in a variety of configurations to suit your specific requirements. Maple tops, 2-1/4" or 1-3/4" thick, are constructed of the highest quality northern grown hard maple. Strips of lumber are electronically laminated with a special tight bonding glue. Tops are finished natural. Bench height is 31" plus the thickness of the top.

3122

W Series

The W series wall assembly units include model L-5 series lockers. Each locker measures (12"W x 21"D x 15"H) and is equipped with spring hinges, padlock hasp, and provision for cylinder lock. Optional cylinder locks are available.

Top Size	2-1/4" Top	1-3/4" Top
24" x 72", 10 openings.	**W-6**	**W-6L**

24" x 144", 4 bases.	**WSD-12**	**WSD-12L**

Woodworking Bench
This sturdy bench includes a heavy maple top (54”W x 22”D x 2-1/4” thick), one woodworking vise and a storage drawer (30”W x 16”D x 6”H). Overall height is 32”.
Model G-1

The G-2 is similar to the G-1 without the large storage drawer.
Model G-2

Woodworking Bench
The G-22 includes large 54”W x 36”D x 2-1/4” thick laminated maple top. Base is furnished with two drawers (30”W x 16”D x 6”H), and two woodworking vises. Overall height is 32”.
Model G-22

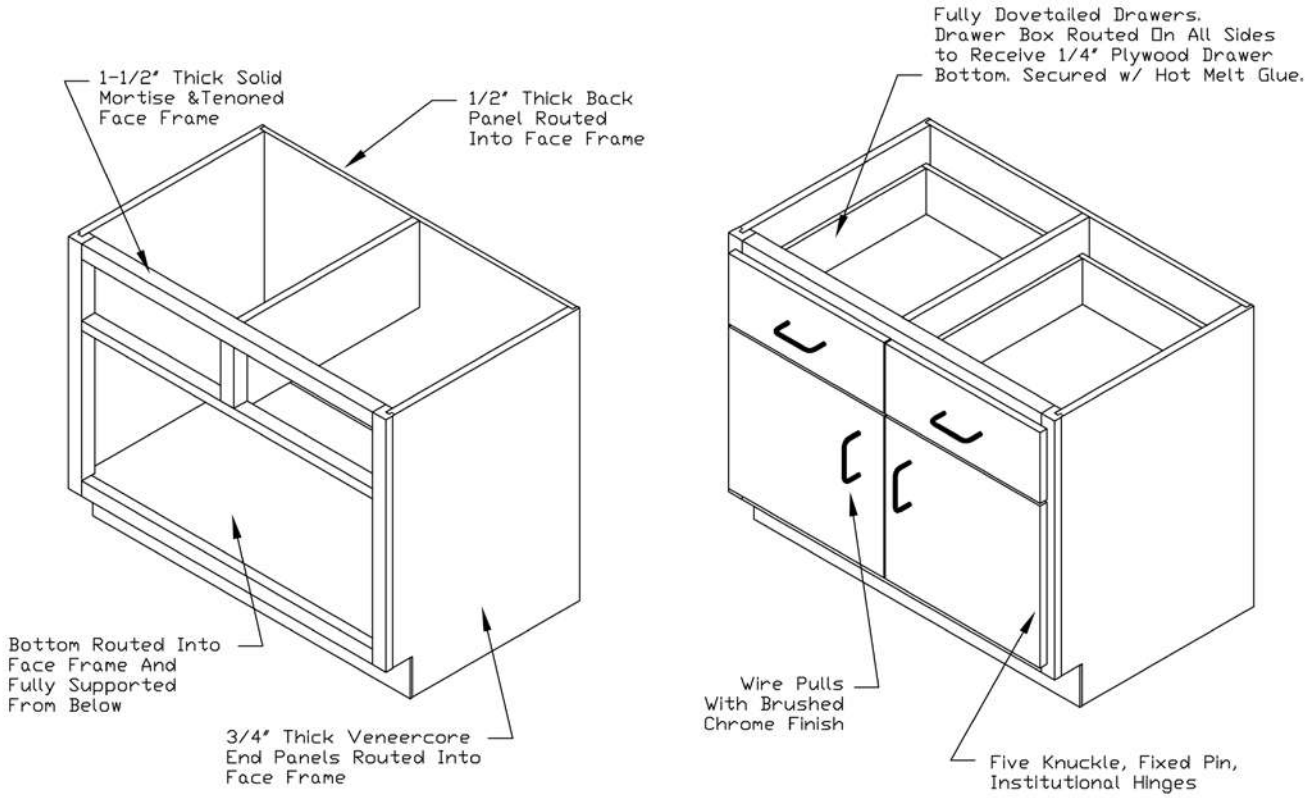
Woodworking Bench
This two station workbench is furnished with two large drawers (22-1/2”W x 14”D x 4”H), eight smaller drawers (9-1/2”W x 14”D x 4”H) and two woodworking vises. Laminated maple top is 2-1/4” thick x 54”W x 36”D. Overall height is 32”.
Model G-44

Mitre Saw Bench
Constructed to accommodate a miter saw in the center step down area. Outer tops are 1-3/4” thick laminated maple 23”W x 24”D each. The step down miter area is 26”W x 21-1/2”D. Legs are of 2-1/4” square maple bolted construction. Stringers are 1-3/4”W x 3”D. Bottom center rail is ideal for mounting C-clamps, etc. Assembly hardware included. Mitre saw not included. Natural finish.
Model M2-OB

Glue Clamp Table
A specially designed table to accept bar clamps and to provide an area for gluing of projects and clamp storage. Complete with galvanized drip pan. Open top includes 17 sets of notches which accept bar clamps 3’ and over. The notches, positioned 3-3/4” apart, are cut into heavy 12 gauge steel rail. The entire table is heavy duty maple with natural finish. Legs are 2-1/4” square. Stringers and rails are 1-3/4” x 3” with bolted joints. Overall table size is 72”W x 36”D x 32”H.
Model GC-4

Similar to the GC-4, only without the drip pan.
Model GC-2

Glue and Stain Bench
This bench provides a sturdy work center for finishing projects. The base is constructed of hard maple solids with a lower plywood storage shelf. Top is galvanized steel. Overall size is 60”W x 24”D x 32”H.
Model GS-24



Materials & Finish

All of our cabinets are made from solid hard maple framing and maple veneercore plywood as standard. However, most all of our products are also available in red oak - ask us for details.

Our products receive a natural finish as standard. Stained finishes can also be offered upon request - ask us for details.

Lumber. Only selected hard maple or red oak, kiln-dried to 6% - 8% moisture content is used on exposed surfaces. Sound kiln-dried hardwood is used on unexposed surfaces and other framing, etc.

Plywoods shall be of thickness and with number of plies as specified. Face veneer shall be standard thickness. Balanced crossband construction.

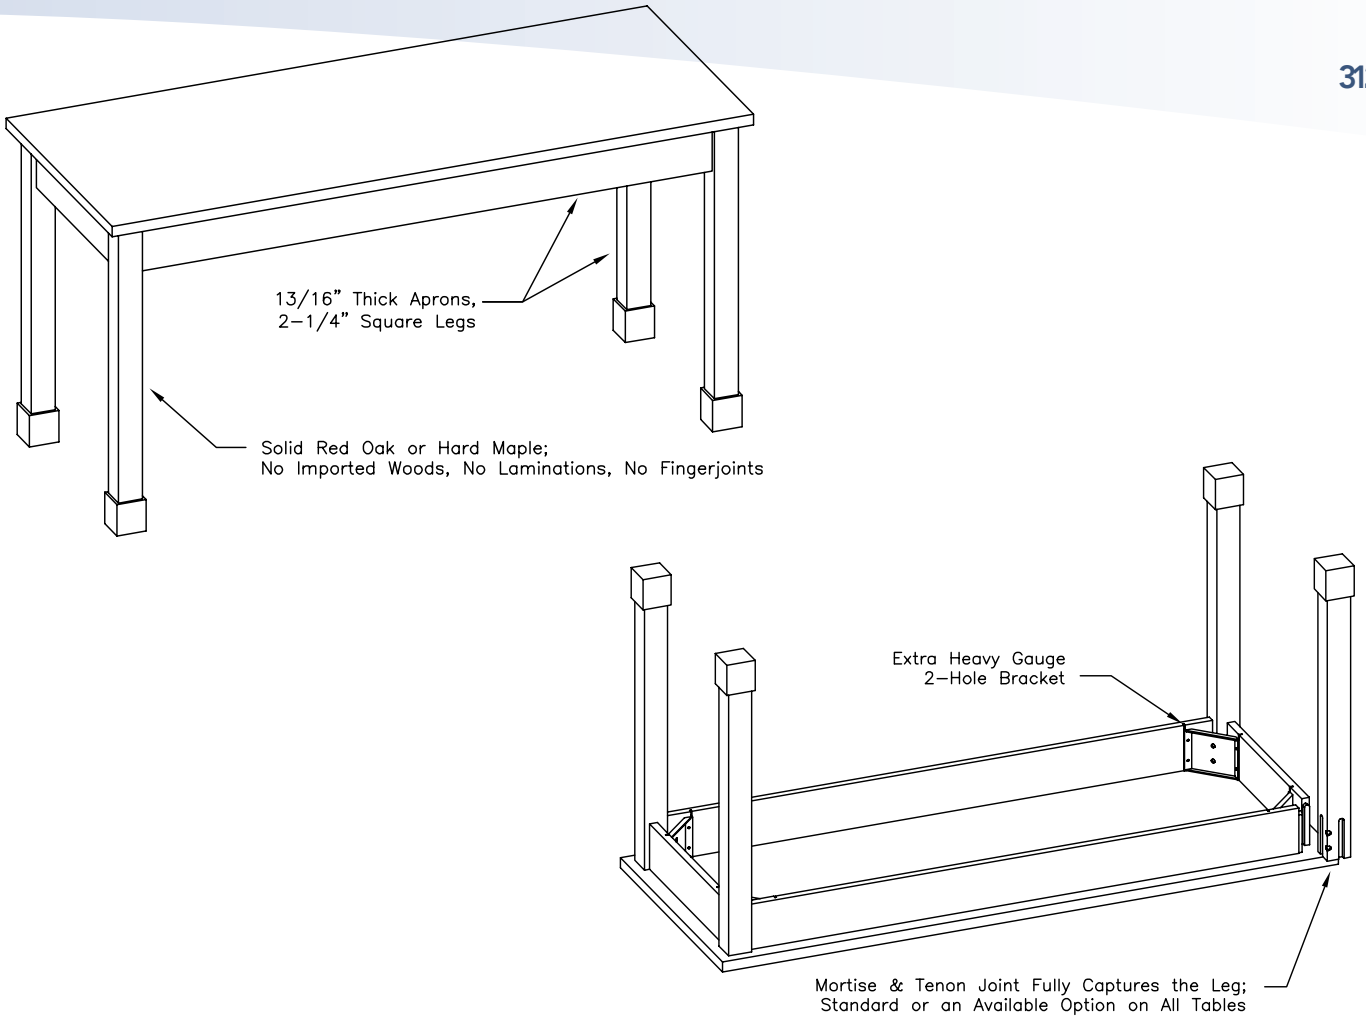
Construction

Base Cabinets
Base cabinets shall have 1-1/2" thick solid hard maple face frames with stiles and cross members mortised and tenoned, glue and stapled securely together. Face frames are routed to accept 3/4" veneercore end panels and bottom. End panels are routed to accept 1/2" back. Bottoms are fully supported from underneath. All members are glued and stapled to one another forming a strong, interconnected cabinet. No construction hardware is exposed on the front frame. End panels are slightly recessed into the frame to ensure flush frontal appearance. Adjustable shelves shall be 3/4" or 1" veneercore plywood.

Wall Cabinets
Wall cabinets shall have 1-1/2" thick solid hard maple face frames with stiles and cross members mortised and tenoned, glued and stapled securely together. Face frames are routed to accept 3/4" veneercore end panels, top, and bottom. End panels are routed to accept top, bottom, and 1/2" back. Bottoms additionally supported by solid rear cleat. Solid mounting cleat provided at upper back of cabinet. All members are glued and stapled to one another forming a strong, interconnected cabinet. No construction hardware is exposed on the front frame. End panels are slightly recessed into the frame to ensure flush frontal appearance. Adjustable shelves shall be 3/4" or 1" veneercore plywood.

Tall Cabinets
Tall cabinets shall have 1-1/2" thick solid hard maple face frames with stiles and cross members mortised and tenoned, glued and stapled securely together. Face frames are routed to accept 3/4" veneercore end panels, top, and bottom. End panels are routed to accept top and 3/4" back. Bottoms are fully supported from underneath. All members are glued and stapled to one another forming a strong, interconnected cabinet. No construction hardware is exposed on the front frame. End panels are slightly recessed into the frame to ensure flush frontal appearance. Adjustable shelves shall be 3/4" or 1" veneercore plywood.

3125



Materials & Finish

All of our tables are made from solid domestic hard maple or red oak. No imported or finger-jointed wood shall be used.

Our products receive a natural finish as standard. Stained finishes can also be offered upon request - ask us for details.

Lumber. Only selected hard maple or red oak, kiln-dried to 6% - 8% moisture content is used on exposed surfaces. Sound kiln-dried hardwood is used on unexposed surfaces and other framing, etc.

Construction

Science Tables
Aprons shall be 13/16" thick and 4-1/2" high. Legs shall be 2-1/4" square. Legs will be secured to aprons via an extra heavy gauge 2-hole steel corner bracket. Two Grade 5 bolts per bracket will be inserted into heavy-duty steel inserts in the leg for a metal-to-metal connection. Optional mortise and tenon joints shall be machined so that the leg is fully captured when slid onto the apron tenons which would prevent the leg from failing should someone intentionally loosen/remove the bolts. Optional lower leg spreaders shall be 1-1/4" thick. Legs shall include protective boots and adjustable glides. Table tops shall be attached to the aprons at the factory prior to shipment.

NOTE: All specifications are subject to change without notice.

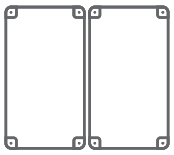
Seating



Accessories

It seems simple, so why doesn't it happen more often? Tables and storage and shelving should match – same height, depth, width and color palette – to create a harmonious environment. Fleetwood furnishings coordinate seamlessly with each other, so you can confidently mix and match, repurpose pieces from room to room, and add components whenever you need them.

We are Fleetwood...

A company ...

...with a portfolio broad enough to furnish an entire school (or K-12 district)

...with products durable enough to last for generations, yet flexible enough to adapt to changing needs

...that infuses its design with research about student engagement and activity

...that meets delivery commitments and offers a best-in-class warranty

...that dedicates 20% of its profits to mission work

...that is 100% owned by its employees

...proud to design and build all of its products in the USA

ist Pricing Applies.

We've got your entire campus. We've got you.

Why specify from multiple manufacturers when you can get everything you need from a single source? We're ready with research-based applications for every space on your campus except the custodian's closet. (Give us some time and we'll come up with a solution for that, too.)

With Fleetwood, you can be sure all your furniture will work together, no matter how often you need to rearrange, reconfigure and redesign your spaces. Adding Fleetwood to your existing furniture inventory? Our clean, timeless designs complement most any environment. Plus, we can match the colors and finishes of many other manufacturers.

How to use this book

3136

OVERVIEW PAGES

Product overview pages narrow your search for products.

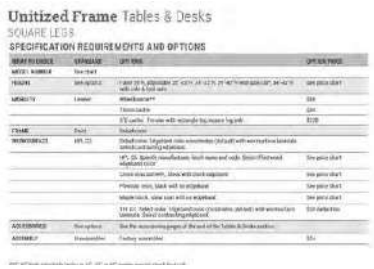
Utilize product charts to understand sizes, recommended applications, and various styles and options.

PRODUCT HIGHLIGHTS

Check out product introduction pages to learn about product features, dimensions, application rules, and shipping.

CALLOUTS

- Dimensions charts highlights key external and internal product dimensions.
- Product images show important features.
- Shipping information describes if products ship fully assembled, partially assembled or ready to assemble. It also notes how hardware, casters, pulls and other items are shipped.
- Photos show unique features.



WHAT TO ORDER, STANDARDS & OPTIONS

Read the "Specification requirements and options" charts before ordering to learn about defaults, product options, codes, color choices and upcharges. If an option code is needed, you will see it called out in the pricing chart. It will usually appear in the dark gray shaded row.

However, in most cases, instead of using a alpha or digital code for options, you can either select the described option electronically (in CET, ProjectMatrix, etc.) or type the description called out under OPTIONS manually. In this case, the final model number will be automatically created or Fleetwood will do it for you.

SPECIFICATION AND PRICE CHARTS

Find specific sizing, base model numbers, specifiable features, model number option codes, base list pricing, and option pricing within the specification tables. At the bottom of the table, find key tips if applicable.

KEY TO ABBREVIATIONS

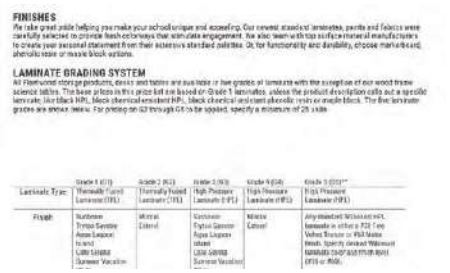
TFL.....Thermally Fused Laminate
HPL .....High Pressure Laminate
W.....Width
D .....Depth
H .....Height.

QUICKSHIP

Notice that pricing charts are color coded to call out our Quickship products. If you see teal-colored type, express shipping is available after January 2024

FINISHES

Look at the FINISHES section to understand Fleetwood's standard color palette. If your organization doesn't have Fleetwood sample sets, please call us at 800.257.6390 or contact us at fleetwoodfurniture.com.



FINISHES

LAMINATE GRADING SYSTEM

KEY INFORMATION

Be sure to review the KEY INFORMATION section to learn about new, enhanced and discontinued products.

The SPECIAL AND CUSTOM PRODUCTS portion of the section provides an overview of the process we use to meet your unique needs. To save time, check out our chart on price guidelines for simple dimensional and surface material specials. If you don't see what you're looking for, please call us for a quote.

PRODUCT MODEL INDEX

If you know your model number, use the index in the back of the book to find products.

Specifications, options, pricing and details

Ordering is easy if you follow some basic steps. For most products, you'll just select the model number, finish codes and finish options. Some products have options that ship with the product. These might include pulls, mobility features (levelers, wheelbarrow, casters), or storage features that ship with the basic unit. For these, you will usually select a feature code, finish color and price upgrade. Below are three examples for tables, storage and seating. If you have any questions, please call us for help.

TABLES & DESKS EXAMPLE

How do you order a 27" wide by 20" deep by 29" high C-Leg table with casters, a rectangle worksurface with HPL G5 color?

STEPS

NOTE: While codes are shown below in some examples, model numbers will build automatically if you are using an electronic tool to specify.

STEPS		MODEL/CODES/OPTIONS	LIST	COLOR SELECTIONS
1	Select model number for 27"w x 20"d table	TUNR2720		
2	Add height code for fixed height 29" H. Add price.	F29	$358.00	
3	Option on casters. Add upcharge.	Casters (C)	$72.00	
4	Option on HPL G5 choice. Add upcharge.	HPL G5	$18.00	
5	Specify finishes		$448.00	
	Worksurfaces - HPL G5			Provide Wilsonart color number, finish & name
	Edgeband for worksurfaces			Silver
	Frame			Silver

*Can't find a code? Don't worry about it. Just call out the name of the option and we'll add it for you. In many cases, codes have been eliminated and replaced with descriptions to add clarity.

Tables & Desks

Versatile · Robust · Compatible

A wide variety of worksurface shapes and sizes, leg heights and accessories makes our tables and desks adaptable to virtually any school application. They're built to withstand decades of daily use and are designed to complement all other Fleetwood products.

KEY FEATURES

- Fixed height and adjustable height leg options
- Heavy-duty levelers or locking casters
- 1" thick high-pressure laminate worksurfaces
- Pick-proof, moisture resistant worksurface edges stand the test of time
- Smaller depth options support condensed footprints and wider aisles

3148 Tables & Desks

You can depend on this rugged yet refined table to stand up to the most demanding classroom challenges, including science spaces. Height adjustability, mobility and technology options accommodate different users and purposes while enabling easy reconfiguration within or between rooms. Dent-resistant, welded steel frames impart exceptional strength and stability.

WORKSURFACE
- 1" thick worksurfaces except for Maple Block
- HPL (standard)
- HPL Specialty
- Phenolic Resin
- Solid Maple Block (1-3/4" thick)
- Rectangle shape with square corners
- Plane shape with rounded corners

FRAME AND LEGS
- Fully welded

A Perimeter rectangle tubular frame under perimeter of worksurface.

- Perimeter frame is 3-sided on tops 30" wide or less
- Perimeter frame is 4-sided on tops 36"-72"wide
- Square or round tube legs for rectangular tops
- Square tube legs for rectangular computer tops
- Round tube legs for plane and other shaped tops
- See ADJUSTABLE HEIGHT for other features

MOBILITY
- 1.5" diameter levelers - all legs
- 2" diameter levelers - all legs (square legs with phenolic or maple block worksurface material)
- Wheelbarrow - 75mm casters and 1.5" diameter levelers
- 75mm casters - all locking
- 5" casters - All locking (square leg only)

SHIPPING
- Worksurfaces ship stacked, separate from frame/leg assembly, unless table is specified assembled
- Frame/leg assemblies ship stacked, unless tables is specified assembled
- Levelers or caster stems installed on legs
- Casters field installed

FIXED HEIGHT
• 29" high

ADJUSTABLE HEIGHT
• 20”-28” high
• 24”-32” high

KEY FEATURES
No side or foot rail bar standard on:
• 20”-28” high - no visible adjustment holes between 20”-23” heights
• 24”-32” high - no visible adjustment holes
• 1” height adjustment increments
• Tamper resistant, dual height adjustment system

ADJUSTABLE HEIGHT WITH SIDE RAILS
• 29”-42” high

KEY FEATURES
Side rail bar standard on:
• Adjustment holes may be visible below 34" height
• 29”-42” - Potential visible adjustment holes between
• 1” height adjustment increments
• Tamper resistant, dual height adjustment system

ADJUSTABLE HEIGHT WITH SIDE AND FOOT RAILS
• 29"-42” high (with 36”, 42”, or 48” deep worksurface. All worksurface depths)
• 34"-42” high

KEY FEATURES
• Side rail & foot rail are 8.5" above the floor
• Foot rail bar is centered between legs
• Foot rail diameter is 1.25”
• 1” height adjustment increments
• Tamper resistant, dual height adjustment system

C-Leg

SINGLE-STUDENT • TWO-STUDENT • TEACHER

3164

Tables & Desks

Small desks maximize classroom space, but four-legged versions can be overly confining to seated students. Give your students more knee swing and attention-enhancing comfort with this C-Leg solution.

FIXED HEIGHT
- 29" high

ADJUSTABLE HEIGHT
- 24”-32” high
- 29”-42” high
- 1” height adjustment increments
- Tamper resistant, dual height adjustment system

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- Rectangle shape with square corners
- Plane shape with rounded corners

MOBILITY
- 2” diameter levelers
- 75mm casters - locking

FRAME AND LEGS
- Fully welded
- Square tube legs
- Rectangle crossbar
- Rectangle base
- Bag hook accessory attaches to bar
- See ADJUSTABLE HEIGHT for other features

SHIPPING
- Worksurfaces ship stacked, separate from frame/leg assembly
- Frames ship nested
- Levelers or casters installed
- Height adjustment tools included if needed

Tables & Desks

Give teachers the flexibility to move tables in and out of active use as needed. Press the recessed activation bar to flip worksurfaces up and roll them out of the way – or use them for vertical display.

FIXED HEIGHT
- 29" high - No foot rail

ADJUSTABLE HEIGHT
- 21”-28” - No foot rail
- 25”-32” - No foot rail
- 29”-42” - No foot rail
- 34”-42” - With foot rail
- 1” height adjustment increments
- Tamper resistant, dual height adjustment system

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- TFL
- Rectangle shape with square corners
- Plane shape with rounded corners

MOBILITY
- 75mm casters - locking - all legs

FRAME AND LEGS
- Fully welded
- Square tube legs
- Rectangle crossbar
- Rectangle tube base
- Activation bar and mechanism integrated into frame

ADDITIONAL FEATURES
A Standard frame inset is 4”
72” wide tables have a 10” inset

B Activation bar

SHIPPING
- Unit ships assembled

Stacker

SINGLE-STUDENT • GROUP

3182

Tables & Desks

Classrooms need tables but experiential learning also requires open areas. You can achieve both goals with these fully welded steel-leg tables, which stack up to three high.

FIXED HEIGHT
- 29" high

ADJUSTABLE HEIGHT
- 24"-32"
- 1" height increments
- Tamper resistant, dual height adjustment system
- No visible adjustment holes

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)

MOBILITY
- 1.5” diameter on all levelers - all legs
- Wheelbarrow - 75mm casters and 1.5” diameter leveler combination
- 75mm casters - all legs

FRAME AND LEGS
- Fully welded
- Perimeter rectangle tubular frame under perimeter of worksurface.
- Perimeter frame not on worksurface front
- Rounded tube legs
- See ADJUSTABLE HEIGHT for other features

ADDITIONAL FEATURES
A Protective worksurface bumpers

SHIPPING
- Worksurfaces ship stacked, separate from frames
- Frames ship stacked
- Levelers or caster stems installed on legs
- Casters field installed

Space Smart.

All Stacker table shapes can be stacked up to three high to save space when they're not in use and to ease floor cleaning.

Pneumatic Base

SINGLE-STUDENT • TWO-STUDENT • GROUP • TEACHER

3186

Tables & Desks

Promote healthy movement by enabling teachers or students to alternate between sitting and standing heights throughout the day. An easy-to-operate handle underneath the worksurface adjusts height.

ADJUSTABLE HEIGHT
- Single column on casters: 28"-45"
- Double column on levelers: 28"-48"
- Double column on casters: 31"-51"

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- Rounded corners on Plane and Sidekick

MOBILITY
- Levelers - double column only
- 75mm casters - single & double column
- 3"H increase on castered double column

FRAME AND LEGS
- 3-part pneumatic column with flat top plate
- Non-stepped adjustability
- Rectangle base
- Silver paint only
- 35lb. capacity when in motion
- 400lb. capacity when in fixed position

ADDITIONAL FEATURES
A Under worksurface mounted handle to adjust height of worksurface

SHIPPING
- Table ships assembled with casters or levelers installed

Sit to Stand.

An easy-to-operate handle mounted under the worksurfaces adjusts the height of single-column table over a range of 28”-45”.

Products in teal are Quickship. See page 373 for details.

Crank Height Adjustable

SINGLE-STUDENT • TWO-STUDENT • GROUP

3190

Tables & Desks

Give students the power to gain new leverage or perspective on their projects through vertical table movement. Table legs and worksurfaces are engineered to support heavy weight.

ADJUSTABLE HEIGHT
- 27”-38.5” for 1” thick worksurface
- 1.75” thick maple block worksurface adds
- .75" to height ranges.

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- Solid Maple Block (1-3/4" thick)

MOBILITY
- 2” diameter levelers - all legs

FRAME AND LEGS
- 11.5" height adjustable legs
- Tubular base
- Metal modesty panel. Color matched to legs

ADDITIONAL FEATURES
- **A** Crank handle
- **B** Anodized finish on upright
- **C** Painted finish on foot

SHIPPING
- Ships assembled
- Levelers installed

Transaction Desk System

TEACHER • ADMINISTRATION

3228

Tables & Desks

This desk system establishes a welcoming presence while reinforcing appropriate boundaries. Optional transaction counters and storage add functional space above and below the worksurface.

WORKSURFACES (DESK AND COUNTER)

- 1" thick
- HPL (standard)
- Rectangle, squared corners
- 1.25" high metal support rail under worksurface

CASE

- 1" thick end panels
- 3/4" thick back panels, toe kick, doors and shelves
- TFL only
- Desks and storage feature levelers
- Roll-in storage has concealed casters
- Transaction counters mounted with metal hardware
- Grommets in end panels of desk only. Additional grommets available for field install.

DOORS & PULLS

- Keyed-alike cylinder lock, chrome
- 120° European hinge
- 128mm Arch pull or 128mm Metro or Urban pull

ADDITIONAL FEATURES

- **A** Concealed casters
- **B** 75 lb. shelf capacity
- **C** Built in foot rest and storage stop
- **D** 2.5" grommet in each end panel

SHIPPING

- Subassemblies ship assembled
- Final assembly field installed
- Sleeve connectors included

Pick the storage that's right for you

Fleetwood has multiple storage solutions. To pick the right one for your school, think through the following questions:

3244

What's your need?

APPLICATION	PRODUCTS TO CONSIDER
General classroom	Designer 2.0, Illusions 2.0, Sheerline
High mobility	Designer 2.0, Sheerline
Perimeter planning (Architectural built-in alternative)	Illusions 2.0
Blended: mobility and architectural	Blend Designer 2.0 and Illusions 2.0
Space division (short-term)	Designer 2.0
Space division (long-term)	Illusions 2.0
Industrial (i.e. makerspaces, CTE, etc.)	Sheerline, Designer 2.0
Library or media center	Library, Designer 2.0, Illusions 2.0
Music	Harmony
Administration	Designer 2.0, Illusions 2.0, Library (transaction desk)

What's the look you want?

STYLE	PRODUCTS TO CONSIDER
Classic, timeless	Designer 2.0, Illusions 2.0, Library, Harmony
Industrial, rugged	Sheerline

DESCRIPTION

DESIGNER 2.0

Broad portfolio with 6” planning module
Units designed for stand-alone use
Dimensionally compatible with other Designer 2.0 units, Illusions 2.0, and Fleetwood tables
Includes markerboard and media solutions
Common widths: 30”-48” (Unique products with widths up to 60”)
Heights: 24”, 29”, 37”, 44”, 68”
Depth: 20” (Drawer and workstation storage have unique depths)

ILLUSIONS 2.0

Broad portfolio with 3” and 6” planning modules
Units used as stand-alone or modularly (where units can be joined together to create a built-up solution)
Dimensionally compatible with other Illusions 2.0 units, Designer 2.0 and Fleetwood tables
Includes markerboard and media solutions (Learning Wall)
Common widths: 24”-48”
Heights: 29", 37", 68", 76”, 84” (Some products in 24”, ADA, and 44” heights)
Depths: 14”, 20”, 24”, 25”

SHEERLINE

Concise statement of line
Widths: 48” (some exceptions)
Heights (nominal): 34”, 60”, 72”
Depths: 22” on most products (Drawer and workstation storage have unique depths)

LIBRARY 2.0

Portfolio on 6” planning module
Includes transaction desks, bookcases, carts
Widths: most products have 36”, 42”, 48”, 60”, 72” options
Heights: varies by item with nominal 24”, 30”, 36”, 48”, 60” for most items
Depths: varies by storage function

HARMONY

Comprehensive offering for music room storage to accommodate instruments and paper storage
Widths: range of widths based on storage type. Up to 75”
Heights: range of heights based on application. Up to 92”
Depths: varies by storage function

Pick the storage that's right for you

Fleetwood has multiple storage solutions. To pick the right one for your school, think through the following questions:

Designer 2.0

Clean • Versatile • Core

The clean, refined look of our Designer 2.0 series is timeless – a good thing, since the furniture is built to last a lifetime. Our superior casters make it easy to move and repurpose pieces, while ergonomic edges and anti-tipping mechanisms enhance safety. Abundant aesthetic and functional options – including particleboard, magnetic pegboard and markerboard backs – can be fine-tuned to fit any storage need and budget.

"Magnetic" is used to communicate this property on the pricing charts.

DIVIDE AND CONQUER

Use Designer 2.0 to create teaming hubs for students while separating groups and supporting monitors or markerboards. Designer 2.0's high-quality casters make reconfiguration easy for students and teachers. Robust counterbalance weights keep storage units stable.

ALL WORKS TOGETHER

Designer 2.0 is platformed to align with our other product lines. Use it alone or mix it with our complementary Illusions 2.0 and Fleetwood tables.

ALWAYS IN STYLE

Designer 2.0 features crisp lines with tight joinery and soft edges that continue to look fresh years after installation.

UNIQUELY YOURS

Giving you choices is our specialty. Choose your configuration – basic laminate or metal shelving, cubbies and drawers. Choose your size – from 24" to 68" high and from 24" to 48" wide in 6" increments.

NOTE:
Vertical and horizontal internal shelves and dividers are 3/4" thick and reduce usable square inches.
* Nominal: matches dimensions shown on pricing chart

Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 1” increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68”H units and above will have one fixed shelf at 43” from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75” for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48”W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15”.

See equation below.
(Overall width in inches-(#vertical panels x .75”))/3=cubby width (48-(4*.75))/3=15

Illusions 2.0

Architectural ▪ Limitless ▪ Futureproof

Get the look and feel of built-in storage solutions without the time and expense. Illusions 2.0 supports perimeter and space-division planning without locking you in – it's easy to move and reconfigure components as your needs change. Multiple sizes and configurations combined with modular flexibility give you near-endless options for personalizing your space.

BUILT-IN LOOK WITHOUT THE EXPENSE

Most built-ins limit you to shelves, doors and maybe a few drawers. Illusions 2.0 allows you to do so much more, accommodating layered markerboards and digital solutions.

EASY "DO-OVERS"

If functional needs change, Illusions 2.0 morphs easily. Reconfigure existing components or add or subtract units to support new teaching methods.

PERIMETER AND OPEN

Illusions 2.0 is finished on the back, equipped with counterbalance weights and attached to adjoining units – making it a safety-conscious solution that's equally at home against a wall or separating classroom space.

FAST, NO-TRADES INSTALLATION

Your dealer rolls Illusions 2.0 off the truck and into finished classrooms, so everything is "teacher ready" in hours versus weeks. It's the perfect solution for both new construction and renovations.

SIZES

W: 15" to 48" (storage, some exceptions)
48" to 120" (spanning worksurface)
D: 14", 20" (storage)
20", 24" 25" (worksurface)
H: 24" to 84"

MOBILITY

- Leveler
- Leveler/caster assembly

FINISHES

- TFL (case)
- HPL (worksurface)

Understanding Illusions 2.0 components

Modular Illusions 2.0 components are dimensioned to work in harmony together. While many varieties of components exist, the basic categories are highlighted below.

3302

MODULAR COMPONENTS

A - Base cabinet

B - Base corner filler

C – Spanning worksurface

D – Spanning backsplash

E – Overhead storage unite

F – Hutch

G – Overhead corner filler

H – Tall storage

I – Side filler

J– Tall (side) filler

All of these components will be described in more detail later in this guide.

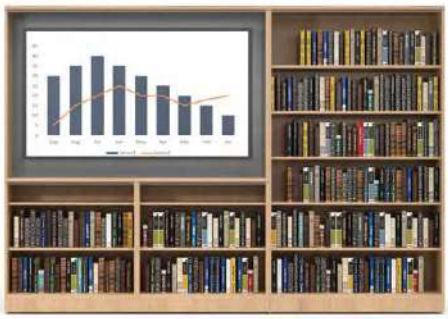
Application ideas

Modular Illusions 2.0 offers affordable design flexibility and provides a clean architectural aesthetic that can easily replace built-in casegoods.



14" deep bookcases team with a 14" deep media hutch for a space-saving solution.

20"D base cabinets are teamed with 14"D shelving and media hutches to create a functional wall assembly.

Doored-storage units team with a media hutch to create a clean, secure storage and display space.

14"D and 20"D storage are teamed together, resulting in easy-access storage with generous worksurface areas.

Media displays, markerboards and analog storage solutions combine to provide a multi-dimentional classroom solution.

Wall-hung overhead storage units teamed with spanning worksurfaces with backsplashes add additional workspaces in the classroom.

A wide variety of storage units come together to create a unique storage wall in this art room environment.

Illusions 2.0 desking units join with storage to create great individual focus areas for students away from normal classroom activities.

Base Shelf

WORKSURFACE
- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1” thick worksurface and backsplash
- 3mm edgeband

SHELF
- Adjustable, fixed, and base
- 35 lb. to 100 lb. capacity depending on width
- TFL (default)
- Painted metal

DOOR
- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

PULL
- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

MOBILITY
- 4” leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

CASE
- Camlock design
- .75" thick laminate panels except for 1” thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly
- Bottom panel can act as a shelf but is not included in the shelf count

SHIPPING
- Ships assembled
- Matching width worksurface, pull, shelf, leveler, and caster attached (as applicable)

WORKSURFACE
- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1" thick worksurface and backsplash
- 3mm edgeband

SHELF
- Adjustable and base
- 35 lb. capacity
- TFL (default)
- Painted metal

DRAWER
- Steel drawer bodies
- Full extension slides
- Keyed alike cylinder lock
- Unique lock per drawer
- 50 lb. capacity - box drawer
- 150 lb. capacity - file drawer

DOOR
- Soft close 120° European hinge
- Keyed alike cylinder lock

PULL
- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

MOBILITY
- 4" leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

CASE
- Camlock design
- .75" thick laminate panels except for 1" thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly
- Bottom panel can act as a shelf but is not included in the shelf count

SHIPPING
- Ships assembled
- Matching width worksurface, pull, shelf, leveler, and caster attached (as applicable)

WORKSURFACE
- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1” thick worksurface and backsplash
- 3mm edgeband

MOBILITY
- 4” leveler

CASE
- Camlock design
- .75" thick laminate panels
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases (default)
- Quick connect assembly
- ADA height available
- Consider spanning worksurface or worksurface bridge if opening is between two cases

SHIPPING
- Ships assembled
- Matching width worksurface, pull and leveler attached (as applicable)

DIMENSIONS

	BASE CASE (WITHOUT WORKSURFACE ON 29"H AND 37"H)	BASE CASE (WITH WORKSURFACE)
Outer width	Nominal*	Nominal*
Outer depth	Nominal	Nominal
Outer height	Nominal less 1"	Nominal
Inner width	Nominal less 1.58"	
Inner depth without doors	Nominal less .95"	
Inner depth with doors	Nominal less 1.82"	
Inner height	Nominal less 6.53"	

NOTE:
Vertical and horizontal internal shelves and dividers are 3/4" thick and reduce usable square inches.
* Nominal: matches dimensions shown on pricing chart

Worksurface Backsplash

Illusions 2.0

BACKSPLASH
- HPL (default) with neutral-colored balancing backer
- Chem resistant HPL
- Phenolic resin
- 1” thick, 4” high
- 3mm edgeband
- No mechanical attachment to spanning worksurface
- Glue to wall; caulk to worksurface in field
- Do not use under hutch
- Intended for perimeter planning application; not for space division

SHIPPING
- Backsplash ships separate from hardware
- Field assembled to wall and worksurface

- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases

SHIPPING
- Ships assembled
- Leveler and caster attached (as applicable)

Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 1” increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68”H units and above will have one fixed shelf at 43” from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75” for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48”W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15”.

See equation below.
(Overall width in inches-(#vertical panels x .75”))/3=cubby width (48-(4*.75))/3=15

Filler - Side, Tall, Front

Illusions 2.0

BASE STORAGE FILLER
- TFL
- 1mm edgeband
- Connecting hardware
- Use for end-of-run application with 24” or 25” deep worksurfaces

TALL STORAGE FILLER
- TFL
- 1mm edgeband
- H-shaped structure used with 24” deep tall storage; select 24” deep option on tall storage for 24” deep top
- Connecting hardware
- Use when tall storage application results in gap between cabinet and wall
  - Next to base storage with 24” or 25” deep worksurface
  - End-of-run
- If hutch butts up against side of tall tower, hutch fills gap instead of filler

BASE FRONT FILLER
- TFL
- 1mm edgeband
- Connecting hardware
- Use when wall-to-wall fit-up is desired when facing application
- Field cut to desired size
- Select spanning top to fill gap created by front filler
- Spanning top field cut if gap is not on 3” module
- Custom worksurface sizes also available for use with front filler

SHIPPING (ALL FILLERS)
- Ship ready to assemble

Sheerline

Strong ▪ Smart ▪ Stylish

Sheerline storage blends wood and steel for an urban, industrial look that complements any classroom design. Smooth steel perimeter frames and shelves stand up to the most demanding environments, including science spaces. Doors and drawers are engineered for superior utility and durability. Large, industrial casters make pieces easy to move yet incredibly stable.

Built to last **generations.**

MAKERSPACE TOUGH
Metal in all the right places stands up to students' abuse, while maple block helps dampen sounds in noisy environments.

CHOOSE YOUR SURFACE
Elementary spaces call for HPL tops. High school areas need specialized materials – phenolic resin for chemicals or maple block for building. Sheerline delivers it all.

BIGGER IS BETTER
Sheerline and complementary Fleetwood tables feature industrial 5" diameter casters that handle excess weight with ease.

MORE THAN STORAGE
Workstations and presentation carts round out the portfolio, so students and teachers can cluster around oversized tables for project work.

SIZES
W: 42.5", 48", 60"

Library 2.0

Sharp ▪ Sturdy ▪ Studious

Not just for traditional libraries, this shelving, desks and mobile storage collection is also perfect for classrooms, media centers, common areas and administrative offices. It coordinates visually and functionally with other Fleetwood furniture – like Designer 2.0 and Illusions 2.0.

* 1.5" subtracted to allow for two 3/4" thick end panels.

When calculating books for different bookcase heights:
1. Include the number of shelves called out in the chart
2. Add one (1) additional shelf for the bookcase bottom panel, which acts as a shelf.
   So, if "1" shelf is shown, use two (2) shelves instead in calculations.

Click name of product to navigate to that page.

TRANSACTION DESK SYSTEM
SEE TABLES & DESK

BEAUTIFULLY DIVIDED OR UNITED

Our stand-alone units provide easy setup and reconfiguration. Our add-on, build-up bookcases provide stability and permanence in library environments. Our mobile bookcases optimize flexibility.

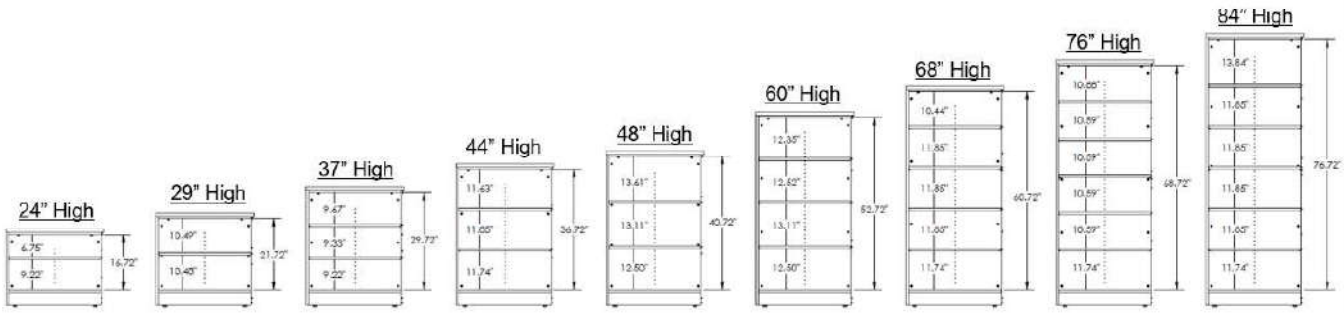
MODULAR MAXIMIZES FLEXIBILITY

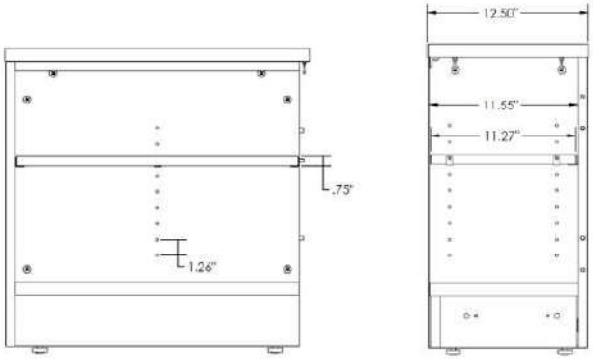
Banish obsolescence with flexible, modular solutions that can be quickly reconfigured on-site without having to pull carpets or repaint.

CLEAN LINES ELEVATE ATMOSPHERE

When budgets prohibit millwork, don't settle for clunky, pre-built products. Fleetwood's transaction desk system provides clean lines that mimic built-ins.

Plus, it blends beautifully with Illusions 2.0 and Designer 2.0.





INTERNAL SPACING FOR BOOKS

Consult the diagrams to see internal spacing using the standard number of shelves with anticipated shelf vertical spacing. Note, none of the shelves are fixed in place, so shelves can be moved, deleted or added. If a shelf is removed, add 3/4"H overall vertical capacity. Shelves adjust on a nominal 1.25"H spacing. Shelves are nominally 11.5"D.

Modular Library 2.0 works seamlessly with Fleetwood's other platformed solutions to meet your library, media center, and classroom needs. Combine build-up bookcases with assembled and mobile bookcases and other key library components to create powerful learning environments. Finish the spaces with Fleetwood Illusions 2.0, tables and seating.

Library 2.0

WORKSURFACE
(for 24", 29", 37", and 44" high bookcase)
- 1” thick
- HPL
- 3mm edgeband

TOP
(for 68", 76", and 84" high bookcase)
- 1” thick
- TFL
- 3mm edgeband

SHELF
- Adjustable, fixed , and base
- 50 lb. to 100 lb. capacity depending on width
- TFL (default on 36"W and less)
- Painted metal (optional on 36"W and less, standard on 42" to 48"W)

MOBILITY
- 4” leveler (default)
- Leveler/Caster assembly available for double-sided
- Height adjustment features concealed
- 44” high and above must attach to wall

CASE
- Camlock design
- .75" thick laminate panels except for 1” thick bottom
- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases
- 24”, 29” and 37” high bookcases accept hutch and monitor hutch when attached to wall
- Single-sided and double-sided bookcases offered; end cap bookcase available for double-sided application

SHIPPING
- Ships assembled
- Shelf and leveler attached (as applicable)

BAND AND ORCHESTRA HOLISTIC SOLUTIONS

Band rooms can be chaotic, so let Harmony bring order with its comprehensive, integrated offering that supports instruments, paper, garments, and students.

VISIBLE OR NOT. OPEN OR LOCKED.

Harmony offers instrument storage with single or multiple compartments. Units can be open or have full-length grille or laminate doors. Grille compartmentalized doors are also available.

YOU TELL. WE PLAN.

Figuring out which storage supports what instrument can be challenging. Let our design staff take on the task for you.

Seating

Comfortable · Energizing · Cool

Fleetwood seating collections are designed to comfortably support students while encouraging healthy movement that helps improve engagement and learning. From E! Seating with a solid shell to our Rock stools, our seating is made for a wide range of kids' bodies and all sorts of school settings, from the classroom to the cafeteria. Our seating is also distinctive, colorful and oh-so-inviting.

E! SEATING

Based on a simple platform – a single, integrated back and seat in a solid shell with no ribs – E! Seating is easy to use, easy to clean and easy to love. It can go almost everywhere, from the classroom to the cafeteria and back again. It's available in an eye-popping range of colors. And it provides comfortable, intuitive, ergonomic support that helps kids focus on learning.

Overview

3454

Stacker

Stacks up to 10-high, features 3 shells in 5 heights, and boasts multi-surface nylon swivel glides with protective bumpers.

SMALL SHELL
10", 12", 14" high seat

MEDIUM SHELL
14", 16", 18" high seat

LARGE SHELL
18" high seat

Caster

Stacks up to 6-high, offers the same passive ergonomic comfort as the stacker.

MEDIUM SHELL
18" high seat

LARGE SHELL
18" high seat

Reverse Cantilever

Stacks up to 6-high and mounts on desks for easy cleaning. Features 2 shells in 3 heights. Base design provides a slight rocking action.

MEDIUM SHELL
14", 16", 18" high seat

LARGE SHELL
18" high seat

Stool

When a chair back is desired, this stool provides outstanding comfort and function for both countertop or bar-stool height tables

MEDIUM SHELL
26", 30" high seat

Task

5-star pneumatic base with casters that offers passive ergonomic comfort and easy cleaning.

MEDIUM SHELL
14"-20 high seat

LARGE SHELL
14"-20" high seat

Task Stool

Provides seated-height comfort with tables from 34" to 42" high. Easily rolls out of the way when standing.

MEDIUM SHELL
22"-32" high seat

Rock
Seating
3468

Rock active stools elevate learning by promoting body movement and student engagement. The unique, patent-pending seat design encourages the kind of motion that turns tired, distracted students into active learners. Sturdy backless design, age-appropriate height options and gentle seat contours improve blood circulation, posture, attentiveness and eye-to-eye interaction.

SEAT
- 13.5" x 13.5" molded foam seat is comfortable and durable (dark graphite)
- 2” radius vertically
- 4” radius horizontally
- Patent pending mechanism attaches seat to frame and allows seat to pivot in all directions

FRAME
- Fixed height options 18”, 22”, 26”
- Fully welded frame and footrest
- Painted frame
- Custom colors available

MOBILITY
- Oversized glides - all legs

SHIPPING
- Ships assembled

ON THE MOVE

Most students can't sit still – nor should they. Rock enables kids to change posture more frequently, in natural, healthy ways that don't disrupt classroom learning.

For colors, see the Finishes section – pages 362-367

Soft Rock

Seating

3470

Like the Rock stool, this fully upholstered seating solution is designed to encourage students to move in ways that naturally focus attention and engagement. It can be equipped with a special base that allows an even wider range of motion. Soft Rock is available in multiple heights to suit different body sizes and create a varied visual landscape.

STOOL
- Soft foam on top section for user comfort
- Dense foam in body for support
- Fully upholstered with detail stitching
- Choose stationary or active base in graphite
- Glides on base

FLOOR CUSHION

Accessories

Easy · Economical · Efficient

Fleetwood rounds out its offering with easy-to-use presentation tools for sharing and collaborating, whether in front of a classroom or a school board meeting. Their long service life makes them more cost-effective and environmentally friendly than paper-based solutions, and – like all Fleetwood products – they're built to move.

Pages™ Dry Erase Markerboard System

Accessories

Take collaboration to a new level with lightweight, stackable whiteboards that work individually or mount in multiples to mobile carts, cabinets and walls (either horizontally or vertically). Boards are made of durable, high-pressure laminate and have magnetized corners and brackets that easily click together and pop apart.

FIXED HEIGHT OPTIONS:
- 62" (vertical)
- 72" (horizontal)
- 72" (vertical)

PANELS
- 4 dry erase panels included with mobile carts and kits
- Each panel is .5" thick
- Pen and eraser tray
- Magnetic pull & attachment bracket
- Constructed of dry erase HPL mounted to foam core
- Each panel weighs 3.75 lbs.

FRAME
- Steel frame cart options:
  Vertical
  Horizontal

MOBILITY
- 75mm casters - locking - all legs
- Cabinet mounting kits for steel
- Cabinet mounting kits for laminate
- Drywall mounting kit

SHIPPING
- Dry erase boards ship with 4 boards per box
- Frame subassemblies ship stacked together
- Horizontal legs ship together
- Trays ship stacked together
- Caster stems installed on legs
- Casters field installed

FINISHES

We take great pride helping you make your school unique and appealing. Our newest standard laminates, paints and fabrics were carefully selected to provide fresh colorways that stimulate engagement. We also team with top surface material manufacturers to create your personal statement from their extensive standard palettes. Or, for functionality and durability, choose markerboard, phenolic resin or maple block options.

3494

LAMINATE GRADING SYSTEM

All Fleetwood storage products, desks and tables are available in three grades of laminate with the exception of our wood frame science tables. The three laminate grades are shown below. For pricing on G5 to be applied, specify a minimum of 25 units.

	Grade 1 (G1)	Grade 3 (G3)	Grade 5 (G5)**
Laminate Type	Thermally Fused Laminate (TFL)	High Pressure Laminate (HPL)	High Pressure Laminate (HPL)
Finish	A Good Book Battleship Black Blackbird Candy Apple Catalina Catching Fireflies Cavalcade South Concord Grape Cornflower Dragon Fire Etched Gray Fresh Cut Fusion Maple Gray Gray Matrix Greige Macchiato Magnolia Mushroom Natural Rift Nori Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Sunbeam Sunny Side Up Taupe White Wrought Iron	A Good Book Battleship Black Blackbird Candy Apple Catalina Catching Fireflies Cavalcade South Concord Grape Cornflower Dragon Fire Etched Gray Fresh Cut Fusion Maple Gray Gray Matrix Greige Macchiato Magnolia Mushroom Natural Rift Nori Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Sunbeam Sunny Side Up Taupe White White Markerboard* Wrought Iron	Any standard Wilsonart HPL laminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60). #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications. #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications. www.wilsonart.com

* If markerboard is desired on cabinet exterior, please call for quote. Another laminate will be used on interiors, shelves, etc.

** Fleetwood standard edgeband options are automatically paired with G5 laminate materials. Contact your Fleetwood Learning Environment Project Coordinator for laminate edgeband color matching options.

Discontinued colors on 12/31/2024:

Honey Maple, Light Oak, Oiled Cherry.
Discontinued colors are viewable in Legacy Price list.
See Fleetwood Legacy Price List for color swatches for these finishes.

CARE AND MAINTENANCE

CARE OF LAMINATE, METAL, PLASTIC FINISHES AND CHEMICAL RESISTANT PHENOLIC RESIN WORKSURFACE

3495

Wipe product with a damp cloth to remove general soil and water-borne stains. If needed, use a nonabrasive, all-purpose cleaner suitable for hard surfaces such as Soft Scrub®, Windex®, Glass Plus®, Formula 409®, Fantastic®, or Mr. Clean® followed by a clean water rinse and dry immediately. Abrasive or harsh chemicals may discolor or mar the finish. Also, avoid abrasive cloths and sponges like Mr. Clean® Magic Eraser. Remove water spills immediately. Do not place heat producing items directly on laminate or chemical resistant phenolic resin surfaces as it may mar the finish. To sanitize surfaces, use a disinfecting, disposable wipe cloth like Clorox®.

CARE OF MAPLE BLOCK WORKSURFACES

Dust with a cloth slightly dampened with water. Clean tops with warm, soapy water and dry with rag or towel to remove any standing water on surface. Furniture wax can be applied periodically to bring back some of the luster which may be lost over the years.

Maple block is a natural material. Variations in grain and color are part of its natural character. Wood products will develop a beautiful patina over time which will modify its initial color. Exposure to sun will accelerate this process. Keep wood products at a relatively constant temperature and humidity.

CARE OF PAGES™ MARKERBOARDS AND WHITE MARKERBOARD SURFACES

Use non-toxic dry erase markers and microfiber cloths to erase. Clean the boards with soap and water only, using a lint-free soft cloth. Avoid harsh chemicals, especially ones that contain ammonia that will damage the finish.

CARE OF EDGEBAND

Use a mild liquid detergent. After cleaning, wipe the edges with a cloth dampened with warm water and dry immediately.

CARE OF FABRIC

SILVERTEX contains an antimicrobial agent. It is safe for diminishing odors and helps control bacterial growth. Cleaning instructions vary based on stain type:

GENERAL: Clean with damp cloth.

STAIN TYPE: Felt tip marker, crayon, chocolate, suntan lotion, hair/body oils. Clean with 1:1 mix of Ivory™ soap and water.

STAIN TYPE: Blood, urine, feces, oil-based paint, tar, asphalt. Clean with a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water.

STAIN TYPE: Other stains: Clean with a 1:1 mix of isopropyl alcohol and water. If stain persists, use straight alcohol.

CARE OF PLASTIC

When cleaning the E! Seating plastic shell, use warm water, a dishsoap-based cleaner, and a soft cloth. If disinfecting the shell, use an alcohol-based spray or wipe.

SPECIAL AND CUSTOM PRODUCTS

CUSTOM SURFACE MATERIALS

Fleetwood storage cases feature particleboard construction with Thermally Fused Laminate (TFL) faces. High Pressure Laminate (HPL) is standard on all Fleetwood Tables & Desks and on Designer 2.0 products under 68" tall and Illusions 2.0 worksurfaces and bookcases under 68" tall. Both TFL and HPL laminate may be requested as a custom material. Contact your Fleetwood Learning Environment Project Coordinator for lead time and pricing information.

UNIQUE SHAPES AND SIZES

While Fleetwood offers a broad selection of shapes and sizes of products, sometimes you might still need a unique product or finish. We try to make this easy for you. Please contact your Fleetwood Learning Environment Consultant or Project Coordinator at sales@fleetwoodfurniture.com or 800.257.6390 for quoting assistance.

For budgeting purposes, please use the following rules for quantities of **25 or more**. Pricing does not apply for lower quantities. We encourage you to continue to submit special requests to Fleetwood as soon as possible to confirm pricing as unique considerations may impact your custom product request. Please call for all shape changes and base modifications on tables.

Product	Modification	Budget Pricing Guideline
Laminates	Wilsonart standard finish	See pricing within G5 column for supported Wilsonart finishes for quantities of 25 or more. Finishes from all other manufacturers require special quote. Call for markerboard pricing on storage
Fabrics on seating	Non-standard SILVERTEX	$60 list/chair
Unitized Frame Tables	No shape changes Size change only within existing size parameters Standard sized base	Take next largest sized standard table price and add $100 list per unit
Stacker Table	See Unitized Frame Tables	
I-Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add $100 list per unit
C-Leg Table	See I-Leg Table directions	Call for quote
Post Leg Table	No shape change Size change within existing size parameters	Take next largest sized standard table price and add $100 list per unit
Storage	HPL on entire case	Estimate approximately $1,750 list upcharge per unit. Call for quote for specific pricing. Minimums required.

Product	Modification	Budget Pricing Guideline
Pedestal Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add $100 list per unit
Pedestal Base & Post Leg Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add $100 list per unit
Picnic Table & Bench	See Unitized Frame Tables on previous page	
Computer Table	No shape changes Size change only within existing size parameters. Standard sized base	Take next largest sized standard table price and add $100 list per unit
Crank Height Adjustable Table	Worksurface size change	Take next largest sized standard table price and add $100 list per unit
Wood Leg Table	Any	Call for quote
Full End Panel Table	No shape changes Size change only within existing size parameters. Standard sized base	Start with next largest sized standard table and add $100 list per panel modified (1 top, 1 center support panel, 2 end panels)
Pneumatic Base Table	Any	Call for quote
Transaction Desk	Any	Call for quote
Conventional Desk	Any	Call for quote

Workstation	Any	Call for quote
Storage	HPL on entire case	Estimate approximately $1,750 list upcharge per unit. Call for quote for specific pricing. Minimums required.
Storage	Size change	Call for quote. Pricing impacted by type of modification, quantity and storage collection used. For budgeting purposes, start with the next largest size and assume $100 list for each panel that is modified. Call for quote.
Storage	Paint on storage shelving, metal backs or hardware	Fleetwood non-markerboard paint on markerboard back surface: +$600 Custom paint on markerboard, pegboard, hardware or paint on shelving: Call for quote
Rock Stool	Height changes Unique paint color	Call for quote
Soft Rock Stool	Custom fabric	Call for quote, except for SILVERTEX™ which is $60 list/unit
Shell colors	Paint colors	Call for quote

TERMS AND CONDITIONS

PRICING
Pricing shown in this price list is subject to change without notice. Reference Fleetwood's website, CET, Project Matrix, 2020 or Kits Collaborator for current pricing.

PRODUCT
Fleetwood reserves the right to discontinue product and change product specifications. Digital images in print and web-based sites may not be exact.

ORDERS
Orders will be accepted only from authorized Fleetwood dealers. Submit orders via fax or email. No verbal orders will be accepted. Orders are binding only upon acceptance by Fleetwood and conditions set forth in the order acknowledgment and invoice. Orders are subject to credit availability.

All orders must include the following information: 1) purchase order number, 2) billing address, 3) ship-to address, 4) model number with size, description, finish selections and options, 5) quantities, 6) pricing, 7) quote number, 8) delivery date, 9) phone number and contact to call before delivery, and 10) approved drawings (if needed). Also identify 1) customer, 2) dealership, 3) dealer salesperson and 4) other relevant contacts.

An order acknowledgment will be emailed by Fleetwood after acceptance of the order. Fleetwood assumes all orders are correct as acknowledged. It is the dealer's responsibility to review and confirm that all information is correct and to notify Fleetwood within two business days of any order discrepancies. Fleetwood is not responsible for typographical errors.

Order status may be checked on our website: www.fleetwoodfurniture.com.

TERMS
Open account status is only granted after a credit application is submitted and approved by Fleetwood. New customers and international customers are cash in advance. Remittance to be sent to PO Box 1259, Holland MI 49422-1259 or sent via ACH transactions. Please contact Fleetwood Accounting department for details. Dealers with open account status and specific credit limits have payment terms of NET 30 from date of invoice.

CHANGE ORDERS OR CANCELLATIONS
Purchase orders received by Fleetwood are firm and may not be canceled or changed in whole or in part without written consent from Fleetwood. Consent will be determined by customer's agreement to pay any additional expenses that may be incurred resulting from the request to change or cancel the order.

SHIPPING TERMS
Fleetwood will determine the method and carrier that meets the delivery criteria. Shipments will be routed the best way using small parcel, LTL or truck load carriers. Shipments do not include inside delivery, liftgate or call-before notification and are subject to fees that are available upon request. All orders (unless previously determined per purchasing agreement) are subject to shipping costs. (Prices shown in price list do not include shipping costs. Rates vary based on carrier, expediting requests, and final destination.) Charges are prepaid and added to the invoice. All orders are shipped F.O.B origin. Merchandise title passes from Fleetwood to the consignee upon delivery to the carrier.

FREIGHT SHORTAGES AND DAMAGE
Buyers receiving goods must follow these instructions. Failure to follow these instructions may affect the costs for the delivery and replacement of damaged goods.

Buyer must count and thoroughly inspect all items for shipping damage before accepting delivery. If there is a shortage, please note the shortage on the delivery receipt. Note visible damage on the delivery receipt and show the driver. If damage has occurred, report this to Fleetwood within 5 business days. If it appears that damage could be possible, instruct the driver to open the carton and inspect contents. You have the right to accept partial shipments and refuse the remaining damaged units unless the items shipped via a blanket-wrapped carrier. If damages or shortages are not noted on the delivery receipt, the carrier and Fleetwood are relieved of further responsibility, and a claim may not be processed. Please save original packaging in case return shipment or inspection is required.

UPS or FedEx shipments: Inspect the shipment immediately following delivery for damage. Note all damage on the receipt and have the driver initial before you sign the receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

DELAYS

Orders will ship per the acknowledged ship date. If the customer requests a delay in shipment, the customer may be subject to fees associated with storage. Requests for delays must be submitted in writing. Fleetwood will provide a storage estimate based on the order size and storage terms. Fleetwood will make all storage arrangements.

3499

RETURNS

Products may not be returned and will not be accepted without prior written consent by Fleetwood. Please contact your Fleetwood Learning Environment Project Coordinator to obtain a Return Authorization. Approved returns may be subject to restocking and other fees which will be determined at Fleetwood's discretion. Products returned must be received in new condition and will be assessed prior to issuing a credit. Non-standard product is not returnable.

STANDARD AND NON-STANDARD PRODUCT LEAD TIMES

Standard products with standard finishes published in the current price list have pre-determined lead times from receipt of order acknowledgment. Contact your Fleetwood Learning Environment Project Coordinator for current lead times. Lead times may extend if demand far exceeds forecast, which can occur during peak summer demand. Fleetwood encourages customers to place orders early to avoid this peak time.

Non-standard products and standard products specified with non-standard finishes may have longer lead times. Contact your Fleetwood Learning Environment Project Coordinator for more information. Fleetwood is not responsible for costs incurred due to delay of shipments.

QUICKSHIP PROGRAM

Fleetwood offers a variety of products on its Quickship program. Quickship is designed to ship in 4 weeks. Order size cannot exceed $25,000 list and must consist of approved finishes unless an exception is granted. Standard Dealer Net terms apply.

Approved finishes:

- All standard TFL laminates and matching edgebands
- Following HPL laminates: Fusion Maple, Etched Gray, Black, Black Chemguard with matching edgebands
- Black Phenolic Resin
- All standard paint colors
- Following plastic colors: Mushroom, Battleship, Black, Greige

All products on Quickship are printed in blue ink within the price list. Request Quickship service level when placing order.

LIMITED LIFETIME WARRANTY

Fleetwood Group Inc. (“Fleetwood”) warrants that Fleetwood brand products are free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Fleetwood Branded Products delivered in the United States and U.S. territories. The warranty is valid from the date of delivery to the original end user and is non-transferable at its option and free of charge (for materials and components). Fleetwood will repair or replace with comparable product, any product, part or component that fails under normal use. If repair or replacement is not commercially practicable, Fleetwood will provide a refund or credit for the affected product. End user means the final purchaser acquiring a product from Fleetwood or a Fleetwood Authorized Reseller for the purchaser’s own use and not for resale, remarketing or distribution.

EXCEPTIONS TO THE LIMITED LIFETIME COVERAGE

12 years: laminate, solid surfaces, natural wood tops, fabrics, casters, glides, levelers, hinges, drawer slides, locks, Rock seating surface and mechanism, Flip & Nest table mechanism, Illusions 2.0 learning wall whiteboards, E! Seating shell-to-frame connections
5 years: plastic trays and plastic rails
3 years: electrical components, pneumatic and hydraulic cylinders, soft close hinges

WARRANTY DOES NOT APPLY TO PRODUCT DEFECTS, DAMAGE, FAILURE OR LOSS RESULTING FROM:

- Normal wear and tear (including, but not limited to, scratching of epoxy tops, maple block tops and phenolic tops, and ghosting on whiteboard desks, tables and Pages, and puncturing of the Rock seating surface)
- Failure to apply, install, reconfigure, or maintain products according to published Fleetwood or manufacturer instructions and guidelines
- Use of abrasive cleaners
- Abuse, misuse, or accident (including, without limitation, use or storage of product in unsuitable environments or conditions)
- Product exposure to water or other liquids
- Unauthorized alteration or modification of the product
- The substitution of any unauthorized non-Fleetwood components for use in the place of Fleetwood components

WARRANTY DOES NOT COVER:

- Products considered by Fleetwood to be consumables, such as Pages dry erase markerboards.
- Variations occurring in surface materials (e.g., colorfastness, matching grains, textures and colors across dissimilar substrates and lots), and natural aging found in materials such as wood
- Any non-standard products that were explicitly excluded from warranty coverage and captured in writing on the quote
- Other manufacturers' products (Fleetwood will pass along other manufacturers’ warrantees.)

WARRANTY PROVIDES EXCLUSIVE REMEDIES:

- Pursuant to this limited warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Fleetwood will 1) repair or, at Fleetwood’s option, replace the affected product at no charge with a new or refurbished product of comparable function, performance and quality or 2) refund or credit of the purchase price for the affected product if, at Fleetwood’s discretion, Fleetwood determines that repair or replacement is not commercially practicable or cannot be timely made.
  - A product “defect” means an inadequacy in the materials or workmanship of the product that 1) existed at the time when you received the product from Fleetwood or a Fleetwood Authorized Reseller and 2) causes a failure of the product to perform under ordinary use in accordance with the materials and documentation for the product.
  - An “ordinary use” means use of the product 1) in conformance with all applicable local, state or federal laws, codes and regulations (including without limitation building and/or electrical codes) and 2) in accordance with manufacturer recommendations and/or instructions in the materials and documentation for the product.
  - A “Fleetwood Authorized Reseller” means any dealer that 1) is duly authorized by Fleetwood to sell the product, 2) is legally permitted to conduct business in the jurisdiction where the product is sold, and 3) sells the product new and in its original packaging.

- Replacement parts are covered for the balance of the original product warranty.

Fleetwood reserves the right to request that the damaged product be returned prior to granting a remedy.

THIS LIMITED WARRANTY IS THE SOLE REMEDY FOR PRODUCT DEFECT AND NO OTHER EXPRESS OR IMPLIED WARRANTY IS PROVIDED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. FLEETWOOD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES.

FLEETWOOD'S WARRANTY MAY BE AMENDED AT ANY TIME. CONSULT THE WEBSITE FOR THE MOST CURRENT EDITION.

01 SEATING

Let's face it, students spend the majority of their time, even at home, in a sitting position. At Marco, we create casual, comfortable seating choices in sizes from pre-K (12" height) through adult (18" height) that students can enjoy in the classroom for learning, studying, socializing or just relaxing! Our chairs pair beautifully with specially designed tables and desks to provide an optimum learning environment. Marco has a seating option to meet every classroom and student need!

ACCESSORIES

(SOLD SEPARATELY)

CASTERS (FOR MOBILITY)

The twin-wheel nylon casters deliver smooth, agile mobility that helps enhance in-class collaboration by allowing quick classroom rearranging when you need it.

ROCKER BASE (FOR ACTIVE MOVEMENT)

The rocking base allows energized kids to satisfy their urge to move in the learning environment. The result is a more attentive, comfortable and ready to learn student.

The bell-shaped Carpin glides provide a stable and sturdy foundation for any stationary learning environment.

FLOOR ROCKER

Model LF1512

The Sonik Soft Seating Floor Rocker is the solution for any active student! A versatile and novel seating offering, Floor Rocker's base provides side-to-side and front-to-back motion. This freedom of movement aids in students' concentration that is lacking in traditional seating.

ARMLESS CHAIRS

Providing a creative, modern alternative, Sonik Soft Seating Armless Chairs supply a seating solution that establishes privacy, collaboration, or relaxation. Chair pieces can be arranged in circular, straight, angled, or serpentine shapes to fit an array of environments. Standard options include foot glides and 16" and 18" seat heights. Optional casters are available for all chair shapes.

10 YEAR GUARANTEE

MADE BY MARCO

Combine seating to create angled, round or serpentine seating configurations.

PLATFORM TABLES

Created as a perfect complement to several Sonik Soft Seating models, Sonik Soft Seating Tables can accommodate several Sonik Soft Seating options for writing, reading, or reconnecting. Tabletops are constructed of robust 1⅛" particleboard, thermally-fused melamine tops and bottoms, and 3mm PVC edge banding. Table bases utilize bases constructed of wood with foam padding and robust vinyl upholstery.

02 DESKS & TABLES

Marco offers a variety of both student and instructor collaborative desks and tables designed to use separately or in combination with Marco seating options. Desks and tables both feature adjustable legs, dry erase options, and colored edge bands, engineered to prevent separation. All edge bands are thermally fused to last for the life of the product, a method that prevents moisture and germ damage. Optional accessories for certain models of tables and desks include backpack hooks, plastic book boxes, and locking casters.

APEX™ SERIES

Flexibility meets customization! Apex Series Desks offer space-saving desktop designs that allow for compact desk groupings in modern classrooms. Legs are adjustable from 17" to 30" heights to accommodate learners of all sizes. Nine different tabletop laminates and edge banding colors provide customization options to match learning spaces. Optional bookboxes, casters, and backpack hooks provide students with improved storage and mobility.

MG2200 SERIES ACTIVITY TABLES

Marco MG2200 Series Activity Tables provide a heavy-duty all-purpose table for classrooms, meeting rooms and offices. The 3mm PVC edge banding eliminates a place for germs to hide unlike the conventional T-molding. Tables are available with either standard or toddler leg sizes.

FEATURES

- Top constructed of 1⅛" particleboard with thermally fused melamine surface on both sides
- 3mm PVC edge banding bonded with hot-melt adhesive
- Pre-drilled holes for easy leg assembly
- Upper leg constructed of 18-gauge, 1⅛" round steel welded to 16-gauge steel plate with ¼" diameter steel wire v-bracing
- Upper legs are fully coated with a powder coat finish
- Lower adjustable leg constructed of 18-gauge steel with a chrome-plated finish, tapped at 1" intervals for adjustment from (16"– 24" heights) or (21"– 30" heights)
- 16-gauge 1" square tubular steel stretcher attached to all tables 54" in length or longer
- Adjustable nylon glides allow for easy floor leveling
- UL GREENGUARD GOLD Certified

ACCESSORIES

OPTIONAL POWER MODULE WITH 3-AC OUTLETS AND 2-USB PORTS

Module has a 10 foot power cord and Overload protection with reset switch.

PRODUCT ENHANCEMENT

STEEL SUPPORT BAR WITH BRACKETS

Attached to all tables 54" in length or longer.

FLIP & NEST TRAINING TABLES

The versatility and mobility of the Flip and Nest table makes it the perfect addition for training or meeting rooms. Simply flip the top for easy storage. Legs are 2" diameter, 14-gauge steel and are available in a Gray or Black powdercoat finish. Comes with 2" locking casters.

FEATURES

- Access latch from either end of the top for a quick flip and roll
- Compact nesting minimizes storage space to only 4⅜" per table
- Positive lock in both the vertical and horizontal position
- Secure from accidental release during use
- UL GREENGUARD GOLD Certified

BOOKCASES

Our bookcases are built with bolt-through steel tubing for added stability and strength. The thermally fused laminate surfaces and 3mm PVC edge banding provide a durable surface on both sides. The adjustable compartment shelves are 1" thick to prevent the risk of sagging. Cabinets are available in multiple heights and 10 laminate color options.

FEATURES

- Cabinets built with steel tubing for lasting durability
- Thermally fused melamine construction
- Compartment shelves are 1" thick to reduce sagging
- 3mm PVC edge banding
- UL GREENGUARD GOLD Certified

MOBILE CASEGOODS

Marco mobile casegoods give you total flexibility in the classroom with the appearance of built-in cabinets. Our cabinets are built on concealed casters, internal adjustable levelers and lock together with cap nuts. With a wide array of cabinet configurations, we ensure all of your storage and organizational needs are met, and are built with our customers' need for flexibility at top of mind.

FEATURES

- Concealed casters for cabinet mobility (Not available on 84" height cabinets)
- Cabinets are built with steel tubing for long lasting durability
- Compartment shelves are 1" thick to reduce the risk of sagging
- European hinges give the cabinets a clean, sleek appearance
- Steel drawer sides with ⅝" bottom
- Modern door pull options of brushed nickel or black powder coat
- Internal levelers for easy installation
- Optional door and drawer locks
- UL GREENGUARD GOLD Certified

CONDUCTOR'S PODIUMS

A higher level of conducting made possible by Band-Stor's heavy-duty and versatile Conductor Podiums. The podiums have a strong, durable base construction with a carpeted surface for quiet performance and the molded feet provide protection for any floor surface. Recessed wheels allow for easy transportation from storage to use.

FABRICS

STANDARD VINYL COLORS

Our standard vinyls are kept in stock to shorten order times and are based on colors that compliment with our other product lines such as our Apex and Premier Series furniture. The Silvertex vinyls feature superior abrasion resistance, along with antifungal and antibacterial protection, which makes it a perfect material for classroom furniture use.

Models ordered with only Standard Colors ship within 4-6 weeks.

CARE & MAINTENANCE

Products are to be used for their intended purpose and inspected on a regular basis to avoid structural failures and possible injury. Inspections are to include confirming there are no loose or missing screws, glides, rivets, casters, etc. Products are to be inspected for cracks, fatigue, or broken welds. Any product showing signs of damage or improper adjustment must be removed from service immediately and notice must be provided to MGI and the furnishing Dealer. Repairs are to be made with factory authorized parts.

VINYL SURFACES

GENERAL CARE

Remove most stains with one of the following steps:

Eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, suntan lotion and hair/body oils
Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory soap and water. Rinse with clean water and dry.

Red lipstick
Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth, rinse with water and dry.

Blood, urine, feces, oil-based paint, tar and asphalt
Use a 1:1 mix of ammonia and water, or a 1:10 mix of bleach and water. Rinse with clean water and dry.

All other tough stains
Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry. Use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cloth and check the results.

LAMINATE SURFA

- Do not drop heavy obje surfaces. It is possible a heavy object is dropp
- Do not place hot objects surfaces. It is possible t

Under no circumstances shall Marco Group be liable for any incidental, ed in connection with maintenance. Information relating to chemicals/cleaning solvents, environmental use, and determine appropriateness for specific applications. All label instruction precautions should be followed. nts will shorten the life of the product if not removed.

TERMS & CONDITIONS

Dealer Authorization: Only dealers ("Dealer") that have completed a credit application with Marco Group Incorporated ("MGI"), have furnished a Resale Certificate, have been approved by MGI, and are in good standing with MGI are authorized to market, provide pricing, and submit orders for MGI products.

Pricing: All pricing provided by MGI to Dealers is based on a current list price and excludes taxes, freight, delivery, and installation. Any discount MGI offers a Dealer will be from current list price at the discount stated in the Dealer's agreement, unless MGI has offered a special volume price quoted to the Dealer for a project. In order to obtain the discount from an issued quote, Dealer must provide the quote number and/or project name, discount and pricing at the time submitting a purchase order. Failure to provide quote documentation will result in the Dealer receiving their standard discount off the current list price as stated in the Dealer's agreement.

Payment Terms: MGI will invoice Dealer for product upon shipment; Dealer agrees to pay each invoice Net 30 days from the invoice date. If Dealer is making payment via credit card, payment must be made at date of invoice and a 3% surcharge will be added to the invoice. No payment may be withheld because of partial delivery. MGI has the right to hold future purchase orders on any Dealer who has past due invoices. If MGI takes any action to collect any amount past due, Dealer will pay all costs and expenses, including court cost and reasonable attorney fees incurred by MGI in collecting such amount.

Order Placement and Acknowledgments: Dealers will submit all orders with complete model number (i.e., color, frame, material, finish), and for product that must be shipped in cartons, carton quantity. Items not ordered in carton quantities will be assessed a broken carton fee as noted in Dealer agreement. MGI will not process or put into production an order without a complete model number. After an order is processed, MGI will acknowledge the order via email. Acknowledgments provided by MGI represent estimated completion dates and are not contractually binding. Any expenses incurred as a result of longer lead time of the Dealer. Dealer is respon acknowledgment and immedi discrepancies. Purchase orde either of the following ways:

- Email orders to orders@ma
- EDI

Sample Orders: Dealer may p 50/50 discount with Dealer pa their preferred carrier.

Order Changes and Cancella by Dealer after MGI has ackno be sent in writing and approve submittal, MGI will notify the D days if any prevalent concern (i.e. order has been produced shipped). If MGI approves, in w to cancel all or any part of an days from the time of acknow

Returns: Product will not be r or replacement without writte Management. Dealer must ma days of receipt of product. If a agrees to pay 30% restocking and return freight charges. Freight Class: All "Freight Class" presented on price list represents shipping one (1) carton. Freight classes are determined on freight density and are subject to change with quantity ordered.

Shipment Terms: All orders shall be shipped "pre-pay and add" by MGI's carrier of choice, unless Dealer specifies shipping "third party". Best way shipping will be used. Pricing on shipments is an estimate and may vary by special charges incurred due to the consignee. These are estimates and additional charges are the responsibility of the Dealer.

- LTL Shipments will ship via Dealer's specified carrier with all freight charges inclusive of any additional charges resulting from expanded services as requested by the dealer billed third party. Routing instructions must be clearly designated on purchase order with no ensuing shipping changes recognized if submitted inside 3 business days prior to actual shipment in support of MGI's freight scheduling efforts.
- Van/Truckload Shipments MGI will provide the Dealer with a truckload freight estimate within the formal project quotation. Within 30 days prior to shipment of the order, an updated freight quote will be provided that will supersede the original freight estimate. MGI will ship via Dealer's specified carrier with all freight charges inclusive of any additional charges resulting from expanded services as requested by the dealer billed third party. Routing instructions must be clearly designated on the purchase order with no subsequent carrier changes recognized if submitted inside 3 business days prior to actual shipment in support of MGI's freight scheduling efforts. If MGI is requested to delay the shipment of an order that is ready for shipment as per schedule routed either van or truckload, shipment will be made either to a Dealer provided storage facility or will be stored by MGI with the Dealer responsible for the associated storage costs.

Shipment Damages: All shipments should be carefully inspected by the consignee prior to acceptance, and the delivering carrier should be requested to record any visible damage or shortage on the delivery receipt before the consignee signs it. Immediately after receipt of merchandise, cartons should be opened and merchandise checked. If damage exists, notify freight carrier immediately and request an inspection. All original cartons and product must be kept for a freight claim to be filed. If this is disregarded, MGI will not be responsible for the damages. Concealed damages must be reported within 5 days post receipt of shipment. On all concealed damage claims, MGI, the carrier and the Dealer will each be responsible for one-third of the total claim amount.

Shipment Shortages: Shortages not reported within 5 days of shipment will not be honored for a claim. Shortages must be noted on the BOL at the time of delivery and reported to MGI within 5 days for consideration.

***Pricing, discounts, payment terms, and other terms and conditions applicable to the sale of products to the Dealer are subject to change by Marco Group Incorporated.**

MooreCo Inc. reserves the right to correct pricing or copy errors. Since individual items are subject to availability of materials from our suppliers, we reserve the right to limit quantities. All shipping weights are nominal and may vary depending on items and quantities ordered.

General Information

Returnable Merchandise

A return authorization is required for the return of any merchandise. All requests for returns should be made within 90 (ninety) days of receipt of merchandise. The dealer may be responsible for restock and return freight charges. Returned products must be unused, undamaged, and in the original packaging. Please contact customer service for more details. Returned merchandise may be subject to a restocking fee.

Non-Returnable Merchandise

All boards and furniture which have been custom sized, custom framed, or customized to specifications will be considered non-returnable merchandise.

FOB Factory

All accounts are due and payable to:

MooreCo Inc.
P.O. Drawer D
Temple, TX 76503

Payment is due within 30 (thirty) days from date on invoice. Prior to establishment of an open account, all orders are payable by money order, Visa, MasterCard, Discover, or American Express before order can be shipped.

All board dimensions are surface dimensions before framing. All boards listed as 3'H x 4'W actually measure 33.8"H x 48"W due to shipping restrictions. Dimensions on all glass dry erase markerboards are estimated and may vary slightly.

All soft seating, graded-in products, and Compass Cabinets ship FOB Tennessee.

Warranty Terms & Conditions

MooreCo Products Limited Lifetime Warranty

MooreCo warrants that your Product is free from defects in materials or workmanship for the lifetime of the product unless listed on the below schedule. This warranty only applies to Products purchased directly from an authorized MooreCo dealer and is only valid for the original purchaser and for the original installation. The warranty is terminated upon transfer, sale, or modification of the Product.

If a Product is defective in materials or workmanship, MooreCo will replace or repair it at no charge, based on the below schedule. This is your sole and exclusive remedy, and repair or replacement of the Product will be at the sole discretion of MooreCo and is your sole and exclusive remedy for products found by MooreCo to be defective. Shipping charges to the repair facility will be the responsibility of the purchaser, and shipping charges to return the repaired Product to the purchaser will be paid by the purchaser, except for Products returned for repair during the first 30 days after purchase, in which case all shipping charges will be paid by MooreCo. MooreCo will not pay labor costs assoc n7ju iated with repairs or replacements. All incidental or consequential damages which may arise, including, but not limited to, lost profits, personal property damage, and third party liabilities are hereby expressly excluded. Likewise, MooreCo will not be responsible for any damage to customer's property caused by incompatibility of the product with customer's flooring and other customer property. MooreCo shall be liable under this limited warranty only for the cost or, at its option, the repair or replacement of defective products. This warranty is subject to the limitations, exclusions and other provisions below, and applies to Products purchased after January 27, 2022 which are delivered within the United States of America and the Commonwealth of Canada.

Discontinued products will be replaced with "like product" at MooreCo's discretion. MooreCo will not renew or extend this warranty to a repaired or replaced product. MooreCo will not honor the attempted transfer of this warranty.

Some natural variations occurring in polypropylene material or other natural materials are inherent to their character and are not considered defects. MooreCo does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Customer's Own Material (COM) selected by and used at the request of an original purchaser is not warranted. Our products are intended for interior use — exterior use of them will void the warranty.

MooreCo seating is tested and warrantied for users up to 253 lbs. Use above that weight is not tested or warrantied and considered misuse and abuse.

Use of "short throw", wall mounted projectors are only warrantied on the Interactive Projector Board (2G5 and 4G5) series and Interactive Projector Board + Whiteboard System (764XX).

Porcelain surfaces may have minor surface imperfections due to the manufacturing process. If these imperfections cannot be seen from 3 feet under diffuse (dead) light and without "searching", they are not covered under warranty. Any surface imperfection from the factory shall erase as with the rest of the surface or will be covered under warranty.

The particular Product lines, materials and components listed are warranted according to the following schedule from the date of sale:

Products	Warranty
Chair/Desk/Table Frames and Compass Storage	Lifetime
Book Boxes/Book Baskets/Backpack Hooks	Lifetime
Porcelain Surface	Lifetime
Seating controls, pneumatic cylinders, bushings, folding mechanisms, rocker/wobble bases	1 Year
Glides	6 Years
Casters	13 Years
Chair Shells/Other Injection Molded Products and Table Tops	13 Years
Clear Plastic/Acrylic	1 Year (Does not cover scratching by user - wear and tear)
PVC and melamine laminate desks, tables, workstations, carts, and other furniture	1 Year
Dry Erase Laminate Table Surface	1 Year
Economy Soft Seating Fabric	1 Year
Soft Seating Fabric	See Fabric Vendor for Specific Warranty Information
Electrical Components	1 Year (unless otherwise stated)
The surface of whiteboards and mobile whiteboards with surface of Dura-Rite	20 Years
The surface of whiteboards and mobile whiteboards with surface of Magne-Rite and tack boards	10 Years
The surface of whiteboards and mobile whiteboards with a surface of TuF-Rite	5 Years
iTeach and Tablet/Chromebook charging carts - with exception of electrical components	12 Years
iTeach and Tablet/Chromebook charging carts - electrical components only	1 Year finish defects and workmanship. 10 Years structural against loss of serviceability
Solid Wood Seats and Solid Table Tops	Seams and Zippers - 1 year (indoor and outdoor)
Beanies by MooreCo	7 Years
iTeach Electric Height Adjustable Flat Panel Wall Mount Structural /Electrical	7 Years
iTeach Spider Flat Panel Cart with Electric Mount Structural /Electrical (excluding casters)	7 Years
MoorePower Tower Structural/Electrical	7 Years

Warranty Terms & Conditions

Warranty Exclusions

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Damage caused by abuse, misuse, neglect, vandalism, accident, modifications, water, or fire.
- Damage caused by the carrier in-transit, which will be handled as claims against the carrier.
- Damage caused during unloading or installation, which will be handled as claims against the installer.
- Modifications or attachments to the Product that are not approved by MooreCo.
- Products that were not installed, used, or maintained in accordance with Product instructions and warnings.
- Products used for rental purposes.
- Adhesive products installed at temperatures below 50°F (10°C).
- Labor and/or materials to remove and replace Products.
- Non-standard or published products.
- Damage caused by environmental issues, including use and/or storage of the Product in facilities subjected to uncontrolled high temperatures.
- Third-party products – MooreCo, to the extent possible, will pass through to the original purchaser (and process claims under) any warranty provided by third-party products supplied to MooreCo.
- Normal aging and wear of fabrics, filling materials, and finishes of soft seating and other upholstered products.

To the extent allowed by law, MooreCo makes no other warranty, either express or implied, including any warranty of merchantability or fitness for a particular purpose. MooreCo will not be liable for any indirect, consequential, or incidental damages. This warranty does not cover consequential damages, loss of time or use, or other incidental damages.

Notice to Purchasers for Home or Personal Use: Federal law does not permit the exclusion of certain implied warranties for consumer Products. Therefore, if you are purchasing this Product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

To obtain service under this limited warranty: by following the procedures regarding warranty claims outlined below, you can be assured of the best level of service.

Contact MooreCo by phone at 1-800-749-2258 or by mail at 2885 Lorraine Avenue, Temple, Texas 76501 within 30 (thirty) days of discovery of the defect. Be prepared to prove you are the original purchaser of

the Product and provide your model number, description of the Product, and description of the defect. Then provide MooreCo with your name, address, area code, and telephone number.

MooreCo will review all pertinent information regarding the claim, including inspection of the Product if deemed appropriate by MooreCo.

If MooreCo affirms that the Product in question is eligible under the conditions of the limited warranty as stated above, the customer service representative or another representative of MooreCo will determine whether to provide replacement parts, authorize repairs, or replace the Product.

Products returned to the MooreCo facility without a return authorization will be refused.

Visual Communication

Porcelain Steel Whiteboard - Deluxe Aluminum Trim

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Steel is permanently laminated to a lightweight substrate for stability and durability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Anodized aluminum trim with 7/8" profile and hairline mitered corners
- Full-length tackable map rail with Colored Cork insert
- Full-length accessory tray with rubber Dura-Safe® end caps

Options

- Available in multiple standard sizes
- Custom sizing available
- Available in 5'H panel
- Available with screen printed permanent graphics
- Available with upgraded sheet aluminum backer

Magnetic porcelain steel whiteboards are engineered for superior color contrast with dry erase markers. Standard gloss dry erase surface provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Steel is permanently laminated to a lightweight substrate for stability and durability.

Fifty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28-gauge (standard) or 24-gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450°F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. Off- white is standard.
- A fade resistant waterproof resin glue bonds the porcelain to a moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Anodized aluminum trim with injection-molded curved plastic corner pieces
- Magnetic accessory tray in gray or black to match the trim color selected

Options

- Available in multiple standard sizes
- Available in silver or black trim
- Custom sizing available
- Available with screen printed permanent graphics
- Available with upgraded sheet aluminum backer

Dura-Rite® Whiteboard - Deluxe Aluminum Trim

Dura-Rite® Whiteboards provide a wear-resistant and dust-free surface at an affordable price.

HPL gives smooth writability and erasability. Taber tests show dust-free Dura-Rite® lasts up to 125 times as long as standard melamine.

Surface is permanently adhered to an insulation board substrate.

Twenty year limited warranty. SCS Indoor Advantage Gold Certified.

Technical Information

- Durable specially formulated high pressure laminate surface with excellent writability and erasability.
- Boards are dust-free, and resistant to stains, high temperatures and common detergents and chemical agents.
- A fade-resistant waterproof resin glue bonds the laminate to a durable moisture-resistant core and .005" polyester foil backer sheet.

Standard Includes

- Anodized aluminum trim with 7/8" profile and hairline mitered corners
- Full-length tackable map rail with Colored Cork insert
- Full-length accessory tray with rubber Dura-Safe® end caps
